## **Budget Considerations for 2021-2022**

School Leadership needs guidance and direction from the Board of Directors as they create the strategic plan for the 2021-2022 school year, specifically with regard to Enrollment and Staffing Growth projections since these items will have an impact on the school's budget.

Considerations for the Board of Directors:

### **Enrollment**

• Increase total student enrollment by <u>500-850</u> students for a total enrollment goal of <u>2700</u> <u>3,050</u> students, even after student withdrawals due to graduation or 2020-2021 students that choose not to continue during the 2021-2022 school year.

### Staffing

Transgender and Gender Nonconforming Students Policy - Yosemite.pdf

## **Transgender and Gender Nonconforming Students Policy**

Yosemite Valley Charter School (the "Charter School") is committed to fostering an educational environment that is safe, welcoming, and free from stigma and discrimination for all students, regardless of gender identity or expression; facilitating compliance with local, state and federal laws concerning bullying, harassment, privacy and discrimination; and ensuring that all students have the opportunity to express themselves and live authentically.

The purpose of the Yosemite Valley Charter School Governing Board approving this Transgender and Gender Nonconforming Students Policy is to accomplish the following:

- 1. Define Gender, Gender Identify, Gender Expression, Gender Nonconforming, Intersex, Nonbinary/Genderqueer, Sex, Sexual Orientation, Transgender, and Transition
- 2. Outline Guiding Principles and Requirements of the Charter School
- 3. Establish Privacy and Confidentiality
- 4. Outline the Requirements of Pupil Records
- 5. Establish the Authorization to Use Name and Gender With Which the Student Identifies
- 6. Outline the Requirements of the Student's Preferred Name and Pronoun
- 7. Outline the Requirements of Student Safety
- 8. Establish Restroom Accessibility
- 9. Outline Sports, Athletics, and Physical Education Requirements
- 10. Establish Access to School Activities and Programs
- 11. Establish Course Accessibility and Instruction
- 12. Outline the Training and Publication of the Transgender and Gender Nonconforming Students Policy
- 1. **Definitions**: These definitions are provided not for the purpose of labeling students but rather to assist in understanding this policy and the legal obligations of the school. Students may or may not use these terms to describe themselves or their experiences.
  - <u>Gender</u>: A person's actual or perceived sex, including a person's gender identity and gender expression.
  - Gender Identity: A person's gender-related identity, appearance or behavior, whether or not different from that traditionally associated with the person's physiology or assigned sex at birth. Gender identity may include being female, male, another gender or no gender. The responsibility for determining an individual's gender identity rests with the individual. Children typically begin to understand their own gender identity by age four, although the age at which individuals come to understand and express their gender identity may vary based on each person's social and familial development.
  - Gender Expression: A person's gender-related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth. Gender expression refers to external cues that one uses to represent or communicate one's gender to others, such as behavior, clothing, hairstyles, activities, voice, mannerisms, or body characteristics.
  - <u>Gender Nonconforming</u>: One's gender expression, gender characteristics or gender identity that does not conform to gender stereotypes "typically" associated with one's legal sex

assigned at birth, such as "feminine" boys, "masculine" girls, and those who are perceived as androgynous. Students who adopt a presentation that varies from the stereotypic gender expectations sometimes may describe themselves as gender nonconforming, gender queer, gender fluid or nonbinary.

- <u>Intersex</u>: An umbrella term used to describe natural bodily variations, which can include external genitalia, internal sex organs, chromosomes or hormonal differences that transcend typical ideas of male and female.
- <u>Nonbinary/Genderqueer</u>: An umbrella term for people with gender identities that fall somewhere outside of the traditional conceptions of strictly either female or male. People with nonbinary gender identities may or may not identity as transgender, may or may not have been born with intersex traits, may or may not use gender-neutral pronouns, and may or may not use more specific terms to describe their genders, including but not limited to agender, genderqueer, gender fluid, Two Spirit, bigender, pangender, gender nonconforming or gender variant.
- <u>Sex</u>: It includes, but is not limited to, a person's sex assigned or presumed at birth based on physical characteristics commonly associated with males or females, and is inclusive of a person's gender.
- <u>Sexual Orientation</u>: It means heterosexuality, homosexuality, and bisexuality and is considered to be a person's romantic, emotional, mental and/or sexual attraction to another person based on the gender of the other person.
- Transgender: An umbrella term used to describe people whose gender identity or gender expression is different from the gender they were assigned or presumed at birth. Some individuals who identify as transgender have medically transitioned, are undergoing gender affirming surgeries and hormonal treatments, while others do not choose any form of medical transition. There is no uniform set of procedures that are sought. Individuals may identify as female, male or nonbinary, may or may not have been born with intersex traits, may or may not use gender-neutral pronouns and may or may not use more specific terms to describe their genders, including but not limited to agender, genderqueer, gender fluid, Two Spirit, bigender, pangender, gender nonconforming or gender variant. A transgender girl is a girl who was thought to be a male when she was born. A transgender boy is a boy who was thought to be female when he was born.
- <u>Transition</u>: The unique process in which one goes from living and identifying as one gender to live in alignment with one or more dimensions of the gender with which one identifies. Gender transition can occur at any age and can include social, medical and/or a legal transition.
- 2. Guiding Principles and Requirements: The school shall accept the gender identity that each student asserts. There are no medical or mental health diagnoses or treatment thresholds that students must meet in order to have their gender identity recognized and respected. Students may initiate a process to change their name, pronoun, attire and access to School programs, activities and facilities. The school shall customize support to optimize each student's access according to their gender identity.
- **3. Privacy and Confidentiality:** All persons, including students, have a right to privacy. This includes keeping a student's actual or perceived gender identity and expression private. Such private information shall be shared only on a need to know basis.

Students have the right to openly discuss and express their gender identity and expression, and to decide when, with whom, and how much information to share.

School personnel may encounter situations where students have not publicly disclosed their gender identity; therefore, school personnel must be mindful of the confidentiality and privacy

rights of students when communicating with others, so as to not reveal, imply or refer to a student's gender identity or expression. To ensure confidentiality when discussing a particular concern such as conduct, discipline, grades, attendance or health, school personnel should focus on the concern, not the student's gender identity or expression. For example, describe the matter in terms of the underlying issue (behavior/conduct, grade issue, attendance issue, health concern) without referring or linking to gender identity or expression.

When communicating with a student's parent, legal guardian, or educational rights holder ("parent"), school personnel should be aware that the student may not have disclosed their gender identity to their parents. When school personnel find it important to discuss a student's gender identity or expression with parents (if, for example, the student is being bullied based on their gender identity or expression), school personnel should consult and work closely with the student to assess the degree to which, if any, the parent is aware of the student's gender identity or expression and is supportive of the student, and school personnel shall take into consideration the safety, health and well-being of the student in deciding whether to disclose the student's gender identity or expression to parents.

