What We Do

Agenda

- 
- I. Funding Basics
 - II. Critical Budget Drivers
 - III. Typical School Spending

I. FUNDING BASICS

Revenue Sources

- **91%** Local Control Funding Formula (“LCFF”)
- **8%** Other State Revenue
- **1%** Federal Revenue
- **<1%** Fundraising and Grants

Local Control Funding Formula

- Main source of school funding
- Provides additional funding for “high need” students
 - Low Income (or Free/Reduced Price Meal Eligible or Title I)
 - English Learner
 - Foster Youth

The “**UNDUPLICATED**” count of above groups has significant impact

- School spending accountable to stakeholders through the Local Control Accountability Plan or “LCAP”

Local Control Funding Formula

Segments of LCFF:

**BASE GRANT +
ADD-ONS**

Grade	Base Grant	Add-On	Total
TK-3	\$ 7,459	\$ 776	\$ 8,235
4-6	\$ 7,571	\$ -	\$ 7,571
7-8	\$ 7,796	\$ -	\$ 7,796
9-12	\$ 9,034	\$ 235	\$ 9,269

Other State Revenue

Funding Source	Amount per Student
Special Education (AB602)	\$ 514
Lottery	\$ 194
Mandate Cost Block	\$ 14 - \$ 42
Other One-Time Grants	<i>varies</i>

- Other revenue from the State often provides funding for specific purposes and can vary widely based on program participation.
- While these funds supplement the core LCFF funding, many have required applications, restrictions on spending, and may vary from year to year.

Federal Revenue

Funding Source	Amount
Special Education	\$ 125

- Federal revenue almost always comes with significant restrictions and non-financial programmatic requirements.
- Many of the grants are less predictable in both award amounts and timing of payments.
- Federal revenue can be a great supplement but schools should be fully aware of all requirements prior to applying for or accepting funds.

II. CRITICAL BUDGET DRIVERS

Critical Budget Drivers

While there are a multitude of factors that affect a school's financial condition, the following list represents the most critical in determining what programmatic elements you will be able to afford.

- Enrollment
- Attendance Rate
- Student Demographics
- Staffing and Student-Teacher Ratio
- Timing of Cash Flow

Enrollment and Attendance

Nearly all school revenue is based on the average daily attendance of students, or **ADA**.

Enrollment

The # of students who have signed up for school

Attendance Rate

Of the students enrolled, the percent who actually perform work each school day

ADA

The average # of students who performed work each day during the school year.

Demographics

Student demographics have a significant impact on funding. The following is a comparison across three different demographic scenarios for a 500-student high school.

Sample School 1

Unduplicated Rate = 25%

Base Grant	\$ 4,634,442
Supplemental	\$ 231,722

\$930k Increase

(\$1,854 per Pupil)

Staffing Ratios

Staffing is the largest cost for schools and the first consideration when designing the instructional program. The following are important factors to consider in relation to staffing.

- New vs. Experienced Teachers

Teachers who are early in their careers are significantly less expensive than more experienced teachers. Keep the cost of professional development in mind.

- Student-Teacher Ratio

Typical ratios for charter schools vary from 25 to 30 students per every classroom teacher. While it is possible to balance budgets outside of this range, it will significantly reduce resources for other areas.

- Administrators and Classified Staff

While an experienced and robust team of administrators can have a long-term positive impact on a school, new organizations need to limit overhead until they reach target enrollment. This leads to administrators “wearing many hats” in the early years.

- Pension Costs

The school cost for participating in the State Teachers’ Retirement System (“STRS”) pension plan will be 18.13% of school salaries for the 2019-20 school year and will rise to 19.10% the year after.

Timing of Cash Flows – Year 1

Even if schools maintain a balanced budget, there is a significant difference between when the State pays funds and when schools need to pay staff and vendors. The issue is significantly worse for the first year.

SAMPLE YEAR 1 CHARTER SCHOOL CASH FLOW MAP

	Advance Apprtionment and PENSEC								P1 ADA				P2 ADA
	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Accruals
Normal LCFF	5%	5%	9%	9%	9%	9%	9%	9%	9%	9%	9%	9%	0%

Actual Expense Timing	5%	9%	10%	10%	8%	8%	8%	8%	9%	8%	8%	8%	1%
50%						49%						1%	

Timing of Cash Flows – Year 2

While the school's revenue will begin to even out once stable enrollment is met, there will always be a delay due to how the State calculates and process payments. The only way to ensure sufficient cash is on hand is through the accumulation of cash reserves (year over year surpluses).

SAMPLE YEAR 2 CHARTER SCHOOL CASH FLOW MAP

Assumes same enrollment as year 1

2018-19 Actual Cash Flow

Inspire continues to be severely impacted by the delay in State revenue calculations due to the continued growth in ADA.

2018-19 COMBINED CASH FLOW MAP

III. TYPICAL SCHOOL SPENDING

Spending Requirements

Non-Classroom-Based Requirements (SB740)

- At least **40** percent of total public revenues must be spent on Instructional Certificated Salaries and Benefits, *AND*
- At least **80** percent of total revenues must be spent on Instruction and Instruction-Related Services, *AND*
- The Pupil to Teacher Ratio (PTR) cannot exceed:
 - 25 to 1 or
 - Equivalent PTR of the largest unified school district in county or counties in which the charter school operates

Spending Requirements

Non-Classroom-Based Funding Levels

Funding Level	Certificated Salary and Benefits	Instructional Spending <i>(incl. cert. salaries and benefits)</i>	Pupil : Teacher Ratio
100%	= or > 40% AND	= or > 80% AND	25:1
85%	= or > 40% AND	= or > 40%	N/A
70%	= or > 35% AND	= or > 80%	N/A
Zero	< 35% OR	< 60%	N/A

Spending Ratios

The following is from the 2018-19 forecasts for Inspire Charter Schools by charter:

		Low	High	Average
Enrollment		124	4,570	2,783
Expenses				
Certificated Salaries		30%	37%	33%
Classified Salaries		0%	6%	2%
Benefits		8%	12%	10%
Books and Supplies		5%	21%	15%
Subagreement Services		18%	41%	25%
Professional/Consulting Services		7%	9%	7%
Facilities, Repairs & Other Leases		0%	1%	0%
Operations and Housekeeping		2%	4%	3%
Depreciation		0%	0%	0%
Interest		0%	6%	5%

NOTE: Spending priorities can shift drastically by the age of the school and is also greatly impacted by the SB740 spending requirements.

Spending and Financial Health

The following are a few key metrics and indicators of financial health:

	Low	High	Average
Key Metrics & Health Indicators			
Surplus as a % of Revenue	0%	11%	5%
Fund Balance as a % of Expenses	0%	7%	3%
Cash as a % of Total Expenses	0%	8%	4%
Days Cash on Hand	1	30	14

Some key indicators can vary from year to year but fiscally responsible schools closely monitor certain metrics (like Fund Balance as a % of Expenses and Days Cash on Hand) to safeguard against future economic uncertainties and changing needs.

Empowering charter schools and non-profits with
financial management and operational support.

TEACHER COMPENSATION

Teacher Definition:

For purposes of this schedule, a Teacher is defined as a person who has a valid credential or certificate that allows them to teach a specific subject matter or special education

Salary Placement Guidelines:

Upon hire, each employee's salary placement will be calculated based on the YEAR an employee fits, and in accordance to the professional and teaching experience gathered in previous years in the institutions outlined in this manual and on other factors such as prior performance (which includes a rehired employee).

The starting salary of a new employee may exceed the salary of a current employee in the same position based on the new employee's years of experience.

Creditable Years of Experience:

- The School has the option to grant one (1) YEAR for each one (1) year of approved creditable teaching or professional experience up to 5 (five) years.
- An additional year may be granted for teachers who have school-desired experience in what the school determines to be "hard-to-staff" positions.
- One year of creditable professional or teaching experience will be granted for full-time employment, which is employment for 100% of an institution's normal work schedule during the school year
- A partial year of creditable professional or teaching experience can be granted for up to a year of part-time employment, which is less than 100% of an institution's normal work schedule during the school year.
- Creditable professional or teaching experience may be earned in:
 - California and US public, charter, and private elementary and secondary schools
 - Accredited foreign public, charter, and private elementary and secondary schools
 - California, US, and foreign accredited universities and colleges
 - Non-public special education contract schools for special education teachers
 - Other regionally accredited educational institutions
- Creditable teaching experience is experience as a teacher in one of the institutions outlined above.
- A maximum of 2 years of substitute teaching experience in California and US public, charter, and private elementary or secondary schools may be accepted.
- Two years of teacher assistant experience in the above institutions will be equal to 1 YEAR in the salary schedule up to a maximum of 2 YEARS.
- Other relevant professional experience may be considered by the Principal or designee.

The Principal or his or her designee may adjust a rehired teacher's placement on the pay scale as appropriate based on the employee's accumulated experience following the teacher's separation from the School, which may result in a higher or lower placement on the scale than the teacher would have otherwise been placed had the teacher been continuously employed.

Credential/Certification:

- Teachers holding a valid and active credential (i.e., preliminary, clear, lifetime) California teaching certificate at the time of hiring/rehiring will generally be compensated in accordance with the applicable teacher salary table (B Basis, C Basis or Special Education) for certificated teachers.
- The School may hire teachers with a bachelor's degree who do not hold a clear teaching credential. Staff holding an alternative certification (intern, emergency, or preliminary credential) are rated on the same salary teacher table as certificated teachers.
- A teacher is eligible to advance to the proper Pay Scale level once they meet the requirement for that specific Pay Scale Level and Group based on their creditable years of service and post-BA units, if applicable.
- Any increase in pay resulting from an advancement on the Pay Scale based on the successful completion of post-BA units will not take effect until after the School's receipt of sufficient documentation supporting the advancement. Pay increases for post-BA units will not be paid retroactively. For illustration purposes, if a teacher is awarded a degree on January 15 and provides proof of the degree on May 1, any advancement on the Pay Scale and increase in pay will be effective beginning the first pay period following May 1. The teacher will not be paid at the higher rate of compensation retroactively (i.e., for the periods between January 15 and May 1).
- All teaching credentials must be reflected on the California Commission on Teacher Credentialing's website.

Advanced Degree/Certificate Stipends:

- Teachers who hold a Doctoral degree are entitled to additional compensation of a 7.5% differential (stipend) of their current annual salary on the Salary Table.
- The stipend is not included in your annual salary and may be processed separately from regular earnings.
- National Board Certificate (NBC) holders are entitled to a 7.5% differential (stipend) of their current annual salary on the Salary.
- To qualify for the advanced degree or certificate stipends, employees must submit proof of attainment of the degree or NBC. Stipends will not be paid until sufficient documentation is presented and will not be paid retroactively. For illustration purposes, if a teacher is awarded a degree on January 15 and provides proof of the degree on May 1, any advancement on the Pay Scale and increase in pay will be effective beginning the first pay period following May 1. The teacher will not be paid at the higher rate of compensation retroactively (i.e., for the periods between January 15 and May 1).
- The stipends will be paid as set forth in the Stipend Chart below.

Signing Bonus:

If the School decides to issue signing bonuses, the following requirements shall apply.

- Signing bonuses may be offered to teachers certified in an area of critical concern as defined by the School, to promote diversity, or to address specific concerns at the school.
- The Principal shall designate the individuals authorized to receive the signing bonus.
- The signing bonus must be approved by the Board.
- To qualify for a signing bonus, the teacher must:
 - be certified in the field they are hired to teach.
 - teach in that field of the bonus.

