

June 1-30, 2021

preschool.north-hills.org

PS: born 10/02/2016 - 08/2018

Academic

Letters

- introducing letters Aa, Bb, Cc, Dd

Numbers

- introducing number concepts of 1, 2, and 3

Writing

- tracing and writing letters Aa, Bb, Cc, and Dd
- tracing and writing numbers 1, 2, and 3

Spiritual

Bible stories

- Creation, Blind Bartimaeus, Ten Lepers, Good Samaritan, Prodigal Son, Rich Young Ruler, and Zacchaeus

Bible verses

- Psalm 139:14, Psalm 118:1, Matthew 8:27, Proverbs 20:11, and 1 John 4:19

Physical

The children will be working on their book of colors and shapes. They will also be working on a special "God made me" booklet. It involves coloring, painting, and glueing. This helps improve their manual skills. The kids will also learn about fun and exciting stories, poetry, and music. This will aid in the development of their comprehension, language development, and critical thinking.

Social/Emotional

As the kids continue to learn how they have been fearfully and wonderfully made by God, the kids will take the time to learn about certain special features. This will include their eyes, nose, ears, parts of the body that bend, and hands that are made for helping. During this time, the kids will learn to be kind to one another and how they can use their hands to serve others. Some ways include sharing, giving mom and dad a hug, and picking up toys off the floor. The kids will acknowledge that they use their hands to obey and bring joy to God by helping other people.

Things to Know

June 16 - Donuts with Dad

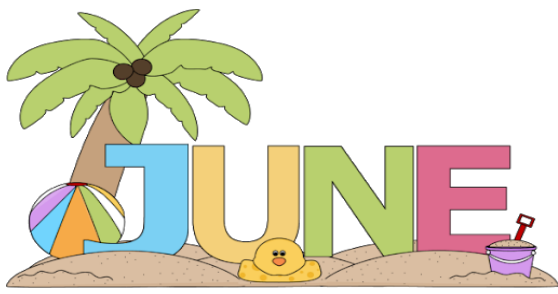

Visit our website to sign up during your child's class time.

June 23 - Family Picnic on the Preschool Playground

11 AM - 12:30 PM • Bring a blanket or lawn chair!

* *Uniform not required during the summer*

North Hills Christian Preschool Monthly Newsletter

June 1-30, 2021

Themes

The themes for June will be: the Ocean, Dinosaurs, Space, and Transportation. Each week, the kids will have a different theme and they will be learning about different creatures, animals, and objects that are associated with each topic. They will dive deeper into the many different life forms and learn unique facts about each one. They will be shown videos and be invited to ask questions and even answer some about what they just have learned. Each week has a craft associated with the theme that will allow the kids to be creative with their activities.

Activities

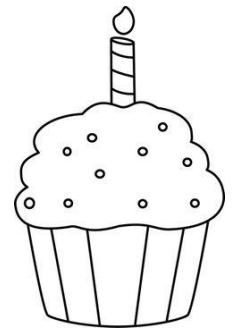

The kids will be doing many crafts in the classroom that include cutting, hand painting, coloring, drawing, and many different worksheets. While doing these activities, they will still be working on their skills such as concentration, fine motor skills, listening skills, creativity, and much more. For Bible time, they will continue with their Bible stories! They will put into action what they learned in the stories such as being kind to one another, being a helping friend, and always acting in love.

Academic Review

The kids will continue to review their blends and letters, and will practice their writing. Along with tracing and writing numbers and letters, they will practice writing different words also. For numbers, they will continue to learn basic addition and subtraction, sequencing, and patterns.

Happy Birthday!

Happy Birthday to Natalia, Tai, Bryson, Jeremiah, De'Lyjah, Keziah, and Isaiah. We hope you have an amazing birthday. We thank God for blessing you with another year and pray this year is a great one!
