Form 700 – Statements of Economic Interest

Every elected official and public employee who makes or influences governmental decisions is required to submit a Statement of Economic Interest, also known as the Form 700. The Form 700 provides transparency and ensures accountability in two ways:

1. It provides necessary information to the public about an official's personal financial interests to ensure that officials are making decisions in the best interest of the public and not enhancing their personal finances.
2. It serves as a reminder to the public official of potential conflicts of interest the official can abstain from making or participating in governmental decisions that are deemed conflicts of interest.

All board members are required to complete this form on an annual basis and when assuming or leaving a position on the board. We will be filing these forms with the Fresno County Board of Supervisors.

Senate Bill No. 126**CHAPTER 3**

An act to add Section 47604.1 to the Education Code, relating to charter schools.

[Approved by Governor March 05, 2019. Filed with Secretary of State March 05, 2019.]

LEGISLATIVE COUNSEL'S DIGEST

SB 126, Leyva. Charter schools.

(1) The Ralph M. Brown Act requires that all meetings of the legislative body, as defined, of a local agency be open and public and all persons be permitted to attend unless a closed session is authorized. The Bagley-Keene Open Meeting Act requires, with specified exceptions, that all meetings of a state body be open and public and all persons be permitted to attend.

This bill would expressly state that charter schools and entities managing charter schools are subject to the Ralph M. Brown Act, unless the charter school is operated by an entity governed by the Bagley-Keene Open Meeting Act, in which case the charter school would be subject to the Bagley-Keene Open Meeting Act, except as specified.

This bill would require specified charter schools or entities managing charter schools to hold meetings in specified locations. The bill would prohibit a meeting of the governing body of a charter school to discuss items related to the operation of the charter school from including the discussion of any item regarding an activity of the governing body that is unrelated to the operation of the charter school.

(2) The California Public Records Act requires state and local agencies to make their records available for public inspection and to make copies available upon request and payment of a fee unless the records are exempt from disclosure.

This bill would expressly state that charter schools and entities managing charter schools are subject to the California Public Records Act, except as specified.

(3) Existing law prohibits certain public officials, including, but not limited to, state, county, or district officers or employees, from being financially interested in any contract made by them in their official capacity or by any body or board of which they are members, except as provided.

This bill would expressly state that charter schools and entities managing charter schools are subject to these provisions, except that the bill would provide that an employee of a charter school is not disqualified from serving as a member of the governing body of the charter school because of that employment status. The bill would require a member of the governing body of a charter school who is also an employee of the charter school to abstain from voting on, or influencing or attempting to influence another member of that body regarding, any matter uniquely affecting that member's own employment.

(4) The Political Reform Act of 1974 requires every state agency and local governmental agency to adopt a conflict-of-interest code, formulated at the most decentralized level possible, that requires designated employees of the agency to file statements of economic interest disclosing any investments, business positions, interests in real property, or sources of income that may foreseeably be affected materially by any governmental decision made or participated in by the designated employee by virtue of that employee's position.

This bill would expressly state that charter schools and entities managing charter schools are subject to the Political Reform Act of 1974, except as specified.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 47604.1 is added to the Education Code, to read:

47604.1. (a) For purposes of this section, an "entity managing a charter school" means a nonprofit public benefit corporation that operates a charter school consistent with Section 47604. An entity that is not authorized to operate a charter school pursuant to Section 47604 is not an "entity managing a charter school" solely because it contracts with a charter school to provide to that charter school goods or task-related services that are performed at the direction of the governing body of the charter school and for which the governing body retains ultimate decisionmaking authority.

(b) A charter school and an entity managing a charter school shall be subject to all of the following:

(1) The Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), except that a charter school operated by an entity pursuant to Chapter 5 (commencing with Section 47620) shall be subject to the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code) regardless of the authorizing entity.

(2) (A) The California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(B) (i) The chartering authority of a charter school shall be the custodian of records with regard to any request for information submitted to the charter school if either of the following apply:

(I) The charter school is located on a federally recognized California Indian reservation or rancheria.

(II) The charter school is operated by a nonprofit public benefit corporation that was formed on or before May 31, 2002, and is currently operated by a federally recognized California Indian tribe.

(ii) This subparagraph does not allow a chartering authority to delay or obstruct access to records otherwise required under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(3) Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code.

(4) (A) The Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code).

(B) For purposes of Section 87300 of the Government Code, a charter school and an entity managing a charter school shall be considered an agency and is the most decentralized level for purposes of adopting a conflict-of-interest code.

(c) (1) (A) The governing body of one charter school shall meet within the physical boundaries of the county in which the charter school is located.

(B) A two-way teleconference location shall be established at each schoolsite.

(2) (A) The governing body of one nonclassroom-based charter school that does not have a facility or operates one or more resource centers shall meet within the physical boundaries of the county in which the greatest number of pupils who are enrolled in that charter school reside.

(B) A two-way teleconference location shall be established at each resource center.

(3) (A) For a governing body of an entity managing one or more charter schools located within the same county, the governing body of the entity managing a charter school shall meet within the physical boundaries of the county in which that charter school or schools are located.

(B) A two-way teleconference location shall be established at each schoolsite and each resource center.

(4) (A) For a governing body of an entity that manages two or more charter schools that are not located in the same county, the governing body of the entity managing the charter schools shall meet within the physical boundaries of the county in which the greatest number of pupils enrolled in those charter schools managed by that entity reside.

(B) A two-way teleconference location shall be established at each schoolsite and each resource center.

(C) The governing body of the entity managing the charter schools shall audio record, video record, or both, all the governing board meetings and post the recordings on each charter school's internet website.

(5) This subdivision does not limit the authority of the governing body of a charter school and an entity managing a charter school to meet outside the boundaries described in this subdivision if authorized by Section 54954 of the Government Code, and the meeting place complies with Section 54961 of the Government Code.

(d) Notwithstanding Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code, an employee of a charter school shall not be disqualified from serving as a member of the governing body of the charter school because of that employee's employment status. A member of the governing body of a charter school who is also an employee of the charter school shall abstain from voting on, or influencing or attempting to influence another member of the governing body regarding, all matters uniquely affecting that member's employment.

(e) To the extent a governing body of a charter school or an entity managing a charter school engages in activities that are unrelated to a charter school, Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code, the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code), the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), and the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code) shall not apply with regard to those unrelated activities unless otherwise required by law.

(f) A meeting of the governing body of a charter school to discuss items related to the operation of the charter school shall not include the discussion of any item regarding an activity of the governing body that is unrelated to the operation of the charter school.

Report on the Financial Statements

We have audited the accompanying financial statements of Inspire Charter School - Central/Winship (a nonprofit organization), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Inspire Charter School - Central/Winship as of June 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the financial statements, the School has adopted the provisions of FASB ASU 2016-14, Not-for-Profit Entities (Topic 958) - *Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying additional supplementary information, as required by the *2018-19 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, *California Code of Regulations*, section 19810 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2019, on our consideration of Inspire Charter School - Central/Winship's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Inspire Charter School - Central/Winship's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Inspire Charter School - Central/Winship's internal control over financial reporting and compliance.

A. Organization and Significant Accounting Policies

Organization

Inspire Charter School Central

Inspire Charter School - Central (the School) was formed on August 23, 2016 as a charter school pursuant to California Education Code §47600 under a charter agreement with Westside Elementary School District (the District). The School became a nonprofit public benefit corporation in 2016. The charter agreement was approved by Maricopa Unified School District and submitted to the California Board of Education in May of 2016. The School began operations on July 1, 2016.

Inspire Charter School - Central is a tuition-free, K-12 independent study charter school. The School offers both online and offline based curricula, academically accelerated instructional program with thematic units, project-based learning, and enriched to support students who have the desire to work ahead or work deeper in their studies.

Inspire Charter School Winship

Through the conversion process, Winship Community School (the School), was formed on June 1, 2016 as a charter school pursuant to California Education Code §47600 under a charter agreement with Winship-Robbins Elementary School District (the District). The School became a nonprofit public benefit corporation in 2016. The charter agreement was approved by Winship-Robbins Elementary School District and submitted to the California Board of Education in July of 2016. The School began operations on July 1, 2016.

Winship Community School is a tuition-free, K-12 independent study charter school. The School offers both online and offline based curricula, academically accelerated instructional program with thematic units, project-based learning, and enriched to support students who have the desire to work ahead or work deeper in their studies.

Basis of Accounting

The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as applicable to not-for-profit organizations. The Corporation uses the accrual basis of accounting, under which revenues are recognized when they are earned and expenditures are recognized in the accounting period in which the liability is incurred.

