### II. Finance

- Contracts for next school year will go out in the next two weeks. All thirty nine school will have the same contract. The only difference is our school will state that it is a Lumen christi Academy.
- Financial Aid - major difference this year. Parents will be signing a contract with the full tuition amount listed vs the amount remaining after subsidized. The parents will receive a letter with what the proposed financial aid is going to be. QAS will be sending a letter to explain the new contract format.
- BASIC notifications are starting to come in. FACE will come in by April last we heard. There was an extension given so possibly not till May.
- New Website: Beehively Lumen Christi is covering the cost. The company comes out to our location and takes professional photos of the school and students. They are \$100.00 per month per school. The company also runs the website for us; we send what we want posted and they will have it up within 24 hours. We have not confirmed if we will also have access to continue to upload ourselves. The website has a pop-up feature that opens first each and every time you open a page. ECatholic, who we use now, does not have that feature. We will no longer need to worry about updating the website; the company will take care of these things for us. We will find out what the process is to upload the scoop. The website will be less busy and more business looking.
