This includes, without limitation, the School's right to modify the compensation of any employee at any time, with or without notice and with or without cause.

Compensation Philosophy

A compensation philosophy is a statement that defines what an organization offers and chooses to reward via its compensation system. The School's compensation philosophy places emphasis on equity, transparency, excellence, and commitment. These five key values are the foundation for all School compensation structures and practices.

We offer...

- comprehensive compensation packages for all staff, including base salary and benefits. Certain employees may be eligible for bonuses and stipends, as set forth herein
- a dynamic culture and vibrant community of colleagues united by shared dedication to students, a commitment to innovation, and a strong growth mindset
- unique career pathways, growth and development opportunities, and leadership roles that encourage staff to challenge themselves
- equitable compensation, regardless of gender, race/ethnicity, national origin, sexual orientation, age, religion, disability or any other consideration made unlawful by federal, state, or local laws, ordinances, or regulations
- a transparent and clearly communicated compensation system, so that staff understand what factors may determine individual compensation and how and when potential changes to compensation will be affected.

We recognize and reward...

- exceptional performance and contributions that enable excellent student outcomes
- commitment of staff who contribute to the long-term success of our students and our organization

For teachers...

Given the role they play in providing educational services, teachers are particularly critical to the success of our mission. As such, we offer teacher compensation to attract and retain talented educators, and we specially recognize and reward:

- exceptional teacher performance that leads to growth and excellence for students
- commitment of teachers who develop deep, high-quality educational experience (within or outside of the School) and assume critical leadership responsibilities

TEACHER COMPENSATION

Teacher Definition:

For purposes of this schedule, a Teacher is defined as a person who has a valid credential or certificate that allows them to teach a specific subject matter or special education.

Salary Placement Guidelines:

Upon hire, each employee's salary placement will be calculated based on the YEAR an employee fits, and in accordance to the professional and teaching experience gathered in previous years in the institutions outlined in this manual and on other factors such as prior performance (which includes a rehired employee).

The starting salary of a new employee may exceed the salary of a current employee in the same position based on the new employee's units and years of experience.

Creditable Years of Experience:

- The School has the option to grant one (1) YEAR for each one (1) year of approved creditable teaching or professional experience up to 5 (five) years.
- Up to five additional years of service may be approved by the Executive Director for candidates who have school-desired experience in what the school determines to be "hard-to-staff" positions.
- One year of creditable professional or teaching experience will be granted for full-time employment, which is employment for 100% of an institution's normal work schedule during the school year

- A partial year of creditable professional or teaching experience can be granted for up to a year of part-time employment, which is less than 100% of an institution's normal work schedule during the school year.
- Creditable professional or teaching experience may be earned in:
 - California and US public, charter, and private elementary and secondary schools
 - Accredited foreign public, charter, and private elementary and secondary schools
 - California, US, and foreign accredited universities and colleges
 - Non-public special education contract schools for special education teachers
 - Other regionally accredited educational institutions
- Creditable teaching experience is experience as a teacher in one of the institutions outlined above.
- A maximum of 2 years of substitute teaching experience in California and US public, charter, and private elementary or secondary schools may be accepted.
- Two years of teacher assistant experience in the above institutions will be equal to 1 YEAR in the salary schedule up to a maximum of 2 YEARS.
- Other relevant professional experience may be considered by the Executive Director or designee.

The Executive Director or his or her designee may adjust a rehired teacher's placement on the pay scale as appropriate based on the employee's accumulated experience following the teacher's separation from the School, which may result in a higher or lower placement on the scale than the teacher would have otherwise been placed had the teacher been continuously employed.

Credential/Certification:

- Teachers holding a valid and active credential (i.e., preliminary, clear, lifetime) California teaching certificate at the time of hiring/rehiring will generally be compensated in accordance with the applicable teacher salary table (B Basis, C Basis or Special Education) for certificated teachers.
- The School may hire teachers with a bachelor's degree who do not hold a clear teaching credential. Staff holding an alternative certification (intern, emergency, or preliminary credential) are rated on the same salary teacher table as certificated teachers.
- A teacher is eligible to advance to the proper Pay Scale level once they meet the requirement for that specific Pay Scale Level and Group based on their creditable years of service and post-BA units, if applicable.
- For any given school year, teachers must submit any successfully completed post-BA units no later than October 1st in order for the units to be applied to the teacher's salary in that school year. Any proof of successfully completed post-BA units submitted to the School after October 1st will not result in an adjustment to compensation until the following school year. Teachers will be required to submit a form with their projected increase in units before the start of the school year.
- Any increase in pay resulting from an advancement on the Pay Scale based on the successful completion of post-BA units will not take effect until after the School's receipt of sufficient documentation supporting the advancement. Pay increases for post-BA units will not be paid retroactively. For illustration purposes, if a teacher is awarded a degree on January 15 and provides proof of the degree on May 1, any advancement on the Pay Scale and increase in pay

will be effective beginning the next school year on July 1st. The teacher will not be paid at the higher rate of compensation retroactively (i.e., for the periods between January 15 and July 1).

- If a teacher is awarded a degree on August 15 and provides proof of the degree on October 1, any advancement on the Pay Scale and increase in pay will be effective beginning the first pay period following October 1. The teacher will not be paid at the higher rate of compensation during the periods between August 15 and October 1.
- All teaching credentials must be reflected on the California Commission on Teacher Credentialing's website.

Advanced Degree/Certificate Stipends:

- Staff who hold a Masters degree will receive a \$1000 stipend paid in equal installments throughout the pay periods .
- Staff who hold a Doctoral degree are entitled to additional compensation of a \$3000 stipend paid in installments throughout the pay periods in addition to their current annual salary on the Salary Table. The Doctorate stipend is inclusive of the \$1,000 Masters degree stipend.

This means additional duties such as New Teacher Trainer, SPED Lead Teacher, etc. are assigned on a year by year basis and are not guaranteed responsibilities that carry over from year to year.
- Supplemental pay will cease when there is no need for the duty, the employee becomes ineligible or as otherwise determined in the sole discretion of the School.

Employees who have a school provided cell phone or Hotspot or who work in the office on a part-time basis will have the stipend adjusted accordingly.

- A supplement will be paid to the employee in accordance with the schedule provided by the School at the time of supplement award.

- The supplemental award shall not exceed \$35,000 or 50% of annual salary.
- All supplements listed are paid for the performance of duties beyond the regular work day and normal job responsibilities and are not approved solely on the basis of position classification or previous supplement payment. - Teacher supplements will be set forth in a Supplement Performance Order. The Supplement Performance Order Request shall be completed and signed by the teacher and the Executive Director prior to performing the supplemental duties.
- Supplements will be paid in installments or one lump sum if less than \$1,001. However, this option will not be available where it would cause the employee to receive compensation prior to providing the service.

This allotted time should be sufficient to complete each part-time teacher's duties. All time worked will be compensated at the part-time teacher's hourly rate. Part-time teachers will work no more than up to 17 hours of work per pay period in July and for up to 8.5 hours of training in August.
- Part-time teachers must accurately record and timely submit records of all time worked and observe all lunch and rest breaks as outlined in the School's employee handbook. Part-time employees may not work overtime (i.e., over 8 hours in a workday or 40 hours per workweek) without written authorization from their direct supervisor.

When a case load of 20 students is reached, employees may be rated in and placed on a salary table and given health care benefits contingent upon the teacher's expected maintenance of a case load at the norm of 28 students for full-time teachers. Carrying a caseload of less than 28 students over a course of three (3) consecutive months may result in a return to part time status.