Supplemental Duty Stipends:

- Stipends are assigned and approved by the Principal or his/her designee at the beginning of the school year or semester or as otherwise noted in the chart below.
- Teachers who perform the supplemental duties outlined in the table below are eligible to receive the corresponding stipends as indicated and only if assigned/awarded to the teacher by the Principal or his/her designee. The number of stipends awarded under each category and/or the periods of service during the school year are at the sole discretion of the Principal or his/her designee.
- Supplemental duty stipends are authorized for the specific year assigned and are not renewed for the future years unless specifically authorized for those years. This means additional duties such as New Teacher Trainer, SPED Lead Teacher, etc. are assigned on a year by year basis and are not guaranteed responsibilities that carry over from year to year.
- Supplemental pay will cease when there is no need for the duty, the employee becomes ineligible or as otherwise determined in the sole discretion of the School.
- The School, in its sole discretion, may choose not to offer certain stipends
- Stipend amounts and requirements will be reviewed periodically and may be modified from time to time at the sole discretion of the School.
- Supplemental duty stipends are prorated and will be paid as set forth in the below Stipend Chart, once the Supplemental duty has started.
- Student stipends are paid per semester based on the teacher roster in the months of September and February.

Additional Supplement Bonus ("Supplement"):

The principal may recommend a Supplement for teachers as set forth in this section.

- A Principal, in his or her sole discretion, shall determine what duties shall be supplemented based upon the operational needs of the school.
- A supplement is not automatic, and can be provided at the discretion and approval of the Principal, based on additional work beyond the regular work responsibilities.
- A supplement will be paid to the employee in accordance with the schedule provided by the School at the time of supplement award.
- The supplemental award shall not exceed \$35,000 or 50% of annual salary.
- All supplements listed are paid for the performance of duties beyond the regular work day and normal job responsibilities and are not approved solely on the basis of position classification or previous supplement payment. Additional time spent fulfilling job duties does not constitute a basis for compensation beyond the teachers' regular salary.
- Teacher supplements will be set forth in a Supplement Performance Order. The Supplement Performance Order Request shall be completed and signed by the teacher and the Principal prior to performing the supplemental duties.
- Supplements will be paid in installments or one lump sum if less than \$1,001. However, this option will not be available where it would cause the employee to receive compensation prior to providing the service.
- Additional Supplements may include things such as Winter Break Coverage, Extra Student Pay and Enrollment Milestones.
- To qualify for an extended duty supplement, the following criteria must be met as requested and assigned by the Principal:
 - 1. The Principal must first agree with the teacher on the terms
 - 2. The supplemental work must be separate from the normal job responsibilities.
 - 3. The work must be completed or in the progress of being completed.

Part-time Teachers:

For all part-time teachers.

- Part-time/Full time Status: Compensation for part-time teachers will be \$30.00 per hour. Estimated hours for part-time teachers each week includes a maximum of 10 hours per week for approved non-instructional activities (recruiting, planning, grading, parent conferences, etc.) and one (1) additional hour per week per enrolled student. This allotted time should be sufficient to complete each part-time teacher's duties. All time worked will be compensated at the part-time teacher's hourly rate. Part-time teachers will work no more than up to 17 hours of work per pay period in July and for up to 8.5 hours of training in August.
- Part-time teachers must accurately record and timely submit records of all time worked and observe all lunch and rest breaks as outlined in the School's employee handbook. Part-time employees may not work overtime (i.e., over 8 hours in a workday or 40 hours per workweek) without written authorization from their direct supervisor.

When a case load of 20 students is reached, employees may be rated in and placed on a salary table and given health care benefits contingent upon the teacher's expected maintenance of a case load at the norm of 28 students for full-time teachers. Carrying a case load of less than 28 students over a course of three (3) consecutive months may result in a return to part time status.

CLASSIFIED COMPENSATION

 - Example: Office Manager experience at a private school is accepted as equivalent experience for a person in the Office Manager position, but teaching experience will be applicable experience.
 - Example: SPED instructional aide at a school district, or a company may be equivalent experience for the SPED instructional aide position, but SPED center aide will be applicable experience.
- The evaluation of prior experience and placement on the Salary Scale will be recommended by the Human Resources Department and the Principal or designee makes the final decision, consistent with the School's approved budget.
- The following criteria will be considered in the evaluation of prior experience:
 - The number of days worked in a year must be at least 180 days as a full-time employee
 - The percentage of days worked

 - Example: 3.5 YEARS will be rounded to 4.0 YEARS of experience.
- Rehired employee's years of experience in the same or higher salary placements will be treated as equivalent experience.
- The starting salary of a new employee may exceed the salary of a current employee in the same position based on the creditable years of experience as defined herein.
- Creditable experience may be earned from other schools, districts or any other employer.
- The Principal shall recommend the creation of new positions as needed and will evaluate and recommend placement of the new positions in the appropriate role, together with any necessary budget adjustments required, to be approved by the School Board

Employees should receive approval from their supervisor before working overtime.
- The evaluation of prior experience will be made by the Principal or his/her designee. The following criteria, among others, may be considered in evaluation of prior experience:

PAYROLL ADVANCE POLICY

POLICY BRIEF AND PURPOSE

Our payroll advance policy describes our terms for advancing pay to our employees as an emergency short-term loan.

SCOPE

This policy applies to all employees, with the exception of the Principal and officers of Monarch River Charter School. In addition, temporary employees with contracts that are less than one year will not be eligible for Payroll Advances.

POLICY ELEMENTS

“Payroll advance” refers to employees receiving a portion of their pay before their next normal payday. This does not include any money paid to the employee for work-related expenses.

The School is not obliged to pay employees in advance and may choose to do so if employees have qualifying reasons.

CONDITIONS FOR REQUESTING A PAYROLL ADVANCE

Employees can ask for a pay advance if they:

- *Have been employed with the school for three consecutive months.*
- *Have not taken any other company-sponsored loan.*
- *Do not have any current negative evaluations or disciplinary actions.*

These conditions apply to all eligible employees without discrimination against protected characteristics.

Employees should have a legitimate reason to ask for advance pay, usually an unexpected or unavoidable occurrence. Examples of such reasons, although not conclusive, are for:

- *Family or personal emergencies (e.g. being victims of a robbery or fire, having to pay funeral fees)*
- *Hospital bills not covered by medical insurance*
- *Car repairs not covered by insurance*
- *To save a family home*

Examples of non-qualifying reasons, include but are not limited to:

- Taking a planned vacation
- Entertainment expenses
- Gambling
- Fines

PAYROLL ADVANCE TERMS

Subject to approval, the maximum advance pay may be up to \$5,000. If employees find themselves in need of more frequent or larger pay advances than they are allowed, they should discuss the situation with their Principal. The Principal may decide to make exceptions on a case-by-case basis.

We will deduct the amount of the advance pay from an employee's future paychecks. This may mean:

- Depending on the amount, deducting the full amount from their next paycheck.
- Repaying the amount in small installments out of a number of future paychecks.

The repayment terms must be in writing and signed by employees and will comply with applicable laws.

We will not charge any administrative fees or interest.

If an employee resigns or is terminated before they repay their payroll advance, HR, subject to approval by the Principal, is responsible for reaching a new agreement with the employee. Any relevant legal requirements (whether federal, state or local) must be followed.

PAYROLL ADVANCE AGREEMENTS

Employees who want to request a payroll advance should request a Payroll Advance form from HR. They must:

- Indicate their reasons for filing the form.
- State the amount of money they want to receive in advance.
- Sign to accept this policy's terms.

This procedure must be followed:

1. Employees should submit the form to their Principal or their Supervisor, if the Principal is unavailable.
2. The Principal should first review the form. If they approve, they must sign the form and submit it to HR.
3. HR and the CFO or designee must also review the form and decide whether to grant the employee's request in consultation with the Principal. If they approve, HR must create an agreement form for the pay advance and repayment terms taking any applicable taxes into account. This agreement must be signed by HR, the CFO or designee and the employee and include relevant dates.
4. HR must forward the signed agreement to the accounting department. The accounting department will generally give employees their advance pay through check or bank transfer within a week, if possible, after receiving the form.

If the request is denied, the Principal must inform the employee.

The advance must be paid back within one year of the initial payment to the employee, subject to applicable law. If there is a problem with meeting the requirement then the employee must sign an agreement that moves them toward quickly meeting that requirement.

NOTICE TO BOARD

The Board must be informed by the Principal if an employee resigns prior to repaying their payroll advance.

This Guide is intended to align with the School's charter petition and any Memoranda of Understanding (MOU) with its authorizing entity. The various Chapters herein include, but are not limited to, the School's policies on authorized signers, use of credit cards, employee reimbursements, purchasing, interschool borrowing and lending, and payroll processing..

In developing this Guide, the School reviewed the Charter School Accounting and Best Practices Manual published by the California Fiscal Crisis and Management Assistance Team ("FCMAT"), as well as other relevant information and resources.

CHAPTER 1

Internal Controls

Definition and Importance

Internal controls are the foundation of sound financial management. They include the policies and procedures that help provide reasonable assurance that the School is achieving its objectives and goals by doing the following:

- Ensuring that operations are effective and efficient.
- Safeguarding and preserving the organization's assets.
- Promoting successful events and fundraising ventures.
- Protecting against improper disbursements.
- Ensuring that unauthorized obligations are not incurred.
- Providing reliable financial information.
- Reducing the risk of, and promoting the detection of, fraud and abuse.
- Protecting employees and volunteers.
- Ensuring compliance with applicable laws and regulations.
- Ensuring accurate documenting of all transactions.

Internal controls include the segregation of duties according to functions so that one person is not handling a transaction from beginning to end. This is a critical part of a system of checks and balances. Functions that need to be segregated include the following:

- Initiating, authorizing or approving transactions.
- Executing transactions.
- Recording the transaction.
- Reconciling the transaction.
- Responsibility for the item resulting from the transaction.

To ensure proper internal controls, the duties of custody, recording, and reconciliation are kept separate. For example, if a School staff member were to collect cash, record activity (including receipts) in the financial system, prepare the deposit slip, and reconcile the bank account, with no one else involved in verifying these transactions, there would be a definite lack of internal control because there is no separation of duties. This is especially true if no one other than that School staff member reviews the bank statement and compares it to the original cash receipt documentation. This Guide sets out policies and procedures to ensure segregation of duties and avoid exposing the School to higher risk of potential cash skimming, delayed deposits, or other errors or irregularities.

Role of Key Financial Staff (Segregation of Duties)

As set forth in more detail in the financial management policies herein, in general, School staff are responsible for initiating, authorizing, approving, and executing transactions, while the District Office is responsible for recording, reconciling, reporting, and reviewing transactions.

Internal controls are affected by the practices and attitudes of administrators. The goal of this Guide is to accomplish the following:

- School administration and the Business Office set a good example by following established policies and procedures
- School administrations ensures that all staff, volunteers and others associated with the School are informed about and follow established policies and procedures
- School, through the Business Office, provides continual assistance and training for all staff members involved in all aspects of cash management and fundraising
- School administration takes action when an infraction occurs

The basic components of internal controls, set forth in more detail in the financial management policies herein, include the following:

- Segregation of duties
- System of checks and balances
- Staff cross training
- Controlled use of pre-numbered documents, i.e. checks
- Asset security and restricted access
- Timely reconciliations
- Up-to-date inventory records
- Appropriate review and approval of transactions
- Comprehensive, up-to-date annual budget
- Expectation that all staff and the Business Office, including administrators, will follow all internal controls

To help ensure adequate internal controls, School has established, implemented and maintained these policies and procedures based on laws, regulations and sound business principles, and communicates them to those involved (e.g., School staff). It is essential that all employees, volunteers and students (when necessary) be aware of expectations regarding internal accounting controls. The Business Office provides training for all individuals who are expected to follow policies and carry out procedures; School staff will ensure that, wherever possible, more than one person is trained for each function (cross training).

The School's annual independent audit also serves to monitor whether School's policies and procedures are being followed in order to determine compliance with applicable state and federal regulations.

If problems with School's internal controls are identified through any means, the Business Office and School will work together to address such problems as soon as possible.

CHAPTER 2

Legal Compliance

The School will follow all the relevant laws and regulations that apply to California charter schools. Additionally, any applicable Federal laws and regulations that relate to grant funding received by School will be followed. The following are specific policies of the School:

Political Contributions and Involvement

The School does not take any position regarding any political candidate. School officials do not make political endorsements in their official capacity, and the School does not make political contributions and/or endorse candidates. However, School officials are not prohibited from making endorsements privately.

