

Cabrillo Point Academy

MLAC Meeting Minutes

January 18, 2023

[MLAC Slide Presentation](#)

Attendees

1. Jennifer Carrete
2. Maria Ramirez
3. Jenna Lorge
4. Eden Turner
5. Lourdes Ornelas
6. Paty Romero
7. Elianet Martinze
8. Martha Garcia
9. Sherry Johnson
10. Anna Dydykina
11. Marcela Montes de Ocha
12. Kaylee and Beatriz Guadalupe
13. Yuma and Maiko Shimogawra
14. Genesis and Lorena

Open at 12:03 pm

Introduction of MLAC Members

- Martha Garcia
- Elianet Martinez
- Dayna Ornelas

Overview of Reclassification requirements including passing the ELPAC, meeting academic standards, parent and teacher agreement

Benefits of being multilingual including economic, sociocultural, educational and cognitive

Acknowledgment and recognition of the students who reclassified with a celebration video and saying hello on the meeting

ELPAC testing supports shared including test preparation sessions, anxiety workshops, test practice, ELPAC writing videos. (linked in slideshow)

New Business

Cabrillo Testing Dashboard

ELPI @ 47.2% for 1 level of growth, average with the state, 31.9% showed no growth, and 19.4% showed decrease in ELPI

School overview - English learner showed medium growth, ELA medium growth and math low growth, similar to the state

Changes from 20/21-21/22 math remained the same at 39% and ELA decreased from 59% to 52%

Bright spots- We performed better than the state in ELA and Math, some student subgroups performed better than the state in ELA and Math

Math and EL students - Performed about the same as the state, however, 8% of our EL students met or exceeded the standard in math. 77% performed at a level 1

Discussion of testing supports available to support parents and students including workshops on testing anxiety, test strategies, testing overviews and familiarity for student, Tuesday testing tip emails with weekly activities, Parent Pod and collaboration on setting students up for success with testing

Math supports available including Mathematical Mindsets bookclub for parents (book available in SORA), Ivan Alba math workshops for parents in Spanish, math park day games, math practice series workshop

Opportunities to support Spanish speaking parents- wellness wednesday topics on mental health, high school counseling workshops in Spanish, Parent Pod on Literacy in Spanish, In-person coffee chats with bilingual liaison

LCAP Advisory information shared with parents

Feedback from parents- Needing support with vocabulary and math vocabulary, some textbooks do not teach basic fact fluency, supporting students in same language helped them do better with science and social studies concepts, suggestion of having ELD teachers who only work with ELD students.
