## Curriculum Implementation

The Toddlers started the week learning about how Jesus is the Lamb of God and they created a lamb art piece glueing cotton balls onto a picture of a lamb. Then they discussed all the rainbows that we saw after the rain last week and how rainbows are God's sign to us that something good always follows the gloomy. They then did a math activity sorting rainbow color pom poms. They ended the week learning about how St. Patrick taught about the trinity using a shamrock to represent God the Father, God the Son and God the Holy Spirit.
