- 3/31 Easter Sunday & PowerSchool Re-Reg due
- 4/8 Return from Easter Break
- 4/12 Rocky Mountain Apple Sales Due

Curriculum Implementation

This week the toddlers explored what God has made. They started the week working on a color and fine motor activity, placing different colored squares across a giant cross as they discussed how we are all different colors too and God loves us for our special uniqueness. Then the toddlers created their own paper tube binoculars, so that they could explore our environment for all the beautiful things God has made us. They sang songs like "Jesus Loves Me" and "He's Got the Whole World in His Hands" and read stories about God's creations.
