## Social/Emotional

This week the kids will be learning all about Arctic Animals. During this time, it is obviously much colder and there are a lot of different types of animals that thrive during the winter. The kids will be learning about the coldest places in the world such as the Arctic and Antarctic.

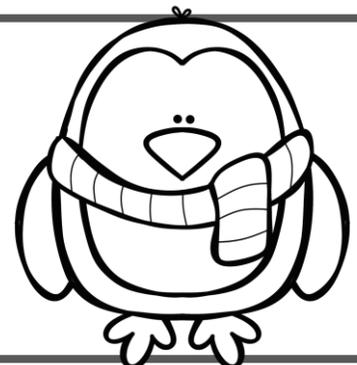

The different kinds of animals that will be taught are the arctic fox, polar bears, and penguins. These are some of the kids favorite animals and so this is an opportunity for them to learn more about them and learn how to take turns when the teacher asks questions.

## Physical

The kids will be making a Snowman craft this week. They will be cutting out different shapes and glueing them on their piece of paper. This allows the kids to have freedom of what kind of shape they cut out and be precise when glueing them inside the lines of the snowman.

## Things to Know

Join us for our Preschool Christmas Spirit Week! We will have specific themes for each day. Check out our website for the schedule under the “Our Program” tab. We will also be featuring our kids and teachers on our Facebook and Instagram, so make sure to check those out!

## Social/Emotional

- The children will be learning that God made vegetables which are very good for them. They will help them grow big and strong. God gave us vegetables to keep our bodies healthy.
- Vegetables grow in gardens and on farms. They can plant vegetables in their own backyard. They will also learn that some farmers grow their vegetables on big fields.
- Vegetables are a gift from God. Farmers and gardeners grow vegetables, but God made the plants and seeds. We should thank God every day for them.

## Physical

The children role play and pretend that they are gardeners who dig up the soil and plant the seeds. We will use our garden tool toys and they will take turns digging in the dirt at the school playground.
