Social/Emotional

The kids will be learning all about the role of a pastor and the importance of them. A pastor is someone who helps you learn about God, His son, Jesus Christ, and His love for you. He visits people who are sick and prays for them to show he cares for them. We can help the pastor by listening when he preaches and pray that God helps the pastor to know and do what is right. We ask God to keep the pastor safe and close to Him.

Physical

The kids will be playing with different puzzles in the classroom. When doing puzzles, it fosters the children's development of their fine motor skills and helps strengthen their problem-solving skills.

The children will be learning about our neighbor country, Mexico. Our teachers will talk about how the children live, what kind of clothes they wear, the different types of food they eat, and the games and sports they play. The kids will also learn how to count from 1-10 in Spanish.

God loves and cares for the people in Mexico just as He loves and cares for each of us in America. No matter where we are from in the world, what we do, or how we look, God loves us all equally and will never stop.

Physical

The children will be learning Mexico's National song and dance called the "Mexican Hat Dance." This will provide an opportunity for the kids to learn new movements that have been passed down from generation to generation.