Examples of prohibited political contributions, lobbying, and expenditures that support or oppose candidates for public office include, but are not limited to, the following:

- Contributions to political parties or political action committees
- Contributions to the campaigns of individual candidates for public office
- Expenditures to print or assist in printing any political materials
- Expenditures for political advertisements

School complies with all federal and state laws and regulations regarding political contributions, lobbying and expenditures. No federal funds, or assets obtained from federal funds, may be used for any political purposes.

Record Keeping

To provide an accurate and auditable record of all financial transactions, the School's financial documents, records, and accounts will be maintained in conformity with generally accepted accounting principles as applicable to charter schools, and in conformity with School's record retention policy as applicable. School's accounting data will be backed up regularly by the Business Office to ensure the recoverability of financial information. Further, the School specifically requires that:

1. No funds or accounts may be established or maintained for purposes that are not fully and accurately described within the books and records of the School.
2. Receipts and disbursements must be fully and accurately described in the books and records.
3. No false entries may be made on the books or records nor any false or misleading reports issued.
4. Payments may be made only to the contracting party and only for the actual services rendered or products delivered. No false or fictitious invoices may be paid.

School staff and the Business Office will work together to provide access to the School's financial records to School's charter authorizer upon reasonable request, including supporting records as requested.

Reporting Questionable or Suspicious Activity

Employees are responsible for immediately reporting questionable or suspicious activity to their supervisor, the Principal, or the School's Board Chairperson. This includes reporting any concerns regarding improper activity. This could range from financial concerns such as theft or misstated financial statements to workplace concerns such as harassment, discrimination, safety issues, substance abuse, etc.

CHAPTER 3

Conflict Of Interest and Related Party Transactions

The School complies with all applicable laws regarding conflicts of interest and related party transactions, including, but not limited to, the California Corporations Code, the Political Reform Act, and Government Code section 1090.

The School recognizes that it is important for Board members and key employees to understand the conflict of interest laws and rules that apply to the School, in order to identify and avoid conflicts of interest. The School board and key staff shall receive annual mandatory training, to be conducted by a third party, on the applicable conflict of interest laws. Such training may be provided at the time the board receives the mandatory Ralph M. Brown Act training required by the School's Charter, and may also cover specific topics including an overview of significant, applicable laws regarding the use of public funds, procedures for hiring, contractual arrangements, purchasing, bidding, and expenditure approvals that help to prevent conflicts of interest.

It is the policy of this School that all School officials, including Board members, officers, and employees, shall not place themselves in any position where their private, personal interests may conflict with their official duties, or where they may directly or indirectly receive personal financial gain through direct or indirect personal influence. School decision makers shall be neither personally nor financially interested in any contract made by them in their official capacity.

The School will be guided by the principle of arms-length standards in entering into transactions with all affiliated or unaffiliated organizations or with a private or related individual(s).

Signature Authorities

The Board will approve, in advance, the list of authorized signers on the School's account(s). The Principal, and any other employee/Board member authorized by the Board, may execute contracts, purchases, and expenditures, endorse checks, drafts, and orders for the payment of money, or otherwise withdraw or transfer funds, in the name of and on behalf of the School, subject to the policies and procedures in this Guide. Individual checks greater than \$100,000 require two signatures prior to check issuance.

Use of School Assets

No employee may use any of the School's property, equipment, materials, or supplies for personal use without the prior approval of the Principal or the Principal's designee.

Related Party Transactions

Policy

It is the policy of the Board of Directors that all Related Party Transactions, as that term is defined in this policy, shall be subject to review in accordance with the procedures set forth below. The School has determined that the Board is best suited to review all Related Party Transactions.

Procedures

The Board shall review the material facts of all Related Party Transactions and may also approve or disapprove of the entry into the Related Party Transaction, subject to the exceptions described below. Where advance Board review of a Related Party Transaction is not feasible or has otherwise not been obtained, then the Related Party Transaction shall be reviewed subsequently by the Board (and such transaction may be ratified subsequently by the Board). The Board may also disapprove of a previously entered into Related Party Transaction and may require that management of the School take all reasonable efforts to terminate, unwind, cancel or annul the Related Party Transaction. In connection with its review of a Related Party Transaction, the Board will take into account, among other factors it deems appropriate, whether the Related Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Party's interest in the Related Party Transaction.

The Principal shall present, or cause to have presented, to the Board, the following information, to the extent relevant, with respect to actual or potential Related Party Transactions:

1. A general description of the transaction(s), including the material terms and conditions.
2. The name of the Related Party and the basis on which such person or entity is a Related Party.
3. The Related Party's interest in the transaction(s), including the Related Party's position or relationship with, or ownership of, any entity that is a party to or has an interest in the transaction(s).
4. The approximate dollar value of the transaction(s), and the approximate dollar value of the Related Party's interest in the transaction(s) without regard to amount of profit or loss.
5. In the case of a lease or other transaction providing for periodic payments or installments, the aggregate amount of all periodic payments or installments expected to be made.
6. In the case of indebtedness, the aggregate amount of principal to be outstanding and the rate or amount of interest to be payable on such indebtedness.
7. Any other material information regarding the transaction(s) or the Related Party's interest in the transaction(s).

The Board shall be authorized to review in advance and provide standing pre-approval in advance for certain Related Party Transactions or categories of Related Party Transactions. The Board has reviewed the Related Party Transactions described below in “Standing Pre-Approval for Certain Related Party Transactions” and determined that each of the Related Party Transactions described therein shall be deemed to have been reviewed and approved in advance by the Board under the terms of this Policy.

Each director who is a Related Party with respect to a particular Related Party Transaction shall disclose all material information to the Board concerning such Related Party Transaction and his or her interest in such transaction. The Board may recommend the creation of a special committee to review any Related Party Transaction.

If a Related Party Transaction will be ongoing, the Board may establish guidelines for the School’s management to follow in its ongoing dealings with the Related Party. Thereafter, the Board shall periodically review and assess ongoing relationships with the Related Party. Any material amendment, renewal or extension of a transaction, arrangement or relationship previously reviewed under this Policy shall also be subject to subsequent review under this Policy.

This Policy is intended to augment and work in conjunction with other School policies having any code of conduct, code of ethics and/or conflict of interest provisions.

The Board periodically shall review this Policy and may recommend amendments to this Policy from time to time as it deems appropriate. In addition to guidelines for ongoing Related Party Transactions, the Board may, as it deems appropriate and reasonable, establish from time to time guidelines regarding the review of other Related Party Transactions including those that (i) involve *de minimus* amounts, (ii) do not require public disclosure, or (iii) involve transactions that have primarily a charitable purpose.

Failure to disclose to the Board a known Financial Interest or a known potential Related Party Transaction may be grounds for removal from the Board or termination of employment by the School.

ANTI-NEPOTISM POLICY

POLICY STATEMENT

It is the policy of Monarch River Charter School to avoid Nepotism, which means to avoid creating or maintaining circumstances in which the appearance or possibility of favoritism, conflicts of interest, or management disruptions exist due to a relationship between an Monarch River Charter School decision-maker and his or her Family Member. This policy is to ensure effective supervision, internal discipline, security, safety, and positive morale in the workplace and to avoid the potential for problems of actual or perceived favoritism, conflicts in loyalty, discrimination, and appearances of impropriety or conflict of interest. This policy applies to all Monarch River Charter School board members, employees, individual consultants hired or retained by Monarch River Charter School, and School Services Providers hired or retained by Monarch River Charter School.

Relationships between Monarch River Charter School board members, employees, consultants, or School Services Providers are permissible under the following circumstances:

- (a) Family Members of Monarch River Charter School board members, employees, individual consultants, or School Services Providers shall not be hired for or retained in an employment position if one Family Member would have the authority or be in a position to directly supervise, hire, or discharge the other.
- (b) Any time a board member, employee, individual consultant, or School Services Provider is a Family Member of another, the relationship shall not result in an adverse impact on work productivity or performance. The determination of whether there is an adverse impact shall be in the discretion of the supervisor(s) of the employee(s), consultant(s), or School Services Provider(s), or in the case of a board member, in the discretion of the Monarch River Charter School board of directors.
- (c) Any time a board member, employee, individual consultant, or School Services Provider is a Family Member of another, the relationship shall not create an actual conflict of interest under the law, and shall not create a detrimental perceived conflict of interest. The determination of whether there is a detrimental perceived conflict of interest shall be in the discretion of the supervisor(s) of the employee(s), consultant(s) or School Services Provider(s), or in the case of a board member, in the discretion of the Monarch River Charter School board of directors.

DEFINITIONS

“Family Members” include an employee's parent, child (natural, adopted, or legal guardianship), spouse, domestic partner, brother, sister, grandparent, grandchild, step-relationships within the preceding categories, brother-in-law, sister-in-law, son-in-law, daughter-in-law and father-in-law.

“Nepotism” describes a work-related situation in which there is the potential for favoritism toward a Family Member (such as giving a job, promotion, biased performance reviews, or more favorable working conditions) on the basis of the familial relationship.

“School Services Provider” shall mean any provider of school services to Monarch River Charter School, and in the case of an organization shall mean be the responsible individual at such organization that provides school services to Monarch River Charter School.

PROCEDURES

When a Family Member of a current Monarch River Charter School board member, employee, individual consultant, or School Services Provider applies to become a board member or employee, or requests to be a consultant or School Services Provider, the Family Member’s application/request must be denied if a conflict under this policy exists (*e.g.*, if one Family Member would have the authority or be in a position to directly supervise, hire, or discharge the other). Special circumstances may be reviewed by the Board in the event that Monarch River Charter School’s best interests would be served otherwise.

When a Family Member of a current Monarch River Charter School board member, employee, individual consultant, or School Services Provider applies for a transfer to a new employment position within Monarch River Charter School, the Family Member’s application must be evaluated to determine whether a conflict under this policy exists. If a conflict exists, the application for transfer must either be denied or one of the Family Members must seek a position transfer to avoid the conflict, if any such opportunity exists. In the event that no such opportunity exists, the application for transfer must be denied.

In implementing this policy, it is permissible to ask an applicant, potential consultant, or School Services Provider to state whether he or she has a Family Member who is presently employed by or on the board of Monarch River Charter School, but such information may not be used as a basis for an employment decision except as stated herein.

When a relationship that creates a conflict with this policy occurs during employment, Monarch River Charter School will attempt to arrange a transfer or change in position/duties to eliminate the conflict. If a suitable transfer/change in position/duties is not available, one of the employees may be separated from service. Every attempt will be made to effect transfer or separation on the basis of agreement between the employees involved and Monarch River Charter School. If a mutual agreement is unattainable, the Board will determine, in Monarch River Charter School’s best interest, which employee is to be transferred or separated.

RESPONSIBILITIES

The Senior Director or designee shall coordinate with the current employee's direct supervisor to develop appropriate plans to ensure that a Family Member's employment does not conflict with this policy. If the situation cannot be resolved by a transfer, then the Senior Director or designee will deny the application for employment. Special circumstances may be reviewed by the Board in the event that Monarch River Charter School's best interests would be served by the employment of a Family Member.

The Senior Director or designee shall investigate reports of Nepotism and take appropriate action. Employees are required to disclose changes in their personal situations to the Senior Director or designee which may be covered by this policy. Supervisors may inquire about the family relationship between employees to determine the appropriateness of the working relationship under this policy. The Board shall make the final determination concerning potential conflicts with this policy involving the Senior Director.

CHAPTER 4

Purchasing and Bank Policy

Purchasing and Procurement

The School adheres to the following objectives in purchasing:

All proposed non-payroll expenditures/invoices are reviewed by the Business Office to determine whether they are consistent with the Board-adopted budget and approved contract, if applicable. In the absence of a vendor invoice, the School will develop and maintain a check request form or other form to document the approval of payment for goods or services. All transactions will be posted in an electronic general ledger maintained by the Business Office. To ensure segregation of recording and approvals, the Business Office may not sign purchase orders or check requests.