4. Pupil Records: The School is required to maintain in perpetuity mandatory permanent pupil records which include the legal name and sex of the student as indicated on official government issued documents such as birth certificates, passports and identification cards/permits. Mandatory interim pupil records may include, but are not limited to, progress and grade reports, transcripts, assessment data, health records, Individualized Education Programs (IEP) and Section 504 Plans. Permitted pupil records may include, but are not limited to, objective counselor and/or teacher ratings, standardized test scores older than three years, routine discipline data and verified reports of relevant behavior patterns. Per California law, student enrollment forms allow a parent to designate their child's gender as male, female or nonbinary.

The School will change a student's name and gender, or that of a former student, on pupil records when the name and/or gender of the student are changed. The student or former student may document the gender change by any of the following: State issued driver's license, birth certificate, passport, social security card, court order indicating a name change or a gender change or both. The new name and/or gender are the student's legal name and gender for all purposes, including school registration. Upon the submission of proper evidence of the aforementioned documentation, the student's legal name and/or gender in all school records shall be changed to reflect the legal name and/or gender change.

5. Authorization to Use Name and Gender With Which the Student Identifies: The School shall permit students to use the name and gender with which they identify on school records, including pupil records. The records may include, but are not limited to, identification badges, classroom and homeroom rosters, certificates, programs, announcements, office summons and communications, team and academic rosters, diplomas, newspapers, newsletters, yearbooks and other site-generated records.

Upon authorization, the School shall input the student's name and gender with which they identify in the appropriate fields of the School's electronic data system to indicate how the student's name and/or gender will appear on documents issued by the school. If the authorization does not amount to a legal change in name or gender, the change will be reflected in the preferred name section of the School's electronic data system.

After the school receives and verifies the contents of the completed legal authorization, the School shall change the name and/or gender of the student in the School's electronic data system and enter or cross-reference the name as AKA in the cumulative folder and registration card. This change is effective for School records only. If a student were to transfer to another

school, the student should inquire at that school about a similar process.

**6.** Names/Pronouns: Students shall be addressed by the name and pronoun that corresponds to their gender identity asserted at school without obtaining a court order, changing their pupil records or obtaining parent/legal guardian permission.

Students shall be known by their name and gender of identity. However, there may be situations (e.g., communications with the family, state or federal records, pupil records where a name or gender with which the student identifies isn't authorized, and assessment data) where it may be necessary and recommended for staff to be informed of the student's legal name and gender. In these situations, staff should prioritize safety, confidentiality and respect of the student in a manner consistent with the law.

If school personnel are unsure how a student wants to be addressed in communications to home or in conferences with parents/legal guardians/educational rights holders, they may privately ask the student how they want to be referred to when communicating with parents/legal guardians. For communications with a student's parent/legal guardian, educational rights holders, school personnel should refer to this policy's prior section on "Privacy and Confidentiality."

Every effort should be made to use names and pronouns consistent with a student's gender identity. While inadvertent slips or honest mistakes may occur, the intentional and persistent refusal to respect a student's gender identity is a violation of School policy and may constitute discrimination under State law.

7. Student Safety: School staff must ensure that students are provided with a safe school environment that is free of discrimination, harassment, bullying or intimidation, which may include providing interim safety and emotional support measures. School staff and families should work together to resolve complaints alleging discrimination, harassment, bullying or intimidation based on a student's actual or perceived gender identity or expression.

School staff shall take all reported incidents of bullying seriously and take appropriate measures to ensure that the bullying stops.

School administration shall respond immediately to incidents of discrimination, harassment, bullying or intimidation by taking actions that include, but are not limited to the following: a) intervening to stop the behavior; b) investigating and documenting the matter; c) determining and enforcing appropriate interim measures and corrective actions; and d) monitoring to ensure that the behavior does not reoccur.

School staff should take all reasonable steps to ensure safety and access for students and support students' rights to assert their gender identity and expression. Interim safety measures may include increased monitoring of the parties, providing options for the parties to avoid or minimize contact in academic and extracurricular settings, safety plans, training and educational materials to address climate, and provision of support resources (e.g., academic support, counseling, health and mental health services).

Students shall not be disciplined on the basis of their actual or perceived gender identity or expression.

Students shall be informed they have the responsibility to report incidents of discrimination, harassment, bullying or intimidation to the designated site administrator or Title IX/Bullying Complaint Manager in cases where they may be a target or witness.

Students shall be informed of their role in ensuring a school environment that is free from discrimination, harassment, bullying or intimidation.

In addition to or instead of filing a complaint at a site, any student or their duly authorized representative has the right to file a discrimination, harassment, bullying or intimidation complaint involving gender identity and expression under the Uniform Complaint Procedures with the School's Principal, Dr. Laurie Goodman, <u>laurie@inspireschools.org</u>.

Title IX provides for separate processes and procedures for sexual harassment and sexual assault when the type of conduct falls within the definitions of sexual harassment and sexual assault as provided in 34 C.F.R. § 106.30. In addition, the conduct must have taken place at school locations, events, or circumstances over which the School exercised substantial control over both the individual who has been accused of sexual harassment and/or assault and the context in which the sexual harassment occurs. For these types of complaints, the School will follow the Title IX policy processes and procedures, which may be found in the School's Title IX grievance policy. If the conduct does not fall within Title IX, this policy will be followed. There may be instances where the conduct falls within both policies and the School will follow both policies. The School's Title IX Coordinator is:

Title IX Coordinator – Laurie Goodman Email - laurie@inspireschools.org Phone Number – 559-999-5030

**8. Restroom Accessibility:** Schools may maintain separate restroom facilities for male and female students. Students shall have access to restrooms that correspond to their gender identity. Students who identify as nonbinary should be granted access to the facility which they find best aligns with their gender identity.

If a student desires increased privacy, regardless of the reason, the administrator shall make every effort to provide the student with reasonable access to an alternative restroom such as a single-stall or all-gender restroom. The use of a restroom should be determined by the student's choice; no student shall be compelled to use an alternative restroom. For safety reasons, students should be given access to a restroom that allows reasonable access for appropriate supervision by staff. Regardless, all students are expected to exemplify appropriate behavior in restrooms.

**9. Sports, Athletics and Physical Education:** When conducting physical education classes and fitness evaluations, teachers will address and evaluate students by their gender identity.

Performance on the state physical fitness test (Fitnessgram) is evaluated by the State of California in accordance with the sex reported. Students are to be tested according to their gender identity when students identify with a gender different from that in their pupil records. Test administration on this instrument allows for a designation of nonbinary or for students to not disclose their gender to the test administrator. However, the Healthy Fitness Zone charts, or health- related standards used to evaluate performance, are based on female and male genders only. In these events, physical education teachers shall make every effort to maintain confidentiality of student information.

