Curriculum Implementation

Dear Little Saints,

This week, we focused mainly on going over routines and expectations, to acclimate to being back to school after the Christmas Break. To make sure that the transition back into the classroom happened as smoothly as possible, familiar activities like play dough, journals, and blocks were set out so the children could recall what the environment was like when they were here last. Having familiar activities present also helped reduce anxious feelings (from being away from loved ones) and focused their attention on reconnecting with peers and teachers. At prayer time we introduced the Epiphany and discussed the 3 Wise Men who brought Baby Jesus gifts. The children played with our Nativity Scene, reenacting the gift giving and made connections to their Christmas experience of receiving gifts from their family at home. Our writing center also had an Epiphany activity to practice literacy & fine motor skills as well.
