## Social/Emotional

With Valentine's Day coming up, the kids will have an opportunity to learn all about God's love for them. While preparing for the Valentine's Day Chapel, they have learned their poem, Bible verse, and song which talks all about God's love for us.

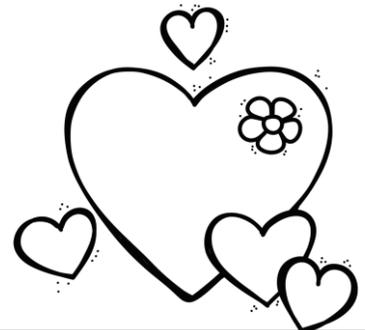

By remembering this, it helps them recognize that no matter who they are or what they do, God loves us and will continue to love us no matter what. It also helps them to know that their parents love them as well and will always be there when they need them.

## Physical

The kids will be doing a Valentine's Day craft in the classroom. They will cut out the shape of a heart and be allowed to decorate it any way they want. This allows the kids to be precise when cutting and be creative when choosing what they want to do with the heart.

## Things to Know

Join us on February 10 for our **Valentine's Day Chapel**.  
It will premiere on the [North Hills YouTube channel](#) at 9:30 AM.  
You'll get to see our kids sing and talk all about God's love.  
You don't want to miss it!

## Social/Emotional

The children will be learning all about money; specifically the quarter. The teachers will show the kids a quarter and ask "What do you see?" They will also be asked where they can use it. Some kids only think that they can use money at a store, but they will learn that they can use money just about anywhere.

The kids will learn the value of the quarter and what it can buy. They will learn that they can use it to buy little toys or maybe even candy. The importance of understanding the value of money allows the kids to appreciate every little small thing that they have and what God has blessed them with.

## Physical

The kids will be playing a game called the "Money Coin Game." A pile of loose change will be spread out on a table and the kids will be picking out the quarters out of the pile; one by one. This teaches the kids to take their time and focus when trying to find the quarter.