Participation in competitive athletics, intramural sports, athletic teams, competitions and contact sports shall be facilitated in a manner consistent with the student's gender identity and in accordance with the California Interscholastic Federation constitution and bylaws. Students who identify as nonbinary should be granted the opportunity to participate in athletic activities they find best align with their gender identity.

- 10. School Activities and Programs: Students have the right to equitable access to activities and programs in their school. Students may not be excluded from participation in, be denied the benefits of, or be subjected to harassment or other forms of discrimination on the basis of their actual or perceived gender identity or expression in any program or activity. These activities and programs may include, but are not limited to, cheer class, homecoming, prom, spirit day, celebrations, assemblies, acknowledgments, field trips, afterschool activities and programs, and all extra-curricular activities.
- 11. Course Accessibility and Instruction: Students have the right to equitable learning opportunities in their school. Students shall not be required to take or be denied enrollment in a course on the basis of their actual or perceived gender identity or expression in any educational and academic program.
- **12. Training and Publication:** The School shall conduct training for all staff members on their responsibilities under applicable laws and this policy, including teachers, administrators, counselors, social workers, and health staff. Information regarding this policy shall be incorporated into training for new school employees.

This policy will be distributed annually to students, parents/guardians and staff and it will also be included in any student codes of conduct, student handbooks and school websites.

### Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within the LCAP Federal Addendum Template.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that the LCAP
Federal Addendum should not drive
LCAP development. ESSA funds are
supplemental to state funds, just as the
LCAP Federal Addendum supplements your
LCAP. LEAs are encouraged to integrate
their ESSA funds into their LCAP
development as much as possible to
promote strategic planning of all resources;

however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

## **Strategy**

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Yosemite Valley Charter School will use Title I funds to supplement and enhance local priorities and initiatives funded with state funds, as reflected in the Charter School's LCAP. Specifically, Title I funding is used to provide more intensive support in an effort to close the achievement gap for the 47% of the Charter School students who are considered unduplicated high need students. 46% Socioeconomically disadvantaged, 1% English Learners, and .09% homeless). Based on the CA Dashboard, socioeconomically disadvantaged students, English learners and homeless youth are not making adequate progress towards achieving grade-level academic standards. The Charter School believes that providing these students with targeted supports will help these students meet academic goals. Targeted intensive supports include academic intervention and support, social-emotional intervention and support and parent and community engagement.

### **Local Priorities:**

Academic support is provided in the form of intervention classes and programs, academic support and instructional materials, technology, virtual academy classes, curriculum development, professional development, academic incentive programs, Career & Technical Education (CTE) Pathways, college and career preparation, and staffing (Intervention Specialists, Virtual Academy Instructors, Compliance Coordinator.)

Parent and Community Engagement is provided in the form of parent education meetings, workshops, classes, and recordings, multiple methods of communication, incentives for engagement, and staffing (Community Connections Coordinator.)

Social Emotional Learning (SEL) is provided in the form of SEL classes for students, curriculum development, professional development, parent meetings and trainings, a Transition Program staffed by 2 transition teachers, and staffing (counselors, SEL Specialist, etc.)

The Charter School believes that these efforts will lead to increased academic achievement on state and local assessments for unduplicated students.

## **Alignment**

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The Charter School will use federal funds to supplement LCAP goals and priorities funded with state funds. Through the LCAP drafting process, The Charter School is careful to align the use of federal funds with activities funded by state and local funds to enhance the educational experience for students. Activities funded with Title I are based on the needs of our students and community. In the LCAP the Charter School outlines all of the schools strategies, actions, services, goals and measurable outcomes. In order to ensure alignment, the Charter School's LEA Federal Addendum to the LCAP discusses strategies and activities that are based on federal funding which are in addition to our overall approach outlined in the LCAP.

The following are examples of supplemental services that will be offered in an effort to support students in meeting challenging academic standards:

- -Intervention services to students identified as low performing or at risk of failing. An example is the development of targeted intervention online classes using intervention specialist teachers for our lowest performing students in English Language Arts and math.
- -Professional learning opportunities to support teachers and parents with standards implementation and instruction. For example, we contracted with Tulare County office of Education to provide learning coaches to teach a series of math workshops to our intervention teachers, gen ed teachers with lowest performing students, parents of low performing students, and on occasion the students. These workshops involved all stakeholders in teaching and learning best math practices that are research based and standards aligned.

Using these funds together will allow us to intensify our change efforts, to work on academic, parent engagement, and socio-emotional areas simultaneously, and to support instructional improvements.

### **ESSA Provisions Addressed Within the LCAP**

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

## TITLE I, PART A

## Monitoring Student Progress Towards Meeting Challenging State Academic Standards

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(1) (A–D)	1, 2, 4, 7, 8 (as applicable)

Describe how the LEA will monitor students' progress in meeting the challenging state academic standards by:

- (A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
- (B) identifying students who may be at risk for academic failure;
- (C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
- (D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

### Overuse in Discipline Practices that Remove Students from the Classroom

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(11)	6 (as applicable)

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

### **Career Technical and Work-based Opportunities**

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(12)(A–B)	2, 4, 7 (as applicable)

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

- (A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and
- (B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

## TITLE II, PART A

### **Title II, Part A Activities**

ESSA SECTION	STATE PRIORITY ALIGNMENT
2102(b)(2)(A)	1, 2, 4 (as applicable)

Provide a description of the activities to be carried out by the LEA under this Section and how these activities will be aligned with challenging State academic standards.

## TITLE III, PART A

### Parent, Family, and Community Engagement

ESSA SECTION	STATE PRIORITY ALIGNMENT
3116(b)(3)	3, 6 (as applicable)

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

# **ESSA Provisions Addressed in the Consolidated Application and Reporting System**

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

## TITLE I, PART A

## **Poverty Criteria**

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

### **ESSA Provisions Not Addressed in the LCAP**

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

## TITLE I, PART A

### **Educator Equity**

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

### THIS ESSA PROVISION IS ADDRESSED BELOW:

Not Applicable for Charter School

### Parent and Family Engagement

ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

### THIS ESSA PROVISION IS ADDRESSED BELOW:

### ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

N/A. We have no schools identified for CSI or TSI.

### Development of the parent and family engagement policy [ESSA Section 1116(a)]

Describe the LEA parent and family engagement policy, how it was developed jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy.

The Charter School involves parents of Title I students in an organized, ongoing, and timely way. Additionally, parents will be involved in the planning, review, and improvement of its Title I programs and the Title I parental involvement policy. The policy will be annually distributed in the Parent

Student Handbook and be included in board policy. It will be available on the school website with hardcopies available as needed from the school office. The Parent Involvement Policy is based upon Board Policy and Administrative Regulations to ensure compliance with both Federal and State regulations. It will be updated annually based on recommended changes from our legal team at the Law Office of Jennifer McQuarrie and Procopio and through feedback received from our parent advisory group and School Site Council.

