

ASPIRE

After School Programs, Innovation, Recreation, and Enrichment

ASPIRE is an after school enrichment program to enhance students' after school hours. The Winter Program will run 8-weeks beginning the week of Jan 15th and going through the week of March 5th.

Register for classes at: <https://app.simplyafterschool.com/aspire>

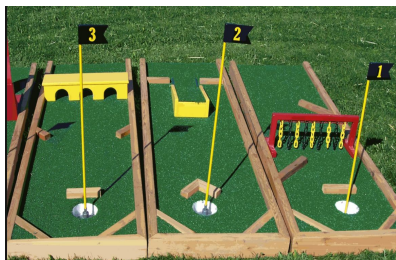

Art Unlimited
Mondays
3:30 - 4:30
Rosemary McNeely
\$170, Grades 2-6

Create your own valentine cards, marblize paper, take an extra hour in the art studio after school on Mondays with a snack and an art project! The sky's the limit. Come create arts and crafts in our fantastic art studio and make gifts, finish projects and have extra time to create fun art with Mrs. McNeely in a small classroom environment. Time flies when you're having fun!

Maker's Monday
Mondays
3:30 - 4:30
Lori Edwards
\$220, Grades 2-8

Learn the science of mixing potions to create beautiful natural products you can use at home. We will learn the art of working with 3D molds in wax, glycerin, natural oils and beeswax to create candles, soaps, lip balm, jewelry and more. Makers will design their own handmade products and do a mini shop the last day of class to sell their goods!

Toy Inventing
Tuesdays
3:30 - 4:30
Lori Edwards
\$220, Grades K-8

Toy inventors will come together to engineer a working mini golf course. Students will work with cardboard and recycled goods to create their own creative hole on the course. On the last day we will put all of the pieces together for a complete game of mini golf that everyone can enjoy!

Jewelry Making
Wednesdays
3:30 - 4:30
Julia Anthony
\$210, Grades K-8

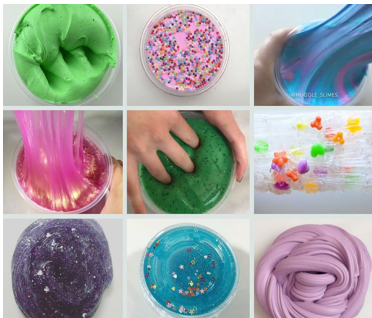

Julia Anthony has been making and selling her handmade jewelry for over 25 years. She has taught jewelry making to children throughout Sonoma and Marin Counties for the past ten years. Julia would love to share her passion for jewelry making with your child.

Students will use their fine motor skills and tap into their creativity using high quality beads making beautiful, wearable, creations. A new project each week, including a pair of earrings, a bracelet, a necklace, a hair accessory, and more!

It's Yoga Kids
Wednesdays
3:30 - 4:30
Lesley Giovannelli
\$160, Grades K-4

In this class 5 to 10 year olds develop self-expression, focus, flexibility and an introduction to mindfulness practices in this fun, non-competitive and relaxing environment.

Slime Science
Thursdays
3:30 - 4:30
Kiley Clark
\$210, Grades 1-4

There are a million different ways to make slime....glittery, puffy, glow-in-the-dark, magnetized, color changing, the list goes on. Join us in figuring out the chemistry of what makes each slime unique. Use the scientific method to make predictions about how slime will react to different solutions. Students will get to bring all their slime home!