Cash and Cash Equivalents

The School considers all cash and highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents.

Accounts Receivable

Accounts receivable consist primarily of noninterest-bearing amounts due to the School for federal, state, and local grants and contracts receivable. The amounts in accounts receivable are considered fully collectable and as such there has not been an allowance for uncollectable accounts or discount established for the School.

Inspire Charter School - Central/Winship

Notes to the Financial Statements, Continued

June 30, 2019

Property and Equipment

The School records property and equipment additions over \$5,000 at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed in the current period.

The School reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2019.

Investments

The School records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values on the statement of financial position. Net investment return/(loss) is reported in the statement of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue and Revenue Recognition

The School recognizes revenue from sales when the products are transferred and services are provided. The school records special events revenue equal to the cost of direct benefits to donors, and contribution revenue for the difference. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. The schools federal, state, and local contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expense. Consequently, at June 30, 2019 there were no conditional contributions, federal, state and local contracts and grants for which no amounts had been received in advance, have not been recognized in the accompanying financial statements.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to the School's program services, administrating, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. We record donated professional services at the respective fair values of the services received. No significant contributions of such goods or services were received during the year ended June 30, 2019.

Advertising Costs

Advertising costs are expensed as incurred, and approximated \$9,464 for the year ended June 30, 2019.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

The School is a 509(a)(1) publicly supported non-profit organization that is exempt from income taxes under Sections 501(a) and 501(c)(3) of the Internal Revenue Code. The School is also exempt from California franchise or income tax under Section 23701d of the California Revenue and Taxation Code. The School may be subject to tax on income which is not related to its exempt purpose. For the year ended June 30, 2019, no such unrelated business income was reported and, therefore, no provision for income taxes has been made.

The School follows provisions of uncertain tax positions as addressed in ASC 958. The School recognizes accrued interest and penalties associated with uncertain tax positions as part of the income tax provision, when applicable. There are no amounts accrued in the financial statements related to uncertain tax positions for the year ended June 30, 2019.

The accompanying notes to the financial statements are an integral part of this statement.

Inspire Charter School - Central/Winship

Notes to the Financial Statements, Continued

June 30, 2019

The School files informational and income tax returns in the United States and in the state of California. The federal income tax and informational returns are subject to examination by the Internal Revenue Service for three years after the returns are filed. State and local jurisdictions have statutes of limitation that generally range from three to five years.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the School to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Financial Instruments and Credit Risk

The School manages deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed by the School to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the School has not experienced losses in any of these accounts. Credit risk associated with accounts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from government agencies. Investments are made by diversified investment managers whose performance is monitored by the School and the investment committee of the Board of Directors. Although the fair values of investments are subject to fluctuation on a year to year basis, the School believes that the investment policies and guidelines are prudent for the long-term welfare of the organization.

Change in Accounting Principles

On August 18, 2016, FASB issued Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The School has implemented ASU 2016-14 and has adjusted the presentation in these financial statements accordingly.

In August 2016, FASB issued ASU 2016-15, *Statement of Cash Flows (Topic 230), Classification of Certain Cash Receipts and Cash Payments*. This guidance is intended to reduce the diversity in practice in how certain transactions are classified in the statement of cash flows. In addition, in November 2016, FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230), Restricted Cash*. This ASU provides additional guidance related to transfers between cash and restricted cash and how entities present, in their statement of cash flows, the cash receipts and cash payments that directly affect the restricted cash accounts. The School has adopted these provisions in the accompanying financial statements.

The accompanying notes to the financial statements are an integral part of this statement.

Notes to the Financial Statements, Continued

June 30, 2019

FASB Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers*, as amended, supersedes or replaces nearly all GAAP revenue recognition guidance. These standards establish a new contract and control-based revenue recognition model, change the basis for deciding when revenue is recognized over time or at a point in time, and expand disclosures about revenue. The School has implemented Topic 606 and has adjusted the presentation in these financial statements accordingly.

In June 2018, FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The School has implemented the provisions of ASU 2018-08 applicable to both contributions received and to contributions made in the accompanying financial statements under a modified prospective basis. Accordingly, there is no effect on net assets in connection with the implementation of ASU 2018-08.

Subsequent Events

The School has evaluated subsequent events through December 16, 2019, the date the financial statements were available to be issued.

I. Employee Retirement System

Qualified employees are covered under multiple-employer defined benefit pension plans by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS). The risks of participating in these multi-employer plans are different from single-employer plans in the following aspects:

1. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of the other participating employers.
2. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
3. If the Schools choose to stop participating in some of its multi-employer plans, the Schools may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The Schools participation in these plans for the fiscal year ended June 30, 2019, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employee Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2019, 2018 and 2017 is for the plan's year-end at June 30, 2019, 2018 and 2017, respectively. The zone status is based on information that the School received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented.

Period to Period Comparability:

Inspire Charter School - Central/Winship both began operating as schools in 206-17. They have grown significantly each year since inception. This makes the data from year to year not comparable as the number of participants has been highly volatile.

CalSTRS:

The School contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. Required contribution rates are set by the California Legislature and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level of percentage of payroll using the entry age normal actuarial cost method. CalSTRS also uses the level of percentage of payroll method to calculate the amortization of any unfunded liability. Copies of the STRS annual report may be obtained from the STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

For the fiscal year ended June 30, 2019, active plan members were required to contribute between 10.205% and 10.25% of their salary, depending on their hire date. The employer contribution rate was 16.28% of annual payroll. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. The School made contributions as noted above. For the year ended June 30, 2019 the State contributed \$815,133 for Central and \$55,535 for Winship (15.412% of certificated salaries) on behalf of the School.

CalPERS:

The School contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, with the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

Active plan members are required to contribute 7% of their salary and the School is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2018-19 was 18.062% of classified salaries. The School made contributions as noted above. For the year ended June 30, 2019 the State contributed \$4,355 for Winship (6.464% of classified salaries) on behalf of the School.

Other Independent Auditors' Reports

Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
Inspire Charter School - Central/Winship
City, State

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Inspire Charter School - Central/Winship (a nonprofit organization), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 16, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Inspire Charter School - Central/Winship's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Inspire Charter School - Central/Winship's internal control. Accordingly, we do not express an opinion on the effectiveness of Inspire Charter School - Central/Winship's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Inspire Charter School - Central/Winship's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CONFLICT OF INTEREST CODE

The Political Reform Act (Government Code Section 81000, et seq.) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission (FPPC) has adopted a regulation (2 California Code of Regulations §18730) that contains the terms of a standard conflict of interest code, which can be incorporated by reference in an agency's code. After public notice and hearing, the standard code may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act.

Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby adopted and incorporated by reference. This regulation and the attached Appendices, designating positions and establishing disclosure categories, shall constitute the conflict of interest code for Inspire Charter School - Central. Anti–Harassment / Discrimination / Intimidation / Bullying / Retaliation Policy

Yosemite Valley Charter School is committed to ensuring a professional work and learning environment without discrimination, harassment, intimidation, or bullying on the basis of race or ethnicity (including ancestry, color, ethnic group identification and ethnic background; race is inclusive of traits historically associated with race, including, but not limited to, hair texture and protective hairstyles, which includes, but is not limited to, such hairstyles as braids, locks and twists), religious creed (including religious dress and grooming practices), color, national origin (including language use restrictions), immigration status, citizenship status, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding and medical conditions related to pregnancy or childbirth), gender, gender identity, gender expression, age, sexual orientation, military and veteran status, or association with a person or group with one or more of the aforementioned characteristics or any other legally protected category. Yosemite Valley Charter School prohibits any such discrimination, harassment, intimidation, or bullying.

The purpose of the Yosemite Valley Charter School Governing Board approving this Anti–Harassment/Discrimination/Intimidation/Bullying/ Retaliation Policy is to accomplish the following:

1. Define Harassment, Discrimination, Intimidation, and Bullying
2. Identify Who the Policy Applies to
3. Identify Where the Policy Applies
4. Establish the Responsibility of Reporting
5. Identify Reporting Procedures
6. Identify Investigation/Complaint Procedures
7. Identify the Consequences of Retaliation
8. Outline the Protection of Individuals with Immigration Status
9. Outline the Procedures for Notifying Parents of Their Children’s Right to a Free Public Education, Regardless of Immigration Status or Religious Beliefs

1. Definitions:

- **Harassment:** Harassment is unwelcome verbal or physical conduct prohibited by law directed toward, or differential treatment of, a student or staff member because of his/her membership (or perceived membership) in any protected group or on any other prohibited basis. The harasser can be a student, a School official or employee, or someone who is not an employee of the School, such as a vendor or parent. Examples of such conduct include, but are not limited to:
 - Offensive or degrading remarks, verbal abuse, or other hostile behavior such as insulting, teasing, mocking, name calling, degrading, or ridiculing another person or group
 - Racial slurs, derogatory remarks about a person’s accent, or display of racially offensive symbols

- Unwelcome or inappropriate physical contact, comments, questions, advances, jokes epithets or demands
- Physical assault or stalking
- Displays or electronic transmission of derogatory, demeaning or hostile materials or statements
- Graphic and written offensive or derogatory statements, which may include use of cell phones or the Internet

Harassment does not have to include intent to harm, be directed at a specific target or involve repeated incidents. Harassment creates a hostile environment when the conduct is sufficiently severe, pervasive or persistent so as to interfere with or limit a student's ability to participate in or benefit from the services, activities or opportunities offered by the School.

