Memory verse:

Social/Emotional

The kids have been adjusting well to their new friends. They have no problem getting along and playing with one another, but social distanced, of course!

They also continue to learn independence by completing certain tasks on their own. An example of this is getting their own lunch bags and opening them without any help.

Physical

The kids love playing outside. During recess time, they either ride bikes, play on the swing, throw or kick the ball around, or play on the play structure. This allows the kids to run around and get all their energy out as they reset and take a break from the classroom.
