Important Information

- This summary does not alter the at-will nature of the employment relationship and nothing in this summary shall limit the School's right to terminate employment at-will or limit the School's right to transfer, demote, suspend, administer discipline, and change the terms and conditions of employment at its sole discretion. This includes, without limitation, the School's right to modify the compensation of any employee at any time, with or without notice and with or without cause.
- Pay increases are not granted automatically each year; therefore, neither past nor future compensation can be calculated, assumed, or predicted on the basis of this schedule or any information contained herein. Compensation of any employee may also be adjusted at any time based on operational needs of the School.
- The Executive Director shall recommend compensation for all School staff, consistent with the budget approved by the School Board. An employee's regular compensation is paid on a semi-monthly basis in accordance with the School's payroll practices and policies.
- The School reserves the right to change, suspend, revoke, terminate, or supersede provisions of this compensation schedule at any time. To the extent any of provisions herein differ from the terms of an employee's employment agreement, the terms of the agreement shall prevail.

Compensation Philosophy

A compensation philosophy is a statement that defines what an organization offers and chooses to reward via its compensation system. The School's compensation philosophy places emphasis on equity, transparency, excellence, and commitment. These five key values are the foundation for all School compensation structures and practices.

We offer...

- comprehensive compensation packages for all staff, including base salary and benefits. Certain employees may be eligible for bonuses and stipends, as set forth herein
- a dynamic culture and vibrant community of colleagues united by shared dedication to students, a commitment to innovation, and a strong growth mindset
- unique career pathways, growth and development opportunities, and leadership roles that encourage staff to challenge themselves
- equitable compensation, regardless of gender, race/ethnicity, national origin, sexual orientation, age, religion, disability or any other consideration made unlawful by federal, state, or local laws, ordinances, or regulations
- a transparent and clearly communicated compensation system, so that staff understand what factors may determine individual compensation and how and when potential changes to compensation will be affected.

We recognize and reward...

- exceptional performance and contributions that enable excellent student outcomes
- commitment of staff who contribute to the long-term success of our students and our organization

For teachers...

Given the role they play in providing educational services, teachers are particularly critical to the success of our mission. As such, we offer teacher compensation to attract and retain talented educators, and we specially recognize and reward:

- exceptional teacher performance that leads to growth and excellence for students
- commitment of teachers who develop deep, high-quality educational experience (within or outside of the School) and assume critical leadership responsibilities

TEACHER COMPENSATION

Teacher Definition:

For purposes of this schedule, a Teacher is defined as a person who has a valid credential or certificate that allows them to teach a specific subject matter or special education.

Salary Placement Guidelines:

Upon hire, each employee's salary placement will be calculated based on the YEAR an employee fits, and in accordance to the professional and teaching experience gathered in previous years in the institutions outlined in this manual and on other factors such as prior performance (which includes a rehired employee). The starting salary of a new employee may exceed the salary of a current employee in the same position based on the new employee's units and years of experience.

Creditable Years of Experience:

- The School has the option to grant one (1) YEAR for each one (1) year of approved creditable teaching or professional experience up to 5 (five) years.
- Up to five additional years of service may be approved by the Executive Director for candidates who have school-desired experience in what the school determines to be "hard-to-staff" positions.
- One year of creditable professional or teaching experience will be granted for full-time employment, which is employment for 100% of an institution's normal work schedule during the school year

- A partial year of creditable professional or teaching experience can be granted for up to a year of part-time employment, which is less than 100% of an institution's normal work schedule during the school year.
- Creditable professional or teaching experience may be earned in:
 - California and US public, charter, and private elementary and secondary schools
 - Accredited foreign public, charter, and private elementary and secondary schools
 - California, US, and foreign accredited universities and colleges
 - Non-public special education contract schools for special education teachers
 - Other regionally accredited educational institutions
- Creditable teaching experience is experience as a teacher in one of the institutions outlined above.
- A maximum of 2 years of substitute teaching experience in California and US public, charter, and private elementary or secondary schools may be accepted.
- Two years of teacher assistant experience in the above institutions will be equal to 1 YEAR in the salary schedule up to a maximum of 2 YEARS.
- Other relevant professional experience may be considered by the Executive Director or designee.

The Executive Director or his or her designee may adjust a rehired teacher's placement on the pay scale as appropriate based on the employee's accumulated experience following the teacher's separation from the School, which may result in a higher or lower placement on the scale than the teacher would have otherwise been placed had the teacher been continuously employed.

Credential/Certification:

- Teachers holding a valid and active credential (i.e., preliminary, clear, lifetime) California teaching certificate at the time of hiring/rehiring will generally be compensated in accordance with the applicable teacher salary table (B Basis, C Basis or Special Education) for certificated teachers.
- The School may hire teachers with a bachelor's degree who do not hold a clear teaching credential. Staff holding an alternative certification (intern, emergency, or preliminary credential) are rated on the same salary teacher table as certificated teachers.
- A teacher is eligible to advance to the proper Pay Scale level once they meet the requirement for that specific Pay Scale Level and Group based on their creditable years of service and post-BA units, if applicable.
- For any given school year, teachers must submit any successfully completed post-BA units no later than October 1st in order for the units to be applied to the teacher's salary in that school year. Any proof of successfully completed post-BA units submitted to the School after October 1st will not result in an adjustment to compensation until the following school year. Teachers will be required to submit a form with their projected increase in units before the start of the school year.
- Any increase in pay resulting from an advancement on the Pay Scale based on the successful completion of post-BA units will not take effect until after the School's receipt of sufficient documentation supporting the advancement. Pay increases for post-BA units will not be paid retroactively. For illustration purposes, if a teacher is awarded a degree on January 15 and provides proof of the degree on May 1, any advancement on the Pay Scale and increase in pay

will be effective beginning the next school year on July 1st. The teacher will not be paid at the higher rate of compensation retroactively (i.e., for the periods between January 15 and July 1).

- If a teacher is awarded a degree on August 15 and provides proof of the degree on October 1, any advancement on the Pay Scale and increase in pay will be effective beginning the first pay period following October 1. The teacher will not be paid at the higher rate of compensation during the periods between August 15 and October 1.
- All teaching credentials must be reflected on the California Commission on Teacher Credentialing's website.

Advanced Degree/Certificate Stipends:

- Staff who hold a Masters degree will receive a \$1000 stipend paid in equal installments throughout the pay periods .
- Staff who hold a Doctoral degree are entitled to additional compensation of a \$3000 stipend paid in installments throughout the pay periods in addition to their current annual salary on the Salary Table. The Doctorate stipend is inclusive of the \$1,000 Masters degree stipend.
- The stipend is not included in your annual salary and may be processed separately from regular earnings.
- The stipends will be paid as set forth in the Stipend Descriptions below.

If the School decides to issue signing bonuses, the following requirements shall apply.

- Signing bonuses may be offered to teachers certified in an area of critical concern as defined by the School, to promote diversity, or to address specific concerns at the school.

- Employees approved to voluntarily transfer to a position in a lower placement on the salary scale will be placed in the new salary placement or teacher salary schedule, and the salary will be calculated as it is in the new placement or schedule.

Supplemental Duty Stipends:

- Stipends are assigned and approved by the Executive Director or his/her designee at the beginning of the school year or semester or as otherwise noted in the chart below.
- Teachers who perform the supplemental duties outlined in the table below are eligible to receive the corresponding stipends as indicated and only if assigned/awarded to the teacher by the Executive Director or his/her designee. The number of stipends awarded under each category and/or the periods of service during the school year are at the sole discretion of the Executive Director or his/her designee.
- Supplemental duty stipends are authorized for the specific year assigned and are not renewed for the future years unless specifically authorized for those years. This means additional duties such as New Teacher Trainer, SPED Lead Teacher, etc. are assigned on a year by year basis and are not guaranteed responsibilities that carry over from year to year.
- Supplemental pay will cease when there is no need for the duty, the employee becomes ineligible or as otherwise determined in the sole discretion of the School.
- The School, in its sole discretion, may choose not to offer certain stipends
- Stipend amounts and requirements will be reviewed periodically and may be modified from time to time at the sole discretion of the School.
- Supplemental duty stipends are prorated and will be paid as set forth in the below Stipend Chart, once the Supplemental duty has started.
- Student stipends are paid per semester based on the teacher roster on a month by month basis throughout the school year.
- Certificated employees who work from a home office will receive a Utility stipend of \$75.00 per month. Certificated employees that have a specialty position, will receive \$100 per month. Employees who have a school provided cell phone or Hotspot or who work in the office on a part-time basis will have the stipend adjusted accordingly. Certificated employees who work from a home office will receive an Office Supplies stipend of \$100 per school year.
- Certificated employees who are required to travel to the office or other work-related destinations will be compensated per mile based on the IRS current mileage reimbursement rate. Mileage reimbursement forms with supporting documentation will be due by the 15th of the following month of which they are incurred. As an alternative to the mileage reimbursement process, certificated employees who hold an administrative level position and are required to travel to the office or other work-related destinations may be compensated with a mileage stipend of \$350.00 per month, subject to approval by the Executive Director.

Additional Supplement Bonus ("Supplement"):

The Executive Director may recommend a Supplement for teachers as set forth in this section.

- An Executive Director, in his or her sole discretion, shall determine what duties shall be supplemented based upon the operational needs of the school.
- A supplement is not automatic, and can be provided at the discretion and approval of the Executive Director, based on additional work beyond the regular work responsibilities.

- A supplement will be paid to the employee in accordance with the schedule provided by the School at the time of supplement award.
- The supplemental award shall not exceed \$35,000 or 50% of annual salary.
- All supplements listed are paid for the performance of duties beyond the regular work day and normal job responsibilities and are not approved solely on the basis of position classification or previous supplement payment. Additional time spent fulfilling job duties does not constitute a basis for compensation beyond the teachers' regular salary.
- Teacher supplements will be set forth in a Supplement Performance Order. The Supplement Performance Order Request shall be completed and signed by the teacher and the Executive Director prior to performing the supplemental duties.
- Supplements will be paid in installments or one lump sum if less than \$1,001. However, this option will not be available where it would cause the employee to receive compensation prior to providing the service.
- Additional Supplements may include things such as Winter Break Coverage, Extra Student Pay and Enrollment Milestones.
- To qualify for an extended duty supplement, the following criteria must be met as requested and assigned by the Executive Director:
 - 1. The Executive Director must first agree with the teacher on the terms
 - 2. The supplemental work must be separate from the normal job responsibilities.
 - 3. The work must be completed or in the progress of being completed.

Part-time Teachers:

For all part-time teachers.

- Part-time/Full time Status: Compensation for part-time teachers will be \$32.00 per hour. Estimated hours for part-time teachers each week includes a maximum of 10 hours per week for approved non-instructional activities (recruiting, planning, grading, parent conferences, etc.) and one (1) additional hour per week per enrolled student. This allotted time should be sufficient to complete each part-time teacher's duties. All time worked will be compensated at the part-time teacher's hourly rate. Part-time teachers will work no more than up to 17 hours of work per pay period in July and for up to 8.5 hours of training in August.
- Part-time teachers must accurately record and timely submit records of all time worked and observe all lunch and rest breaks as outlined in the School's employee handbook. Part-time employees may not work overtime (i.e., over 8 hours in a workday or 40 hours per workweek) without written authorization from their direct supervisor.

