

To the Ends of the Earth: Abraham and the Nations

(Genesis 12:1-3)

Opening Discussion: How often do you consider how much of a blessing (e.g. encouraging, loving, caring, kind, supportive, etc.) you can be to others?

Big Idea: Long ago, _____ had a plan to use _____ family to bring Jesus into the _____.

1. _____ always had a plan for _____ and the _____.
(Genesis 12: ____ - ____)

For further discussion: Why is it so important that God shows that His plan is for more than just Abram? Why do you think people have the tendency to make personal what God intends to be global? (See also Psalm 67:1-7: The Psalmist speaks to God's blessing of the nations. Why do you think that the Jewish people got this so wrong when it came to God and His worship?)

Notes:

2. The _____ is _____.
(Genesis 12: ____)

For further discussion: Do you think that Abram understood what God was really trying to do? What encouragement can we glean from the fact that Abram acted without all the answers? (See also Revelation 13:8: How could Jesus be slain before sin required it? What implications for us are there in the truth that the cross was always God's plan?)

Notes:

Response: How will you share your story of how you have been blessed by Jesus coming into your life?