- **Sexual Harassment:** Sexual harassment is a form of harassment based on sex, including sexual harassment, gender harassment and harassment based on pregnancy, childbirth or related medical conditions. It generally involves unwanted sexual advances, or visual, verbal, or physical conduct of a sexual nature. This definition includes many forms of offensive behavior and includes gender-based harassment of a person of the same sex as the harasser. The following is a partial list of violations:
 - Unwanted sexual advances
 - Offering educational benefits in exchange for sexual favors
 - Making or threatening reprisals after a negative response to sexual advances
 - Visual conduct: Leering, making sexual gestures, displaying of suggestive objects or pictures, cartoons or posters
 - Verbal conduct: Making or using derogatory comments, epithets, slurs and jokes
 - Verbal sexual advances or propositions
 - Verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes or invitations
 - Physical conduct: Touching, assault, impeding or blocking movements
- **Intimidation:** Intimidation includes adverse actions intended to fill another with fear, to overawe or cow, as through force of personality or by superior display of wealth, talent, etc., or to force another into or deter from some action by inducing fear.
- **Bullying:** Bullying may take place in a variety of hostile acts that are carried out repeatedly over time. The acts involve a real or perceived imbalance of power, with the more powerful child or group attacking those who are less powerful. It may be physical (hitting, kicking, spitting, pushing), verbal (taunting, malicious teasing, name calling, threatening), or psychological (spreading rumors, manipulating social relationships, or promoting social exclusion, extortion or intimidation). Bullying is any severe or pervasive action or conduct directed toward one or more students that have the effect of one or more of the following: 1) places a reasonable student in fear of harm to that student's person or property; 2) causes a reasonable student to experience a substantially detrimental effect on his or her physical or mental health; 3) causes a reasonable student to experience substantial interference with his or her academic performance; 4) causes a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities or privileges provided by the School.

Other types of bullying:

- Sexual bullying includes many of the actions typical of bullying behavior with the added actions of exhibitionism, voyeurism, sexual propositioning, sexual harassment and sexual abuse (touching, physical contact, sexual assault).
 - Bias or hate-motivated bullying is a basic bias against or hate for a person or group. Examples include taunting one's race, religion, national origin, sexual orientation, or physical or mental disabilities. The bullying behavior may also be aggressive, antagonistic, and assaultive.
 - Hazing is a form of aggressive behavior that usually involves intimidation and humiliation during an initiation for a student organization or body, club, group or sports team. It may involve conduct that is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current or prospective pupil. Hazing does not include athletic events or school-sanctioned events.
 - Cyberbullying involves bullying conduct that is created or transmitted by means of an electronic device, including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer or pager communicating any of the following: 1) a message, text, sound or image; 2) a post on a social network Internet Web site, including a "Burn Page," an impersonation of another student, and a false profile.
 - Cyber sexual bullying involves dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more effects described in (1) – (4) above. A photograph or other visual recording shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording or other electronic act.
 - Social media bullying involves bullying through forums for social media, such as internet websites with free registration and ease of registration, internet websites offering peer-to-peer instant messaging (such as Snapchat, Tox, FireChat, Orbit, Bleep), internet websites offering comment forums (such as FaceBook, Twitter, Reddit) and internet websites offering image or video posting platforms (such as YouTube, Instagram, Twitch, Imgur).
- **Retaliation:** Retaliation is any adverse action taken against a student because he or she filed a charge of harassment, discrimination, intimidation or bullying complaint to the School or another agency or participated in an investigation about the same (such as an internal investigation or lawsuit), including as a witness. Retaliation also includes adverse action taken against someone who is associated with the individual opposing the perceived harassment, discrimination, intimidation or bullying.

2. **Who the Policy Applies to:** It shall be a violation of this policy for any student, teacher, administrator or other employee of Yosemite Valley Charter School to discriminate against, harass, intimidate or bully another student, teacher, administrator, other employee or anyone associated with Yosemite Valley Charter School through conduct or communication. This policy applies to all applicants and employees, whether related to conduct engaged in by fellow employees or someone not directly connected to Yosemite Valley Charter School (e.g. an outside vendor, consultant or customer).
3. **Where the Policy Applies:** Conduct prohibited by these policies is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business or field trips, meetings and business or school-related social events.

4. **Responsibility:** All Yosemite Valley Charter School employees have a responsibility for keeping our work environment free of discrimination, harassment, intimidation, and bullying.
5. **Reporting:** Yosemite Valley Charter School encourages reporting of all perceived incidents of discrimination, harassment, intimidation, bullying, or retaliation, regardless of the offender's identity or position. Individuals who believe that they have been the victims of such conduct should discuss their concerns with their immediate supervisor, the Executive Director, or the Deputy Executive Director. In addition, Yosemite Valley Charter School encourages individuals who believe they are being subjected to such conduct to promptly advise the offender that his or her behavior is unwelcome and request that it be discontinued. Often this action alone will resolve the problem. Yosemite Valley Charter School recognizes, however, that an individual may prefer to pursue the matter through formal complaint procedures. Every effort will be made to keep such reports as confidential as possible, although it is understood that an investigation will normally require the involvement of third parties. Yosemite Valley Charter School is serious about enforcing its policy against harassment; however, Yosemite Valley Charter School cannot resolve a harassment problem that it does not know about. Therefore, employees are responsible for bringing any such problems to Yosemite Valley Charter School's attention so it can take whatever steps are necessary to correct the problems.
6. **Investigation/Complaint Procedure:** All complaints of harassment or discrimination will be promptly investigated. If the investigation substantiates the accusations, the appropriate corrective action will be taken. This may include, but not be limited to, reprimand, suspension or dismissal, depending on the nature and severity of the offense. Appropriate action will also be taken in the event the accusations are intentionally false or malicious in intent.

Individuals who believe they have been the victims of conduct prohibited by this policy statement or believe they have witnessed such conduct should discuss their concerns with their immediate supervisor, the Executive Director, or the Deputy Executive Director. Yosemite Valley Charter School encourages the prompt reporting of complaints or concerns so that rapid and appropriate remedial action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.

Any reported allegations of harassment, discrimination or retaliation will be investigated promptly. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. Confidentiality will be maintained throughout the investigatory process to the extent consistent with adequate investigation methods and appropriate corrective actions. Misconduct constituting harassment, discrimination or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling and/or disciplinary action such as warning, reprimand, withholding of a promotion or pay increase, reassignment, temporary suspension without pay or termination, as Yosemite Valley Charter School believes appropriate under the circumstances. Willful false and malicious complaints of harassment, discrimination or retaliation may be subject to appropriate disciplinary action.

7. **Consequences for Retaliation:** Retaliation against an individual who has a complaint or has formally reported discrimination, harassment, intimidation, or bullying or has participated in an investigation of such a complaint is a serious violation of this policy and, like discrimination, harassment, intimidation, or retaliation itself, will be subject to disciplinary action. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.

- 8. Immigration Status:** If the Charter School possesses information that could indicate immigration status, citizenship status or national origin information, the School shall not use the acquired information to discriminate against any students or families or bar children from enrolling in or attending school. If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status or national origin information, the School shall not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.

Each year, the School shall educate students about the negative impact of bullying other students based on their actual or perceived immigration status or their religious beliefs or customs. The School shall also train teachers, staff and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above. Such training shall provide School personnel with the skills to do the following:

- Discuss the varying immigration experiences among members of the student body and school community;
- Discuss bullying-prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims;
- Identify the signs of bullying or harassing behavior;
- Take immediate corrective action when bullying is observed; and
- Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior.

- 9. Parental Notification:** Each year, the School shall notify parents and guardians of their children's right to a free public education, regardless of immigration status or religious beliefs. This information shall include information related to the "Know Your Rights" immigration enforcement established by the California Attorney General. The School shall also inform students who are the victims of hate crimes of their right to report such crimes.

