Social/Emotional

The children will be learning about different countries around the world such as: Canada, Israel, and Japan. During this time, the kids will learn about the different kinds of cultures, activities, and ways of living for those who live in these countries. They will also learn about the kids who are the same age as them and notice how they do similar activities like go to school, play the same games, and have the same pets. This helps the children to recognize that even though they may be in different parts of the world, they still have many things in common.

Physical

The children love to play outside! One of their favorite activities is playing with chalk. This allows them to be creative and draw whatever pictures or words they want. They love the different colors of chalk and get excited about having the freedom to draw on the sidewalk or wall.

- counting to 80

Writing

- tracing and writing lowercase and uppercase Ee and Ff
- tracing and writing number 12

Spiritual

Bible stories

- review: Jesus Heals Ten Lepers & Good Samaritan
- teach: Lost Lamb & Prodigal Son

Bible verses

- John 14:6 & Proverbs 20:11

Social/Emotional

The children will be learning about a historic place where someone lived and traveled as a boy. The place is Israel and the person is Jesus.

The kids will learn how Jesus was a child just like them. Even as the Son of God, Jesus did the same activities as them such as: playing with his pet, playing different sports like kicking a ball around, and going swimming when it was hot. This is why Jesus knows and understands what we go through; he went through the same things as us while on Earth.

Physical

The children will pretend to do things that people did when Jesus was a boy. For example, pretend to go fishing, swimming, playing ball, playing with a pet, and pretending to play with a slingshot toy. This lets the kids copy the different kinds of motions Jesus did when he was their age.