Some transactions do not require purchase orders:

1. Re-occurring expenditures, such as:
 - a. Professional fees to back office service providers, and legal services
 - b. Outsourced services (e.g. special education services, security, etc.)
 - c. Payment of health and welfare benefits
 - d. Risk management costs (e.g. insurance)
 - e. Utilities
 - f. Communications (e.g. Internet, wireless, etc.)
 - g. Payroll taxes
 - h. Facility costs pursuant to a Board-approved lease or other agreement
2. Budgeted costs, such as:
 - a. Existing and replacement positions (i.e. payroll)
 - b. Expenditures listed in awarded grants
 - c. Software subscriptions (e.g. productivity tools, licenses, etc.)
 - d. Student materials and supplies, unless for a vendor contract over \$50,000, except for vendors that offer student packaged programs like:
 - i. ACE
 - ii. Cal Arts
 - iii. Immerse
 - iv. Building Young Leaders

For these, the Principal has a limit of \$100,000

3. Mandatory costs, such as:
 - a. Expenditures required in an IEP (i.e. individualized education program).
 - b. Expenditures from duly approved legal settlements.

Use of School Credit Cards

PURPOSE:

The Board of Directors of the School recognizes the efficiency and convenience afforded the day-to-day operation of the School, for payments and recordkeeping for certain expenses, through the use of School credit cards. However, the Board recognizes the need to establish control measures for the use of these cards. The Board agrees that it has a responsibility to ensure that credit card expenses incurred by the School must clearly be linked to the business of the School. This policy addresses and establishes the proper use and assignment of School credit cards.

School credit and debit cards should be issued only to School personnel who travel on School business or who have a legitimate need to purchase goods and services, either in person or online, when a purchase cannot be approved in time or when a vendor will not accept a purchase order. Credit and debit cards should not be used to bypass established purchasing procedures, including advanced approval processes.

DEFINITIONS:

Cardholder/User: The person for which the School credit card has been issued.

School credit card: The physical or virtual card and number associated with the card issued to the cardholder.

Administrator: The Business Office staff member assigned to establish or terminate Cardholder rights, reassign card limits, or change budget access.

SCHOOL CREDIT CARD USERS:

A list of those individuals issued a School credit card will be maintained by the Principal and the Business Office and reported to the Board of Directors annually.

A Cardholder/User employee who is no longer employed by the School shall return his or her School credit card upon termination or resignation to the Business Office Chief Financial Officer (CFO) or CFO's designee.

Credit cards will be disabled immediately upon the termination or resignation of a Cardholder/User by the card Administrator. Accounting for credit cards and settlement of credit card billings shall be part of the employee separation checklists.

USER RESPONSIBILITIES:

Credit Cardholders/Users must take proper care of their School credit card(s) and take all reasonable precautions against damage, loss or theft by adherence to the following provisions:

1. All Cardholders/Users must keep secure and confidential all School credit card numbers and information.
2. Cardholders/Users shall not store sensitive School credit card data, including full account number, type, expiration and track data, in any method on computers or networks; for example, many sites, like Amazon or Apple will allow you to store credit card information online as a convenience for future purchases. This is not allowed because it does make it easier for those who have access to your computer or mobile device to utilize your card fraudulently or for personal purchases to be made using the stored card information.
3. Cardholders/Users shall not transmit in an insecure manner, such as by email, unsecured fax or via mail, School credit card information.
4. Cardholders/Users shall restrict access to credit card data and processing to the Administrator or other authorized individuals.
5. Cardholders/Users shall maintain card information in a secure environment accessed only by the issued Cardholder/User.
6. Cardholders/Users shall not be allowed to authorize payment of their own travel expenses. Travel expenses for any Cardholder/ User other than the Principal must be pre-approved by the Principal, and the Principal's travel expenses shall be approved by a board member.
7. Cardholders/Users are responsible for retaining detailed receipts and/or supplier documentation for all purchases made with their School credit card, without which the Cardholder/User is responsible for the purchase.
8. Cardholders/Users shall submit detailed documentation, such as itemized detailed receipts and/or supplier documentation for services, supporting all purchases made on their School credit card, including travel and/or other actual and necessary expenses which have been incurred in connection with School-related business for which the School credit card has been used.
9. Failure to take proper care of School credit card(s) or failure to report damage, loss or theft may subject the Cardholder/User to financial liability and discipline.
10. If the Business Office identifies any inadvertent personal charges or unauthorized uses of the card, the card statement and all backup documentation will be forwarded to the CFO and Principal for review, or if such charges or uses are those of the Principal, to the Board Chairperson.

11. Purchases made using a credit or debit card are subject to the same approval thresholds and other procurement requirements as all other purchases.

PURCHASING GUIDELINES:

School credit cards may only be used for legitimate School business expenses and in accordance with Board policies, as defined below.

1. Credit cards shall only be used for transactions for which payment of check disbursement is not accepted or is not practicable, such as if the transaction would cause undue hardship to the School or the Cardholder/User.
2. School credit card usage is limited to the following types of expenses. Any deviations from this usage policy must have prior written approval from the Board of Directors.
 - a. School services, including catering or advertising.
 - b. School supplies, including office supplies, educational supplies, operation and maintenance supplies.
 - c. Travel, including transportation services, airfare, car rental expenses, or payments to a travel agency.
 - d. Payments to educational and charitable organizations, including Schools, colleges, vocational Schools and membership organizations.
 - e. Educational conferences and seminars.
 - f. Other expenses necessary for the education of students or for the continuous operations of the school.

PURCHASE AUTHORIZATION

The Principal needs to approve any purchases on the school credit cards for all staff members who have been issued cards, unless the staff member has received previous approval authority under the Delegation of Expense Authority policy or has been assigned approval authority under the same policy.

Any purchase above \$50,000 must have board approval.

PURCHASE LIMITATIONS

1. A Cardholder/User must obtain documented pre-approval from the Principal or Principal designee before using their card.
2. Any purchase by the Principal that exceeds \$50,000 must be approved by a board member.

APPROVAL PROCEDURES

1. A Cardholder/User will review the card statement to ensure it includes only their own approved charges.

2. The Business Office will verify that documents have been provided for all charges on the card statement.
3. Any charges not made by the Cardholder/User will be identified and discussed with the Principal and forwarded to the CFO.
4. The Principal or Principal's designee will review charges and supporting documentation for each Cardholder/User's monthly statement before approving any payment.
5. For the Principal, the Chairperson or Treasurer of the Board will review charges and supporting documentation for the Principal's monthly statement.
6. All cardholders should report the loss or theft of their School credit or debit card immediately to the credit card company and the CFO, even if the loss or theft occurs on a weekend or holiday. The CFO will discuss any loss or theft with the Principal.

EXCLUSIONS:

School credit cards shall not be used for alcohol, cash advances, ATM, gifts, gifts certificates, money orders, gift cards, jewelry or clothing, medical expenses, or payment of fines, auto tickets or penalties, bereavement or congratulatory related items like cards or flowers, unless prior written approval is received from the Principal, or in the case of the Principal, the Board Chairperson or Board of Directors, as appropriate. In no event shall a School credit card be used for a Cardholder/User's personal expenses.

Employees' Personal Credit Cards

An employee may use their personal credit or debit card for legitimate School business-related purchases and submit a request for reimbursement, but only in alignment with the School's procurement policies and policies for expenditures and employee reimbursements.

Expenditures and Employee Reimbursements

The Employee Handbook calls for the reimbursement of "certain reasonably necessary business expenses incurred in the furtherance of School business. In order to be eligible for reimbursement, employees must follow the protocol set forth in the School's policy regarding expenditures." This constitutes said School policy.

PROCEDURES FOR REIMBURSEMENT

The School will reimburse employees for certain reasonably necessary business expenses incurred in the furtherance of School business. In order to be eligible for reimbursement employees must follow the protocols noted below:

1. Utilize the official "School Reimbursement Form."
2. Fill out form, print, and sign. The Principal should also sign the form signifying their approval.
3. Make a copy of both the form and backup documentation for your files.
4. Attach backup documentation (e.g. itemized receipts, map/s for mileage) to the form.

5. Email your signed and completed form and backup documentation to the Business Office at accountspayable@inspireschools.org
6. Complete requests for reimbursement should be submitted within 60 days of the expenditure.
7. Your request for reimbursement will be processed by the Business Office.

Guidelines for Specific Reimbursement Types:

1. Reimbursement for Purchases – Must receive immediate supervisor approval or higher prior to any purchase of food, supplies, and/or equipment
2. Hotel Stay – Room rates must be reasonable for the area visited for the reimbursement of Principal, Principal designee or Board Pre-Approved hotel stays .
3. Mileage Reimbursement – attach documented approval or have their Supervisor sign the reimbursement form. Reimbursement for personal car mileage is the prevailing rate allowed by the IRS while on School business.

Gratuity Employees are allowed to tip up to 18% of the subtotal cost, rounded up to the nearest dollar, when gratuity is customary. Any incremental excess is the responsibility of the employee.

Governing Board Expenses

1. Board members are not compensated for their services as Board members. However, the Board or fiscal committee may approve the reimbursement of a Board member's actual and necessary expenses incurred when conducting the School's business.
2. The Board member incurring authorized expenses while carrying out the duties of the School will complete and sign a reimbursement report.
3. The full Board or fiscal committee will review the reimbursement report, and if they approve the report, it will be submitted to the Business Office for payment.

Contracts

1. The Governing Board must also approve the following contracts:
 - Contracts of \$50,000 or more for construction, equipment, materials, supplies, non-professional services and repairs.
2. Consideration will be made of in-house capabilities before contracting for outside services. Below are considerations:
 - a. Whether the services needed are for a limited amount of time.
 - b. Whether the contract service provider has expertise not otherwise available to the Charter School.

- c. Whether the current staff has capacity to do the work.
- d. Whether the contract service provider's core competency would lead to long-term savings.
- e. Whether the utilization of the contract service provider would cost less than a comparable employee with benefits.

Bank Account Reconciliation

The opening and closing of bank accounts on behalf of the School must be approved by the Board.

Bank reconciliations are a major internal control mechanism and will be prepared and reviewed accurately each month by the Business Office. Reconciliations will be performed for all of the School's bank account transactions.

PREPARING BANK STATEMENT RECONCILIATIONS

The Business Office completes the bank reconciliation monthly after receiving the bank statement(s). The CFO or the CFO's designee reviews every completed bank reconciliation. To ensure proper segregation of duties, the individual who prepares the bank reconciliation is not involved with any purchase transactions. Any interest, bank charges or other fees or charges should be posted to the account before reconciling. The Principal of the School has final review responsibilities to assure all procedures have been followed.

CHAPTER 5

Financial Management Policies

BASIS OF ACCOUNTING

The School will maintain their accounting records and related financial reports on the accrual basis of accounting.

ACCOUNTING POLICIES

The accounting policies and financial reporting adopted are consistent with the non-profit requirements of the Financial Accounting Standards Board (FASB). FASB is the recognized standard setting body for establishing non-profit accounting and financial reporting principles.

BASIS OF PRESENTATION

The accounts of the School are organized on a basis of the Charter School required elements of the Standardized Account Code Structure or SACS. The operations of all funds are accounted for by providing a separate set of self-balancing accounts, which comprise the assets, liabilities, net assets, revenues and expenditures.

REVENUES

The School records revenue on the modified accrual basis of accounting, consistent with generally accepted accounting principles applicable to special purpose governmental units.

EXPENDITURES

Expenditures are recorded on a full accrual basis, if material, because they are always measurable when they are incurred.

CASH MANAGEMENT

1. The School maintains cash accounts at City National Bank
2. A schedule of aged accounts and grants receivable is prepared monthly and reviewed by the CFO for collection and reported to the Principal. Aged accounts payable and receivable are also reflected on regular financial materials provided to the Board of Directors. Appropriate collection procedures are initiated, if necessary.

GRANT RECEIVABLE AGING CRITERIA

Accounts receivables outstanding are aged on a thirty, sixty, ninety, and over-ninety day basis.

