While learning about these shapes, the kids will also play a game to help them to observe and recognize the shapes around them. For instance, when inside their classroom, the shape of their desk is a rectangle.

Physical

The kids will be playing with sponge paint this week. This enables the kids to get their hands dirty while still trying to focus and be precise when doing their painting project. The kids love it and enjoy doing something different in the classroom.

Things to Know

As the year of 2021 comes to an end, we are beyond blessed and thankful to our Preschool families for trusting us to take care of their babies. We thank God for the many opportunities we have had this year to come together and showcase what the kids have learned so far. We pray 2022 is filled with more joyful memories. Happy New Year!