Parents are involved in the governing of the school through participation in surveys, School Site Council, and our parent advocacy group. Parent groups may assist the director with community outreach, resource development, extracurricular programs, and community service projects.

### Assistance to parents [ESSA Section 1116(e)(1)]

Describe how the LEA will provide assistance to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children.

Weekly parent newsletters are emailed informing parents of important events and ways to support their children at home.

Parents and students meet with their teacher at least once every 20 school days in Learning Period Meetings to discuss and review the completed body of work, make assignments for the following Learning Period, and assess student progress towards mastery of the standards through the use of course outlines and state standards pacing guides. An individualized Learning Plan is created for each student in the meeting with the parent, student and teacher. These Learning Period meetings provide teachers with an opportunity to review with the parent the student's progress towards the academic standards through a review of the body of work. Teachers use assessments to discuss curriculum options and to make adjustments to the student's individualized learning plan, such as an addition of an intervention program. For high school students, teachers review the student's graduation plan regularly throughout the semester with the parents to ensure the student is on pace to meet their post-graduation goals. The teacher uses information gathered during these meetings to help the student and their parent plan goals for the following Learning Period. Student learning and goals are recorded on the Monthly Learning Plan document, which is shared with students and parents and reviewed during the following Learning Period meeting. The Learning Period meetings also build relationships with students and their parents to provide consistency. Finally, during Learning Period meetings, teachers are able to provide families with resources and connect them to local services if needed.

Parent Information Sessions such as Back to School take place two to three times per year to allow families to make decisions about curriculum options, elective options, vendors, and support resources.

### Training and materials for parents to improve achievement [ESSA Section 1116(e)(2)]

Describe how the LEA will provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement

Within monthly Learning Period meetings, teachers offer resources, materials, and training to help parents improve their children's achievement. Students and their parents work with the teacher to select curricular materials and instructional methods to meet each child's learning styles, needs, and

goals. They create a Personalized Learning Plan together. Teachers also offer parent training in best practices of teaching skills during the Learning Period meetings.

Throughout the year, parents are offered opportunities for training such as workshops in teaching math through Tulare County Office of Education, and free online workshops posted in our monthly newsletter. Online parent workshops are offered both by our teachers through "Parent University" and through outsourcing free webinars. All opportunities are posted in our newsletter and through invitations from their student's teacher. These workshops cover a range of topics, including curriculum options, literacy, math instruction, college preparation, career planning, technology usage, internet safety, and topics related to testing and assessment. They are research based, standards aligned and make use of best teaching practices.

The Charter School has created an intervention website for parents which lists resources in teaching reading fluency, writing, and math instruction.

We also provide all of our students with online curriculum so that students and parents can work with standards based curriculum from anywhere. This was a step to level the playing field to ensure that students with all income levels have access to standards aligned digital learning tools.

Teachers at all grade levels, from Kindergarten through high school, provide individual training to parents about how to use the parent portal system to access real time attendance and assessment information.

### Staff education on working with parents [ESSA Section 1116(e)(3)]

Describe how the LEA will educate teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.

Our teachers and staff value parent participation. High attendance at parent Learning Period meetings, online student clubs, and parent online workshops demonstrate effectiveness in this area. This year our parents have given strong feedback that they wish to attend community events and field trips which were formerly strongly attended but canceled this year due to COVID 19. These were managed by Community Connections Coordinators who built connections and ties in our school community. We plan to continue community events when school is able to reopen.

The Charter School provides training and technical assistance to teachers and staff in developing effective parent engagement strategies and activities in each monthly staff meeting and in weekly staff newsletters. Staff are also supported in parent engagement strategies by a regional coordinator who oversees their family engagement and gives training as needed.

Special Education staff and teachers receive both training and coaching on how to work with parents through the IEP process. Our program specialists model this work with staff, demonstrating how to provide extensive, clear explanations that are free of jargon, especially when students are initially qualifying and parents are not familiar with the IEP process.

### Parent involvement programs and activities [ESSA Section 1116(e)(4)]

Describe how the LEA will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

Our current math instruction workshops offered to parents and teachers through Tulare County Office of Education are an example of how the district supports parent requested involvement by contracting with a neighboring district. We offer educational service vendors that parents and students can use to support education. These include tutoring centers and other educational enrichment opportunities.

## Communication with parents in format and language parents can understand [ESSA Section 1116(e)(5)]

Describe how the LEA will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

When communicating with parents, we do not assume they have access to the internet or speak English at home, therefore, our communication strategies include multiple avenues such as surveys, email, social media, school websites, telephone calls, and text messages. We also have identified families who do not speak English at home (based on Language Surveys) and translated communications in a language accessible to them. Administrators and regional coordinators also call parents of children who would benefit from services, tutoring, or other programs if initial outreach through standard communication channels is not effective. Often a friendly conversation with the parent is all that is needed to get them enrolled in programs and activities that would benefit the student.

### Support for parental involvement activities requested by parents [ESSA Section 1116(e)(14)]

Describe how the LEA will provide such other reasonable support for parental involvement activities as parents may request.

Parent consultation, both for the LCAP and during Title I meetings, has impacted the LCAP and our plans for the use of Title I funds. For example, Parents have expressed through surveys, conversations with their teachers, and through the parent advocacy group that they would like support in social-emotional learning. Therefore we have started offering SEL lessons every month to parents in learning period meetings, resources in the weekly newsletter, and will be offering classes and curriculum to our TK-12 students in SEL. In another example, parents also expressed a need in supporting their students in language arts and math instruction. Therefore, we started optional online intervention classes in language arts and math and required a parent orientation before they signed up their children. Parents requested more affordable tutoring options, so we hired high school tutors to be peer tutors to the students in our school which has become a popular tutoring option for our students. Parents have also expressed an interest in weekly virtual classes for elementary and middle school which is in the early stages of school planning. Parents expressed frustration with the multitudes of websites and pages, so we have started using the platform Beehively which houses all school and teacher communication, newsletters, and web pages on one easy platform for parents to use. We are building intense Parent Professional Developments in the areas of workshops, classes, and courses in which parents can be empowered to help their children learn through research based. standards aligned, and best practices.

### Informed parent participation [ESSA Section 1116(f)]

Describe how the LEA will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language such parents understand.

Consultation with parents and families, supplemented by input from our teachers, who have extensive communication with families, drives parent participation planning. First, we heard from parents that our communications did not meet their needs because it was only through teachers who communicated at different times and news went out inconsistently. In response, we transitioned to Beehively, which provides targeted or mass communication via e-mail and through the website platform for easy retrieval.