BUDGETS

1. The School prepares an annual operating budget of revenues and expenses, a cash flow projection, and a capital budget. These budgets and projections are reviewed and approved by the Board of Directors, prior to June 30th each year and modified, as necessary.

2. Financial statements displaying budget vs. actual results are prepared by the Business Office and reviewed by the CFO and Principal, and presented to the Board of Directors at each regularly scheduled board meeting.

INSURANCE AND BONDING

1. The Schools maintain minimum levels of coverage, as required by any School charter and/or MOU and as deemed appropriate by School, for the following policies:
 - a. General liability
 - b. Business & personal property (including auto/bus, as applicable)
 - c. Computer equipment
 - d. Workers' compensation
 - e. Personal injury liability
2. The Schools require proof of adequate insurance coverage from all prospective contractors.

FINANCIAL REPORTING

The Business Office maintains supporting records in sufficient detail to prepare the School's financial reports throughout the year, including:

1. Annually:
 - a. Financial statements for audit
 - b. Annual budget
 - c. Unaudited Actuals
 - d. 990 Income Tax Returns
2. Monthly:
 - a. Trial balance
 - b. Internally generated budget vs. actual financial statements
 - c. Billing invoices to funding sources
 - d. Updating the cash flow projection
3. Periodically:

ANNUAL AUDIT

The Board of Directors arranges annually for a qualified certified public accounting firm to conduct an audit of the School's financial statements in accordance with Government Auditing Standards and the Governmental Accounting Standards Board.

The audit reports will be submitted to the Charter granting agency, California Department of Education, County Superintendent of Schools, and State Controller's Office by December 15th of each year. (Education Code 47605(m))

BOARD AUDIT OVERSIGHT

The Board of Directors shall fulfill its responsibility to provide oversight of management regarding:

1. the School's systems of internal controls, policies and risk management;
2. the integrity of the School's financial statements;
3. the School's compliance with legal and regulatory requirements and ethical standards;
and
4. the engagement, independence and performance of the School's independent auditors.

Staff will review and present an analysis of independent auditor proposals and make a recommendation to the audit committee, if applicable, and to the Board for selection of an independent auditor. The Board will select the independent auditor. The committee and/or Board will review the scope and results of the audit and will receive notice of any consequential irregularities and management letter comments that the auditor noted during the engagement. Additionally, the committee and/or the Board will develop a corrective action plan to address all relevant weaknesses noted by the auditor. The committee and/or the Board will also review all financial information of the School.

POLICIES RELATED TO ASSETS, LIABILITIES AND FUND EQUITY

ASSETS

Bank Accounts

Petty Cash

- A. No account has been approved.

LIABILITIES AND FUND EQUITY

Accounts Payable

Only valid accounts payable transactions based on documented vendor invoices, check requests or other approved documentation are recorded as accounts payable.

Accounts Payable Payment Policy

Vendors and suppliers are paid as their payment terms require, taking advantage of any discounts offered. If cash flow problems exist, payments are made on a greatest dependency/greatest need basis.

Accrued Liabilities

These are liabilities that reflect expenses that have not yet been paid or logged under accounts payable during an accounting period.

Liability for Compensated Absences

1. Compensated absences arise from employees' absences from employment due to personal time off leave. When the School expects to pay an employee for such compensated absences, a liability for the estimated probable future payments are accrued if all of the following conditions are met:
 - a. The employee's right to receive compensation for the future absences is attributable to services already performed by the employee.
 - b. The employee's right to receive the compensation for the future absences is vested or accumulates.
 - c. It is probable that the compensation will be paid.
 - d. The amount of compensation is reasonably estimable.
2. Compensated absences that are not required to be paid upon employee termination (e.g., paid sick leave) are only recorded when paid.

Debt

1. When applicable, short-term debt consists of financing expected to be paid within one year of the date of the annual audited financial statements. Long-term debt consists of financing that is not expected to be repaid within one year.
2. Loan agreements must be approved by the Board of Directors, unless otherwise authorized under the School's Interschool Lending and Borrowing Policy, must be in writing, and must specify all applicable terms, including the purpose of the loan, the interest rate, and the repayment schedule.
3. Loans, lines of credit, and other debt incurred on behalf of the School must be approved by the Board of Directors, except as otherwise permitted under the School's Interschool Lending and Borrowing Policy. The School shall not make any loans to third parties, except as otherwise permitted under the School's Interschool Lending and Borrowing Policy.

FACILITIES

Disposal of Property and Equipment

1. No item of property or equipment shall be removed from the premises without prior approval from the Principal.
2. The School has adopted standard disposition procedures for staff to follow, which include an Asset Disposal Form, which identifies the asset, the reason for disposition, and signature of the requester. The form also allows for an identification of the asset's book value, condition of the asset, and supervisory approval or denial.
3. When property is retired, the appropriate asset in the fixed asset subsidiary will be adjusted and properly reflected in the accounting system by the Business Office.

GENERAL ACCOUNTING PROCEDURES

In this section, procedures are described for the overall accounting system design, General Ledger activity and General Ledger closeout for the School.

GENERAL LEDGER ACTIVITY

Control Objective

To ensure that all General Ledger entries are current, accurate and complete.

Major Controls

1. **Timeliness of Entries**
All entries are made soon after the underlying accounting event to ensure the financial records and reporting is current.
2. **Support Documentation**
All entries are supported by adequate documentation that clearly shows the justification and authorization for the transaction.
3. **Audit Trail**
A complete audit trail is maintained by the use of reference codes from source documentation through the books of original entry and General Ledger, to periodic reporting statements.

Procedures

1. Financial data on source documentation is verified against original documents (e.g., invoice, purchase order, etc.) before entering into the accounting system.
2. Each entry in the accounting system is reviewed and approved.
3. Provision is made for using recurring General Journal entries for certain transactions, such as recording the monthly portion of prepaid insurance.

4. Non-recurring entries, such as for correcting entries, recording accruals and recording noncash transactions, are prepared as circumstances warrant and on a monthly basis.
5. All entries in the books of original entry (e.g., cash receipts journal and checkbook) are made soon after the accounting event from authorized forms, and are prepared and reviewed by qualified accounting personnel.
6. All General Journal entries are supported by General Journal Vouchers that have supporting documentation attached.

GENERAL LEDGER CLOSE-OUT

Control Objective

To ensure the accuracy of financial records and reports.

Major Controls

1. Trial Balance
Monthly, a trial balance is prepared to ensure the accuracy of the General Ledger account balances.
2. Reconciliation of General Ledger Control Accounts with Subsidiary Ledgers
are prepared on a monthly basis.

Procedures

1. At the end of each month, a trial balance of all General Ledger accounts is prepared by the Business Office.
2. Reconciliation between the General Ledger control accounts and the subsidiary ledgers are completed by the Business Office.
3. At the end of the fiscal year and after the annual audit, all income and expense accounts are closed out; and the general ledger balances must be aligned to the audited financial statements.

Fixed Assets and Leases

Acquisitions and disposals of assets are carefully documented. There are two types of assets: depreciable assets, also known as capital assets (this includes land even though it is not depreciated); and assets the School will track for inventory purposes but not depreciate. All assets purchased, when applicable, such

as with automobiles and buses, shall be registered in the name of the School and not the name of an individual.

Cost basis is not the market value or list price of an asset; rather, it is the total amount invested in the purchase or the total amount paid, whether paid in cash or received in kind. The cost basis should include all charges related to the purchase, including the purchase price, sales tax, freight charges, and installation charges if applicable.

Asset purchases that cost \$5,000 or more and have a useful life of more than one year will be capitalized and depreciated. Remodeling of facilities and replacement of structural components are capitalized only when their cost exceeds \$50,000.

Assets that are depreciated include furniture, fixtures, automobiles and buses, buildings, building improvements, and equipment. The straight-line depreciation and amortization method is used. Alternative or accelerated depreciation methods may be used when considered necessary and if approved by the Principal or Principal's designee.

Any assets purchased that cost \$5,000 or more are recorded in a depreciable fixed asset schedule.

Any asset that is not capitalized will be expensed. For example, small tools and equipment, or repairs and maintenance, are usually expensed.

The depreciable fixed asset schedule prepared by the Business Office includes the following information, as applicable:

- Name of the asset
- Asset class (e.g., equipment)
- Description
- Serial number
- Asset tag number
- Date purchased and placed in service
- Vendor purchased from
- Original cost
- Depreciation method
- Estimated useful life
- Accumulated depreciation
- Net book value
- Estimated salvage value, if any

Any assets purchased that cost more than \$500 and less than \$5,000 will be recorded in a fixed asset ledger for inventory purposes.

The fixed asset inventory ledger should include the following information:

- Name of the asset
- Asset class (e.g., equipment)
- Description
- Serial number

- Asset tag number
- Date purchased
- Vendor purchased from
- Original cost

Leasehold Improvements

Leasehold improvements, including painting, will be capitalized if they relate to the occupancy of a new facility or to a major renovation of an existing facility, and meet the capitalization threshold of \$50,000.

Repairs

Expenditures for maintaining vehicles, equipment or an existing building are not capitalized; they are expensed as a repair.

Cost of Buildings

The capitalized cost of a building includes all expenditures related directly to its acquisition, construction or rehabilitation. This includes all associated costs such as materials, labor and overhead incurred during construction, and any fees such as attorney's fees, architect's fees, and building permit fees.

The Business Office will account for the cost of buildings by capturing and recording the details of all costs in a construction in progress account. Costs recorded will include acquisition costs and expenditures made to prepare the building for occupancy.

Asset Purchase Approval

All purchases of assets should be approved by the Principal or designee unless the purchaser has received prior approval to purchase according to the Delegation of Expenditure Authority policy.

Authorization

Proper authorization should be obtained using the Charter School's purchasing process. Approval should be documented on all approvals submitted to the Business Office. School staff may identify the vendor for purchase of the capital assets, or may submit the request to purchasing staff in the business office for procurement.

Constructed or Donated Equipment

Any equipment constructed by School employees or donated to the School will be reported to the Business Office if the item has a value of \$5,000 or more. The report will include a complete description of the property, the date it was manufactured or received, the number of items, the cost or estimated value, and a statement indicating whether it was constructed by employees or donated.

Donated equipment becomes the property of the School. Also, the School's Board or its designee should approve the donation. If the equipment has no reasonable use or purpose for the School, the donation should not be accepted.

Asset Sales and Dispositions

Capital assets may be sold or traded for new equipment; when this occurs, an asset sale and disposition form will be completed.

For all assets the Principal's approval will be required for a sale or disposition. Any asset over \$5,000 requires board approval prior to sale or disposition.

Upon approval, the School may advertise the property for sale or submit a list to the Business Office for sale and disposition.

After completion of the sale, a completed original bill of sale form with wet signature in blue ink, preferably, should be submitted to the Business Office. The Business Office will delete the item from the asset records and record any gain or loss on the disposition.

Obsolete Assets

Obsolete assets with no cash value should be reported to the Business Office on the asset disposition form, which includes a description, serial number and condition of the asset. The Business Office should inspect all worn out or obsolete property before it is discarded. The asset can then be removed from the asset records.

Missing or Stolen Assets

Any missing or stolen asset should be reported in writing to the Business Office as soon as its absence is discovered. The report should include the description, serial number, and other information about the lost item.

The Business Office should determine the proper course of action and should notify the School's insurance carrier and any outside authorities if deemed appropriate. If the asset is not recovered, it can be removed from the asset records.

Movement of Assets within the Organization

Movement of assets within the organization (e.g., from one School facility to another, in cases where there are multiple facilities) should be reported to the Business Office in writing for tracking and inventory purposes; the report should include a description, serial number and the name of the School location that is to receive the property.

Employees Using Their Personal Assets

Employees may bring their personal tools, equipment or furniture for use at the School, subject to the approval of the Principal. To maintain proper segregation and control upon termination of any employees, any employee-owned tools, equipment or furniture to be used at the School should be reported to the

Principal and the Business Office. The report should include the employee's name, a description of the item or items, identification numbers (if any), and the reason for using the item.