When a case load of 20 students is reached, employees may be rated in and placed on a salary table and given health care benefits contingent upon the teacher's expected maintenance of a case load at the norm of 28 students for full-time teachers. Carrying a caseload of less than 28 students over a course of three (3) consecutive months may result in a return to part time status.

Dashboard Indicators

Section:	III. Academic Excellence
Item:	B. Dashboard Indicators
Purpose:	Informational
Related Material:	Local Performance Indicators

BACKGROUND:

- California's accountability system is based on a multiple measures system that assesses how schools are meeting the needs of their students. Performance on these measures is reported through the California School Dashboard (Dashboard).
- The Dashboard includes a concise set of state indicators and local indicators that are founded on the Local Control Funding Formula (LCFF) priorities but are also aligned to the measures required under Every Student Succeeds Act (ESSA).
- Those LCFF priorities for which there is no state level data collected are referred to as local indicators. The seven local indicators are:
 - Basic Services and Conditions (Priority 1)
 - Implementation of State Academic Standards (Priority 2)
 - Parent and Family Engagement (Priority 3)
 - School Climate (Priority 6)
 - Access to a Broad Course of Study (Priority 7)
- In addition to being a public record of progress on the Dashboard, the local indicator process serves to inform process and planning within the Local Control and Accountability Plan (LCAP).

RECOMMENDATION:

- Provide any feedback and or guidance to school leadership.

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social-emotional learning, etc.).

The school provides a variety of curricular options, SEL support, community opportunities, and student support to ensure the student and family feel well supported and connected.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

The focus currently is to recover learning loss that has occurred due to the pandemic by offering multi-tiered layers of support, virtual academies, professional development for staff, and community adventure days.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

Partnerships are what we do best. Every decision made on the behalf of the student is done in partnership with the parent at our learning period meetings, IEP meetings, SST meetings, and parent/ teacher/ admin conferences. The independent study teacher works with the parent or learning coach to develop an Educational Plan that is standard-aligned and individualized to meet the learning needs and goals of the student.

Our focus is ensuring good teaching is occurring in the home and in our virtual settings that are aligned with research-based best practices and standard aligned. We provide parent education opportunities, parent workshops, and professional development to teachers focused on teaching and learning.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

To improve engagement of underrepresented families we have worked to hire highly qualified teachers living in the communities of the students they serve, as well as paraprofessional support. 2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

This year we have sought to grow our School Site Council and encourage more support from our parents. We have nominated additional members and have messaged to the school community the opportunity to be a part of the decision making process. Our goal is to continue to grow parent involvement and honor the requests and concerns they bring, we want our families to know we hear them and that their feedback matters.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

To improve engagement of underrepresented families, our school initiated a New Student Onboarding process. The new process involves personalized phone calls, newsletters, and orientations where all families had access and opportunities to ask questions and find out how and where to get support. We have a foster and homeless youth liaison that provides free resources, SEL support and access to the students curriculum. Our ELD coordinator ensures all students are engaged in ELD education and that our teachers are providing research based instruction.

TITLE I, PART A

Improving Basic Programs Operated by State and Local Educational Agencies

In the following pages, ONLY complete the sections for the corresponding programs.

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;

however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Yosemite Valley Charter School will use Title I funds to supplement and enhance local priorities and initiatives funded with state funds, as reflected in the Charter School's LCAP. Specifically, Title I funding is used to provide more intensive support in an effort to close the achievement gap for the 47% of the Charter School students who are considered unduplicated high need students. 46% Socioeconomically disadvantaged, 1% English Learners, and .09% homeless). Based on the CA Dashboard, socioeconomically disadvantaged students, English learners and homeless youth are not making adequate progress towards achieving grade-level academic standards. The Charter School believes that providing these students with targeted supports will help these students meet academic goals. Targeted intensive supports include academic intervention and support, social-emotional intervention and support and parent and community engagement.

Local Priorities:

Academic support is provided in the form of intervention classes and programs, academic support and instructional materials, technology, virtual academy classes, curriculum development, professional development, academic incentive programs, Career & Technical Education (CTE) Pathways, college and career preparation, and staffing (Intervention Specialists, Virtual Academy Instructors, Compliance Coordinator.)

Parent and Community Engagement is provided in the form of parent education meetings, workshops, classes, and recordings, multiple methods of communication, incentives for engagement, and staffing (Community Connections Coordinator.)

Social Emotional Learning (SEL) is provided in the form of SEL classes for students, curriculum development, professional development, parent meetings and trainings, a Transition Program staffed by 2 transition teachers, and staffing (counselors, SEL Specialist, etc.)

The Charter School believes that these efforts will lead to increased academic achievement on state and local assessments for unduplicated students.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The Charter School will use federal funds to supplement LCAP goals and priorities funded with state funds. Through the LCAP drafting process, The Charter School is careful to align the use of federal funds with activities funded by state and local funds to enhance the educational experience for students. Activities funded with Title I are based on the needs of our students and community. In the LCAP the Charter School outlines all of the schools strategies, actions, services, goals and measurable outcomes. In order to ensure alignment, the Charter School's LEA Federal Addendum to the LCAP discusses strategies and activities that are based on federal funding which are in addition to our overall approach outlined in the LCAP.

The following are examples of supplemental services that will be offered in an effort to support students in meeting challenging academic standards:

- Intervention services to students identified as low performing or at risk of failing. An example is the development of targeted intervention online classes using intervention specialist teachers for our lowest performing students in English Language Arts and math.

- Professional learning opportunities to support teachers and parents with standards implementation and instruction. For example, we contracted with Tulare County office of Education to provide learning coaches to teach a series of math workshops to our intervention teachers, gen ed teachers with lowest performing students, parents of low performing students, and on occasion the students. These workshops involved all stakeholders in teaching and learning best math practices that are research based and standards aligned.

Using these funds together will allow us to intensify our change efforts, to work on academic, parent engagement, and socio-emotional areas simultaneously, and to support instructional improvements.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. N/A. We have no schools identified for CSI or TSI.

Development of the parent and family engagement policy [ESSA Section 1116(a)]

The Charter School involves parents of Title I students in an organized, ongoing, and timely way. Additionally, parents will be involved in the planning, review, and improvement of its Title I programs and the Title I parental involvement policy. The policy will be annually distributed in the Parent Student Handbook and be included in board policy. It will be available on the school website with hardcopies available as needed from the school office. The Parent Involvement Policy is based upon Board Policy and Administrative Regulations to ensure compliance with both Federal and State regulations. It will be updated annually based on recommended changes from our legal team at the

Law Office of Jennifer McQuarrie and Procopio and through feedback received from our parent advisory group and School Site Council.

Parents are involved in the governing of the school through participation in surveys, School Site Council, and our parent advocacy group. Parent groups may assist the director with community outreach, resource development, extracurricular programs, and community service projects.

Weekly parent newsletters are emailed informing parents of important events and ways to support their children at home.

Parents and students meet with their teacher at least once every 20 school days in Learning Period Meetings to discuss and review the completed body of work, make assignments for the following Learning Period, and assess student progress towards mastery of the standards through the use of course outlines and state standards pacing guides. An individualized Learning Plan is created for each student in the meeting with the parent, student and teacher. These Learning Period meetings provide teachers with an opportunity to review with the parent the student's progress towards the academic standards through a review of the body of work. Teachers use assessments to discuss curriculum options and to make adjustments to the student's individualized learning plan, such as an addition of an intervention program. For high school students, teachers review the student's graduation plan regularly throughout the semester with the parents to ensure the student is on pace to meet their post-graduation goals. The teacher uses information gathered during these meetings to help the student and their parent plan goals for the following Learning Period. Student learning and goals are recorded on the Monthly Learning Plan document, which is shared with students and parents and reviewed during the following Learning Period meeting. The Learning Period meetings also build relationships with students and their parents to provide consistency. Finally, during Learning Period meetings, teachers are able to provide families with resources and connect them to local services if needed.

Parent Information Sessions such as Back to School take place two to three times per year to allow families to make decisions about curriculum options, elective options, vendors, and support resources.

Within monthly Learning Period meetings, teachers offer resources, materials, and training to help parents improve their children's achievement. Students and their parents work with the teacher to select curricular materials and instructional methods to meet each child's learning styles, needs, and goals. They create a Personalized Learning Plan together. Teachers also offer parent training in best practices of teaching skills during the Learning Period meetings.

Throughout the year, parents are offered opportunities for training such as workshops in teaching math through Tulare County Office of Education, and free online workshops posted in our monthly newsletter. Online parent workshops are offered both by our teachers through "Parent University" and through outsourcing free webinars. All opportunities are posted in our newsletter and through invitations from their student's teacher. These workshops cover a range of topics, including curriculum options, literacy, math instruction, college preparation, career planning, technology usage, internet safety, and topics related to testing and assessment. They are research based, standards aligned and make use of best teaching practices.

The Charter School has created an intervention website for parents which lists resources in teaching reading fluency, writing, and math instruction.

We also provide all of our students with online curriculum so that students and parents can work with standards based curriculum from anywhere. This was a step to level the playing field to ensure that students with all income levels have access to standards aligned digital learning tools.

Teachers at all grade levels, from Kindergarten through high school, provide individual training to parents about how to use the parent portal system to access real time attendance and assessment information.

Our teachers and staff value parent participation. High attendance at parent Learning Period meetings, online student clubs, and parent online workshops demonstrate effectiveness in this area. This year our parents have given strong feedback that they wish to attend community events and field trips which were formerly strongly attended but canceled this year due to COVID 19. These were managed by Community Connections Coordinators who built connections and ties in our school community. We plan to continue community events when school is able to reopen.

The Charter School provides training and technical assistance to teachers and staff in developing effective parent engagement strategies and activities in each monthly staff meeting and in weekly staff newsletters. Staff are also supported in parent engagement strategies by a regional coordinator who oversees their family engagement and gives training as needed.

Special Education staff and teachers receive both training and coaching on how to work with parents through the IEP process. Our program specialists model this work with staff, demonstrating how to provide extensive, clear explanations that are free of jargon, especially when students are initially qualifying and parents are not familiar with the IEP process.

Our current math instruction workshops offered to parents and teachers through Tulare County Office of Education are an example of how the district supports parent requested involvement by contracting with a neighboring district. We offer educational service vendors that parents and students can use to support education. These include tutoring centers and other educational enrichment opportunities.

When communicating with parents, we do not assume they have access to the internet or speak English at home, therefore, our communication strategies include multiple avenues such as surveys, email, social media, school websites, telephone calls, and text messages. We also have identified families who do not speak English at home (based on Language Surveys) and translated communications in a language accessible to them. Administrators and regional coordinators also call parents of children who would benefit from services, tutoring, or other programs if initial outreach through standard communication channels is not effective. Often a friendly conversation with the parent is all that is needed to get them enrolled in programs and activities that would benefit the student.

Parent consultation, both for the LCAP and during Title I meetings, has impacted the LCAP and our plans for the use of Title I funds. For example, Parents have expressed through surveys, conversations with their teachers, and through the parent advocacy group that they would like support in social-emotional learning. Therefore we have started offering SEL lessons every month to parents in learning period meetings, resources in the weekly newsletter, and will be offering classes and curriculum to our TK-12 students in SEL. In another example, parents also expressed a need in supporting their students in language arts and math instruction. Therefore, we started optional online intervention classes in language arts and math and required a parent orientation before they signed up their children. Parents requested more affordable tutoring options, so we hired high school tutors to be peer tutors to the students in our school which has become a popular tutoring option for our students. Parents have also expressed an interest in weekly virtual classes for elementary and middle school which is in the early stages of school planning. Parents expressed frustration with the multitudes of websites and pages, so we have started using the platform Beehively which houses all school and teacher communication, newsletters, and web pages on one easy platform for parents to use. We are building intense Parent Professional Developments in the areas of workshops, classes,

and courses in which parents can be empowered to help their children learn through research based, standards aligned, and best practices.