Due to the nature of all online learning and communication this year, families were able to check out chromebooks and hotspots from our local office if they did not have the technology they needed during this time. Yosemite Valley Charter also provided shipping of these items to families as needed.

Although we have a small number of English learners, we have 36 students whose families speak a language other than English in the home. We offer translation and a bilingual teacher or translator when feasible.

We also offer the use of assistive communication technology where needed, including at Board meetings and board meetings are available via teleconferencing and remote participation via Zoom.

In response to parent requests made during the LCAP process, we are in the process of revising our TK-8 learning plans, course outlines, and work records, which were formerly overwhelming, and very cumbersome. We want to provide information that is more meaningful to parents in tracking student learning through the standards. We are transitioning to easier-to-follow, at-a-glance course outlines for TK-8 where parents can easily map out the learning for the year with their teacher and track progress on core focus standards with simplified wording and built in resources for parent use.

### Alignment required in Section 1116 to LCAP stakeholder engagement process

Also include how the LEA will align parent involvement required in Section 1116 with the LCAP stakeholder engagement process.

We consult with a broad range of stakeholders about their priorities in a series of meetings and surveys throughout the year, supplemented with additional information gathering, communication, and focus groups. For parents and family members specifically, we hold meetings where families provide input on their priorities for the LCAP. Principals discuss the LCAP in School Site Council meetings and in other parent meetings, gatherings, and trainings. These comments/suggestions, along with the student achievement and school climate data informed the drafting of the LCAP goals, actions, and services.

# Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

### THIS ESSA PROVISION IS ADDRESSED BELOW:

Title I funds are utilized to supplement funds used to support students in meeting challenging academic standards. Yosemite Valley Charter receives Title I funds for Targeted Support programs. A comprehensive needs assessment that is based on State and local data is utilized to determine the appropriate use of Title I funds. Each year, the Charter School conducts a comprehensive data analysis of student achievement, including multiple measures of student performance. At the end of the year, the Charter School will use California Assessment of Student Performance and Progress (CAASPP) data to analyze student achievement. To assess student achievement needs on an ongoing, formative basis, the administrators and teachers at the Charter School will use benchmark common core standards-based assessments and teacher diagnostics to assess students' mastery of the Common Core Content Standards taught. The needs assessment is included in Yosemite Valley Charter's process for the cycle of continuous improvement. This process includes the following elements:

Analyzing data from the California Dashboard, benchmark, and local assessments

Identification of a problem of practice

Identifying a root cause to resolve the problem of practice

Identifying evidence-based highest priority actions/strategies to impact student outcomes

Operationalizing the identified actions/strategies in the WASC Schoolwide Action Plan

Identifying measurable outcomes as a means to evaluate progress toward accomplishing the goal.

It is important to differentiate support for our students. As a result, Yosemite Valley's expectation is that school plans identify the gaps in performance across student groups, allowing for the narrowing of gaps and to accelerate academic performance. Strategies are targeted intensive supports which include academic intervention and support, parent and community engagement and social -emotional intervention and support.

Academic Support includes opportunities for low performing students to meet academic standards, such as tutoring services, personalized educational plans, personalized curriculum selections, intervention specialists, virtual academy instructors, compliance coordinator, online academic support and instructional materials, technology, curriculum development, professional development, academic incentive programs, Career & Technical Education (CTE) Pathways, and college and career preparation, and other evidence-based intervention programs.

Parent engagement strategies meet the needs of all students in the school with a specific focus on the lowest achieving students and student groups who are at risk of not meeting grade level proficiency. Parent and Community Engagement is provided in the form of a community connections coordinator, parent education meetings, workshops and classes, multiple methods of communication,

and incentives for engagement. These strategies may include counseling, additional teacher Professional Development, parent engagement opportunities and supplemental curricular materials.

Social Emotional Learning (SEL) is provided in the form of classes for students, curriculum development, professional development, parent meetings and trainings, Transition Programs (2 transition teachers), SEL specialists and psychologists.

All school site plans are:

Developed in collaboration with stakeholder groups

Based on the needs of students and analysis of the prior year's goals and strategies.

Reviewed by the district twice a year for Title I allowability, the use of effective evidence-based strategies and effective analysis of student outcomes.

Developed to ensure effective and timely interventions to students and student groups who are identified as low performing

Written in language that all stakeholders can understand

Title I funding is used to provide more intensive targeted support in an effort to close the achievement gap for the 47% of Yosemite Valley Charter students who are considered unduplicated, high need students. (46% Socioeconomically disadvantaged, 1% English Learners, and .08% Foster Youth/Homeless). Based on the CA Dashboard, California Longitudinal Pupil Achievement Data System (CALPADS), Home Language Surveys (HLS), Household Data Collection (HDC) forms, and Housing Questionnaires, We can identify students in the greatest need of support. Our identified socioeconomically disadvantaged, English Learners, and Foster youth students are not making adequate progress towards achieving grade-level academic standards. Yosemite Valley Charter believes that providing these students with targeted supports will help these students meet academic goals. Targeted intensive supports include academic intervention and support, social-emotional intervention and support and parent and community engagement.

### **Homeless Children and Youth Services**

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

#### THIS ESSA PROVISION IS ADDRESSED BELOW:

The Charter School recognizes the right of all students residing within the school's boundaries, including those who are homeless, the opportunity to enroll in, and participate in the Charter School's educational and support programs. The Charter School will adhere to the provisions of the McKinney-Vento Homeless Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other

children and youths. The Charter School will include specific information in outreach materials, websites, and at community meetings notifying parents that the school is open to enroll and provide services to all students, which shall include a district standard contact number to access additional information regarding enrollment. A student's IEP will never be required prior to participation in any attendance lottery or as a condition of enrollment.

#### School Homeless Liaison

The school leader will designate a member of the leadership team as the School Homeless Liaison ("Homeless Liaison") for homeless students attending a school or program. The Homeless Liaison receives annual training in appropriate enrollment practices and techniques for homeless students and families. Training includes informing families about immediate enrollment, regardless of documentation, guiding families through filling out registration documents and providing families with a list of pamphlet designed to inform them of the services provided for them. The pamphlet also includes the contact information our homeless liaison so that parents and students know who they can contact for help.

The Homeless Liaison shall ensure that:

- 1. Homeless students are identified by school personnel and through coordinated activities with other entities and agencies.
- 2. Homeless students enroll in, and have a full and equal opportunity to succeed in, its schools and programs. Enrollment disputes are mediated in accordance with law, Board policy, and procedure.
- 3. Homeless families and students receive all educational services for which they are eligible.

Parents/guardians are informed of the educational services and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children. Homeless students are provided with technology, supplies and counseling in order to support them academically as well as social-emotionally. These needs could include academic, attendance, or social emotional support. The Charter School helps support the needs of our homeless students as well as offering counseling services to students in need. Graduation requirements are adjusted for homeless students as necessary and our enrollment practices are in alignment with the McKinney-Vento Homeless Assistance Act.

