North Hills Christian Preschool

Monthly Newsletter

June 1-30, 2022

Themes

The themes for June will be: the Ocean, Bugs, and Nursery Rhymes. Each week, the kids will have a different theme and they will be learning about different creatures, animals, and objects that are associated with each topic. They will dive deeper into the many different life forms and learn unique facts about each one. They will be shown videos and be invited to ask questions and even answer some about what they just have learned. Each week has a craft associated with the theme that will allow the kids to be creative with their activities.

Activities

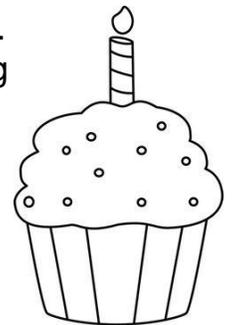

The kids will be doing many crafts in the classroom that include cutting, hand painting, coloring, drawing, and many different worksheets. While doing these activities, they will still be working on their skills such as concentration, fine motor skills, listening skills, creativity, and much more. For Bible time, they will continue with their Bible stories! They will put into action what they learned in the stories such as being kind to one another, being a helping friend, and always acting in love.

Academic Review

The kids will continue to review their blends and letters, and will practice their writing. Along with tracing and writing numbers and letters, they will also practice writing different words. For numbers, they will continue to learn basic addition and subtraction, sequencing, and patterns.

Happy Birthday!

Happy Birthday to Jaxon and Elijah! We hope you have an amazing birthday. We thank God for blessing you with another year and pray this year is a great one!