- 10. Sexual Harassment Poster:** The School shall create a poster that notifies pupils of the applicable written policy on sexual harassment. The poster shall display, at a minimum, all of the following: 1) The rules and procedures for reporting a charge of sexual harassment; 2) The name, phone number and email address of an appropriate school official to contact to report a charge of sexual harassment; 3) The rights of the reporting pupil, the complainant, and the respondent and the responsibilities of the School in accordance with the School's written policy on sexual harassment.

This poster will be prominently and conspicuously displayed in each bathroom and locker room at the schoolsite. It may be prominently and conspicuously displayed in public areas at the schoolsite that are accessible to, and commonly frequented by students, including, but not limited to classrooms, classroom hallways, gymnasiums, auditoriums and cafeterias. The governing board of the School shall have full discretion to select the appropriate public areas to display the poster at the schoolsite.

- 11. Posting:** This policy shall be posted on the School's internet website in a manner that is easily accessible to parents/guardians/students.

Residency Policy

California law requires that certain residency requirements are established in order for a student to be enrolled in an independent study charter school for which average daily attendance may be claimed. California law requires that a student be a California resident and requires that the student is a resident of the county in which the apportionment claim is reported or of a county immediately adjacent to the county in which the apportionment claim is reported. [EC §§ 47612(b), 5147.3]

The purpose of the Yosemite Valley Charter School Governing Board approving this Residency Policy is to accomplish the following:

1. Define Residency
2. Outline Residency for a Student on an Extended Vacation
3. Establish the Location Materials Will Be Mailed To
4. Outline the Procedures When a Student's Residency is in Question
5. Outline the Parent/Guardian/Education Rights Holder's Right Regarding Determination of Nonresidency
6. Outline the Procedures for Children of Military Families
7. Outline the Procedures for Homeless Youth

1. **Definition of Residency:** A student has residency in the state and county of the residence of the parent/guardian with whom that student maintains his or her place of abode. Residence denotes any factual place of abode of some permanency that is more than a mere temporary sojourn. Owning a home in California or in a particular county does not qualify a student to attend Yosemite Valley Charter School, unless it can be shown that the student is also living in the home at least three days per week during the school year.
2. **Residency for a Student on an Extended Vacation:** A student on an extended vacation lasting longer than four weeks, but less than six months, will not be deemed to have lost California residency.
3. **The Location Material Will Be Mailed To:** All materials will be mailed to, and any in person services will be held at, the address identified in the student's records in his/her proof of residence documentation, unless an alternative location is agreed upon by the teacher of record.
4. **Student's Residency is in Question:** If there is reason to believe that a student's residency is in question, Yosemite Valley Charter School may investigate in order to determine authenticity of the home address. When it is determined that a student lives outside of California and/or an authorized county, Yosemite Valley Charter School will provide written notice of the determination of nonresidency within five days of Yosemite Valley Charter School's intention to disenroll the student.
5. **Parent/Guardian/Education Rights Holder's Right Regarding Determination of nonresidency:** The notice shall contain an explanation of the parent/guardian/education

rights holder's right to request a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses and at which the pupil has the right to bring legal counsel or an advocate to dispute the finding of nonresidency. If the parent/guardian/educational rights holder does not request a hearing within five days of receipt of the notice, the right to a hearing is waived and the student will be immediately disenrolled. If the student's parent, guardian or educational rights holder initiates the hearing, the student shall remain enrolled and shall not be disenrolled until Yosemite Valley Charter School issues a final decision.

6. Children of Military Families: Yosemite Valley Charter School will serve children of military families, as defined by Education Code section 49701, as follows:

1. Allow the student to continue his or her education in Yosemite Valley Charter School, regardless of change of residence of the military family during that school year, for the duration of the student's status as a child of a military family; or
2. For a student whose status changes due to the end of military service of his or her parent during a school year, comply with either of the following, as applicable:
 - a. If the student is enrolled in kindergarten or any of grades 1 to 8, inclusive, allow the student to continue his or her education in Yosemite Valley Charter School through the duration of that academic school year;
 - b. If the child is enrolled in high school, allow the student to continue his or her education in Yosemite Valley Charter School through graduation.

~~For purposes of providing special education services, Yosemite Valley Charter School will continue to provide special education services for children of military families as required by law.~~

Foster students will be given access to the education and other services that such students need to ensure that they have an opportunity to meet the same challenging State student academic achievement standards to which all students are held. Foster students will not be stigmatized or segregated in a separate school or program based on the student’s status as foster youth.

The purpose of the Yosemite Valley Charter School Governing Board approving this Foster Youth Policy is to accomplish the following:

1. Define Foster Child/Student/Youth and School of Origin
2. Establish a Foster Child Liaison
3. Outline Admission Requirements for Foster Children
4. Outline the Rights of a Former Foster Children
5. Outline Course Work and Graduation Requirements for Foster Children
6. Establish Transportation Requirements for a Foster Children
7. Outline Who Has Access to Records for Foster Children

1. Definitions:

- **Foster child/student/youth** means a child who has been removed from his or her home pursuant to Welfare and Institutions (“W&I”) Code section 309, is the subject of a petition filed under W&I sections 300 or 602, or has been removed from his or her home and is the subject of a petition filed under W&I Code sections 300 or 602.
- The Charter School is the **school of origin** when the student attended the Charter School when permanently housed or was last admitted at the initial detention or placement or subsequent change in placement of a foster child. If the school the foster child attended when permanently housed is different from the school in which the foster child was last admitted, or if there is some other school that the foster child attended with which the foster child is connected and that the foster child attended within the immediately preceding 15 months, the foster child liaison, in consultation with, and with the agreement of, the foster child and the person holding the right to make educational decisions for the foster child, shall determine, in the best interests of the foster child, the school that shall be deemed the school of origin.

2. **Foster Child Liaison:** The School’s foster child liaison is: Principal, Dr. Laurie Goodman, laurie@inspireschools.org.

The School’s foster child liaison is required to do all of the following:

- Ensure and facilitate the proper educational placement, enrollment in school and checkout from school of foster children.

- Assist foster children when transferring from one school to another school in ensuring proper transfer of credits, records and grades.
- Notify the foster child's attorney and the appropriate representative of the county child welfare agency of pending expulsion proceedings if the decision to recommend expulsion is a discretionary act, pending proceedings to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act, and, if the foster child is an individual with exceptional needs, pending manifestation determinations if the School has proposed a change in placement due to an act for which the decision to recommend expulsion is at the discretion of the principal.
- The foster child liaison, in consultation with, and with the agreement of, the foster child and the person holding the right to make educational decisions for the foster child, may recommend, in accordance with the foster child's best interests, that the foster child's right to attend the school of origin be waived and the foster child be enrolled in a public school that pupils living in the attendance area in which the foster child resides are eligible to attend.
- Before making a recommendation to move a foster child from his or her school of origin, the foster liaison shall provide the foster child and the person holding the right to make educational decisions for the foster child with a written explanation stating the basis for the recommendation and how the recommendation serves the foster child's best interest.
- If the foster child liaison, in consultation with the foster child and the person holding the right to make educational decisions for the foster child, agrees that the best interests of the foster child would best be served by his or her transfer to a school other than the school of origin, the foster child shall immediately be enrolled in the new school.

- 3. Admission:** All foster students are required to follow the school's process for admitting students, including filling out and submitting the school's admission packet on time. As with all students, admission depends upon availability. In the event of an oversubscription in a grade, foster students will participate in the lottery as with any other student.

If the foster child seeking admission has outstanding fees, fines, textbooks or other items or moneys due to the school last attended or is unable to produce clothing or records normally required for admission, such as previous academic records, medical records, including, but not limited to, records or other proof of immunization history, proof of residency, other documentation or school uniforms, this will not serve as a basis for non-admission. Within two days of admission of the foster child, the foster child liaison will contact the school last attended by the foster child to obtain all academic and other records.

If a dispute arises regarding the request of a foster child to remain in Yosemite Valley Charter School as the school of origin, the foster child has the right to remain in Yosemite Valley Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the Uniform Complaint Procedures adopted by the School.

Admission in Yosemite Valley Charter School as the school of origin will be allowed, unless a determination is made that it is not in the best interest of the foster child to attend Yosemite Valley Charter School. Best interest factors include, but are not limited to, appropriateness of the current educational setting and proximity to the school in which the child is enrolled at the time of placement.

4. **Former Foster Children:** If the jurisdiction of the court is terminated before the end of an academic year, the Yosemite Valley Charter School shall allow a former foster child who is in kindergarten or any of grades 1 to 8, inclusive, to continue his or her education as the school of origin through the duration of the academic school year.

