School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018—19)

Inspire Charter School-South is a tuition-free, public charter school serving transitional kindergarten through 12th grade students in San Diego, Imperial, Riverside and Orange counties. We take great pride in being able to offer our students flexible personalized learning experiences through our many unique and dynamic programs. Offering both flexibility and choice, Inspire empowers families to tailor a school program that is designed around the specific and unique needs of each student. Under the direction of highly qualified credentialed teachers, students engage in learning models that could include 100% online coursework, offline textbook work, project based learning, and unique enrichment opportunities.

Mission

Inspire Charter School-South provides a flexible personalized learning experience, empowering families to tailor a program designed around the specific needs of each student. In collaboration with fully credentialed teachers, students engage in diverse and dynamic learning pathways and unparalleled enrichment opportunities to achieve personal and academic success.

Vision

Inspire Charter School-South develops the individual gifts of students to become critical thinkers, responsible citizens, and innovative leaders prepared for academic and real life success in the 21st century.

School Facility Conditions and Planned Improvements

Inspire Charter School - South is an Independent Study Charter School and takes great efforts to ensure that all administrative offices are clean, safe, and functional. To assist in this effort, we use the facility survey instrument developed by the State of California OPSC. The results of this survey are available at the administrative office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	38.0%	43.0%	39.0%	41.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	22.0%	23.0%	22.0%	23.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education (CTE) Programs (School Year 2017–18)

Inspire Charter School - South continues to develop and implement Career Technical Education (CTE) pathways to help prepare students for rapidly shifting workplace requirements. In alignment with the statewide Doing What Matters Initiative (DWMI), we will strive to develop a CTE program that is responsive to the needs of regional economies. Thus, we are actively collaborating with local college and industry representatives to implement CTE course pathways, internships, and/or industry certificates that will help prepare students for the regional labor market needs. Our CTE program is also intended to prepare students for college simultaneously. As such, we are actively working to align our CTE courses with the University of California A-G subject-area requirements. Further, our CTE program will provide access to all students regardless of gender, socio-economic status, special needs, and/or English proficiency.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018—19)

Inspire Charter School - South ensures parents, legal guardians, and teachers have an opportunity to participate in governance of the school. Some of the voting members of the board of directors are nominated by parents/guardians. The parent representatives provide insight of students and families as it is related to program planning, design, and implementation. Parents/guardians assist with field trips, community events, and other school related activities. Parent satisfaction surveys are provided electronically to all parents annually in the spring. The surveys are developed specifically to assess parent input on effectiveness of all aspects of the school from their perspective, related to their experience. The results of the survey are reviewed along with information on program effectiveness from variety of in house assessments such as student and staff engagement surveys, summative and formative assessment data. Survey results are shared with families and community. In addition, the school has partnered with local community organizations and businesses to provide educational workshops, specialty program tracks, and outreach that enrich the students' educational experience.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Professional Development

Inspire Charter School- South believes in building the capacity of staff is crucial for our continuous improvement including the quality of curriculum and instruction. Our structured professional development (PD) opportunities create collaborative and non-threatening conditions for teacher learning that is readily applicable to their practice. The focus of PD sessions are identified through analysis of student performance data, parent survey results, and staff feedback/suggestions. Monthly professional development is built into the school calendar and recorded to support teachers. The recorded PD results in a library of supports that teachers may access as needed for continued support. Professional development and collaboration are an integral part of our school program.