Asset Tagging

When an asset is purchased, the Business Office is responsible for assigning and attaching an asset number tag to the property in a readily visible location. If an asset tag cannot be attached and the asset has no serial number, other means should be used to permanently identify the asset, such as engraving or heat stamping it with the School's name and a sequential number.

The Business Office maintains a detailed list of each capital asset item along with depreciation records. This documentation should include the name, asset class, description, serial number, asset tag number, date purchased, date placed in service, vendor, original cost, depreciation method, estimated useful life, accumulated depreciation, net book value, and any estimated salvage value.

Once a year the Business Office reviews a report that includes a list of assets assigned to each School location and any acquisitions, disposals and transfers during the past year and validates the report, noting any discrepancies.

Leases

A lease can be classified as either a capital lease or an operating lease. The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 840-30, Capital Leases, describes the criteria for determining which of these two classifications applies. Under those criteria, a lease should be treated as a capital lease if any of the following are true when the lease is entered into:

- The lease transfers ownership to the School at the end of the lease term.
- The lease contains a bargain purchase option.
- The lease term is equal to 75% or more of the estimated economic life of the leased property.
- The present value of the minimum lease payments is 90% or more of the fair value of the leased property (using as the interest rate the lesser of the School's incremental borrowing rate or, if known, the lessor's implicit rate).

Any lease for which none of the four preceding statements is true, or that is immaterial in nature, will be recognized and accounted for as an operating lease. An operating lease is similar to a rental agreement in that the monthly lease costs are expensed.

The School, through the Business Office, will maintain a list or inventory of capital leases and operating leases; the list should include all relevant lease terms.

Cash Receipts Policy and Procedures

Objective

To establish proper controls and cash handling procedures throughout all School departments. Controls are required to safeguard against loss and to define responsibilities in the handling of cash. All departments receiving cash are designated as cash collection points. "Cash" may consist of currency, checks, money orders, credit card transactions, fed wires and electronic fund transfers.

Cash Handling Procedures

1. All departments responsible for cash collection must maintain a clear separation of duties. An individual should not have responsibility for more than one of the cash handling components: receipt, deposit or reconciliation. All cash collections require two signatures – the individual collecting and handling the money, and the individual recording the money.
2. All checks, cash and credit card receipts must be protected by using a safe or lockbox until they are deposited. A secure area for processing and safeguarding funds received must be maintained and access restricted to authorized personnel.
3. All checks should be made payable to Monarch River Charter School. Checks will be restrictively endorsed immediately upon receipt with "For Deposit Only". Post-dated checks should not be accepted and will be returned to the check writer.
4. The Depositor is responsible for making the deposit to the appropriate bank account.
5. Generally, the timely deposit of cash receipts requires a School to deposit receipts daily. However, it may not be practical or cost effective for the School that receives small amounts of cash on an irregular basis. In cases where the amounts of cash deposits are small and an adequate safekeeping facility is available, an aggregate un-deposited total may not exceed \$100 and may be retained in the School's safekeeping facility for a period not to exceed 5 business days. Although this option is available, the School must be aware that these monies must be deposited with the bank within 5 business days of receipt, even if the amount does not exceed \$100.
6. Under no circumstances will employees or students make disbursements from the un-deposited receipts. All cash or other receipts must be deposited with the bank, in total.
7. Any person delivering a deposit to the bank should take adequate precautions for their personal security and safety. If it is practical, more than one person should make the deposit.
8. Never mail cash or checks to the bank.
9. All funds received must be counted by totaling the cash, checks and credit card collections and recording the result on a Cash Tally Form.

10. Cash boxes with up to \$100 startup cash are available for events/fundraisers by completing a Fund Raiser Request form. Cash boxes with up to \$500 will be made available for ticket sales. All requests require a 48 hour notice in order for the School to be able to manage the cash needs. The startup funds must be included on the Cash Tally Form.
11. Always issue some type of receipt in return for cash received from students, parents, or others. Be sure to include at a minimum: date cash received, amount received, purpose and initials/signature verification. A receipt can be a pre-numbered slip, a pre-numbered ticket stub, etc.

Fundraising

Each fundraising activity must be approved by the Principal or Principal's designee. In order to be approved, the individual planning the fundraiser must submit a proposal in advance of the event so that all fundraising efforts may be coordinated.

For sales of small items – for example fundraisers, cookouts, concessions, or supplies sales – use the Fundraising Inventory Form to create an inventory control sheet for items purchased, less items leftover to report items sold.

Services performed – for example car washes. Use the Fundraiser Service Form to keep a roster of which services were performed or how many cars were washed, then multiply by fee charged to report total collected.

Donations – Submit a completed Donation Information Sheet with the deposit for all cash donations and all gifts of property (tangible goods).

*No staff member is to accept any special gifts or bonuses of more than nominal value offered by an outside supplier or vendor for any reason or purpose.

Returned Checks and Improper Checks

The School should attempt to deposit returned checks a second time; if the check does not clear on the second attempt, the payment should be returned to the vendor and the general ledger account to which it was applied adjusted. No check should be withheld from the deposit unless it is legally imperfect (e.g., no maker signature), in which case the Business Office should immediately contact the payer and discuss the best method to remedy the imperfect check.

The School should never provide cash to any individual or organization in exchange for their personal checks.

Wire Transfers

Wire transfers are a way to pay customers and vendors quickly.

Incoming wire transfers require the same documentation procedures as cash receipts and deposits. When the School's bank receives a wire transfer, it may notify the School by email, fax, or via its online banking site. This notification documents that the money has been received.

Only the Principal or the Principal's designee should be permitted to initiate an outgoing wire transfer. All outgoing wire transfers should be performed using the bank's secure website, and should include the Principal or Principal's designee as the secondary approver. Outgoing wire transfers should not be issued unless the secondary approver logs on to the bank's secure website and approves the transfer electronically.

Cash Boxes

A portable cash box issued by the business office may be used to collect money at fundraising activities, ticket sales and other events or activities. Individuals who collect cash for fundraisers and activities for which a cash box is issued should safeguard the cash properly. Once all cash has been collected, it should be recorded on a cash count form. Two individuals should count the cash together, and both should sign and date the cash count form and remit the funds to the principal or business office. Every effort should be made to turn in the cash the same day as fundraiser or activity. Any funds collected but not turned in to the business office for the final counting and deposit to the bank should never be taken home or left in any unprotected environment. Instead, they should be sealed in a secured lockbox or some other secured facility on the School premises.

When the business office receives the cash box funds, the funds should be counted again by the business office staff member and a witness, and each should sign the cash count form as verification of their confirmation. The cash and the verified cash count form should be placed in a secured lockbox or some other secured facility until the cash is remitted to the bank for deposit.

Cash box proceeds should be controlled and processed in the same manner as other cash receipts. If the cash balance exceeds \$100, a bank deposit should be made the same day. Otherwise, all bank deposits should be made within 5 business days. No funds should be left in the cash box after deposit.

Meals for Professional Development or other School Activities

1. School-related meals at meetings, professional development, and other school activities occur on a regular basis. If the meal is not pre-approved by Principal, the employee runs the risk of bearing the full cost of the meal if it is ultimately denied. For meals to be charged to the School or reimbursable to an employee, the employee must provide the following information: a. Purpose of the meeting or agenda; b. Items ordered as reflected on a detailed receipt; c. Number of individuals in the party; d. Names of the attendees or a sign-in sheet; e. Pre-approval by the Principal
2. For meals during professional development: a. Non-School days, staff may purchase meals for staff for meetings lasting three or more hours. b. On School days, staff may purchase meals or snacks for staff meetings. Any meals that fall outside of these parameters must be Principal approved.

3. Each department has a budget of \$20/employee/event for meals for team building, professional development and morale. Any meals that fall outside of these parameters must be Principal approved.

CHAPTER 6

Interschool Lending and Borrowing Policy

The Board of Directors of Monarch River Charter School (the “School”) hereby adopts the following policy on borrowing and lending between the School and related public charter schools which operate based upon the “Inspire Education Model” described herein.

A. Purpose

The School may sometimes experience cash shortages as a result of lags in state funding due to rapid growth, delays and deferrals, government revenue reductions, and less than projected average daily attendance, among other reasons. This Interschool Lending and Borrowing Policy authorizes the School to temporarily lend and borrow funds within the School’s charter school network to ensure uninterrupted educational services and to safeguard against funding shortfalls.

B. Definitions

“Authorized Officer” shall mean the Chief Executive Officer of School or his or her designee.

“Board” shall mean the Board of Directors of the School.

“District Office” shall mean Provenance, a nonprofit public benefit corporation doing business as Inspire District Office, which contracts to provide specific goods and task-based services to School.

“Inspire Education Model” or “Inspire model school” means a public charter operating an independent study program based upon the principles of academic flexibility and use of intellectual property licensed by Provenance, developed out of years of experience of Inspire Charter Schools.

“Related School” shall mean the following public charter schools whose operations are based upon the Inspire Education Model: Alder Grove Academy, Clarksville Charter School, Granite Mountain Charter School, Heartland Charter School, Inspire Charter School – Central, Inspire Charter School – Los Angeles, Inspire Charter School – North, Inspire Charter School – Kern, Inspire Charter School – South, Lake View Charter School, Lewis and Clark Charter School, Mission Vista Academy, Monarch River Academy, Pacific Coast Academy, Sequoia Canyon Charter School, The Cottonwood School, Triumph Academy, West Coast Academy, Winship Community School, and such other schools as may be Inspire-model schools of which Inspire Charter Schools was or is a statutory member.

C. Interschool Lending & Borrowing

The School may engage in short-term receivable (borrowing) and payable (lending) funding with Related Schools and the District Office under the following terms and conditions.

1. Lending

If a Related School is experiencing a funding shortfall, and the Authorized Officer determines that the School has sufficient surplus funds, the School may temporarily loan funds to a Related School to cover reasonable and necessary expenses and liabilities arising from Related School's operation of a public charter school based upon the Inspire Education Model. The School has sufficient surplus funds if it has adequate current and projected reserves that will support the School's budgeted spending, and if the loan will not adversely affect the School's status as a going concern or exceed the fiscal year duration.

The School shall make no loans to the District Office. This prohibition shall not prevent the District Office from loaning money to the School or temporarily transferring School funds to Related Schools, so long as these services are performed at the direction of the Authorized Officer under the Board's ultimate decision-making authority. This prohibition does not extend to fees paid by the School to the District Office for goods and services provided.

2. Borrowing

If the School is experiencing a projected funding shortfall, and a Related School or the District Office has sufficient surplus funds, the School may accept a temporary loan from the Related School or from the District Office to cover reasonable and necessary expenses and liabilities arising from the School's operation of a public charter school based upon the Inspire Education Model.

3. Procedure

Requests to loan or borrow funds under the Policy shall be documented in writing by and through the Authorized Officer, according to such procedures as the Authorized Officer may determine are necessary and appropriate, subject to the approval limits imposed herein. The District Office may act as a conduit for the purposes of facilitating the transfer of funds between the School and Related Schools under this policy.

At the Authorized Officer's discretion, approved funding under this policy may be via wire transfer, check, or other approved method.

4. Repayment/Reconciliation

At the end of each fiscal year, the School shall reconcile funds loaned and borrowed under this policy. Funds loaned and borrowed under this policy that are settled or result in a zero balance as of the end of the fiscal year, are not subject to any repayment terms or interest accruals. Any funds loaned or borrowed under this policy that are not fully repaid as of the close of the fiscal year, may result in and be converted to a loan agreement or other appropriate written

instrument in order to formally document the amount owed between the intracompany accounts and the repayment terms.

D. Authority

The Board hereby delegates to the Authorized Officer authority to approve loans and borrow funds under this policy in an amount of \$50,000 or less, per transaction and cumulatively, and to take any other actions that are reasonable and necessary to fulfill the purposes of this policy. Any lending or borrowing by the School in an amount greater than \$50,000, per transaction or cumulatively, shall be brought to the Board for approval. The School shall not make any loan to a Related School that will negatively impact the School's own budgeted spending (taking into account current and projected enrollment revenue), affect its status as a going concern, or exceed one (1) year in duration. The School shall not borrow funds from a Related School under repayment terms that will exceed one (1) year in duration. In the event repayment of monies loaned or borrowed will exceed one (1) year, such transaction must be renewed by the Authorized Officer or Board, as applicable.