If the jurisdiction of the court is terminated while a foster child is in high school, Yosemite Valley Charter School shall allow the former foster child to continue his or her education in Yosemite Valley Charter School as the school of origin through graduation.

5. **Course Work and Graduation Requirements:** The Charter School will accept coursework satisfactorily completed by the foster child while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and shall issue that pupil full or partial credit for coursework completed.

The credits accepted shall be applied to the same or equivalent course, if applicable, as the coursework completed in the prior school. The Charter School will not require the foster child to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school. If the pupil did not complete the entire course, the Charter School shall not require the pupil to retake the portion of the course the pupil completed unless the Charter School, in consultation with the holder of educational rights for the pupil, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the foster youth shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course.

A foster youth shall not be prevented from retaking or taking a course to meet the eligibility requirements for admission to the California State University or the University of California.

A foster student who transfers between schools any time after the completion of the student's second year of high school and is in the student's third or fourth year of high school, the School shall exempt from all coursework and other requirements adopted by the School that are in addition to the statewide coursework requirements specified in Education Code section 51225.3, unless the School makes a finding that the student is reasonably able to complete the School's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

If the School determines that the foster student is reasonably able to complete the School's graduation requirements within the student's fifth year of high school, the School shall do all of the following: 1) Inform the student of the student's option to remain in school for a fifth year to complete the School's graduation requirements; 2) Inform the student, and the student's educational rights holder, about how remaining in the School for a fifth year to complete the School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution; 3) Provide information to the student about transfer opportunities available through the California Community Colleges; 4) Permit the student to stay in school for a fifth year to complete the School's graduation requirements upon

agreement with the student, if the student is 18 years of age or older, or if under 18 years of age, with the person holding the right to make educational decisions for the student.

To determine whether a foster student is in the third or fourth year of high school, either the number of credits the pupil has earned to the date of transfer or the length of the student's school admission may be used, whichever will qualify the student for the exemption.

Within 30 calendar days of the date that a foster student may qualify for the exemption from local graduation requirements transfers into a school, the School shall notify the student, the educational rights holder, and the School's liaison for foster children and youth of the availability of the exemption and whether the student qualifies for an exemption. If the School fails to provide timely notice, the student shall be eligible for the exemption from local graduation requirements once notified, even if that notification occurs after the student is no longer in foster care, if the student otherwise qualifies for the exemption.

A foster student that has been exempted from local graduation requirements in accordance with Education Code section 51225.1 and completes the statewide coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and that student would otherwise be entitled to remain in attendance at the school, the School shall not require or request that the pupil graduate before the end of the student's fourth year of high school.

If a foster student is exempted from local graduation requirements pursuant to Education Code section 51225.1, the School shall notify the student and the person holding the right to make educational decisions for the student how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges.

If a foster student who is eligible for the exemption from local graduation requirements and would otherwise be entitled to remain in attendance at the School shall not be required to accept the exemption or be denied admission in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of high education, regardless of whether those courses are required for statewide graduation requirements.

If a foster student is not exempted from local graduation requirements or has previously declined the exemption, the School shall exempt the student at any time if an exemption is required by the student and the student qualifies for the exemption.

If a foster student is exempted from local graduation requirements, the School shall not revoke the exemption.

If a foster student is exempted from local graduation requirements, the exemption shall continue to apply after the student is no longer a foster student while the student is admitted in

the School or if a foster student who is exempt from local graduation requirements transfers to the School from another school.

The School shall not require or request a foster student to transfer schools in order to qualify the student for an exemption.

A complaint for noncompliance with this section may be filed with the School under the School's Uniform Complaint Procedures.

6. **Transportation:** If the foster student requires transportation to continue to attend the Charter School as the school of origin, the Charter School will ensure that the foster child receives transportation in a cost effective manner.
7. **Records:** A foster family agency with jurisdiction over a currently admitted or former pupil, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family (as defined below), may access the current or most recent records of grades, transcripts, attendance, discipline and online communication on platforms established by schools for pupils and parents, and any individualized education programs (IEPs) that may have been developed, or any plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973 of a currently admitted or former foster pupil.

A foster family agency, short-term residential treatment program, or caregiver may review and receive pupil records pursuant to subdivision (a) for purposes of monitoring the pupil's educational progress, updating and maintaining the pupil's education records as required by Section 16010 of the Welfare and Institutions Code, and ensuring the pupil has access to educational services, supports, and activities. These purposes include, but are not limited to, admitting the pupil in school, assisting the pupil with homework, class assignments, and college and scholarship applications, and admitting the pupil in extracurricular activities, tutoring, and other afterschool and summer enrichment programs.

A "resource family" means an individual or family that has successfully met both the home environment assessment and the permanency assessment criteria necessary for providing care for a child placed by a public or private placement agency by court order, or voluntarily placed by a parent or guardian.

Transgender and Gender Nonconforming Students Policy

Yosemite Valley Charter School (the “Charter School”) is committed to fostering an educational environment that is safe, welcoming, and free from stigma and discrimination for all students, regardless of gender identity or expression; facilitating compliance with local, state and federal laws concerning bullying, harassment, privacy and discrimination; and ensuring that all students have the opportunity to express themselves and live authentically.

The purpose of the Yosemite Valley Charter School Governing Board approving this Transgender and Gender Nonconforming Students Policy is to accomplish the following:

1. Define Gender, Gender Identify, Gender Expression, Gender Nonconforming, Intersex, Nonbinary/Genderqueer, Sex, Sexual Orientation, Transgender, and Transition
2. Outline Guiding Principles and Requirements of the Charter School
3. Establish Privacy and Confidentiality
4. Outline the Requirements of Pupil Records
5. Establish the Authorization to Use Name and Gender With Which the Student Identifies
6. Outline the Requirements of the Student’s Preferred Name and Pronoun
7. Outline the Requirements of Student Safety
8. Establish Restroom Accessibility
9. Outline Sports, Athletics, and Physical Education Requirements
10. Establish Access to School Activities and Programs
11. Establish Course Accessibility and Instruction
12. Outline the Training and Publication of the Transgender and Gender Nonconforming Students Policy

1. Definitions: These definitions are provided not for the purpose of labeling students but rather to assist in understanding this policy and the legal obligations of the school. Students may or may not use these terms to describe themselves or their experiences.

- **Gender:** A person's actual or perceived sex, including a person's gender identity and gender expression.
- **Gender Identity:** A person’s gender-related identity, appearance or behavior, whether or not different from that traditionally associated with the person’s physiology or assigned sex at birth. Gender identity may include being female, male, another gender or no gender. The responsibility for determining an individual’s gender identity rests with the individual. Children typically begin to understand their own gender identity by age four, although the age at which individuals come to understand and express their gender identity may vary based on each person’s social and familial development.
- **Gender Expression:** A person’s gender-related appearance and behavior whether or not stereotypically associated with the person’s assigned sex at birth. Gender expression refers to external cues that one uses to represent or communicate one’s gender to others, such as behavior, clothing, hairstyles, activities, voice, mannerisms, or body characteristics.
- **Gender Nonconforming:** One’s gender expression, gender characteristics or gender identity that does not conform to gender stereotypes “typically” associated with one’s legal sex

assigned at birth, such as “feminine” boys, “masculine” girls, and those who are perceived as androgynous. Students who adopt a presentation that varies from the stereotypic gender expectations sometimes may describe themselves as gender nonconforming, gender queer, gender fluid or nonbinary.

- Intersex: An umbrella term used to describe natural bodily variations, which can include external genitalia, internal sex organs, chromosomes or hormonal differences that transcend typical ideas of male and female.
- Nonbinary/Genderqueer: An umbrella term for people with gender identities that fall somewhere outside of the traditional conceptions of strictly either female or male. People with nonbinary gender identities may or may not identify as transgender, may or may not have been born with intersex traits, may or may not use gender-neutral pronouns, and may or may not use more specific terms to describe their genders, including but not limited to agender, genderqueer, gender fluid, Two Spirit, bigender, pangender, gender nonconforming or gender variant.
- Sex: It includes, but is not limited to, a person’s sex assigned or presumed at birth based on physical characteristics commonly associated with males or females, and is inclusive of a person’s gender.
- Sexual Orientation: It means heterosexuality, homosexuality, and bisexuality and is considered to be a person’s romantic, emotional, mental and/or sexual attraction to another person based on the gender of the other person.
- Transgender: An umbrella term used to describe people whose gender identity or gender expression is different from the gender they were assigned or presumed at birth. Some individuals who identify as transgender have medically transitioned, are undergoing gender affirming surgeries and hormonal treatments, while others do not choose any form of medical transition. There is no uniform set of procedures that are sought. Individuals may identify as female, male or nonbinary, may or may not have been born with intersex traits, may or may not use gender-neutral pronouns and may or may not use more specific terms to describe their genders, including but not limited to agender, genderqueer, gender fluid, Two Spirit, bigender, pangender, gender nonconforming or gender variant. A transgender girl is a girl who was thought to be a male when she was born. A transgender boy is a boy who was thought to be female when he was born.
- Transition: The unique process in which one goes from living and identifying as one gender to live in alignment with one or more dimensions of the gender with which one identifies. Gender transition can occur at any age and can include social, medical and/or a legal transition.

