Social/Emotional

The kids will be learning about the different seasons that happen throughout the year. This includes Spring, Summer, Fall, and Winter.

During this time, the kids will hear about the descriptions of each season and then be asked questions. They will have to answer what season it is when described. For example, their teacher will describe that the weather is hot and during this time people tend to go to beaches more often. The kids will most likely guess Summer.

Physical

The kids will be doing an exercise counting activity and the freeze dance to different songs. This allows the kids to get up out of their seat and get their bodies moving!

Social/Emotional

Our theme for Review Week is Fall. The children will be learning that God made our wonderful world and He made the seasons that change throughout the year. Fall is another beautiful time of the year when the leaves change color and fall off of the trees. This is also the time when people harvest fruits and vegetables. We should be thankful for those who work hard to make fresh foods available to keep us strong and healthy.

Physical

The children will be playing Harvest Time Treasure Hunt. During this time, the children will search for vegetables, fruits, and flowers.

For Arts and Crafts, the children will make a collage of flowers to make up the letter F.
