- May 5 Lydia's Birthday
- May 9-12 Teacher Appreciation Week
- May 18 Feast of the Ascension
- May 24 Mrs. Barajas & Mr. Bill's B-day

## Curriculum Implementation

Dear Preschool Class, Happy Easter, Alleluia! We started our week with an Easter egg hunt. The eggs had stickers inside and the children stuck them on their hands and on the eggs. Then the children colored and painted a coloring page of the Divine Mercy. During circle time they listened to The Chaplet of Divine Mercy in song and we prayed a decade with our rosaries. Then we discussed Earth Day. We read a story called, *The Cleanup Surprise* by Christine Loomis then we cleaned our play yard just like in the story. We reviewed how Earth is the planet where we live and the ways we can take care of it. Then, we had a sorting activity in which the children had to sort plastic, grass, metal and paper in the correct recycling bins. Finally, our ladybugs emerged from their pupae! The children were very excited that the ladybug larvae had completed their transformation into adult ladybugs. The children gained skills in religion, science, math, fine and gross motor.

-Mrs. Barajas & Mrs. Martin