2. Guiding Principles and Requirements: The school shall accept the gender identity that each student asserts. There are no medical or mental health diagnoses or treatment thresholds that students must meet in order to have their gender identity recognized and respected. Students may initiate a process to change their name, pronoun, attire and access to School programs, activities and facilities. The school shall customize support to optimize each student’s access according to their gender identity.

3. Privacy and Confidentiality: All persons, including students, have a right to privacy. This includes keeping a student’s actual or perceived gender identity and expression private. Such private information shall be shared only on a need to know basis.

Students have the right to openly discuss and express their gender identity and expression, and to decide when, with whom, and how much information to share.

School personnel may encounter situations where students have not publicly disclosed their gender identity; therefore, school personnel must be mindful of the confidentiality and privacy

rights of students when communicating with others, so as to not reveal, imply or refer to a student's gender identity or expression. To ensure confidentiality when discussing a particular concern such as conduct, discipline, grades, attendance or health, school personnel should focus on the concern, not the student's gender identity or expression. For example, describe the matter in terms of the underlying issue (behavior/conduct, grade issue, attendance issue, health concern) without referring or linking to gender identity or expression.

When communicating with a student's parent, legal guardian, or educational rights holder ("parent"), school personnel should be aware that the student may not have disclosed their gender identity to their parents. When school personnel find it important to discuss a student's gender identity or expression with parents (if, for example, the student is being bullied based on their gender identity or expression), school personnel should consult and work closely with the student to assess the degree to which, if any, the parent is aware of the student's gender identity or expression and is supportive of the student, and school personnel shall take into consideration the safety, health and well-being of the student in deciding whether to disclose the student's gender identity or expression to parents.

4. **Pupil Records:** The School is required to maintain in perpetuity mandatory permanent pupil records which include the legal name and sex of the student as indicated on official government issued documents such as birth certificates, passports and identification cards/permits. Mandatory interim pupil records may include, but are not limited to, progress and grade reports, transcripts, assessment data, health records, Individualized Education Programs (IEP) and Section 504 Plans. Permitted pupil records may include, but are not limited to, objective counselor and/or teacher ratings, standardized test scores older than three years, routine discipline data and verified reports of relevant behavior patterns. Per California law, student enrollment forms allow a parent to designate their child's gender as male, female or nonbinary.

The School will change a student's name and gender, or that of a former student, on pupil records when the name and/or gender of the student are changed. The student or former student may document the gender change by any of the following: State issued driver's license, birth certificate, passport, social security card, court order indicating a name change or a gender change or both. The new name and/or gender are the student's legal name and gender for all purposes, including school registration. Upon the submission of proper evidence of the aforementioned documentation, the student's legal name and/or gender in all school records shall be changed to reflect the legal name and/or gender change.

5. **Authorization to Use Name and Gender With Which the Student Identifies:** The School shall permit students to use the name and gender with which they identify on school records, including pupil records. The records may include, but are not limited to, identification badges, classroom and homeroom rosters, certificates, programs, announcements, office summons and communications, team and academic rosters, diplomas, newspapers, newsletters, yearbooks and other site-generated records.

Upon authorization, the School shall input the student's name and gender with which they identify in the appropriate fields of the School's electronic data system to indicate how the student's name and/or gender will appear on documents issued by the school. If the authorization does not amount to a legal change in name or gender, the change will be reflected in the preferred name section of the School's electronic data system.

After the school receives and verifies the contents of the completed legal authorization, the School shall change the name and/or gender of the student in the School's electronic data system and enter or cross-reference the name as AKA in the cumulative folder and registration card. This change is effective for School records only. If a student were to transfer to another

school, the student should inquire at that school about a similar process.

- 6. Names/Pronouns:** Students shall be addressed by the name and pronoun that corresponds to their gender identity asserted at school without obtaining a court order, changing their pupil records or obtaining parent/legal guardian permission.

Students shall be known by their name and gender of identity. However, there may be situations (e.g., communications with the family, state or federal records, pupil records where a name or gender with which the student identifies isn't authorized, and assessment data) where it may be necessary and recommended for staff to be informed of the student's legal name and gender. In these situations, staff should prioritize safety, confidentiality and respect of the student in a manner consistent with the law.

If school personnel are unsure how a student wants to be addressed in communications to home or in conferences with parents/legal guardians/educational rights holders, they may privately ask the student how they want to be referred to when communicating with parents/legal guardians. For communications with a student's parent/legal guardian, educational rights holders, school personnel should refer to this policy's prior section on "Privacy and Confidentiality."

Every effort should be made to use names and pronouns consistent with a student's gender identity. While inadvertent slips or honest mistakes may occur, the intentional and persistent refusal to respect a student's gender identity is a violation of School policy and may constitute discrimination under State law.

- 7. Student Safety:** School staff must ensure that students are provided with a safe school environment that is free of discrimination, harassment, bullying or intimidation, which may include providing interim safety and emotional support measures. School staff and families should work together to resolve complaints alleging discrimination, harassment, bullying or intimidation based on a student's actual or perceived gender identity or expression.

School staff shall take all reported incidents of bullying seriously and take appropriate measures to ensure that the bullying stops.

School administration shall respond immediately to incidents of discrimination, harassment, bullying or intimidation by taking actions that include, but are not limited to the following: a) intervening to stop the behavior; b) investigating and documenting the matter; c) determining and enforcing appropriate interim measures and corrective actions; and d) monitoring to ensure that the behavior does not reoccur.

School staff should take all reasonable steps to ensure safety and access for students and support students' rights to assert their gender identity and expression. Interim safety measures may include increased monitoring of the parties, providing options for the parties to avoid or minimize contact in academic and extracurricular settings, safety plans, training and educational materials to address climate, and provision of support resources (e.g., academic support, counseling, health and mental health services).

Students shall not be disciplined on the basis of their actual or perceived gender identity or expression.

Students shall be informed they have the responsibility to report incidents of discrimination, harassment, bullying or intimidation to the designated site administrator or Title IX/Bullying Complaint Manager in cases where they may be a target or witness.

Students shall be informed of their role in ensuring a school environment that is free from discrimination, harassment, bullying or intimidation.

In addition to or instead of filing a complaint at a site, any student or their duly authorized representative has the right to file a discrimination, harassment, bullying or intimidation complaint involving gender identity and expression under the Uniform Complaint Procedures with the School's Principal, Dr. Laurie Goodman, laurie@inspireschools.org.

- 8. Restroom Accessibility:** Schools may maintain separate restroom facilities for male and female students. Students shall have access to restrooms that correspond to their gender identity. Students who identify as nonbinary should be granted access to the facility which they find best aligns with their gender identity.

If a student desires increased privacy, regardless of the reason, the administrator shall make every effort to provide the student with reasonable access to an alternative restroom such as a single-stall or all-gender restroom. The use of a restroom should be determined by the student's choice; no student shall be compelled to use an alternative restroom. For safety reasons, students should be given access to a restroom that allows reasonable access for appropriate supervision by staff. Regardless, all students are expected to exemplify appropriate behavior in restrooms.

- 9. Sports, Athletics and Physical Education:** When conducting physical education classes and fitness evaluations, teachers will address and evaluate students by their gender identity.

Performance on the state physical fitness test (Fitnessgram) is evaluated by the State of California in accordance with the sex reported. Students are to be tested according to their gender identity when students identify with a gender different from that in their pupil records. Test administration on this instrument allows for a designation of nonbinary or for students to not disclose their gender to the test administrator. However, the Healthy Fitness Zone charts, or health-related standards used to evaluate performance, are based on female and male genders only. In these events, physical education teachers shall make every effort to maintain confidentiality of student information.

Participation in competitive athletics, intramural sports, athletic teams, competitions and contact sports shall be facilitated in a manner consistent with the student's gender identity and in accordance with the California Interscholastic Federation constitution and bylaws. Students who identify as nonbinary should be granted the opportunity to participate in athletic activities they find best align with their gender identity.