E. Accounting

The identity, origin and source of funds loaned or borrowed under this policy shall remain known and identifiable and the transactions themselves shall be open, auditable and accountable. Funds loaned under this policy to more than one Inspire school shall not be blended or commingled.

The Authorized Officer will cause to be maintained a ledger of all transactions under this policy, which includes amounts, dates and sources of all funds loaned to and borrowed by the School under this policy. The Authorized Officer shall provide the Board with an up-to-date copy of the general ledger at regular Board meetings and upon request.

F. Supremacy

This policy shall replace any pre-existing School policies and procedures concerning the subject matter herein and shall supersede any contrary provision in any existing School policies or procedures.

CHAPTER 7

Preparation of Payroll

CONTROL OBJECTIVE

To ensure that payment of salaries and wages are accurately calculated.

Major Controls

A. Internal Accounting Controls

Time records are periodically reconciled with payroll records by our third party Back-Office.

Procedures

1. Employee time sheets are approved by the Principal or Principal's designee. All deviations from normal work schedules as determined by a staff member and their supervisor are approved by the appropriate supervisor.
2. The total time recorded on time and attendance system and the number of employees is calculated by the payroll system and reviewed by the Business Office and the Back-Office provider.
3. Recorded hours from the time clock punches are communicated to the Back-Office electronically.
4. The payroll documents received from payroll software (e.g., calculations, payrolls and payroll summaries) are compared with employee punches, pay rates, payroll deductions, compensated absences etc. by the operations vendor and the Back-Office provider.
5. The Back-Office provider verifies gross pay and payroll deductions.
6. The total hours and number of employees are compared with the totals in the Payroll Register by the Back-Office provider.
7. The Payroll Register is reviewed and approved by the Business Office.

PAYROLL PAYMENT

Control Objective

To ensure payment for salaries and wages by check, direct deposit, cash or other means is made only to employees entitled to receive payment.

PAYROLL WITHHOLDINGS

Control Objective

To ensure that payment withholdings are correctly reflected and paid to the appropriate third parties.

Major Controls

1. Reconciliation of Payment and Payroll Withholdings

Payroll withholdings are recorded in the appropriate General Ledger control accounts and reconciled with payments made to third parties.

2. Internal Accounting Controls

The in-house payroll software calculates payroll withholdings, which are reviewed and verified by the Back-Office provider.

Procedures

1. The web based payroll software calculates payroll withholdings for each employee. These are summarized by pay period and recorded in General Ledger.
2. Payments for payroll withholdings are reconciled with the amounts recorded in the General Ledger control accounts by the Back-Office provider.
3. The Back-Office provider reviews the accuracy and timeliness of payments made to third parties for payroll withholdings.
4. Original withholding and benefit election forms, maintained in the employee file, are prepared by employee and reviewed and approved on a periodic basis by the Back-Office provider.

PERSONNEL REQUIREMENTS

Control Objective

To ensure that the School hires only those employees, full or part-time, it absolutely needs and exerts tight control over hiring new employees.

Major Controls

New Employees

1. Requests for new employees are initiated by the Principal or other appropriate staff member and compared with the approved annual personnel budget.
2. New employees complete an Application for Employment.
3. New employees complete all necessary paperwork for payroll.
4. Employee is fingerprinted. Fingerprint clearance must be received by School before any employee may start work.

Paid Time Off (PTO)

1. Paid time off (PTO) provides A-Basis (12 Months) school based employees with an entitlement of days away from work with pay.
2. Temporary employees, part time employees, workers being paid short or long-term disability insurance, and workers being paid workers' compensation are not eligible to receive or accumulate PTO.
3. On July 1st all A-Basis (12 Months) school based employees are credited 10 days of PTO which are accumulated throughout the contracted year.
4. PTO will not accumulate during any unpaid leave of absence.
5. Upon separation of employment, employees will be paid their earned PTO based on their date of separation and their hourly rate of pay.
6. The School monitors vacation and sick time using a web-based HR system.

The request should be sent to gradelevelhelp@inspireschools.org. Requests must be received by email prior to Winter Break.

- If the student's assessment results are not above grade level, the teacher needs to provide documentation with a written request regarding why promotion is in the student's best interest.

It is the policy of The Charter School, pursuant to Education Code 220-221.1, that no person on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status or physical, mental, emotional or learning disability shall be discriminated against.

- If the student is not on track to complete all courses at the grade level he/she would be promoted to, the teacher will need to explain in the written request why a promotion would be in the student's best interest.

Student Assessment Records (a combination of the following may be used to assess the student's readiness to promote):

To that end, retention may be appropriate for a student experiencing extreme academic difficulty or serious health or family emergencies. Typically, retention is considered after various other remediation steps have been employed by student's teacher(s) and academic team with insufficient success. Special consideration will be given to students with limited English proficiency and those with a special education IEP. Students may be retained only once in their K-8 school career.

Kindergarten Retention Criteria:

Students can also be retained in grade K based upon current law. Kindergarten students who have completed one year of kindergarten shall be admitted to first grade unless the parent/guardian and the district agree that the student shall continue in kindergarten for not more than one additional school year based on student progress on the Individualized Learning Plan. MONARCH RIVER ACADEMY
Policy for Inspection of Public Records

I. Purpose

This Policy sets forth Monarch River Academy's ("School") policies and procedures regarding requests for inspection of the School's public records under the California Public Records Act ("PRA") (Government Code section 6250 et seq.). The School recognizes the public's right to access public records and intends to provide public members with reasonable access to public records consistent with the law. If any provision of this Policy conflicts with the law, the law shall take precedence.

II. How to Request Records

Requests for the School's public records must be submitted to:

Principal
Monarch River Academy
1740 E Huntington Dr. #205
Duarte, CA 91010
Phone: (616) 525-1176
Fax: (616) 465-4544
Email: pra@inspireschools.org

To ensure that requests can be responded to appropriately, the School encourages that all requests be made in writing by submitting a Public Records Request Form, attached as Appendix A. To the extent possible, the requestor should specify, in writing, the records sought with sufficient detail to enable the School to identify particular records.

III. Right to Inspect

To the extent required by law, the School will make available all public records open to inspection by any person during normal business hours and by appointment only. Copies of public records may be obtained by any person, subject to compliance with the procedures set forth in this Policy and consistent with the law.

IV. Records Exempt from Disclosure

There are numerous circumstances under which public records are exempt from disclosure. Whether an exemption applies will be determined on a case-by-case basis. The School will determine which records or a portion thereof are exempt from disclosure consistent with the PRA and other relevant state and federal laws. The notification of denial or withholding of records must be in writing and shall provide the reason for the denial or withholding of records and shall set forth the names and titles or positions of each person responsible for the denial.

V. Procedures for Responding to Requests for Inspection or Copies of Records

The School will follow a two-step process when responding to a PRA request. First, within 10 calendar days of receiving any request to inspect or copy a public record, the School shall acknowledge receipt of the request and inform the requestor whether the School has disclosable public records in its possession that are responsive to the request and when it will make them available. If the School determines that it will not provide some records, it shall provide the grounds for withholding them and shall set forth the names and titles or positions of each person responsible for the denial. Second, if the School determines that it has disclosable documents, it shall make the documents available within a reasonable time.

In unusual circumstances, the School may extend the 10-day limit for up to 14 days by providing written notice to the requestor setting forth the reasons for the extension and the date on which a determination is expected to be made.

If the request is ambiguous or unfocused, the School shall make a reasonable effort to elicit additional clarifying information from the requestor that will identify public records responsive to the request. To the extent reasonable under the circumstances, the School shall do all of the following in assisting the requestor:

1. Assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated;
2. Describe the information technology and physical location in which the records exist; and
3. Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

These requirements are deemed to have been satisfied if the School is unable to identify the requested information after making a reasonable effort to elicit additional clarifying information from the requestor that will help identify the record or records.

The School may charge a reasonable fee (not to exceed the direct costs of duplication) for preparation of copies of identifiable public records. Deposit of applicable fees is required prior to preparation and delivery of any requested records.

Policy Approved by Board on September 21, 2019.

assist a student in administering his or her medication, the School must receive a copy of the following:

- A written statement executed by the student's authorized health care provider specifying the medication the student is to take, the dosage, and the period of time during which the medication is to be taken and a statement that the medication must be taken during regular school hours, as well as detailing the method, amount and time schedule by which the medication is to be taken;

New statements by the parent/guardian and the authorized health care provider shall be required annually and whenever there is a change in the student's authorized health care provider, or a change in the medication, dosage, method by which the medication is required to be taken or date(s), or time(s) the medication is required to be taken. The School will provide each parent with a reminder at the beginning of each school year that they are required to provide the proper written statements.

Parent(s)/guardian(s) of students requiring administration of medication or assistance with administration of medication shall personally deliver (or, if age appropriate, have the student deliver) the medication for administration to the school secretary.

- 3. Responses to the Parent/Guardian upon Request:** The School shall provide a response to the parent/guardian within 10 business days of receiving the request for administration and the physician statement regarding which School employees, if any, will administer medication to the student, and what the employees of the School will do to administer the medication to the student or otherwise assist the student in the administration of the medication.
- 4. - 5. Authorized Personnel:** The School Secretary who is employed by the School and certified in accordance with Education Code section 44877 will administer or assist in administering

the medication to students. If not available, a designated School employee who is legally able to and has consented to administer or assist in administering the medication to students will administer the medication or otherwise assist the students.

- 6. Storage of Medication:** Medication for administration to students shall be maintained in the office of the School in a locked cabinet. It shall be clearly marked for easy identification. If the medication requires refrigeration, the medication shall be stored in a refrigerator in a locked office, which may only be accessed by the School Secretary and other authorized personnel. If stored medication is unused, discontinued or outdated, the medication shall be returned to the student's parent/guardian where possible. If not possible, the School shall dispose of the medication by the end of the school year in accordance with applicable law.
- 7. Confidentiality:** School personnel with knowledge of the medical needs of students shall maintain the students' confidentiality. Any discussions with parents/guardians and/or authorized health care providers shall take place in an area that ensures student confidentiality. All medication records or other documentation relating to a student's medication needs shall be maintained in a location where access is restricted to the School Director, the School Secretary or other designated School employees.
- 8. Medication Record:** The School shall maintain a medication record for each student that is allowed to carry and self-administer medication and for each student to whom medication is administered or other assistance is provided in the administration of medication.

The medication record shall contain the following: 1) The authorized health care provider's written statement; 2) The written statement of the parent/guardian; 3) A medication log (see below); 4) Any other written documentation related to the administration of the medication to the student or otherwise assisting the pupil in the administration of the medication.

- 9. Deviation from Authorized Health Care Provider's Written Statement:** If a material or significant deviation from the authorized health care provider's written statement is discovered, notification as quickly as possible shall be made as follows: 1) If discovery is made by a licensed health care professional, notification of the deviation shall be in accordance with applicable standards of professional practice; 2) If discovery is made by an individual other than a licensed health care professional, notification shall be given to the School Director, the student's parent/guardian, any School employees that are licensed health care professionals and the student's authorized health care provider.

10. Administration of Emergency Anti-Seizure Medication by Trained Volunteer Nonmedical School Personnel:

- Definitions:
 - “Emergency anti-seizure medication,” as used in this policy, means diazepam rectal gel and emergency medications approved by the federal Food and Drug Administration, prescribed for students with epilepsy for the management of seizures by persons without medical credentials.
 - “Emergency medical assistance” means the administration of an emergency anti-seizure medication to a pupil suffering from an epileptic seizure.
 - “Nonmedical school personnel or employees” means employees of the School who do not possess the licenses listed in 5 C.C.R. § 622.
 - “Regular school day” may include not only the time the student receives instruction, but also the time during which the pupil otherwise participates in activities under the auspices of the School, such as field trips, extracurricular and co-curricular activities, before- or after-school programs and camps or other activities that typically involve at least one overnight stay away from home.
 - “Supervision” means review, observation, and/or instruction of a designated nonmedical school employee’s performance, but does not necessarily require the immediate presence of the supervisor at all times.

