

I like OLA because OLA has fun classes, caring teachers, great friends, and fun learning. Math is fun. I like praying together.

- First Grader

I like OLA because we go on field trips together, we have Country Fairs, we have Book Fairs, and we have library and computers. We have rallies, recess, music, art, P.E., and we celebrate birthdays together. And we get to go to Mass together, and all the different classes we go to. And I'm thankful for all the friends I have.

- Second Grader

My school, OLA, has four pillars that we base our education on. Our four pillars are Faith, Community, Service, and Academic Excellence. My favorite pillar is community. I like it because we all work together. The things we do together as a community are we work together to help the poor, we help each other when we get hurt, we help each other when we are sad, and we raise money in fun ways by having bake sales, we have snow cone sales, we have a Country Fair, we have a movie night, and last week we went roller skating. We all participate in everything with our school family and our Church family. This school is the best school ever.

- Third Grader

At Our Lady of the Assumption school I have truly gotten schooling I need for life to become a strong Catholic, a hard-working and happy student. The teachers here care about you. When you need help, they help you. I recommend OLA for all students out in the world who need a good education.

- Fourth Grader

There are many things that I like about OLA, but if I could only pick one, it would be the teachers. I like the teachers because they have high expectations for all students. If it is in academics or faith they push you to be the best you can be. They prepare you for the future and teach you about the past. Our goal at OLA is to have Academic Excellence and we always reach our goal to do that. This is why the teachers here at OLA are so great.

- Fifth Grader

The teachers here push you to be the best you can be and set standards that you are able to reach. Secondly, I like the sports at OLA. We are a very competitive school when it comes to sports and we always love it when we earn the championship flag. Last of all, I like the student council at our school. We are always having so much fun in rallies, meetings, and so much more.

- Sixth Grader

I really like my experience with the athletics at OLA. I've participated in many sports here including basketball, cross country, and volleyball and have felt a great balance of the competition and intensity needed to play and learn to your potential, but also a family feel with my team and coaches. Everyone is very supportive and every game and practice was always fun.

- Seventh Grader
