The kids will be learning about our Community Friends. Some important ones they will be learning about are Firefighters and Police Officers. When there is danger, Firefighters and Police Officers help keep people safe in our community and nation. Whenever we see a Police Officer or a Firefighter, we should thank them for their service and appreciate all they do, for God gave us these Community Friends to look over us and keep us safe.

## Physical

The kids will be doing a Spring themed free art craft. Since it is free art, this will allow the kids to have full creativity to make whatever they want that is connected with Spring. The kids will be using their markers, paint, and can use glue to create this project.

The activities and lessons this week will encourage the children to reflect upon and appreciate all of the people in the community who work to keep them safe, healthy, and get their mail to them on time. These community friends try their very best to do their job well and be very dependable like our Heavenly Father. He is always ready and there for us when we need Him and helps us at any time.

## Physical

The kids will be reviewing the Fire Safety Rules such as: Stop, Drop, and Roll! If they ever get their clothes caught on fire, they will know to stop what they are doing, drop to the ground, cover their face with their hands, and roll over and over. By doing this, the kids will know it will put out the fire.