Consultation with parents and families, supplemented by input from our teachers, who have extensive communication with families, drives parent participation planning. First, we heard from parents that our communications did not meet their needs because it was only through teachers who communicated at different times and news went out inconsistently. In response, we transitioned to Beehively, which provides targeted or mass communication via e-mail and through the website platform for easy retrieval.

Due to the nature of all online learning and communication this year, families were able to check out chromebooks and hotspots from our local office if they did not have the technology they needed during this time. Yosemite Valley Charter also provided shipping of these items to families as needed.

Although we have a small number of English learners, we have 36 students whose families speak a language other than English in the home. We offer translation and a bilingual teacher or translator when feasible.

We also offer the use of assistive communication technology where needed, including at Board meetings and board meetings are available via teleconferencing and remote participation via Zoom.

In response to parent requests made during the LCAP process, we are in the process of revising our TK-8 learning plans, course outlines, and work records, which were formerly overwhelming, and very cumbersome. We want to provide information that is more meaningful to parents in tracking student learning through the standards. We are transitioning to easier-to-follow, at-a-glance course outlines for TK-8 where parents can easily map out the learning for the year with their teacher and track progress on core focus standards with simplified wording and built in resources for parent use.

We consult with a broad range of stakeholders about their priorities in a series of meetings and surveys throughout the year, supplemented with additional information gathering, communication, and focus groups. For parents and family members specifically, we hold meetings where families provide input on their priorities for the LCAP. Principals discuss the LCAP in School Site Council meetings and in other parent meetings, gatherings, and trainings. These comments/suggestions, along with the student achievement and school climate data informed the drafting of the LCAP goals, actions, and services.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Title I funds are utilized to supplement funds used to support students in meeting challenging academic standards. Yosemite Valley Charter receives Title I funds for Targeted Support programs. A comprehensive needs assessment that is based on State and local data is utilized to determine the appropriate use of Title I funds. Each year, the Charter School conducts a comprehensive data analysis of student achievement, including multiple measures of student performance. At the end of the year, the Charter School will use California Assessment of Student Performance and Progress (CAASPP) data to analyze student achievement. To assess student achievement needs on an ongoing, formative basis, the administrators and teachers at the Charter School will use benchmark common core standards-based assessments and teacher diagnostics to assess students' mastery of the Common Core Content Standards taught. The needs assessment is included in Yosemite Valley Charter's process for the cycle of continuous improvement. This process includes the following elements:

Analyzing data from the California Dashboard, benchmark, and local assessments

Identification of a problem of practice

Identifying a root cause to resolve the problem of practice

Identifying evidence-based highest priority actions/strategies to impact student outcomes

Operationalizing the identified actions/strategies in the WASC Schoolwide Action Plan

Identifying measurable outcomes as a means to evaluate progress toward accomplishing the goal.

It is important to differentiate support for our students. As a result, Yosemite Valley's expectation is that school plans identify the gaps in performance across student groups, allowing for the narrowing of gaps and to accelerate academic performance. Strategies are targeted intensive supports which include academic intervention and support, parent and community engagement and social-emotional intervention and support.

Academic Support includes opportunities for low performing students to meet academic standards, such as tutoring services, personalized educational plans, personalized curriculum selections, intervention specialists, virtual academy instructors, compliance coordinator, online academic support and instructional materials, technology, curriculum development, professional development, academic incentive programs, Career & Technical Education (CTE) Pathways, and college and career preparation, and other evidence-based intervention programs.

Parent engagement strategies meet the needs of all students in the school with a specific focus on the lowest achieving students and student groups who are at risk of not meeting grade level proficiency. Parent and Community Engagement is provided in the form of a community connections coordinator, parent education meetings, workshops and classes, multiple methods of communication, and incentives for engagement. These strategies may include counseling, additional teacher Professional Development, parent engagement opportunities and supplemental curricular materials.

Social Emotional Learning (SEL) is provided in the form of classes for students, curriculum development, professional development, parent meetings and trainings, Transition Programs (2 transition teachers), SEL specialists and psychologists.

All school site plans are:

Developed in collaboration with stakeholder groups

Based on the needs of students and analysis of the prior year's goals and strategies.

Reviewed by the district twice a year for Title I allowability, the use of effective evidence-based strategies and effective analysis of student outcomes.

Developed to ensure effective and timely interventions to students and student groups who are identified as low performing

Written in language that all stakeholders can understand

Title I funding is used to provide more intensive targeted support in an effort to close the achievement gap for the 47% of Yosemite Valley Charter students who are considered unduplicated, high need students. (46% Socioeconomically disadvantaged, 1% English Learners, and .08% Foster Youth/Homeless). Based on the CA Dashboard, California Longitudinal Pupil Achievement Data System (CALPADS), Home Language Surveys (HLS), Household Data Collection (HDC) forms, and Housing Questionnaires, We can identify students in the greatest need of support. Our identified socioeconomically disadvantaged, English Learners, and Foster youth students are not making adequate progress towards achieving grade-level academic standards. Yosemite Valley Charter believes that providing these students with targeted supports will help these students meet academic goals. Targeted intensive supports include academic intervention and support, social-emotional intervention and support and parent and community engagement.

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Charter School recognizes the right of all students residing within the school's boundaries, including those who are homeless, the opportunity to enroll in, and participate in the Charter School's educational and support programs. The Charter School will adhere to the provisions of the McKinney-Vento Homeless Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. The Charter School will include specific information in outreach materials, websites, and at community meetings notifying parents that the school is open to enroll and provide services to all students, which shall include a district standard contact number to access additional information regarding enrollment. A student's IEP will never be required prior to participation in any attendance lottery or as a condition of enrollment.

School Homeless Liaison

The school leader will designate a member of the leadership team as the School Homeless Liaison ("Homeless Liaison") for homeless students attending a school or program. The Homeless Liaison receives annual training in appropriate enrollment practices and techniques for homeless students and families. Training includes informing families about immediate enrollment, regardless of

documentation, guiding families through filling out registration documents and providing families with a list of pamphlet designed to inform them of the services provided for them. The pamphlet also includes the contact information our homeless liaison so that parents and students know who they can contact for help.

The Homeless Liaison shall ensure that:

1. Homeless students are identified by school personnel and through coordinated activities with other entities and agencies.
2. Homeless students enroll in, and have a full and equal opportunity to succeed in, its schools and programs. Enrollment disputes are mediated in accordance with law, Board policy, and procedure.
3. Homeless families and students receive all educational services for which they are eligible.

Parents/guardians are informed of the educational services and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children. Homeless students are provided with technology, supplies and counseling in order to support them academically as well as social-emotionally. These needs could include academic, attendance, or social emotional support. The Charter School helps support the needs of our homeless students as well as offering counseling services to students in need. Graduation requirements are adjusted for homeless students as necessary and our enrollment practices are in alignment with the McKinney-Vento Homeless Assistance Act.

Other services provided to homeless students include:

Educational Planning

Tutoring or other instructional support

Expedited Evaluations

Staff development/awareness

Referrals for Medical, Dental, and other services

Assistance with Participation in School Programs

Counseling

Coordination between Schools and Agencies

Obtaining or Transferring Records for easy Enrollment

Referrals to other programs or services including housing

Finally, our middle and high school students who are homeless are provided materials and workshops in an overview of the college entry programs and services available to homeless students and transition to college and career.

Student Rights

Homeless students who are enrolled in the Charter School have the right to:

- Equal access to all educational programs and services, including transportation and school nutrition programs;
- Continue to attend the Charter School for the duration of homelessness or the current school year, whichever ends first;
- Receive all educational services for which they are eligible.

Student Transitions

ESSA SECTIONS 1112(b)(8) and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) through coordination with institutions of higher education, employers, and other local partners; and
- (B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Yosemite Valley Charter School provides extensive transitional programs.

Transition into Our School Model

Through school-provided videos and information during the enrollment process, families are provided the details of our school's educational model. Once enrolled, an initial meeting with their assigned teacher serves to inform parents and students about our school policies and expectations. Together, and with guidance from school leaders and the high school counselor as appropriate, the teacher and the parent develop an Individual Learning Plan (ILP) for each student; this facilitates a smooth transition from the students' previous school programs to the flexible, rigorous academic curriculum of the Charter's instructional program. Students who struggle with the transition are identified early through diagnostic assessments, standards based assessments and teacher observations, and are then given extra support as appropriately deemed through our multi-tiered system of support, to include our intervention program.

Supporting All Transitions through Social Emotional Learning (SEL)

Transitions of all kinds are supported at our school through our Social Emotional Learning (SEL) program. These transitions can include grade level changes, personal changes in the home, medical changes, and societal changes. Our SEL team has developed comprehensive trainings to provide to our staff. Additionally, on a monthly basis, the SEL team offers slide show presentations (with optional voiceover recordings) and corresponding supplemental resources as tools for teachers to use with each of their students. These SEL lessons complement a monthly webinar offered to high school students on the given theme (such as Anger Management, Relationship Skills, etc). A Padlet with SEL resources has been added to our Students in Crisis Website, Families in Crisis Website, and SPED Transition Website. A Synchronous online SEL class has been created and offered to high school students in grades 9-12 for elective credit. We plan to implement a Transition Project to further support all of our students in need. These changes will include the adoption of

SEL curriculum for all grade levels, professional development delivered to all staff on how to support our students in greatest need through transitions, parents trainings/workshops, and incentives for teachers to obtain a SEL certification through a university.

Stakeholder engagement in SEL program will include: Input from school leaders, input from a teacher focus group, survey sent to families, parent focus group, and communications through our school newsletter, emails, and meetings.

Middle school to high school

So that they can guide their students, teachers are trained in pertinent topics such as: graduation requirements, curriculum options, Career & Technical Education (CTE) programs, A-G College entrance requirements, concurrent enrollments, etc. While students are in 8th grade, teachers meet with students and parents to discuss high school options and requirements. Together, they consider student goals and create an individualized graduation plan. These plans are all reviewed by our counseling department. Once the plan is completed, the teacher and student select classes and order the necessary curriculum before the summer break. Eighth grade students can take a summer course for high school credit if they want to get ahead. Families are also invited to meet with counselors as desired.

We offer high school orientation meetings to all of our new high school students and their families. A career planning course is mandatory for all incoming high school students to learn necessary study and organizational skills. This course also allows the students to begin to explore career options to work towards. As the year progresses, high school support specialists can recommend curriculum and adjust the graduation plan if it isn't in alignment with their most up-to-date life goals.

For our Special Education (SPED) students, we offer the Transition Bridge Program. It is designed to provide support to students and their families as they embark on the high school journey. In order to have an effective, meaningful transition to high school, students and families need to be given tools for academic and social success. Our highly qualified transition team will guide, mentor, and support students throughout the process.

