

St. Catherine of Siena School

Walk-a-thon 2017

September 2017

Dear Parents,

On Sunday, October 15th from 11:00 to 2:00, we will have our seventh Walk-a-thon event at the San Mateo High School track.

This event will bring the school community together for a fun-filled afternoon. It is a mandatory event as this is one of the two major fundraisings, the other being the Spell-a-thon in the Spring.

Last year's Walk-a-thon was very successful and we were able to provide new laptops for the computer lab for our younger students, K-4. This year we plan to add 10 chrome books for student use. We are also working on a new website and planning to have technical support all through the year.

The goal is to raise a minimum of \$100 per family attending St. Catherine of Siena School. If each family brings in \$100 we will raise \$21,000. If each student brings in \$100 we will raise \$31,400. Help us make this fundraising successful so we may provide what is needed for the students.

Prior to the event each student will receive a sponsors' sheet which must be returned to the teacher by Friday, October 6th. Please help your child to find as many sponsors as possible unless you choose to give a flat fee.

After the Walk-a-thon event, students will have a week to collect the money and turn it in to the office so they may be eligible for prizes. The student, in each class, who brings in the most money (\$100 is the minimum) will receive a prize. The class with the most money brought in will have an ice cream party!

More details and reminders will be sent later.

Thank you for your participation, your support, and your enthusiasm.

Sr. Antonella
