Free Exercise Program at Lanark Park
Tuesday, Thursday, Friday mornings 8:30am-9:30am.

Kinesiology students from Cal State Northridge teach exercise to all fitness levels for participants 18 years and older.
You may bring your children.
Gratis!

Everyone can participate and the instructors will modify the exercises for them. Diabetes Prevention program at 9:30am

Make change in your life. Live healthier. Move better. Lose weight. Learn how to eat better.

You have hopes and dreams of what exercise can do for you? We will turn them into achievable goals.

Dr. Steven Loy, Professor at CSUN and one of his instructors will meet our parents in the front of our school and they will walk 20 minutes to Lanark Park, 21816 Lanark St., Canoga Park (if you want to drive). Read signs for street parking. South of the park is lots of street parking 2-3 blocks away.
This will be part of your exercise!

Wear exercise clothes and bring a bottle of water.

February 26, 2019. 7:55am, we leave school to Lanark Park. Bring friends!