High school to college and career

The Charter supports students who are credit deficient in meeting graduation requirements. Additionally, we offer our students concurrent enrollment opportunities so that they can get a head start on college or to learn job skills, such as welding or child development. The Charter is currently planning a dual enrollment collaboration with local colleges to make options such as these even more accessible to our students who most need it. Career & Technical Education (CTE) pathways are made known to our students as course options during the school year as well as over the summer. Next year we enhance student access and success with CTE pathways by staffing several CTE teachers in-house.

The Charter checks in on progress towards goals and adjusts the IGP along the way as needed. Then, we launch them into the road for their chosen future. During the senior year, our counseling department offers Free Application for Federal Student Aid (FAFSA) workshops. Scholarship opportunities are posted weekly in the school newsletter to families. We also communicate California State University (CSU) and University of California (UC) application deadlines.

Our Charter offers our Special Education (SPED) students SPED Transition Services that include: Transition SAI (Specialized Academic Instruction), Transition Workshops (getting a driver's license, workplace social skills), transition speaker series, job coaching (ATP), job placement (ATP), agency linkage (DOR, RC). We also have a SPED Adult Transition Program (ATP). The Adult Transition Program serves our special education students from age 18-22 as mandated under state guidelines and insured by the IDEA laws.

Master Plan for Services to English Learners

Yosemite Valley aims for outstanding programs for all our students. English Learners have enormous challenges but also have the opportunity to develop the asset of bilingualism within a global community. They face the double task of learning the challenging state standards and mastering a new language.

To make sure we reach optimal results for English Learners we developed this Master Plan to ensure that they learn English, have full access to a challenging academic curriculum, and that they build the multicultural proficiency that is necessary in today's complex and challenging world. This plan is a practical guide for all staff to ensure that we provide consistent, coherent services to each and every English Learner in our school. We are all expected to follow the plan, and it provides specific ways for us to hold ourselves accountable for obtaining optimal results.

This plan describes how we identify, serve and support students who initially enroll in our school with limited proficiency in the English language. The plan sets forth five goals for this work:

1. English Learner (EL) programs will be fully implemented.
2. Parents of English Learners and Reclassified Fluent English Proficient Students (RFEPs) will participate meaningfully in their children's education.
3. English Learners will master the English language as efficiently and effectively as possible.
4. English Learners will achieve academic success comparable to English Only (EO) students.
5. English Learners and Reclassified Fluent English Proficient Students will be at no greater risk for school failure than English Only Students.

Identification Tools

- Home Language Survey upon enrollment
- Additionally, look in CALPADS and cumulative folders

Step 1: Registration, including Completion of the Home Language Survey

Upon enrollment, parents complete a Home Language Survey (HLS) as required by state law. This survey is completed the first time the parent enrolls the child in Yosemite Valley Charter School and the results are maintained thereafter in the charter school's student information system and the English Learner folder in the child's cumulative record (CUM).

If the answers to Items 1, 2, 3 on the HLS are "English", the child is classified as English Only or EO. The parent is notified of the result and is given an explanation of the placement options open to the student. The default option is Mainstream English.

If Item 1, 2, or 3 on the Home Language Survey is answered with a language other than English or ASL, the child is tested for English proficiency. (Continue to Step 2)

However, if the parent's response to the first three questions on the HLS is English, and the response to the fourth question is other than English, then reasonable doubt may exist as to the student's home language. If there is evidence of significant non-English exposure, then the pupil must be administered the state English language proficiency assessment, currently known as the English Language Proficiency Assessments for California (ELPAC). The parent will be consulted by a certificated staff member regarding the need to administer the assessment, the results, and the subsequent program placement of the child.

NOTE: When reasonable doubt is established, the school must annotate the HLS to document the reasons for ELPAC administration. The school administrator/designee must sign and date the annotations provided.

The parent has the right to amend the HLS at any time. However, if the student has already been administered the initial ELPAC, any changes to the HLS will not affect the student's official language classification. If the parent amends the HLS prior to initial ELPAC administration, the school must honor the changes made while continuing to take reasonable doubt into consideration, given the probable impact of the change relative to the parent's or student's observed linguistic behavior.

Parents who enroll their child in Pre-Kindergarten must complete the HLS as part of the enrollment process. The first HLS (e.g., Pre-K) on file for a student supersedes all HLS forms completed at later times. Therefore, the answers provided on the **initial** HLS are documented permanently in CALPADS.

Assessment

- Initial ELPAC, within 30 days of enrollment-- July 1- May 30
- Initial ELPAC score report and Notification Letter will be mailed, after testing. See Appendix 1 (generic sample letter)
- Summative ELPAC, for current ELs-- Feb. 1-May 30

Step 2: English Language Proficiency Assessment

State regulations require that if the student's Home Language Survey indicates that a language other than English is used at home in Item 1, 2, or 3, the student's English language proficiency level must be assessed within 30 calendar days of initial enrollment.

The ELPAC is a standardized language proficiency test designed to measure the English proficiency of non-native speakers in four areas: Listening, Speaking, Reading and Writing. The child receives a score for each part of the test that is taken (Listening, Speaking, Reading, and Writing) as well as an overall score. The score types include scale scores and proficiency levels.

School staff use the official results in determining the default program and placement options. These results, including proficiency level results for each subtest, are communicated to the parent on the Initial ELPAC Notification Letter (See Appendix 1). The official results are sent to the parent within 30 days of receipt by the school. ELPAC results are maintained in the student's English Learner folder inside the cumulative folder, and in the school's student information system for future use in the monitoring of student progress and in the program evaluation.

If an Individual Education Plan (IEP) team has determined that a student is unable to take all or part of the ELPAC, the student may be given a California Department of Education (CDE) approved alternative assessment.

On the basis of the English language assessment, students are classified as either English Learner (EL) or Initially Fluent English Proficient (IFEP).

Level	Description
Initial Fluent English Proficient (IFEP)	Students at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the "Bridging" proficiency level as described in the 2012 <i>California English Language Development Standards, Kindergarten Through Grade Twelve</i> (2012 ELD Standards).

Intermediate English Learner	Students at this level have somewhat developed to moderately developed oral (listening and speaking) and written (reading and writing) skills. This level captures a broad range of English learners, from those who can use English only to meet immediate communication needs to those who can, at times, use English to learn and communicate in meaningful ways in a range of topics and content areas. They may need some degree of linguistic support to engage in familiar social and academic contexts (depending on the student, the level of support needed may be moderate, light, or minimal); they may need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the entire “Expanding” proficiency level and to the lower range of the “Bridging” proficiency level as described in the 2012 <i>ELD Standards</i> .
Novice English Learner	Students at this level have minimally developed oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level as described in the 2012 <i>ELD Standards</i> .

NOTE: Students classified as IFEP are not eligible to receive EL services and will receive grade-level instruction in an instructional program designed for Native-English and Fluent-English speakers.

IFEP Students - The parents of IFEP students are informed of the results and given the same program options as those given EO students: the default program is Mainstream English. Placement is made on the same basis as for EOs.

English Learners – The parents of ELs will be notified of the results and instructional support program placement based on the results. Parents of ELs will be notified each year of their child’s current language classification along with the annual assessment results. A student will remain an EL until he or she has met the criteria for reclassification.

Step 3: Parent Notification of Results

Parent Notification of Initial Assessment Results and Program Placement

Parents of students (ELs and IFEPs) who are administered the **initial** ELPAC will receive official notification informing them of their child’s:

- Initial English language proficiency level and how it was assessed
- Official language classification
- Instructional program placement

In addition to the above, parents must also receive information regarding the:

- Various instructional program options, educational strategies, and educational materials to be used in each program. This information shall include the Parental rights and informed consent regarding initial identification and placement, including the parental exception waiver process.
- Reclassification, or program exit, criteria
- Instructional program for ELs with a disability (with an IEP) and how such program will meet the objectives of the IEP
- Expected rate of graduation for ELs

Parent Notification of Annual Assessment Results and Program Placement

Parents of EL students who do not reclassify to Fluent English Proficient will receive annual notification of their child's continued identification as an English Learner. The parent will receive information regarding the:

- Various instructional program options, educational strategies, and educational materials to be used in each program. This information shall include the Parental rights and informed consent regarding initial identification and placement, including the parental exception waiver process.
- Reclassification, or program exit, criteria
- Instructional program for ELs with a disability (with an IEP) and how such program will meet the objectives of the IEP
- Expected rate of graduation for ELs

Step 4: Program Placement

Program Placement

The following process is used to identify the most appropriate program for English Learners at our school. ELPAC results indicate whether the student is *reasonably fluent in English* or not. The criteria for reasonable fluency in English include:

1. Student's *overall* proficiency level is Level 3 or higher.
2. Student's Oral Language and Written Language scores are Level 3 or higher, with each skills area or domain is Somewhat/Moderately or higher. The skill areas or domains are Listening, Speaking, Reading, and Writing.

Instructional Programs

Our instructional programs to support English Learners are based on the 2012 CA English Language Development (ELD) Standards. Because our school allows for wide differences in student learning styles, abilities, and interests, independent study teachers will work with parents to tailor the learning plan to the individual needs of each student. The ELD curriculum is based on the CA ELD Standards and may include state-adopted programs, as well as supplemental ELD materials. All EL students will receive both Designated ELD instruction and Integrated ELD instruction in each program.

- Core Content Instruction in English with Integrated ELD instruction.
- Designated ELD virtual synchronous instruction for 60 minutes weekly. 120 minutes asynchronous instruction completed at home with teacher progress monitoring.
- SDAIE strategies/vocabulary development will be embedded in curriculum and enhanced with teacher support in person or online sessions.
- Participation in Benchmark, Strategic, or Intensive interventions in variety of setting based on student need
- Monitor student progress and evaluate program regularly.

The following is the curriculum our credentialed teachers utilized in the virtual synchronous English Language Development classes:

Dataworks Educational Research:	Dataworks offers a Designated ELD Curriculum broken down into levels based on a student's English proficiency. The complete curriculum has an intensive online component, as well as a number of resources for students to extend their learning in independent practice.
--	---

Launch to Literacy:	Launch to Literacy (Levels A, B, C) is for the beginning English Proficiency levels. English Learners learn phonemic awareness, phonics, spelling, fluency, vocabulary, reading comprehension, and writing.
Link to Literacy:	Link to Literacy (Levels D, E, F) are for your English Learners who are at the emerging, expanding, and bridging English proficiency. The students receive intensive instruction in language, vocabulary, reading comprehension, and writing.

The following is a listing of some of the supplemental curriculum used to support EL students at our school:

BrainPOP ELL	Brain Pop is a web-based, comprehensive English language learning program for teachers and students. Using meaningful content, it teaches English to speakers of other languages by incorporating four essential language skills: listening, speaking, reading, and writing.
<i>Wonders for English Learners:</i> A K-6 ELL Program by McGraw-Hill	<i>Wonders for English Learners</i> offers instruction specifically designed to create learning experiences that increase student engagement, build language skills, and inspire confidence. Lessons emphasize the building of speaking, listening, reading, and writing skills to improve both academic and social language and accelerate progress in the core classroom.
<i>StudySync 6-12 ELA Curriculum:</i> Support for English Learners by McGraw-Hill	<i>StudySync</i> supports literacy and skills development for all 6–12 students, including beginner, intermediate, and advanced English Learners. All lessons include resources, such as sentence frames, graphic organizers, glossaries, and tools for use in whole group, small group, and one-on-one instruction.
Reading Eggs or Reading Eggspress	Comprehensive learn to read program to help children become fluent and proficient readers. It supports core literacy based on the five essential pillars of reading (phonemic awareness, phonics, vocabulary, comprehension, and fluency), explicitly teaches letters and sounds, and includes online reading games and activities that are easy to follow, self-paced, and highly engaging for grades students.
<i>Language for Learning</i> McGraw-Hill PreK-5	<i>Language for Learning</i> provides young learners with the knowledge and understanding of language they need to achieve proficiency and reading comprehension. This oral language program teaches children the words, concepts, and statements important to both oral and written language, and helps enable them to extend this knowledge to other areas of their development.

