They will also learn that when they are feeling sick they have access to a doctor. God gave us doctors to help us answer questions when we do not know what is wrong and why we are not feeling well. Doctors help us to feel better and continue being healthy.

Physical

The kids love craft time! In the classroom, the kids will be creating a letter C and D craft. During this time, they will be able to strengthen their fine motor skills when glueing, cutting, and coloring. They will be able to use their creativity when making these crafts.