Other services provided to homeless students include:

**Educational Planning** 

Tutoring or other instructional support

**Expedited Evaluations** 

Staff development/awareness

Referrals for Medical, Dental, and other services

Assistance with Participation in School Programs

Counseling

Coordination between Schools and Agencies

### Obtaining or Transferring Records for easy Enrollment

Referrals to other programs or services including housing

Finally, our middle and high school students who are homeless are provided materials and workshops in an overview of the college entry programs and services available to homeless students and transition to college and career.

### Student Rights

Homeless students who are enrolled in the Charter School have the right to:

- Equal access to all educational programs and services, including transportation and school nutrition programs;
- Continue to attend the Charter School for the duration of homelessness or the current school year, whichever ends first;
- Receive all educational services for which they are eligible.

### **Student Transitions**

ESSA SECTIONS 1112(b)(8) and 1112(b)(10) (A-B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) through coordination with institutions of higher education, employers, and other local partners; and
- (B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

### THIS ESSA PROVISION IS ADDRESSED BELOW:

Yosemite Valley Charter School provides extensive transitional programs.

### Transition into Our School Model

Through school-provided videos and information during the enrollment process, families are provided the details of our school's educational model. Once enrolled, an initial meeting with their assigned teacher serves to inform parents and students about our school policies and expectations. Together, and with guidance from school leaders and the high school counselor as appropriate, the teacher and the parent develop an Individual Learning Plan (ILP) for each student; this facilitates a smooth transition from the students' previous school programs to the flexible, rigorous academic curriculum of the Charter's instructional program. Students who struggle with the transition are identified early through diagnostic assessments, standards based assessments and teacher observations, and are then given extra support as appropriately deemed through our multi-tiered system of support, to include our intervention program.

### Supporting All Transitions through Social Emotional Learning (SEL)

Transitions of all kinds are supported at our school through our Social Emotional Learning (SEL) program. These transitions can include grade level changes, personal changes in the home, medical changes, and societal changes. Our SEL team has developed comprehensive trainings to provide to our staff. Additionally, on a monthly basis, the SEL team offers slide show presentations (with optional voiceover recordings) and corresponding supplemental resources as tools for teachers to use with each of their students. These SEL lessons complement a monthly webinar offered to high school students on the given theme (such as Anger Management, Relationship Skills, etc). A Padlet with SEL resources has been added to our Students in Crisis Website, Families in Crisis Website, and SPED Transition Website. A Synchronous online SEL class has been created and offered to high school students in grades 9-12 for elective credit. We plan to implement a Transition Project to further support all of our students in need. These changes will include the adoption of SEL curriculum for all grade levels, professional development delivered to all staff on how to support our students in greatest need through transitions, parents trainings/workshops, and incentives for teachers to obtain a SEL certification through a university.

Stakeholder engagement in SEL program will include: Input from school leaders, input from a teacher focus group, survey sent to families, parent focus group, and communications through our school newsletter, emails, and meetings.

### Middle school to high school

So that they can guide their students, teachers are trained in pertinent topics such as: graduation requirements, curriculum options, Career & Technical Education (CTE) programs, A-G College entrance requirements, concurrent enrollments, etc. While students are in 8th grade, teachers meet with students and parents to discuss high school options and requirements. Together, they consider student goals and create an individualized graduation plan. These plans are all reviewed by our counseling department. Once the plan is completed, the teacher and student select classes and order the necessary curriculum before the summer break. Eighth grade students can take a summer course for high school credit if they want to get ahead. Families are also invited to meet with counselors as desired.

We offer high school orientation meetings to all of our new high school students and their families. A career planning course is mandatory for all incoming high school students to learn necessary study and organizational skills. This course also allows the students to begin to explore career options to work towards. As the year progresses, high school support specialists can recommend curriculum and adjust the graduation plan if it isn't in alignment with their most up-to-date life goals.

For our Special Education (SPED) students, we offer the Transition Bridge Program. It is designed to provide support to students and their families as they embark on the high school journey. In order to have an effective, meaningful transition to high school, students and families need to be given tools for academic and social success. Our highly qualified transition team will guide, mentor, and support students throughout the process.

### High school to college and career

The Charter supports students who are credit deficient in meeting graduation requirements. Additionally, we offer our students concurrent enrollment opportunities so that they can get a head start on college or to learn job skills, such as welding or child development. The Charter is currently planning a dual enrollment collaboration with local colleges to make options such as these even more accessible to our students who most need it. Career & Technical Education (CTE) )pathways are made known to our students as course options during the school year as well as over the summer. Next year we enhance student access and success with CTE pathways by staffing several CTE teachers in-house

The Charter checks in on progress towards goals and adjusts the IGP along the way as needed. Then, we launch them into the road for their chosen future. During the senior year, our counseling department offers Free Application for Federal Student Aid (FAFSA) workshops. Scholarship opportunities are posted weekly in the school newsletter to families. We also communicate California State University (CSU) and University of California (UC) application deadlines.

Our Charter offers our Special Education (SPED) students SPED Transition Services that include: Transition SAI (Specialized Academic Instruction), Transition Workshops (getting a driver's license, workplace social skills), transition speaker series, job coaching (ATP), job placement (ATP), agency linkage (DOR, RC). We also have a SPED Adult Transition Program (ATP). The Adult Transition Program serves our special education students from age 18-22 as mandated under state guidelines and insured by the IDEA laws.

## Discussion and Potential Action on the Parent and Family Involvement Policy

Section: III. Academic Excellence

Item: E. Discussion and Potential Action on the Parent and Family

Involvement Policy

Purpose: Submitted by:

Related Material: Parent & Family Engagement Policy - Working Draft.pdf

## **Parent & Family Engagement Policy**

Learning and Educational Agencies and schools receiving federal funding are required to implement a parent and family engagement policy under federal law. See 20 U.S.C. § 6318. The purpose of the Yosemite Valley Charter School Governing Board approving this Parent and Family Engagement Policy is to accomplish the following:

- I. Identify the purpose of the policy and define "parent"
- II. Outline parents and family member involvement in drafting of the School Plan
- III. Establish the ways the School will provide for coordination, technical assistance, and other supports
- IV. Establish the annual meeting content and timeline
- V. Outline the content, delivery method, and other details of the Notice to parents
- VI. Establish ways parents will participate in the planning, review and improvement of Title 1 Programs
- VII. Establish the ways in which the School will build capacity for parent involvement
- VIII. List and describe how the School will coordinate with other programs
- IX. Establish the annual evaluation process for the policy
- X. Establish the School-Parent Compact
- XI. Establish the means to involve parents of Limited English Proficient Student, Disabled Parents, and Parents of Migratory Children
- XII. Establish the notices that will be provided to parents of participating students
- XIII. Ensure that information and materials are provided in ways so they are accessible to all

#### I. <u>Introduction</u>

Research has shown that the attitudes, behavior and achievement of children are enhanced when parents or other caregivers are involved in their children's education. To that end, the Yosemite Valley Charter School (the "School") has adopted this parent and family engagement policy in order to promote learning and provide a more positive learning experience for the students of its schools. Within this policy, the word "parent" is employed. This word is intended to reach any caregiver of students enrolled in the School, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc. This policy has will be incorporated into the School's plan developed pursuant to federal law, and submitted to the California Department of Education with the School's Consolidated Application.