Our instructional programs to support EL students include:

- **Structured English Immersion (SEI)**—An instructional program for English learners with less than reasonable fluency in English in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered Designated ELD and provided access to grade level academic subject matter content with integrated ELD.
- **English Language Mainstream (ELM)**—An instructional language for English learners who have acquired reasonable fluency in English, as defined by the school, or at the request of the parent or guardian.

In addition to ELD instruction, English learners continue to receive additional and appropriate services and support in order to meet the requirements to be reclassified as Fluent English Proficient.

Should the parents or guardians of 30 or more students or the parents or guardians of 20 or more students in any grade request an alternative language acquisition program, the school will make every effort to provide an alternative program that would be better suited for the overall educational development of the students.

Parents may provide input regarding language acquisition programs during the development of the Local Control and Accountability Plan.

Professional Development for Staff and Administrators on Initial Identification, Placement, and Related Parental Rights/Informed Consent

Our school provides ongoing annual professional development for administrators and staff, including special education teachers and staff, on legal requirements and school procedures relating to the implementation of the identification and placement requirements of this *English Learner Master Plan*, including but not limited to:

- Initial identification
- Placement options and procedures
- Communicating assessment results to families effectively
- Parental rights and informed consent regarding initial identification and placement, including the parental exception waiver process.

Those who must participate in the training include but are not limited to: administrators, teaching staff, counselors, staff members who work with ELs' student records, office staff members responsible for registration, special education teachers, paraprofessionals and specialists, and other support staff as necessary. The training places special emphasis on sensitivity to parents, including how to make parents feel welcome, and how to ensure that they are truly informed and able to take an active role in the process of determining the appropriate instructional program for their child.

Initial ELPAC-ELAS Correction Policy and Process

Local Educational Agencies are allowed to make one correction per student per lifetime to an English Language status. This process can be used if a parent/guardian or certificated employee of the LEA requests a review of the student's classification on the basis of the results of the Initial ELPAC. Typically, the process will be used if a parent/guardian or certificated employee can provide evidence that a student who was classified as English Learner (EL) after taking the Initial ELPAC should be classified as Initially Fluent English Proficient (IFEP). This process must occur before the first administration of the Summative ELPAC starting in February.

If a student was tested with the initial ELPAC and was designated EL but, based on evidence and observation, you feel that they are proficient in English, the IST can request a status correction to IFEP (Initially Fluent English Proficient).

1. IST submits the Google Survey--ELAS Correction Request for Initial ELPAC; found in the EL Resources Folder.
2. If the request is approved for further review, IST will receive an Evidence Form and info sheet. See Appendix 2.
3. IST and family review the examples of possible evidence for student's grade span.
4. IST and family gather appropriate, grade-level evidence in all domains to illustrate student's English Language Proficiency
5. Complete the Evidence Form, signed by IST and Parent, then email, along with evidence, to the school's EL Designee or coordinator.

Reclassification

Our school reclassifies EL students to Reclassified English Fluent Proficient (RFEP) at the point when specialized language and academic support services are deemed no longer needed for ELs to be successful in their educational program at a level commensurate to non-ELs. This decision is made using criteria that include assessment of English language proficiency using the ELPAC, Scores from Smarter Balanced Assessments (SBA) in English-Language Arts, Star Reading, or Star Early Literacy, teacher evaluation, and parent consultation. Once ELs are reclassified, they retain RFEP status for the rest of their educational careers. However, the academic progress of RFEP students must be monitored for a minimum of four years, as required by state and federal guidelines, and if their continued linguistic and academic performance declines or stalls, interventions are provided to ensure that these students reach and maintain grade level academic proficiency. A full description of the reclassification process is detailed below.

The ELPAC and grade-level basic skills assessments are examined to determine if the student is able to function at a level commensurate with their English Proficient peers.

Reclassification Policy, Criteria, and Process

The EL Coordinator, in conjunction with teacher input, will specifically evaluate students who are potentially qualified for reclassification. This will occur upon release of ELPAC scores by the state.

Per California Department of Education recommendations and requirements, EL Reclassification will be based on the following four criteria:

1. **English Language Proficiency Assessment for California (ELPAC)**

The student must achieve an Overall Performance Level (PL) 4 on the Summative ELPAC for grades K-12.

2. **Teacher Evaluation**

The student must receive English Language Arts progress report card mark of Meets Expectations or higher or English grade of C or higher. The teacher may provide additional data including student work or Ed Plan completion in ELA to support reclassification recommendation.

3. **Parent Opinion and Consultation**

Parent is consulted via the Parent Notification Letter of Reclassification. See Appendix 4.

4. **Grade-level Basic Skills Assessment**

EL student's performance level in basic skills assessment will be compared with that of English Proficient peers. The Star Reading (K-12) or Star Early Literacy (grades K-1 only) or the ELA Smarter Balanced Assessment (3-8, 11) will be used to determine whether EL students meet academic measures and are ready to be reclassified. The minimum requirements for criterion 4 are indicated in the chart below.

Criterion 4				
Grade	SBA (ELA) Performance Level		Star Reading (Star Enterprise Scale Score)	Star Early Literacy (Star Enterprise Scale Score)
TK/K	N/A		N/A	or 776
1	N/A		835	or 852
2	N/A		919	N/A
3	Standard Nearly Met	or	967	N/A
4	Standard Nearly Met	or	1003	N/A

5	Standard Nearly Met	or	1024	N/A
6	Standard Nearly Met	or	1039	N/A
7	Standard Nearly Met	or	1059	N/A
8	Standard Nearly Met	or	1069	N/A
9	N/A		1075	N/A
10	N/A		1081	N/A
11	Standard Nearly Met	or	1090	N/A
12	N/A		1110	N/A

**For Grades K-6 Star CBMs can be used as an additional measure of reading ability/proficiency. Star CBM Reading begins by assessing students' understanding of letters and their sounds, moves on to basic phonological awareness and early decoding, and progresses to passage reading.

Reclassification Process

1. The EL Coordinator will complete the Reclassification Form for students who meet the first criteria. See Appendix 3.
2. Form will then be sent to the teacher for further input and completion of grades, test scores, etc.
3. If a student meets criteria 1, 2, and 4, a Parent Notification Letter of Reclassification will be sent to the parents, inviting them to consult with the EL Coordinator and/or teacher. See Appendix 4.
4. At this point, if everyone is in agreement, the student is then redesignated RFEP.
5. If a student has not met criteria 1, 2, or 4, they will remain EL and will be reevaluated the next school year.

Reclassifying English Learners with Disabilities

The reclassification criteria and process are the same for Special Education students being considered for reclassification, except in those cases where the IEP team feels that the student's disability, more so than a language barrier, is the reason for why the student is not qualifying for reclassification. In such cases, it is the responsibility of the IEP team, case carrier, or teacher to initiate contact with the EL Coordinator to consider alternative reclassification criteria and form. The IEP team, including parent and the EL Coordinator, will discuss and complete the form. If the student is found to meet the alternative criteria, they will then be reclassified to RFEP and four-year monitoring will commence, as with all other RFEP students. See Appendix 5.

RFEP Monitoring

Per California Department of Education requirements, once a student is reclassified as RFEP, they are no longer required to take the summative ELPAC, but there is a requirement for four years of continued monitoring of that student.

Our school will monitor RFEPs once per year over the course of the four years, using the Reclassification Monitoring form. Below is the RFEP Monitoring Schedule, based on student last name:

RFEP Monitoring Schedule

Student's Last Name	Monitoring Month, Annually for Four Years
---------------------	---

A-C	October
D-F	November
G-H	December
I-L	January
M-O	February
P-R	March
S-V	April
W-Z	May

If at any point the student is scoring below grade level, intervention measures will be put in place, so as to ensure that the student is receiving as much support as possible, toward maintaining English language proficiency and academic growth. See Appendix 6.

Dear Parent(s) or Guardian(s): When your child enrolled in our school, a language other than English was noted on your child's Home Language Survey. The law requires us to assess your child and notify you of your child's proficiency level in English. We are required to inform you of the language acquisition program options available from which you may choose the one that best suits your child (California Ed Code [EC] Section 310). This letter also explains the criteria for a student to exit, or reclassify out of, the English learner program. (20 United States Code Section 6312[e][3][A][i],[v],[vi])

Language Assessment Results (20 U.S.C Section 6312[e][3][A][ii])

See enclosed Student Score Report

Based on the results of the English language proficiency assessment, your child has been identified as an **English Learner** student.

Your child will be assigned to an appropriate English language instructional support program based on the results. The goal of this program is to help your child become proficient in English and succeed in the school's academic curriculum. Instructional support is added by your child's teacher as needed, according to the ELPAC results. Please note, that this does not change your student's independent study teacher.

Your child is participating in an Individualized Education Program (IEP), which is on file. A description of how your child's program and placement will be determined by the IEP team. [\(only include if applicable\)](#)

Choosing a Language Acquisition Program

Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards (*EC* Section 306[c]). Our instructional programs to support EL students include:

Structured English Immersion (SEI)—An instructional program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered Designated ELD and provided access to grade level academic subject matter content with integrated ELD.

English Language Mainstream (ELM)—An instructional language for English learners who have acquired reasonable fluency in English, as defined by the school. In addition to ELD instruction, English learners continue to receive additional services and support needed for them to be reclassified as Fluent English Proficient.

Parents or guardians may choose a language acquisition program that best suits their child. Schools in which the parents or guardians of 30 students or more per school or the parents or guardians of 20 students or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible (*EC* Section 310[a]).

Parents or guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan (*EC* Section 52062). If interested in a different program from those listed above, please contact our school to ask about the process.

Parents or guardians of English learners have a right to decline or opt their children out of a school's EL program or out of particular EL services within an EL program. However, the school remains obligated to provide the student with meaningful instruction until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time. (5 CCR Section 11302)

Exit (Reclassification) Criteria
(20 U.S.C. Section 6312[e][3][A][vi])

The goal of language acquisition programs is for students to become proficient in English as rapidly as possible and to meet state academic achievement measures. This school's exit (reclassification) criteria are listed below:

Required Criteria (California <i>Education Code</i> [EC] Section 313[f])	LEA Criteria Yosemite Valley EL Master Plan
English Language Proficiency Assessment	The student must achieve an Overall Performance Level (PL) 4 on the Summative ELPAC for grades K-12.
Teacher Evaluation	The student must receive English Language Arts progress report card mark of Meets Expectations or higher or English grade of C or higher. The teacher may provide additional data including student work or Educational Plan Completion in ELA to support reclassification recommendation.
Parental Opinion and Consultation	Parent will be consulted via Parent Notification Letter of Reclassification.
Comparison of Performance in Basic Skills	EL student's performance level in basic skills assessment will be compared with that of English Proficient peers. The Star Reading or Star Early Literacy (grades K-1 only) or the ELA Smarter Balanced Assessment (SBA) will be used to determine whether EL students meet academic measures and are ready to be reclassified. The minimum requirements for criterion 4 are indicated in the chart below.