- 10. School Activities and Programs:** Students have the right to equitable access to activities and programs in their school. responsibilities under applicable laws and this policy, including teachers, administrators, counselors, social workers, and health staff. Information regarding this policy shall be incorporated into training for new school employees.

Teacher Induction Policy

The Governing Board of Yosemite Valley Charter School (the “Charter School”) committed to providing a high-quality educational program is dependent upon the employment of certificated staff who are adequately prepared and have demonstrated proficiency in basic skills and in the subject matter to be taught.

The purpose of the Yosemite Valley Charter School Governing Board approving this Teacher Induction Policy is to accomplish the following:

1. Outline the California Credentialing System
2. Outline the Induction Program
3. Establish the Individual Learning Plan of a Participating Teacher
4. Establish an Early Completion Option
5. Outline the Qualifications, Selection and Training of Coaches
6. Outline the Selection of Participating Teachers
7. Outline Participating Teacher Competence for the Clear Credential Recommendation

1. California Credentialing System: California has a two-tiered credentialing system for teachers. Preliminary programs prepare candidates to obtain an initial teaching credential through successful completion of required coursework, fieldwork, and a performance demonstration of their knowledge, skills, and abilities. The second tier of preparation is a two-year job-embedded individualized induction program that is focused on extensive support and mentoring to new teachers in their first and second year of teaching. Yosemite Valley Charter School’s induction program is designed to provide a two-year, individualized, job-embedded system of mentoring, support and professional learning that begins in the teacher’s first year of teaching.

2. Induction Program Generally: The Yosemite Valley Charter School’s Induction program is a two-year program that is free of charge to participating teachers. Within the first 30 days of the participant’s enrollment in the Yosemite Valley Charter School’s Induction program, the Yosemite Valley Charter School shall identify and assign an Induction coach to each participating teacher. The coach and participating teacher match is made according to the credentials held, grade level and/or subject area, as appropriate to the participating teacher’s employment.

Each participating teacher shall receive an average of not less than one hour per week of individualized support and mentoring coordinated and/or provided by the coach.

3. Individual Learning Plan: Within the first 60 days of the participating teacher’s enrollment in the induction program, goals for each participating teacher must be developed within the context of the Individual Learning Plan (“ILP”). The ILP shall be designed and implemented only for the professional growth and development of the participating teacher and not for evaluation for employment purposes.

The ILP is developed based on needs determined by the teacher and program provider, in consultation with the site administrator and guided by the Preliminary Program Transition Plan. The ILP must address identified candidate competencies that support the recommendation for the credential. Coaching support for participating teachers must include both “just in time” and longer term analysis of teaching practice to help candidates develop enduring professional skills. The program’s design shall serve to strengthen the participating teacher’s professional practice and contribute to the participating teacher’s retention in the profession.

The ILP must address the *California Standards for the Teaching Profession* and provide the road map for the participating teachers’ induction work during their time in the program along with guidance for the coach in providing support. The ILP must be collaboratively developed at the beginning of the Induction by the participating teacher and coach, with input from the Yosemite Valley Charter School regarding the participating teacher’s job assignment, and guidance from the program staff.

The ILP It must include the following:

- Candidate professional growth goals
- A description of how the participating teacher will meet those goals
- Defined and measurable outcomes for the participating teacher
- Planned opportunities to reflect on progress and modify the ILP as needed

4. Early Completion Option: The Yosemite Valley Charter School shall make available and advise participants of an early completion option for “experienced and exceptional” candidates who meet the program’s established criteria. In order to qualify for the early completion option, participating teachers must be in year one of the Induction program, have five years of verified superior teaching experience, and have a letter of recommendation from their Regional Coordinator, Program Specialist or Senior Director.

5. Qualifications, Selection and Training of Coaches: The Induction program assigns qualified coaches and provides guidance and clear expectations for the coaching experience based on the program’s design. Qualifications for coaches shall include the following:

- Knowledge of the context and content area of the participating teacher’s assignment
- Demonstrated commitment to professional learning and collaboration
- Possession of a Clear Teaching Credential
- Ability, willingness, and flexibility to meet candidate needs for support
- Minimum of three years of effective teaching experience

Coaches are required to provide “just in time” support for candidates, in accordance with the ILP, along with longer-term guidance to promote enduring professional skills. Coaches facilitate participating teacher growth and development through modeling, guided reflection on practice and feedback on classroom instruction. The coaches connect participating teachers with available resources to support their professional growth and accomplishment of the ILP.

Coaches will be provided ongoing training and support that includes two required trainings with Center for Teacher Innovation (Coach Preview and Induction Orientation), coaching and mentoring, goal setting, use of appropriate mentoring instruments, best practices in adult learning, support for individual coaching challenges, reflection on coaching practice and opportunities to engage with coaching peers in professional learning networks, and program processes designed to support participating teacher growth and effectiveness.

Coaches may carry up to 2 participating teachers per year and must have a credential that matches that of the participating teacher(s). Coaches will receive One Thousand Dollars (\$1,000.00) per year paid out in equal amounts (less required deductions) over a ten (10) month period. If a coach leaves the employ of Yosemite Valley Charter School before the end of the ten (10) month period, the coach is not entitled to any unpaid amounts if the coach has not completed his/her coaching obligations.

6. **Selection of Participating Teachers:** Each candidate is reviewed in the Commission on Teacher Credentialing database for credential verification and reviewed for early completion option eligibility.
7. **Participating Teacher Competence for the Clear Credential Recommendation:** The Induction program shall assess the participating teacher's progress towards mastery of the *California Standards for the Teaching Profession* to support the recommendation for the clear credential. The documentation of participating teacher progress must reflect the learning and professional growth goals indicated within the ILP and evidence of the participating teacher's successful completion of the activities outlined in the ILP.

Prior to recommending a candidate for a Clear Credential, the Yosemite Valley Charter School must verify that the participating teacher has satisfactorily completed all program activities and requirements, and that the program has documented the basis on which the recommendation for the clear credential is made. The Yosemite Valley Charter School's verification is based on a review of observed and documented evidence, collaboratively assembled by the participating teacher, the coach and/or other colleagues, according to the program's design.

As part of the Induction program's recommendation verification process also includes a systematic process of reviewing documentation. If a participating teacher is not recommended for a Clear Credential, the participating teacher may rewrite or expand the reflection, revisit the context and illustrate a better understanding of the context and/or next steps. Alternatively, the participating teacher may complete a written appeal form available from [insert title of person] providing additional evidence, as that participating teacher feels is appropriate. In the discretion of the Induction Program, a participating teacher may repeat portions of the program.

School Closure Policy

The Governing Board of Yosemite Valley Charter School (the “Charter School”) is committed to following all applicable laws and related to school closure.

The purpose of the Yosemite Valley Charter School Governing Board approving the School Closure Policy is to accomplish the following:

1. Establish the Official Action of the Board of Directors to Close the Charter School
 2. Outline the Notification Process of a School Closure
 3. Outline the Management of Student Records
 4. Establish the Preparation of Final Financial Records
 5. Outline the Management of Assets of the Charter School
 6. Outline Who is Responsible for Liabilities
 7. Establish Compliance with the California Corporations Code
 8. Establish the Release of Claims
- 1. Official Action of the Board of Directors:** Closure of the Charter School will be documented by official action of the Board of Directors. The action will identify the reason for closure. The official action will also identify an entity and person(s) responsible for closure-related activities.
- 2. Notification of School Closure:** The Board of Directors will promptly notify parents/guardians and students of the Charter School, the District, the County Office of Education, the Charter School’s SELPA, the retirement systems in which the Charter School’s employees participate (e.g., Public Employees’ Retirement System, State Teachers’ Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils’ school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements. A copy of this Policy will also be provided to the Charter School’s SELPA. If required by the Charter School’s SELPA, the Charter School will provide additional information to ensure: 1) Appropriate transition of special education services for students served by the Charter School; 2) Compliance with state and federal laws; 3) Compliance with state and federal funding requirements; and/or 4) Accuracy and reliability of any data submitted to the Charter School SELPA.

The Board will ensure that the notification to the parents/guardians and students of the Charter School of the closure provides information to assist parents/guardians and the students in locating suitable alternative programs. This notice will be provided promptly following the Board’s decision to close the Charter School.

- 3. Student Records:** The Board will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils’ districts of residence,

which they will provide to the entity responsible for closure-related activities.

