Kelly Durso opened the public hearing at 6:08pm.

Rupi Boyd, Director of School Support, shared that each school district receives funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all schools and extra funding - called "supplemental and concentration" grants based on the enrollment of high needs students (foster youth, English learners, and low-income students).

The Budget Overview for Parents (BOP) highlights how we are spending funds for our high needs groups of students. If we spent under the amount that was allocated, we would need to explain why.

One parent commented in chat asking what are the plans are for student's instructional funding for the next school year. Shari Erlendson responded that the purpose of the BOP speaks directly to specific funding areas. She noted that we are still looking at budget and instructional amounts for next year and will be sharing that soon.

Rupi Boyd reiterated that this budget is only in relation to the high needs students and demonstrates where we spend those funds.

Kelly Durso informed parents that they can email comments and suggests in regards to the BOP to Krystin Demofonte or Shari Erlendson to have them considered before the next board meeting.

Kelly Durso closed the public hearing at 6:21PM

## **B. October Financials**

Tyler shared that not much changed from last month.

We are still in compliance for SP740 Requirements.

Main change for this month is revenue.

Expense is not too far off from the budget (40 million).

Deficit is at \$153,000 (for October), but anticipates bringing in Corona Virus relief revenue to help.

Cash balance is below the 15% but getting higher. Anticipate it getting better especially after completing the application for the PPP loan.

Granite Mountain still reflected into the payback.

Other Entities: Those payments that were due were received. Triumph is showed as "unpaid" as it is a closed school. They will pay what they are able.

Kelly Durso asked where we are on PPP loan forgiveness. Tyler Myers responded we are working on finalizing calculations and then will upload to portal. The process is just getting started and many schools are just getting portal access.

The board **VOTED** unanimously to approve the motion.