Graduation Rate for English Learners
(20 U.S.C. Section 6312[e][3][A][vi])

The expected rate of graduation for students in this program is **[Graduation_Rate]** percent. The graduation rate displayed on the Graduate Data report, is available on the California Department of Education DataQuest web page at <https://dq.cde.ca.gov/dataquest/>.

Should you have questions regarding these programs, test results, or your child's instructional placement, please contact your child's teacher, or me, at the email listed below.

Parent Notification Letter of Reclassification

<Date>

Dear Parents or Guardians of _____:

State and federal laws require all school districts in California to give a state test of English proficiency each year to every student who is identified as an English Learner. In California, the name of this test is the English Language Proficiency Assessments for California (ELPAC). The results of the ELPAC help to measure how each student is progressing toward proficiency in English in the areas of listening, speaking, reading, and writing.

Your child has been given the ELPAC for this year and we have received those scores. We reviewed your child's performance on this test and took into consideration the following criteria: an evaluation of your child's academic performance by the teacher, your child's performance on a basic skills assessment as measured by the Smarter Balanced Assessment for English Language Arts, Star Reading, or Star Early Literacy, and your opinion as the parents or guardians about your child's proficiency in English and readiness to be reclassified. Based on all of this data, your child qualifies for reclassification out of the program. We will reclassify your child as Fluent English proficient (RFEP).

We thank you for your input and involvement in this process and congratulate your family on this achievement. If you have questions about the ELPAC or this letter, you can ask your HST, or they can also be directed to me as well.

Sincerely,

Reclassification Form For English Learners with Disabilities

Excerpt from Yosemite Valley EL Master Plan:

RECLASSIFYING ENGLISH LEARNERS WITH DISABILITIES

The reclassification criteria and process is the same for Special Education students being considered for reclassification, except in those cases where the IEP team feels that the student's disability, more so than a language barrier, is the reason for why the student is not qualifying for reclassification. In such cases, it is the responsibility of the IEP team, case carrier, or teacher to initiate contact with the EL Coordinator to consider the alternative reclassification criteria and form. The IEP team, including parent and the EL Coordinator, will discuss and complete the form. If the student is found to meet the alternative criteria, they will then be reclassified to RFEP and four year monitoring will commence, as with all other RFEP students.

YOSEMITE VALLEY CHARTER SCHOOL

Instruction | Instructional Program COURSE WORK & GRADUATION CREDITS

Definitions:

- “Former juvenile court school student” means a student who, upon completion of the student’s second year of high school or transfers to a charter school from a juvenile court school.
- “Student in foster care” has the same meaning as “foster child” as that term is defined in Education Code § 48853.5(a).
- “Student who is a child of a military family” means a student who meets the definition of “children of military families” under Education Code § 49701.
- “Student who is a homeless child or youth” means a pupil who meets the definition of “homeless children and youths” in 42 U.S.C. § 11434a(2)
- “Student who is a migratory child” means a student who meets the definition of “currently migratory child” under Education Code § 54441(a).

The Charter School will accept coursework satisfactorily completed by a former juvenile court school student, a student in foster care, a student who is a child of a military family, a student who is a homeless child or youth or a student who is a migratory child (collectively, the “Students”) while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and shall issue that pupil full or partial credit for coursework completed.

The credits accepted shall be applied to the same or equivalent course, if applicable, as the coursework completed in the prior school. The Charter School will not require the Students to retake a course if the Students have satisfactorily completed the entire course in a public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school. If the Students did not complete the entire course, the Charter School shall not require the pupil to retake the portion of the course the Students completed unless the Charter School, in consultation with the holder of educational rights for the pupil, finds that the Students are reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Students shall be admitted in the same or equivalent course, if applicable, so that the Students may continue and complete the entire course.

Students shall not be prevented from retaking or taking a course to meet the eligibility requirements for admission to the California State University or the University of California. The Charter School shall exempt Students who transfer between schools any time after the completion of the Students’ second year of high school and who are in the third or fourth year of high school, from all coursework and other requirements adopted by the School that are in addition to the statewide

coursework requirements specified in Education Code section 51225.3, unless the School makes a finding that the Students are reasonably able to complete the School's graduation requirements in time to graduate from high school by the end of the Students' fourth year of high school.

If the School determines that the Students are reasonably able to complete the School's graduation requirements within the Students' fifth year of high school, the School shall do all of the following: 1) Inform the Students of the Students' option to remain in school for a fifth year to complete the School's graduation requirements; 2) Inform the Students, and the Students' educational rights holder, about how remaining in the School for a fifth year to complete the School's graduation requirements will affect the Students' ability to gain admission to a postsecondary educational institution; 3) Provide information to the Students about transfer opportunities available through the California Community Colleges; 4) Permit the Students to stay in school for a fifth year to complete the School's graduation requirements upon agreement with the Students, if the Students are 18 years of age or older, or if under 18 years of age, with the person holding the right to make educational decisions for the Students.

To determine whether Students are in the third or fourth year of high school, either the number of credits the Students have earned to the date of transfer or the length of the Students' school admission may be used, whichever will qualify the Students for the exemption.

Within 30 calendar days of the date that Students who may qualify for the exemption from local graduation requirements transfer into a school, the School shall notify the Students, the educational rights holder, and the School's liaison (as applicable) of the availability of the exemption and whether the Students qualify for an exemption. If the School fails to provide timely notice, the Students shall be eligible for the exemption from local graduation requirements once notified, even if that notification occurs after the Students are no longer within the definitions of Students, if the Students otherwise qualify for the exemption.

Students that have been exempted from local graduation requirements in accordance with Education Code section 51225.1 and complete the statewide coursework requirements specified in Education Code section 51225.3 before the end of the Students' fourth year of high school and those Students would otherwise be entitled to remain in attendance at the School, the School shall not require or request that the Students graduate before the end of the Students' fourth year of high school.

If Students are exempted from local graduation requirements pursuant to Education Code section 51225.1, the School shall notify the Students and the person holding the right to make educational decisions for the Students how any of the requirements that are waived will affect the Students' ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges.

If Students who are eligible for the exemption from local graduation requirements and would otherwise be entitled to remain in attendance at the School shall not be required to accept the exemption or be denied admission in, or the ability to complete, courses for which the Students are otherwise eligible, including courses necessary to attend an institution of higher education,

regardless of whether those courses are required for statewide graduation requirements. If Students are not exempted from local graduation requirements or have previously declined the exemption, the School shall exempt the Students at any time if an exemption is required by the Students and the Students qualify for the exemption.

If Students are exempted from local graduation requirements, the School shall not revoke the exemption.

If Students are exempted from local graduation requirements, the exemption shall continue to apply after the Students no longer fit into the relevant definition of “Students” while the Students are admitted in the School or if Students who are exempt from local graduation requirements transfers to the School from another school.

The School shall not require or request Students to transfer schools in order to qualify the Students for an exemption.

A complaint for noncompliance with this section may be filed with the School under the School’s Uniform Complaint Procedures.

YOSEMITE VALLEY CHARTER SCHOOL

Students | Grade Level

GRADE LEVEL PROMOTION & ACCELERATION POLICY & RETENTION CRITERIA

Yosemite Valley Charter School (School) is committed to making individual decisions on grade level acceleration based on the long-term, best interest of the individual student. Staff is committed to helping all students realize their fullest potential, when high academic achievement is evident, staff may request a student for acceleration into a higher grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student.

The purpose of the Yosemite Valley Charter School Governing Board approving this Grade Level Promotion & Acceleration Policy and Retention Criteria is to accomplish the following:

1. Outline the Promotion Policy
2. Outline the Acceleration Policy
3. Outline the Retention Criteria
4. Outline the Appeals Process for Parents
45. Establish the Process for IDEA/504 Students
56. Outline the Charter School Rights

1. Promotion Policy:

K-8: Each K-8 student will be enrolled in four core subjects: Language Arts, Mathematics, Science, Social Studies, and include enrichment opportunities like art, music, athletics, world languages, technology, field trips, and virtual and in-person community and social experiences, providing a well-rounded education. Students shall progress through the grade levels by demonstrating growth in learning and working appropriately towards grade level mastery .

High School: High school students can select courses from a variety of learning programs. Students will be enrolled in a minimum of 20 credits per semester (4 classes) unless considered a fifth-year senior. If the student is taking courses at a community college, he/she must meet with his/her counselor to obtain approval prior to enrolling in the community college courses.

Required Courses for All High School Grade Levels*:

- English-Language Arts
- Mathematics
- Science
- Social Studies/History

*This depends on the student's individual graduation plan and course progression.

Four-Year Plan for High School Students: Supervising Teachers develop a four-year individual graduation plan (IGP) for each high school student. The IGP will be reviewed by the Guidance Counselor and/or Regional Administrator and revisited annually (unless necessary due to mid-year course changes). The four-year individual graduation plan will include:

- Learning Program
- Student's intended courses
- Courses completed
- Course of Study
- College and/or Career path

2. Acceleration Policy:

~~If a student has completed all grade level requirements and is requesting to accelerate to the following grade mid-year, a determination must be made as to whether it is in the best interest of the student. This determination is made by the Teacher and the Student Support Team with input from the parent/guardian.~~

~~If promoted, the student will need to complete the curriculum for the promoted grade by the end of the current school year.~~

~~*Mid-Year Grade Level Acceleration Requests:* The decision to promote a student mid-year will be made only after careful consideration has been given with regards to serving the academic best interests of the student. Mid-year promotions are approved or denied at the end of the first semester. If a student is promoted at the end of the first semester, he/she should be on target to complete all courses at his/her promoted grade level by the end of the school year. 8th to 9th grade acceleration requests are only considered in the fall semester before the high school add/drop date.~~

Acceleration Policy: If a parent/guardian requests an accelerated promotion for a student in grades Kindergarten through 7th, a determination will be made only after careful consideration has been given with regard to serving the best interest of the student. This determination is made by the Promotion & Retention Committee with input from the Independent Study Teacher, Learning Coach, and Student Study Team. All accelerated promotion requests must be submitted by the last day of the first semester. Accelerated promotions are approved or denied at the end of the current school year to take effect in the following school year. Parents have the right to appeal the denial of accelerated promotion through an appeal process.

A child who is *not age-eligible* for kindergarten (that is, the child turned five after September 1) and who attended a California private school kindergarten for a year is viewed by the CDE as *not legally enrolled* in kindergarten, pursuant to EC Section 48000 requirements. Therefore, this child, upon enrollment in public school, is enrolled in kindergarten, assessed, and may (but is not required to) be immediately promoted to first grade if the child meets the following State Board of Education criteria, pursuant to Title 5, Section 200:

- The child is at least five years of age.

- The child has attended a public school kindergarten for a long enough time to enable school personnel to evaluate the child's ability.
- The child is in the upper 5 percent of the child's age group in terms of general mental ability.
- The physical development and social maturity of the child are consistent with the child's advanced mental ability.
- The parent or guardian has filed a written statement with the district that approves placement in first grade.

A statement, signed by the School and parent/guardian, is placed in the official school records for these five-year-olds who have been advanced to first grade (EC Section 48011). This action prevents a subsequent audit exception for first grade placement of an *age ineligible* student.

