

## **Policy Confirming Restriction on the Provision of Funds or Other Thing of Value to Students, Parents or Guardians**

### **POLICY STATEMENT**

It is the policy of Winship Community School that Winship Community School shall not provide any funds or thing of value to any student or his or her parent or guardian that a school district could not legally provide to a similarly situated student, or his or her parent or guardian. Winship Community School does not and shall not provide, for example, “sign up bonuses” to parents or guardians or other incentives unrelated to education.

Additionally, a student, parent or guardian shall not use his or her status as a student, parent or guardian with Winship Community School in order to obtain funds or thing of value from Winship Community School. For example, this policy prohibits an individual from utilizing his or her status as a parent or guardian to obtain a vendor contract with Winship Community School for compensation. It also prohibits an individual from utilizing his or her status as a parent or guardian to refer or encourage any students enrolled in Winship Community School, or their parents or guardians, to select that individual or his or her company or another provider of services, in connection with the student’s education at Winship Community School, resulting in the individual’s receipt of funds or thing of value from PCA.

### **PROCEDURES**

The prior approval of the Senior Director or his or her designee must be obtained for any of the following in order to ensure that it does not conflict with this policy:

2. Any proposed incentive to be offered to students or parents.

In requesting approval, the educational purpose of any such funds, thing of value or incentive must be provided to the Senior Director or his or her designee.
