Social/Emotional

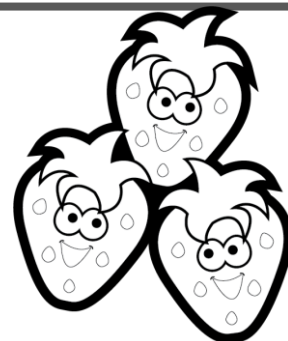

The kids will be learning about the importance of family and that God gave us our moms, dads, and siblings. They will recognize that families and each of our blessings are from God. During this time, the kids will see how important their family is and will be able to appreciate them more for everything they do: cooking, cleaning, and taking care of them. They will realize that our parents care for and love us just as God cares for and loves us.

Physical

The kids will be using paint sticks this week for different crafts in the classroom instead of our usual markers and crayons. The paint sticks help them to have better motor control than when using a regular paint brush.