Procedure: In order for the School to make sound academic decisions regarding mid-year grade level promotions, the following process will be followed:

Parent/Guardian:

Parent/Guardian Request: Parents/Guardians may request that the teacher promote their child one grade level at the end of the 1st semester.

Teacher:

If the student's teacher agrees that a review for mid-year grade level promotion is appropriate, the teacher will complete a request for acceleration into a higher grade level and take the student's maturity level into consideration. The request should be sent to the Assistant Director(s). Requests must be received by email prior to Winter Break.

- If the student's assessment results are not above grade level, the teacher needs to provide documentation with a written request regarding why promotion is in the student's best interest.
- If the student is not on track to complete all courses at the grade level he/she would be promoted to, the teacher will need to explain in the written request why a promotion would be in the student's best interest.
- Information regarding prior grade retention and the circumstances of such.

Student Assessment Records (a combination of the following may be used to assess the student's readiness to promote):

Scores should be on the first page of all scored documents. The Language Arts and Math diagnostic assessments should demonstrate the student's independent ability and be administered by the teacher and done in person (or via Zoom supervised by the teacher) at a teacher/student/family meeting, and not administered by the parent/guardian.

- Score report for In-house Benchmark Assessment such as Star360
- Language Arts Diagnostic Assessment, such as Bader Reading Assessment or Moby Max
- Writing Sample, completed independently

- Math Diagnostic Assessment, such as Moby Max
- Work samples
- Summary of grade-level curriculum completion
-
- Parent written analysis: a compelling reason for the grade change
- Recommendation from the Teacher , or Student Support Team Coordinator

3. Retention of Students Grades 1st-8th:

Students in grades 1st through 8th grade are not considered for retention which is based on extensive research that demonstrates that retention is not an effective course of action for students not meeting grade level benchmarks in all areas. When a student is identified as not meeting typical benchmarks in either academic and behavioral areas, the student will enter into a targeted intervention program after an SST process takes place. Parents have the right to appeal the denial of a retention through an appeal process.

Kindergarten Retention Criteria:

Students can be retained in grade Kindergarten based upon current law. Kindergarten students who have completed one year of Kindergarten shall be admitted to First Grade unless the parent/guardian and the School agree that the student shall continue in Kindergarten for not more than one additional school year. Students who attended both Transitional Kindergarten and Kindergarten cannot be retained. The decision to retain will be based on the student's progress on the Desired Results Developmental Profile for Kindergarten, as well as on indicators of academic achievement in reading, English Language Arts, and Mathematics after intervention has been implemented (Ed Code 48011).

Whenever a student may need to continue in Kindergarten for an additional year, the School Staff shall hold a Student Success Team meeting and secure an agreement, signed by the parent/ guardian, stating that the student shall continue in kindergarten for not more than one additional school year. (Ed Code 46300)

4. Appeals and Parent Rights:

Parents have the right to appeal a decision made by the Academic Team. If a parent wishes to appeal, they would complete the following steps:

- Appeal to School Administrator in writing.
- School Administrator responds within two (2) weeks.
- If not resolved, parents may appeal to the School Board at the next regularly scheduled board meeting.
- The School Board meets in a closed session and will send the parent or guardian a response in writing

5. IDEA/504 Students: Students who participate in special education/504 plans have their education program and decision making process affected by state and federal regulations; therefore, decision-

making in the area of grade promotion/retention is first governed by state and federal requirements.

- 6. The Charter School Rights:** The policy adopted pursuant to this section shall be adopted at a public meeting of the Governing Board of The Charter School. Nothing in this section shall be construed to prohibit the retention, promotion or acceleration of a pupil not included in grade levels identified in this policy, or for reasons other than those specified for pupils at risk for retention, if such retention is determined to be appropriate for that pupil. Nothing in this section shall be construed to prohibit the Governing Board from adopting promotion, acceleration and retention policies that exceed the criteria established in the California Ed. Code 48070.5, Promotion or Retention of Pupils.

Elementary School Virtual Academy/Middle School Virtual Academy -

What could we do to improve? The most common request for what we can do to improve related to workload, or communication of workload. For some, it was clear that there was a misunderstanding of the workload. This was summarized by one parent who stated, *"The communication on what virtual academy is vs what it isn't could be better communicated with families i.e. this is a virtual school model where the teacher will assign all work for the given subject, 5 days a week with 2 days of live instruction. All students must do all assignments just like traditional school. There is no parent differentiation or room for parent modification in the curriculum/assignments."*

SLP, OT, & Nurse Report

Dr. Steven James

Brief Progress Report

The Central Valley Charter Schools hired three Speech Language Pathologists (SLPs) and one Occupational Therapist (OT) to provide virtual services for the students in both of our schools. When we did our original research, it was found that 50 students per SLP and OT provider would be an appropriate caseload for each. Currently our case load numbers for our three SLPs are 26, 27, and 30 and for OT they are 23.

Barriers

When we performed our research, the following barriers were not yet identified:

- The majority of our students have individual speech 2, or 3 times weekly, not once a week.
- We have very few students receiving group speech
- An excessive amount of individual parent consult time, from 30 to 120 minutes a month for our SLPs and our OT has nearly one full day of consult a week
- Our IEPs and Triennials consistently take more than one meeting to complete and in some cases these we meet 3 or more times to get an IEP signed by a parent. The families are requiring all IEP meeting member required and not required members to be in attendance for the entirety of the meeting and will not sign excusals.
- There are other required meetings where they need to be in attendance.

Program Directives

These directives are based on data that would indicate a change in service time and/or program setting and would be changed in an IEP meeting.

- The SLPs and OT are identifying students who are showing progress that would start the process to reduce service minutes.
- Our SLPs are identifying students with similar goals by grade level to move some of these students to a group setting. Again, the data will indicate a change is appropriate.
- The SLPs and OT are identifying students who meet the requirements to exit special education. For this to occur there must be an assessment to confirm that the student no longer requires this service.

Conclusion

A final point of clarification is our SLPs, and OTs schedules are nearly full as we have had some recent withdrawals and we are filling their caseloads with our new students and those students we have just recently qualified for special education. We are doing this to avoid removing a student from an NPA at this time of year. We will make these changes, if necessary, at the semester.

BACKGROUND:

- This school completed its mid-cycle WASC visit.
- WADC Accreditation is a voluntary dual-purpose process that schools (1) must be worthy of the trust placed in them to provide high-quality learning and (2) clearly demonstrate continual self-improvement.
- An accredited school is focused on a mission and goals for students; it is student-oriented and examines its students' performance continuously; it accepts objective evaluation from a team of outside peer professionals trained by ACS WASC; it maintains a qualified faculty within an effectively organized school; it collaboratively assesses the quality of its educational programs on a regular basis; and it plans for the future.

RECOMMENDATION:

- The Board may consider providing guidance and feedback to the school's leadership.

SUMMARY

Include:

- General comments about the school, including summary of achievement data
- Significant changes and/or developments and their impact on the school
- School's follow-up process and process used to prepare the mid-cycle report
- Summary of progress on action plan that addresses student and school needs and critical areas for follow-up (growth areas for continuous improvement) and impact on student learning.

[Yosemite Valley Charter School](#) (YVCS) is a non-classroom based, independent study, charter school serving about 2,500 students throughout Fresno, Madera, Merced, and Monterey Counties in grades TK - 12. Student demographics from the 2020-21 SARC show 55% White, 29% Hispanic, 6% Two or More Races, 3% Black or African American, 3% Asian, and less than 1% each American Indian, Filipino, and Native Hawaiian or Pacific Islander. About 2% of students are English Learners, 47% are socioeconomically disadvantaged, and 12% are students with special needs. The 2021 graduation rate is 89.5% and a-g completion rate for the same year was 15%.

For local data, the school administers the STAR 360, as well as some internal math and ELA diagnostics to target student needs. 2021 results showed students testing above benchmark was 43% in Reading, 36% in Math, and 67% in early literacy. The school has just this year added Dibels assessments at the TK-2nd level which will help address the early literacy need as noted below. When asked about what YVCS saw as the major student learner needs based upon the analysis of student achievement data, the team noted that parent's (learning coaches) struggled with instruction in three particular areas: writing across the grade levels, math at all grade levels (especially in teaching for understanding vs. memorization), and early literacy. Discussions with the different stakeholder groups revealed that YVCS has very much moved from a school that focused more on parent choice to a school focuses on student achievement.

Significant changes include the following.

- Special education. Some of the changes include—Mild/Mod students are now receiving grade level standards based curriculum and Mild/Mod staff have been trained to use Unique curriculum. Case managers have been trained in an Orton-Gillingham based curriculum that is designed for all struggling readers, especially those students identified with dyslexia. The size of the special education staff has grown by more than 60%. YVCS is starting to see an increase in student achievement as a result of these implementations. They have also noted a cultural shift in student and parent mindset. While before parents might want their 3rd grade student to be working in a 2nd grade curriculum, they now understand that being in 3rd grade curriculum and having the supports in place to allow the student to access the curriculum is more beneficial and helps the student not fall further behind. They realize their kids are more capable.
- Virtual Academies (VAs). Elementary and Middle School VAs were added in the 2021-22 school year and expanded in 2022-23 to include universal kindergarten, ELLs, and students with IEPs. These are not core classes but an option for students who need extra support or community time in their day. A cultural shift is being seen here also a result of the VAs. Students are being motivated by students in their classes and are developing grit

and accountability. Students raise the bar for one another. They find themselves less isolated and it is easier to build relationships with other students. Parents are also able to witness good instruction and this is helping to meet the need noted above—the one mentioning that parents struggle to provide rigorous and relevant instruction. Seeing a variety of instructional strategies at the correct grade level is helping to norm parents to standards level expectations.

- ELLs. ELD Live! (Designated ELD classes) had a slightly greater than 50% participation rate and those who participated have an average of 63% more growth in ELA scores than those who did not participate. These are becoming part of the VAs.

The follow-up process and the process used to prepare the mid-cycle report include making a strong effort to consult and get input from multiple stakeholder groups, especially student groups whose voices are not always heard. The leadership team is constantly meeting to work on the LCAP through a review of data analysis.

There were three growth areas for continuous improvement identified during the self-study.

Schoolwide Growth Areas for Continuous Improvement

The visiting committee concurs with the school's identified growth areas for continuous improvement that are outlined in the schoolwide action plan. These are summarized below:

Administration and staff should:

1. Identify and implement additional strategies to increase access to rigorous coursework and real-world learning experiences to ensure all students are prepared for high school, college and career preparedness.
2. Continue to identify resources and practices to provide consistent support for students in mathematics to increase student access to college and career pathways in science, technology, engineering, and mathematics.
3. Develop and implement a plan to increase reading and writing across the curriculum, including the use of schoolwide rubrics to assess student writing.

The progress on the three growth areas for continuous improvement and the impact made on students is as follows.

1. Much has been done to ensure students are accessing rigorous coursework and are prepared for postsecondary goals. With regards to course outlines, all high school courses now meet a-g standards and students/parents are not able to opt out of meeting a-g until their junior year. By that time, most students and families realize that students do have the ability to graduate a-g ready and the visiting committee expects that the a-g grad rate will continue to increase over the next three years. Secondary specialists were hired to oversee grad plans and a second counselor was hired to meet with students about the grad plans. A CTE coordinator was hired, additional CTE pathways are in place, and CTE credentialed teachers are being hired to support those pathways. Students will begin taking in middle school a career exploration class to help them determine potential CTE pathway interest. The high school virtual courses are now solely in house and this has allowed for direct control of these classes by YVCS and has allowed SPED push-in to the

courses. The visiting committee encouraged the school to continue tracking a-g completion rates, CTE pathway completion rates, and dual enrollment participation. These will continue to rise.

