## Social/Emotional

The children will be learning about people who live in different countries. Learning this will allow them to understand that not everyone lives the same way as them.

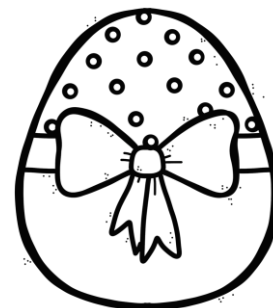

This will help the children understand that God created the world to be different from their culture, their different upbringings, and more. They will learn what other kids their age wear, eat, and how they spend their day.

## Physical

The kids will be doing a whale craft in the classroom! They will be practicing their fine motor skills while drawing, coloring, and using glue and scissors. This will allow them to strengthen their focus on what they are doing on paper.

## Things to Know

## Social/Emotional

The children will be learning about the five senses: smell, taste, touch, hear, and see. God gave us senses so we can discover the world around us and learn what makes everything different.

The children will also be learning about the four different seasons: Spring, Summer, Fall, and Winter. A season is a special time when God makes special things happen!

## Physical

The children will do step-by-step directional drawings of a watermelon for summer and a snowman for winter. The children will use all five senses by having popcorn for snack. They will see and hear it pop, smell the fragrance, and touch it as they taste it.