#### II. Involvement in Drafting the School Plan

Parents and family members of participating children will be involved in the development of the School plan required by federal law. On an annual basis, the School will submit the School plan to the Governing Board for review and suggested changes after holding a parent meeting and before the plan is submitted to the California Department of Education ("CDE") with the Consolidated Application. In addition, all parents of participating children will annually be invited to review the School plan and submit comments.

If the School plan is not satisfactory to the parents of participating children, the School will submit any comments from parents of participating children with the School plan when it is submitted to the CDE.

#### III. Coordination, Technical Assistance, and Other Support

The School will ensure the coordination, technical assistance and other support necessary to planning and implementing effective parent and family engagement activities to improve student academic achievement and school performance in the following ways:

- ➤ The School will distribute 95% of the funds reserved pursuant to federal law (20 U.S.C. § 6318(a)(3)(A)) to the school for parent involvement activities;
- ➤ The School (board and school leaders) will collaborate to devise a timeline for parental involvement activities throughout the school year and create a follow up tool to ensure that the activities occur.
- ➤ The School will develop the necessary technical assistance for planning and implementing effective parent involvement activities to improve student academic achievement and school performance.

#### IV. Annual Meeting

Within 60 days of the first day of school, the School shall convene an annual meeting to which all parents of children participating in Title I, Part A programs are invited and encouraged to attend. The School will hold two additional meetings to ensure the maximum parental participation, providing the same information, to be offered at flexible times, such as in the morning or evening.

The information provided at the meetings will inform parents of the School's receipt of Title I, Part A funds and the specific requirements of Title I, Part A. Additionally, parents shall be informed of their rights to be involved in Title I, Part A programs.

#### V. Notice

Within 60 days of the beginning of school, the School will send through electronic methods a notice to all parents containing, but not limited to, the following information:

- ➤ Information about Title I, Part A programs;
- An explanation of the requirements of Title I, Part A programs;
- A description of the rights parents have for participation in Title I, Part A programs;
- A description (including timing of meetings, location, etc.) of how parents can participate in the planning, review and/or improvement of the parent involvement policy and the schoolwide program.
- A description and explanation of the curriculum in use at the School, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards;
- An invitation to attend the annual meeting and additional meetings, providing information about the purpose of the meetings and the dates and times.
- A copy of the most current Parent and Family Engagement Policy and a feedback process for parents to comment on its content.

In addition to mailing this notice to parents of participating children, the School will post the information on its website.

#### VI. Title I, Part A Program Involvement

In order to involve parents in an organized, ongoing and timely way in the planning, review and improvement of Title I, Part A programs, the parent involvement policy and the school-wide program plan, the School will involve parents of participating students as follows:

- The School will conduct two of Family Learning Nights each year where all parents of participating children will be invited to the School to learn about the different Title I, Part A programs, details of this policy and the school-wide program plan. These meetings will be held at flexible times.
- Parents not attending the Family Learning Nights will be contacted to encourage participation and inform them of future Family Learning Nights.
- The School will publish a regular Newsletter with notification of upcoming participation opportunities.
- Each year, the School will hold an End of School Night, at which parents of participating children will be invited to review Title I, Part A programs, the parent involvement policy and the school-wide program plan and recommend any changes.
- If requested by parents of participating children, the School will schedule regular meetings where parents are able to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The School will respond to such suggestions within 60 days.
- If the school-wide program plan is not satisfactory to parents of participating children, the School will submit any parent comments on the plan when it submits the plan.

#### VII. Building Capacity for Involvement

#### A. <u>Standards, Assessments, Title I Requirements, Monitoring Progress and</u> Improving Student Achievement

In order to ensure effective parental involvement and support a partnership among the School, parents, and the community to improve student academic achievement, the School will provide the following programs to assist parents in understanding the challenging State academic standards, State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children (collectively referred to "Standards and Requirements"):

- The School will include one of parent on its board of directors as non-voting members;
- The School will regularly publish in its Newsletter, and/or on its website, descriptions and explanations of State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children.
- Regular meetings will be held by the School to discuss how parents can work with educators to improve their child's academic achievement.

- The School will hold one Family Math and Science Event and one Family Literacy Event to introduce parents to the School's curriculum and its correlation to the State's academic content standards and academic achievement standards.
- Parents will be invited to attend regular classes to learn about State and local academic assessments and to take sample tests.

#### B. Helping Parents to Work with their Children

In an effort to foster parental involvement, the School will provide materials and training to help parents to work with their children to improve their children's achievement through the following programs:

- The School will hold quarterly classes for parents and students to learn how to use computers and the internet in accordance with the School's internet use policy. The training will enable parents to access their children's schoolwork, communicate with teachers, and review information posted about the School.
- The School will provide parents with access to literacy programs that bond families around reading and using the public library.
- The School will provide quarterly seminars on parenting skills and parentchild communication.

#### C. Education on Parent Involvement

The School will annually educate teachers and other school staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the School. The training shall take place each year in staff orientations, annual staff development materials, and other in-service trainings held throughout the school year.

In order to better understand what works best for the current parents of participating children attending the School, the education will take place after the following research is done (which shall be accomplished within the first 90 days of the commencement of the School year):

A survey will be sent home to parents of participating students that solicits information on what skills each parent has to offer the School and what types of parental involvement programs in which parents would most likely participate.

#### **VIII.** Coordination with Other Programs

The School shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal, state and local programs, including public preschool programs and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

The School will coordinate and integrate parent involvement programs and activities with these programs as follows: 1) requiring that the school conduct meetings involving parents, kindergarten or elementary school teachers, and Head Start teachers or, if appropriate, teachers from other early childhood development programs such as the Early Reading First program, to discuss the developmental and other needs of individual children; 2) developing and implementing a systematic

procedure for receiving records regarding such children, transferred with parental consent from a Head Start program or, where applicable, another early childhood development program such as the Early Reading First program; 3)

#### IX. Annual Evaluation

The School, with the involvement of parents, shall conduct an annual evaluation of the content and effectiveness of this family involvement policy in improving the academic quality of the schools served under Title I, Part A, including identifying barriers to greater participation by parents in activities under federal law. The School will pay particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. The School will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, this family involvement policy.

