Curriculum Implementation

The toddlers have been showing a lot of interest in animals recently so we planned a few animal activities for the week. The children created lion's out of paper plates getting a chance to use their fine motor skills, while reviewing colors and discussing what animals in the wild do. The children also enjoyed pretending to be "clawed" animals with our dramatic play claw gloves. We saw some pretending to be wild cats and others being bears or dinosaurs. We also sang our favorite animal counting songs like 5 little ducks and 5 Green and speckled frogs.
