Annunciation Extended Care will open the first day of school! New and exciting changes this year!

Welcome to our Extended Care program this year! Morning Program will be held in the preschool room from 7:30 to 7:50 am, as usual. Our After School program will continue to be held in the Choir Room and Gymnasium. We starting the process of improving the environment that will be more appropriate for Kindergarten through Eight Grade. Students. We are looking for donations for your children, such as board games, puzzles, sporting equipment (such as balls, hula hoops, puzzles, etc.) Please continue to be patient with us as we make these adjustments and changes.

Annunciation Extended Care provides a safe environment for your children after school. Each teacher and teachers aide is First Aide and CPR certified. As a whole, our staff has decades of experience working with preschool and elementary school children. In addition to our many years of experience, each one of us continues our education with courses in Early Childhood Education and workshops covering a variety of topics, including challenging behaviors in young children. Lastly, four of our teachers hold Child Development Permits that are issued by the State of California through the Commission on Teacher Credentialing; our teachers have also earned either Associates of Arts or Bachelors of Science degrees.

Annunciation Extended Care is designed to provide parents with quality child care before and after school at an affordable price. Children can continue to interact with their schoolmates after school while also engaging in organized games, both outdoors and in the classroom. While not a tutoring service, our staff is happy to work with parents to provide basic support and supplies to enable students to work on their school assignments as well.