#### X. School-Parent Compact

At the beginning of each school year, the School will enter in to School-Parent Compacts with parents of participating children. The School-Parent Compact will outline how parents, the entire school staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards.

The School with seek out input from parents to annually evaluate the effectiveness of the School-Parent Compact and provide feedback and suggestions for revision.

## XI. <u>Involvement of Parents of Limited English Proficient Students, Disabled Parents, and Parents of Migratory Children</u>

The School shall implement an effective means of outreach to parents and family members of limited English proficient students to inform them regarding how they can be involved in the education of their children, and be active participants in assisting their children to attain English proficiency, achieve at high levels in core academic subjects and meet challenging State academic achievement standards and State academic content standards expected of all student. To accomplish this goal, the School will do the following:

- The School will hold regular meetings, and send notice of these meetings, for the purpose of formulating and responding to recommendations from parents of participating children.
- ➤ The School will provide language translators at parent meetings to the extent practicable.
- The School will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- ➤ The School will provide parents of limited English proficiency with access to English as a Second Language (ESL) classes to increase their English language proficiency to assist their children with homework. The school's administrative staff will visit the classes to interact with the parents.

The School will provide full opportunities for participation of parents with disabilities and parents of migratory children. To accomplish this goal, the School will do the following:

➤ If any parent needs a disability-related modification or accommodation, including auxiliary aids or services, to participate, they need only contact the School at least 72 hours before the scheduled event so every reasonable effort can be made to provide the accommodation.

#### XII. Notices

In accordance with federal law, the School will provide the following notices to parents of children attending Title I, Part A schools:

- Annual report card
- A notice regarding the parent's right to request information regarding the following:
  - o Professional qualifications of the student's teacher(s);
  - The level of achievement and academic growth of the student, if applicable and available, on each of the State academic assessments and timely notice that the student has been assigned, or has been taught for four or more consecutive weeks by, a teacher who does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.
  - Information regarding any State or School policy regarding student participation in any assessments mandated by federal law and by the State and School, which shall include a policy, procedure or parental right to opt the child out of such assessment, where applicable.
- The notice regarding language instruction programs.
- Any other notices required by law.

#### XIII. Miscellaneous

The School shall ensure that all information related to School and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

The School will provide other reasonable support for parental involvement activities as requested by parents.

# Special Education Specialized Academic Instruction (SAI) and Related Services Reopening Plan

The following is the Special Education Departments proposal for reopening for 1:1 in-person SAI and other related services that we use Non-Public Agencies (NPA) to support us with Speech and Language, Occupational Therapy and Counseling.

#### **Non-Public Agencies**

Currently our NPAs are open and are providing these in-person related services to our students. The Talk-Team has sixteen of their nineteen therapists vaccinated and back to work. They should be back to full strength once we return from Spring Break.

#### Case Managers Perform In-Person SAI

It is required by CDE credentialing guidelines that a credentialed certificated special education teacher must provide specialized academic instruction. There are no exceptions to this requirement. Currently we have 12 students who we will need to move back to in-person services in the following counties: Fresno (9), Oakhurst in Madera (1), and Monterrey (2).

#### **Barriers to Case Managers Providing SAI**

- 1. I currently have one Case Manager fully vaccinated and willing to provide in-person services. This has never been a contractual requirement. In past years a Case Manager would receive a \$5,500 stipend per student and mileage. We have prorated to \$1,100 for the remainder of the school year as they will be providing this service for approximately 2-months.
  - a. I currently have three teachers who have stated they might be interested based on location, if they can get vaccinated, and time commitment required. (Some students are 30 minutes once a week as other could be 3, 4 or five times a week for 30 minutes).
    - i. <u>Contingency</u> We have a NPA The Haynes Group currently has two credentialed teachers we can contract with to get the SAI instruction performed and they will have a third by April 6, 2021, when we return from Spring Break.
    - ii. We are not sure if we have The Haynes Group signed on for Monterrey. More to come on Monday.
- 2. Location for holding the SAI lessons has been difficult to find. In non-pandemic years we have used community centers and local county libraries. We have contacted these groups and they are not planning on opening anytime soon for patrons to sit and receive instruction or simply read. We can use the Fresno office for SAI and these lessons do not have to occur behind closed doors, we can hopefully carve out some space in the Lending Library area that is quiet to get this task performed.
  - a. Our three outliers Oakhurst in Madera, and Monterrey (Salinas and Pacific Grove), we will need to find suitable locations until further locations open for use. This service has been performed outdoors in parks etc. as well.
- 3. We will be ready to have these services start the week of April 5 9, 2021, excluding April  $5^{th}$  as we are still on Spring Break

Adult Status of 18-Year Old Students Policy - Yosemite Valley.pdf

## **Adult Status of 18-Year Old Students Policy**

Yosemite Valley Charter School recognizes when a student attains adult status at the age of 18, he/she is granted by law the right to sign all legal documents related to school and to represent himself/herself in all dealings with the school. The parent or guardian of an 18-year old student shall no longer be provided access to the student's records or receive notice of absences or other official communications from the school without the specific authorization of the student. Students receiving special education services are provided adult status in compliance with Education Code <u>56041.5</u> which provides for notification to both the individual and the parent of the individual of procedural safeguards.

The purpose of the Yosemite Valley Charter School Governing Board approving this Adult Status of 18-Year Old Students Policy is to accomplish the following:

- 1. Identify the rights and responsibilities that 18-year old students assume
- 2. Establish the Attendance Guidelines
- 3. Establish the Authorization of Parents/Guardians Responsibility
- 1. **Rights & Responsibilities Assumed by 18-Year Old Students:** The 18-year old student shall assume the rights and responsibilities normally accorded to adults in all matters involving the school. Such rights shall include the right to:
  - A. Have sole access to the cumulative record except as provided for by the Education Code
  - B. Have sole access to student progress reports, including report cards, except as provided for by the Education Code
  - C. Verify all absences from school
- 2. **Attendance Guidelines:** The Governing Board believes that the 18-year old student, having attained adult status, should assume adult responsibilities for attendance at school using standards for attendance that would be common in any place of employment. From the date of the student's 18th birthday, there shall be permitted no more than five absences from any one class in one semester. Additional absences will result in disciplinary action as specified in the Guidelines for Discipline. Exceptions may be made for absences due to serious medical reasons verified by a doctor and/or approved by an administrator.
- **3.** Authorization of Parents/Guardians Responsibility: By written notice to the school, an 18-year old student may authorize the parents/guardians to retain all right previously held by the parents/guardian when the student was a minor.

Should an 18-year old student provide such authorization in writing, the parent/guardian shall be given access to all student records and shall be kept informed of the student's progress in the same manner applied to all students who are less than 18 years old. The student shall be held to standards accorded minor students in all matters of attendance and access to records.