As applicable, the Charter School will provide parents/guardians, students and the District with copies of all appropriate student records and will otherwise assist students in transferring to their next school. All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act (“FERPA”), 20 U.S.C. § 1232g. The records of the Charter School should remain with the nonprofit entity, at least until the nonprofit closes, in which case the records should be maintained by other Charter School-related agencies. If all of the aforementioned agencies have closed, the Charter School will ask the District to store original records of Charter School students. All records of the Charter School shall be transferred to the District upon Charter School closure. If the District will not or cannot store the records, the Charter School shall work with the County Office of Education to determine suitable alternative location for storage.

All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

4. **Final Financial Records:** As soon as reasonably practical, the Charter School will prepare final financial records. The Charter School will also have an independent audit completed within six months after closure. The Charter School will pay for the final audit. The audit will be prepared by a qualified Certified Public Accountant selected by the Charter School and will be provided to the District promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to the Charter School.

The Charter School will complete and file any annual reports required pursuant to Education Code section 47604.33.

5. **Assets of the Charter School:** On closure of the Charter School, all assets of the Charter School, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending the Charter School, remain the sole property of the Charter School and upon dissolution of the nonprofit public benefit corporation shall return to the nonprofit corporation to be used within the state of California only. Any assets acquired from the District or District property will be promptly returned upon Charter School closure to the District. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.
6. **Liabilities:** On closure, the Charter School shall remain solely responsible for all liabilities arising from the operation of the Charter School.
7. **California Corporations Code:** As the Charter School is operated by a nonprofit public benefit corporation, should the corporation dissolve with the closure of the Charter School, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a nonprofit public benefit corporation and file all necessary filings with the

appropriate state and federal agencies.

The Charter School will utilize the school's budgeted reserve fund to undertake any expenses associated with the closure procedures identified above.

- 8. Release of Claims:** When the Charter School closes, the Charter School shall release and discharge the Charter SELPA and its past and present principals, members, partners, officers, directors, affiliate employees, agents, successors, assigns, attorneys and insurers, collectively with the Charter SELPA, from any and all claims arising out of the operations of the Charter School. Accordingly, the closing Charter School shall promptly withdraw and/or cause to be filed dismissals with prejudice of all applications, requests, reports, complaints or appeals, if any, filed or made as to any such claims.

Consistent with the release language above, closure of a Charter School terminates the ability for the Charter School and associated entities affiliated with the Charter School to submit claims to any funding or to any Charter SELPA Risk Pool (*e.g.*, Legal Risk Pool, SELPA Set Aside, Rate Smoothing Pool, etc.) effective the date of the Charter School closure and/or termination of membership pursuant to CEO Policy 26. Termination of the ability to submit funding and SELPA Risk Pool claims may be suspended for an Organization Partner with local educational agencies that will continue as Charter SELPA members.

Educational Materials and Restitution Policy

This policy supports Yosemite Valley Charter School's ("School") efforts to remain a sound steward of public funds and ensure students continue to have access to educational materials.

The purpose of the Yosemite Valley Charter School Governing Board approving this Educational Materials and Restitution Policy is to accomplish the following:

1. Provide an Overview for the Educational Materials and Restitution Policy
2. Outline the Procedures for the Restitution Process

- 1. Overview:** Students attending School may receive access to certain School property during the course of the school year, including educational technology and textbooks, and they are responsible for ensuring the educational materials are returned (with reasonable wear and tear). California law states that the parent or guardian of a minor can be held liable to a school for all property loaned to and failed to be returned, or willfully damaged by a minor. The liability shall not exceed \$10,000.

The School shall seek restitution when a student, among other things, willfully cuts, defaces, or otherwise damage any property, or loses or fails to return property, borrowed or personal belonging to the School. This includes but is not limited to, installing unauthorized software applications, modifying, adding or deleting software or any alteration to the configuration of any and all IT computing devices - such as laptops and other devices.

The School, after affording the student due process rights, may withhold the grades, diploma, and official transcripts of a student until the student or parent/guardian pays for the lost or damaged school property (e.g., educational technology, textbooks, etc.). The School may also withhold full privileges of participation in school activities.

Withholding Grades, Diploma and Transcripts and Transferring Students

The authority to withhold grades, diploma, or official transcripts applies only to situations where the student, parent or guardian has requested a copy of the student's records. **When a student transfers to another K-12 school, the student's permanent record must be sent to the requesting K-12 school. If the student transfers to a K-12 school, a copy of the student's**

permanent record must be sent to the requesting district. The permanent record, or copy, must be sent even though there may be charges or fees owed by the student, parent, or guardian. In such cases, upon sending the permanent student record to the new (receiving) school, the new school shall be notified of the restitution debt.

2. Procedures:

1. School shall use inventory systems clearly identify the student and type of school property issued to the student.

2. School shall implement a restitution process by which students are afforded the opportunity to return the missing property or pay for the damages. Assuming the student returns the missing property or pays for damages, the debt is discharged and any withheld grades, diploma, or official transcripts of the student shall be released and the full privileges of participation in school activities shall be restored.

3. School shall follow the due process procedure listed below that allows the parent/guardian or student an opportunity to review and respond to the imposition of any fees or charges resulting from this policy.

a. The School shall provide the parent/guardian written notice of alleged loss or damage of school property (“Written Notice”).

b. The Written Notice will inform families the School may contact law enforcement and/or refer the debt to a collections agency.

c. If the parent/guardian disagrees with the School’s Written Notice, they may appeal the Written Notice in writing to **[INSERT SCHOOL OFFICIAL]**. The parent/guardian’s appeal should explain why a fee or charge should not be imposed in response to the Written Notice.

d. After reviewing any information provided by the parent/ guardian, the Principal (or his/her designee) shall decide whether or not to withhold grades, diploma, or official transcripts and/or impose the fee for damages. The parent/guardian shall be notified in writing of the decision. The written decision of the Principal is final. There is no appeal beyond the school level.

4. Upon receiving notification of the School’s decision (“Second Written Notice”), the parent or guardian must pay the outstanding obligation payable to the School or return missing property.

5. If the parent/guardian does not respond to the Written Notice or if a parent/guardian loses their appeal, School may withhold the transcript, diploma, and grades until the debt is resolved.

The Second Written Notice shall explain if the School is withholding the transcript, diploma, and grades until the parent/guardian pays or remedies the outstanding debt.

6. Upon receiving payment or the unreturned educational materials in satisfactory condition (e.g., reasonable wear and tear), the School shall ensure the debt is discharged. If the School withheld student's grades, diploma, and/or official transcripts, School shall release grades, diploma, and/or transcripts.

7. The purpose of this policy is to provide families reasonable opportunity to return missing educational equipment or pay for damaged and missing school property to avoid the School having to seek a legal recourse. If the Second Written Notice is unsuccessful, the School may consider referring the debt to a collections agency as a last resort.

RE: SECOND NOTICE OF OVERDUE MATERIALS & UNPAID FINES

If you have any questions or concerns about this letter, please contact the Principal, Dr. Laurie Goodman, laurie@inspireschools.org.

AB 2601 (2018) amended the California Healthy Youth Act (CHYA) to require that charter schools in California provide students with inclusive and comprehensive sexual health education and HIV prevention education (Education Code §§ 51930-51939). CHYA education must be provided at least once in middle school and at least once in high school. At our school, 8th grade (middle school) and 9th grade (high school). The law additionally requires instruction be inclusive of all genders, sexual orientations, abilities, races, and cultural backgrounds and present medically accurate and unbiased information.

The school will send a letter to parents/guardians that explains their right to review the curriculum prior to instruction and their right to excuse their child from the instruction. The letter includes the following information:

- Comprehensive sexual health and HIV prevention instruction is provided by trained classroom teachers or community-based health educators.
- All content complies with California Healthy Youth Act and CA Education Code requirements.
- When the instruction will be implemented at their child's school.
- Where parents/guardians can review instructional materials at their child's school.
- That parents/guardians may notify the school in writing if they wish to excuse their child from the instruction.

Parents or guardians may excuse their child from the sexual health instruction for this school year by providing a written note in their preferred language to their child's teacher. The note should simply state that they are excusing their child from the instruction, include their child's name, and be signed by the parent or guardian. There is no need for any explanation or reason to be stated in this note.

Districts may choose a curriculum to use to meet the requirements of the new law. The school will use ***Rights, Respect, Responsibility*** (3Rs). This is a comprehensive sexual health curriculum that complies with [the State of California's CA Healthy Youth Act](#) requirements. This curriculum was vetted by a team of experts prior to being approved by our program's Sexual Health Education Advisory Team. The 3Rs lessons were authored by [Advocates for Youth](#), who is funded and supported by the Centers for Disease Control and Prevention and who collaborates with the California Department of Education to implement medically accurate sexuality education statewide. This curriculum is open for [public review](#).
