

Junipero Serra School Optional Book Rental Program

As a service to our families, JSS has a limited number of books and classroom resource materials available from our school inventory for rental during the school year. Families that wish to have a second copy of a specific textbook or resource material may request to 'rent' a book or classroom resource. Items rented are due back before the last day of school.

A fee of \$60 per item is due at the start of the rental and if the item is received back in good condition a refund of \$30 per item will be returned to you. If the book or classroom resource is not returned in good condition, as deemed by the office or teacher, the entire fee for that item will be forfeited.

If you would like to participate in this optional program, please indicate the books you would like to rent below and enclose a check for \$60 per book. Forms and checks should be brought to the school office. You will be notified when the books you have requested are ready to be picked up in the office.

Please indicate the titles you would like to rent.

PreKindergarten & Kindergarten

None Available
