Curriculum Implementation

Dear Preschool Class, Our focus this week was Family Feasts and being thankful. We thank Ms. Ochoa for coming to our classroom and teaching us about she & Nico's family traditions and how they celebrate a feast. At Circle Time we discussed what thankfulness is and that God made everything in the world for us to be thankful for. They also shared with the rest of the class what they were thankful for with "Thankful Feathers" that we sent home. During free-play the children enjoyed cutting pretend fruits & vegetables to prepare food for their guest. In this activity the children built on social studies, religion, fine motor, socialization, & communication skills. Outside the children made turkey hats & played a game in which they safely catch each other in hula hoops.