2. Tremendous work has been done in the area of math instruction and support, starting with a deep dive into the different math curriculums to determine their alignment to common core and to outline supplemental material as needed. Well-defined course outlines are now in place for all courses, not just in math, and these course outlines and student educational plans allow teachers, parents, and students to ensure that target standards are known and plans are in place to help students meet these standards. In addition, comprehensive, personalized interventions have been put in place and are being held based on the specific math domains. YVCS has also purchased an online math support option, Dreambox, and data analysis shows students who are using this supplemental program are showing on average 60% growth in math assessments. As mentioned previously, there are also virtual academies and SPED staff are pushing in to support students in the math courses.
3. Continuing their focus on ensuring all students are working at grade level standards, and parents know what grade level work looks like, YVCS piloted a writer's workshop last school year as a virtual class. Students in this course performed well and they are beginning to put in place a plan and process so that all students in TK-8 have access to resources regardless of if they are in the virtual class. To do this, YVCS trained their teachers last year on teaching the different writing genres and they have hired an early literacy coach who continued the work they had begun on having for each grade level rubrics and exemplars for each genre of writing, along with the resources for students and parents.

While it is mostly too early to see the full impact of these changes, the visiting committee believes that tremendous progress will be seen when looking at the data analysis prepared for the self-study. In addition, the visiting committee encouraged the school to also track parent and student perception data, as many of these implementations are leading to supporting a growth mindset—for both students and parents—and a cultural shift is clearly underway at YVCS.

In the school's mid-cycle report they also reported progress on their implementation of the six goals listed in their LCAP and the visiting committee encouraged YVCS to use their LCAP language/goals while moving forward in the coming self-study.

Schoolwide Strengths

1. YVCS believes that all students can succeed. They have become a school focused on student achievement.
2. YVCS is refining their data analysis process and making decisions based upon what they are learning.
3. YVCS not only is making changes to their instructional program, but is helping stakeholders to understand the “why” in their undertakings.

4. YVCS has worked to ensure that their communication with students, parents, and teachers is frequent, compassionate, and supports the different groups as they work towards preparing students to be successful.
5. YVCS understands that these changes and implementations can be challenging and is working to support their teachers to lessen their compliance load so that they can focus on student learning.
6. YVCS's ED leads with grace and gratitude, truly listening to all stakeholders and modeling behavior for all.

Growth Areas for Continuous Improvement

1. Identify and implement additional strategies to increase access to rigorous coursework and real-world learning experiences to ensure all students are prepared for high school, college and career preparedness.
2. Continue to identify resources and practices to provide consistent support for students in mathematics to increase student access to college and career pathways in science, technology, engineering, and mathematics.
3. Develop and implement a plan to increase reading and writing across the curriculum, including the use of schoolwide rubrics to assess student writing.

The time for filing may be extended for up to 90 days by the Executive Director or designee for good cause upon written request by the complainant setting forth the reasons for the extension.
 - Complaints should be filed in writing and signed by the complainant. If a complainant is unable to put his/her complaint in writing, for example, due to conditions such as a disability or illiteracy, the Charter School staff shall assist him/her in the filing of the complaint.
 - If a complaint is not filed in writing but the Charter School receives notice of any allegation that is subject to the UCP, the Charter School shall take affirmative steps to investigate and address the allegations, in a manner appropriate to the particular circumstances.

- Not require the student to retake any course or a portion of a course which he/she has satisfactorily completed in another public school, juvenile court school, or a nonpublic, nonsectarian school or agency

- The complainant has a right to appeal the Charter School's decision to CDE by filing a written appeal within 15 calendar days of receiving the Charter School's decision.

In any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the respondent also shall have the right to file an appeal with CDE in the same manner as the complainant, if he/she is dissatisfied with the Charter School's decision.

- The appeal to CDE must include a copy of the complaint filed with the Charter School and a copy of the Charter School's decision.

3. Cost for Copies of the Charter School's UCP: Copies of the Charter School's UCP are available free of charge.

The annual notification, complete contact information of the compliance officer(s), and information related to Title IX as required pursuant to Education Code 221.61 shall be posted on the Charter School website and may be provided through the Charter School-supported social media, if available.

The Executive Director or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, have access to the relevant information provided in the Charter School's policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in the Charter School speak a single primary language other than English, the Charter School's policy, regulation, forms, and notices concerning the UCP shall be translated into that language, in accordance with Education Code 234.1 and 48985. In all other instances, the Charter School shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

4. The Charter School's Responsibilities: All UCP-related complaints shall be investigated and resolved within 60 calendar days of the Charter School's receipt of the complaint unless the complainant agrees in writing to an extension of the timeline. (5 CCR 4631)

For complaints alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Charter School shall inform the respondent when the complainant agrees to an extension of the timeline for investigating and resolving the complaint.

The compliance officer shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in the allegations shall be notified when a complaint is filed and when a decision or ruling is made. However, the compliance officer shall keep all complaints or allegations of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) confidential except when disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing monitoring, or maintain the integrity of the process. (5 CCR 4630, 4964)

All complainants shall be protected from retaliation.

5. Filing of Complaints: The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

- A complaint alleging violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy (item #1 of the section "Complaints Subject to the UCP") may be filed by any individual, public agency, or organization. (5 CCR 4630)
- Any complaint alleging noncompliance with law regarding the prohibition against requiring students to pay student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Executive Director or designee. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred. (Education Code 49013, 52075; 5 CCR 4630)
- A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) may be filed only by a person who alleges that he/she personally suffered the unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged unlawful discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Executive Director or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
- When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the

specificity and reliability of the information provided and the seriousness of the allegation.

- When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when he/she is not the complainant, requests confidentiality, the compliance officer shall inform him/her that the request may limit the Charter School's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the Charter School shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

6. Mediation: Within three business days after the compliance officer receives the complaint, he/she may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the Charter School shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the Charter School shall then continue with subsequent steps specified in this administrative regulation.

7. Investigation of Complaint: Within ten business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or his/her representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or

his/her representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. He/she shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the Charter School's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the Charter School's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

In accordance with law, the Charter School shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the Charter School to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

The compliance officer shall apply a "preponderance of the evidence" standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

8. Report of Findings:

- **OPTION 1:** Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant, and respondent if there is one, a written report, as described in the section "Final Written Decision" below, within 60 calendar days of the Charter School's receipt of the complaint. (5 CCR 4631)
- **OPTION 2:** Unless extended by written agreement with the complainant, a final decision shall be sent to the complainant within 60 calendar days of the Charter School's receipt of the complaint. Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written

report, as described in the section "Final Written Decision" below. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five business days, file his/her complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. When required by law, the matter shall be considered in closed session. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the Charter School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. (5 CCR 4631).

In resolving any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent also shall be sent the Charter School's decision and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

9. Final Written Decision: The Charter School's decision on how it will resolve the complaint shall be in writing and shall be sent to the complainant and respondent. (5 CCR 4631)

In consultation with the Charter School's legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the Charter School's decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved attends a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language. In all other instances, the Charter School shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For all complaints, the decision shall include: (5 CCR 4631)

- The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:
 - Statements made by any witnesses
 - The relative credibility of the individuals involved
 - How the complaining individual reacted to the incident
 - Any documentary or other evidence relating to the alleged conduct

- Past instances of similar conduct by any alleged offenders
- Past false allegations made by the complainant
- The conclusion(s) of law
- Disposition of the complaint
- Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- The manner in which the misconduct affected one or more students' education
- The type, frequency, and duration of the misconduct
- The relationship between the alleged victim(s) and offender(s)
- The number of persons engaged in the conduct and at whom the conduct was directed
- The size of the school, location of the incidents, and context in which they occurred
- Other incidents at the school involving different individuals

Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600.

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

- The corrective actions imposed on the respondent
- Individual remedies offered or provided to the complainant or another person who was the subject of the complaint, but this information should not be shared with the respondent.
- Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence

Notice of the complainant's and respondent's right to appeal the Charter School's decision to CDE within 15 calendar days, and procedures to be followed for initiating such an appeal.

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

- He/she may pursue available civil law remedies outside of the Charter School's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with CDE. (Education Code 262.3)
- The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
- Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

10. Corrective Actions: When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the Charter School's environment may include, but are not limited to, actions to reinforce the Charter School's policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

- Counseling
- Academic support
- Health services
- Assignment of an escort to allow the victim to move safely about campus
- Information regarding available resources and how to report similar incidents or retaliation
- Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
- Restorative justice
- Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation
- Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

- Transfer from a class or school as permitted by law
- Parent/guardian conference
- Education regarding the impact of the conduct on others
- Positive behavior support

- Referral to a student success team
- Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law
- Disciplinary action, such as suspension or expulsion, as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Charter School shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The Charter School may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the Charter School does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes for students in elementary schools, or any requirement related to the LCAP is found to have merit, the Charter School shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51223, 52075)

For complaints alleging noncompliance with the laws regarding student fees, the Charter School shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (Education Code 49013; 5 CCR 4600)

11. Appeals to the California Department of Education: Any complainant who is dissatisfied with the Charter School's final written decision of a complaint regarding any specified federal or state educational program subject to the UCP may file an appeal in writing with CDE within 15 calendar days of receiving the Charter School's decision. (Education Code 222, 48853, 48853.5, 49013, 49069.5, 51223, 51225.1, 51225.2, 51228.3, 52075; 5 CCR 4632)

When a respondent in any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) is dissatisfied with the Charter School's final written decision, he/she, in the same manner as the complainant, may file an appeal with CDE.

The complainant or respondent shall specify the basis for the appeal of the decision and how the facts of the Charter School's decision are incorrect and/or the law has been misapplied.

The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the Charter School's decision in that complaint. (5 CCR 4632)

Upon notification by CDE that the complainant or respondent has appealed the Charter School's decision, the Executive Director or designee shall forward the following documents to CDE: (5 CCR 4633)

- A copy of the written decision
- A summary of the nature and extent of the investigation conducted by the Charter School, if not covered by the decision

Board Meeting Format

Section:	V. Governance
Item:	C. Board Meeting Format
Purpose:	Discussion & Potential Action (Vote)
Related Material:	None

BACKGROUND:

- It is recommended that the Board meets to determine health/safety risks of meeting in-person vs virtually. Reference: [Government Code Section 8625](#)
- If a state of emergency as declared by the governor continues to remain active, legislative bodies must “re-up” their decision to teleconference using this flexibility and making a determination every 30 days thereafter. Doing so, the Board must make the following findings, by majority vote:
 - The board has reconsidered the circumstances of the state of emergency.
 - Either of the following circumstances exist: (1) The state of emergency continues to directly impact the ability of the members to meet safely in person, and/or (2) state or local officials continue to impose or recommend measures to promote social distancing.
- The flexibility afforded under AB 361 sunsets on January 1, 2024 and the usual teleconferencing restrictions return to pre-COVID practices/guidelines.

RECOMMENDATION:

- Consider approval to hold the next meeting in a hybrid format, offering both in person and virtual options to attend the Board meeting.
