Data Analysis

The background image is a close-up of a document, likely a curriculum or assessment tool. It features a table with columns for standards (e.g., 2c, 2d, 2e, 2f) and descriptions of skills (e.g., 'Blend and segment onsets and rimes', 'Blend two or three phonemes into words', 'Isolate and pronounce the initial, medial sounds in three phoneme words', 'Add or substitute individual sounds in words to make new words'). A vertical checklist on the left side of the table has three checked boxes, each with a checkmark. The title 'Data Analysis' is overlaid in a large, dark red serif font on the right side of the image.

Data Analysis

- + Data analysis is incorporated into cluster articulation meetings
- + Data analysis is beginning to develop at the school level PLC meetings
- + Staff is committed to using data to continuously improve instruction and student learning

St. Catherine of Siena School is committed to helping every student grow spiritually and academically

Achievement

St. Catherine of Siena School uses SLEs and curriculum standards to help all students make measurable and acceptable progress.

- + SLEs shape lesson goals
- + Technology is integrated across the curriculum
- + Diverse student needs are supported by a community dedicated to the individual value and dignity of every child.

The background of the bottom section of the slide features a blurred image of a data visualization. It consists of multiple horizontal bars in shades of orange and green. Each bar is accompanied by a percentage value (e.g., 85%, 91%, 96%, 47%, 79%, 76%, 60%, 57%, 66%) and the text "National: Ready". The bars are arranged in a slightly overlapping, staggered fashion, creating a sense of depth and data-driven achievement.