11. Administration of Emergency Medical Assistance: The School will have at least one volunteer nonmedical school employees properly trained in the administration of emergency anti-seizure medication at all times. Emergency medical assistance shall be provided by these individuals when the following circumstances are present:

- A pupil with epilepsy has been prescribed an emergency anti-seizure medication by his or her health care provider.
- The parent or guardian of the pupil has requested that one or more volunteer nonmedical school employees be trained in the event a nurse is not available.
- The School has on file a written statement from the pupil’s authorized health care provider, provided by the parent, that includes the content required by California regulations.
- The parent has provided all materials necessary to administer an emergency anti-seizure medication.
- The volunteer nonmedical school personnel have completed the required training.
- The pupil is suffering from an epileptic seizure.
- A credentialed school nurse or licensed vocational nurse is not available.

12. Emergencies Procedures:

- First Aid and CPR: All teachers are certified in first aid and CPR and are re-certified every two years in either first aid or CPR. Every classroom has a First Aid Kit containing appropriate supplies. First aid will be administered whenever necessary by

trained staff members. When necessary, the appropriate emergency personnel will be called to assist.

- **Resuscitation Orders:** School employees are trained and expected to respond to emergency situations without discrimination. If any student needs resuscitation, trained staff shall make every effort to resuscitate him/her. The School does not accept or follow any parental or medical “do not resuscitate” orders. School staff should not be placed in the position of determining whether such orders should be followed. The School Director, or his/her designee, shall ensure that all parents/guardians are informed of this policy.
- **Emergency Contact Information:** For the protection of a student’s health and welfare, the School shall require the parent/guardian(s) of all students to keep current with the School emergency information including the home address and telephone number, business address and telephone number of the parent/guardian(s), and the name, address and telephone number of a relative or friend who is authorized to care for the student in any emergency situation if the parent/guardian cannot be reached. Education Code § 49408.
- **Emergency Aid to Students with Anaphylactic Reaction:** The School will provide emergency epinephrine auto-injectors to trained School personnel and those trained personnel may use those epinephrine auto-injectors to provide emergency medical aid to persons suffering from an anaphylactic reaction. The training provided to School personnel shall be in compliance with the requirements of Education Code section 49414 and any regulations promulgated in line therewith.

Trained School personnel may immediately administer an epinephrine auto-injector to a person suffering, or reasonably believed to be suffering, from an anaphylaxis reaction at School or a School related activity when a physician is not immediately available.

For purposes of this policy, “anaphylaxis” means a potentially life-threatening hypersensitivity to a substance. Symptoms of anaphylaxis may include shortness of breath, wheezing, difficulty breathing, difficulty talking or swallowing, hives, itching, swelling, shock or asthma. Causes of anaphylaxis may include, but are not limited to, an insect sting, food allergy, drug reaction and exercise.

13. Opioid Antagonist Administration: The School will provide emergency hydrochloride or another opioid antagonist (“Opioid Antagonist”) to trained School personnel and those trained personnel may use the Opioid Antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose. The training provided to School personnel shall be in compliance with the requirements of Education Code section 49414.3 and any regulations promulgated in line therewith.

Trained School personnel may administer the Opioid Antagonist to a person exhibiting potentially life-threatening symptoms of an opioid overdose at school or a school activity when a physician is not immediately available. If the Opioid Antagonist is used, it shall be restocked as soon as reasonably possible, but no later than two weeks after it is used. The School’s supply of Opioid Antagonist shall be restocked before its expiration date.

If School personnel administers an Opioid Antagonist to a student, the School will call emergency

services (9-1-1) and will contact the student's parent/guardian.

14. Procedures for Head Lice: The Governing Board recognizes that head lice infestations among students require treatment but do not pose a risk of transmitting disease. The Director or designee shall encourage early detection and treatment in a manner that minimizes disruption to the educational program and reduces student absences.

The Director or designee may distribute information to parents/guardians of students regarding routine screening, symptoms, accurate diagnosis, and proper treatment of head lice infestations. The Director or designee also may provide related information to school staff.

School employees shall report all suspected cases of head lice to the Director or designee as soon as possible. When a student is initially identified as having live head lice, the student is to be excluded from school for treatment. The parent/guardian of any such student shall be contacted and given information about the treatment of head lice and encouraged to begin treatment of the student immediately and to check all members of the family. The parent/guardian also shall be informed that the student shall be checked upon return to school the next day and allowed to remain in school if no active head lice are detected.

After treatment at home, it's mandatory to return to school the next day via the health office, for inspection. Parents must be notified that students who return to school with live lice will be sent home. As such, parents are advised to accompany their child to school. Upon checking the head, if live lice are found, the child returns home with parent for treatment. If child has been treated and there are no live lice, the child may return to class. We encourage the removal of nits but child can return to class if they have been treated, even though nits are still present.

The child will be excluded from attendance until he/she is free of active head lice. The excluded student may return to school when:

- The parent/guardian produces evidence of treatment, and
- Reexamination by the Director/designee determines that the student is free of live lice.

Once he/she is determined to be free of live lice, the student shall be rechecked weekly for up to six weeks.

If a student is found consistently infested with head lice, he/she may be referred to a multidisciplinary team, which may consist of school Director, representatives from the local health department and social services, and other appropriate individuals, to determine the best approach for identifying and resolving problems contributing to the student's head lice infestations.

When it is determined that one or more students in a class or school are infested with head lice, the principal or designee may, at his/her discretion, notify parents/guardians of students in that class and provide them with information about the detection and treatment of head lice. Mass screening (school-wide or whole classrooms) is not an evidence-based practice in controlling head lice infestation/ re-infestations and will not be performed. It is the responsibility of the parent to treat head lice infestation. Staff shall maintain the privacy of students identified as having head lice.

Schoolwide Learner Outcomes (SLOs)

At MRA, we have goals for our students. They are known as our Schoolwide Learner Outcomes, and they represent what students at Monarch River Academy engage in and strive to achieve when they work through our program. The SLOs are a part of our school culture, and they reflect our school vision, the College and Career Readiness standards, the education of the whole child, and the values of our homeschool community. Teachers, students, and parents partner together throughout the year to review and reflect on student progress of the SLOs. SLOs are also an important part of the WASC process as they demonstrate our school's commitment to support student learning.

INSPIRE STUDENTS ARE...

NAVIGATORS OF THE DIGITAL WORLD

Navigators of the digital world who are proficient in the use of technology, media and online resources.

SELF-DIRECTED

Self-directed and motivated students who are able to set attainable goals to achieve academic success.

PERSONALIZED LEARNERS

Personalized learners who are able to thrive in the style of education that best fits their individual needs.

INDEPENDENT CRITICAL THINKERS

Independent critical thinkers who have the ability to problem solve, take ownership and apply their knowledge to a variety of problems.

RESPONSIBLE CITIZENS

Responsible citizens who demonstrate integrity and respect while actively seeking knowledge of local and global issues.

EFFECTIVE COMMUNICATORS

Effective communicators who can thoughtfully articulate their thinking with confidence while collaborating with peers.

WASC Accreditation

The WASC process is designed to allow us to go through an in-depth self-study of our school, focusing specifically on organization, curriculum, instruction, assessment, and school culture. We take a close look specifically at our high school students and their success. In addition, we identify and reflect on our progress towards our school-wide learning outcomes (SLOs.) The WASC cycle includes targeting our areas of strength and areas of growth and the creation of an action plan to address those areas to increase student achievement.

When a school becomes accredited, it:

- Certifies to the public that the school is a trustworthy institution of learning.
- Validates the integrity of a school's program and student transcripts.
- Fosters improvement of the school's program and operations to support student learning.
- Assures a school community that the school's purposes are appropriate and being accomplished through a viable educational program.
- WASC accreditation is important because the military often requires applicants to be from accredited schools and many school districts and universities will only accept credits from WASC accredited schools.
- Allows high school students' courses, grades, and units to be accepted at more colleges and universities after graduation.

Enrollment Requirements

Required enrollment documentation includes: Proof of age, immunization record or waiver, and proof of residence.

Student must reside within a county Monarch River Academy serves and provide proof of residency prior to enrollment. While attending MRA , if a family moves they must submit a new proof of residence within ten days to por@inspireschools.org.

Proof of Residency (POR): The best POR document is your most current utility bill (gas, water, or electric bill). You can also use your most current property tax bill, mortgage statement, or lease agreement. If you have one of the extenuating circumstances below, you would need to complete the corresponding forms.

- Living with a friend or relative: Verification of Residence
- Transitional living: Parent Residency Affidavit Form

High school transcripts are necessary for determining proper class placement and for creating Individualized Graduation Plans. Transcripts should be submitted during the enrollment process and can be submitted by hand, faxed, or emailed to the Enrollment Department.

All information on the application must be true and correct. If misrepresentations are made or incorrect information is provided, the application may be considered as not meeting the requirements of the school and may result in the revocation or halting of enrollment until accurate information is provided.

Enrollment in MRA is contingent upon the student, parent, and teacher signing a Master Agreement Form (school contract) prior to the commencement of instruction and services. Parent and student will not have access to curriculum or instructional funds until the Master Agreement is signed and returned.

All Monarch River Academy students will be enrolled in their age appropriate grade level, unless a previous school has officially approved a retention or promotion.

Our school is a full-time, general education, independent study program; not a supplemental program or a part-time program. A student may not be dual enrolled in any other private or public school.

Student Behavioral Expectations

At MRA learning takes place in a variety of settings. These may include, but are not limited to:

- Online learning sessions
- Public libraries, coffee shops, parks, community sites
- Vendor locations
- Monarch River Academy sponsored field trips, workshops, and social events

At Monarch River Academy, the primary focus is on student learning. Any behaviors that prevent all students from this focus will be reviewed and discussed with all parties involved. As a diverse community of learners, students must strive to work together in a setting of civility, tolerance, and respect for each other in an environment that does not distract from the mutual commitment to academic inquiry and reflection. To that end, the following student behavioral expectations have been established.

1. When participating in group dialogue, no one monopolizes discussions to the exclusion of others, either in terms of time or opinions expressed.
2. Conflicting opinions among members of a group are respected and responded to in a polite and respectful manner.
3. No side conversations or other distracting behaviors are engaged in during group discussions or presentations.
4. No offensive comments, language, or gestures are part of the learning environment.
5. Impersonating another person in an online platform is prohibited.
6. Use only your own username and password for any online platforms, and do not share these with anyone.
7. Do not post personal information in online environments (Phone Number, YouTube, Facebook, Physical Address, Email Address, Passwords, etc.)

An infraction of these expectations that is deemed to be disruptive of the learning environment, is cause for removal of a student from an activity and may result in disciplinary action.

Consequences

Staff shall enforce disciplinary rules and procedures fairly and consistently. Discipline includes, but is not limited to, advising and counseling students, conferring with parents/guardians, and the use of alternative educational environments, suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

Graduation Requirements

High school graduation requirements and college entrance requirements are not the same. Course selection should be based on academic, career, and personal interest. Student interests and goals should guide the path through high school.

College admission requirements will vary from school to school, it is recommended that students check admission requirements before applying to their college of choice. Students can always reach out to their Counselor if they have questions about graduation requirements or the college admission process.

4-year College Entrance Requirements

Students who plan to apply to a 4-year college right after high school graduation should plan to meet “a-g” requirements. These requirements are mandatory for students who apply to the CSU or UC systems, and recommended for students who plan to apply to private and out-of-state colleges and universities. The “a-g” requirements are summarized below:

A-G	Subject Area	Subject Requirement
a	History Social Science	2 years <i>(1 year of World History and 1 year of US History, or ½ year of US History and ½ year of Government)</i>
b	English	4 years
c	Mathematics	3 years <i>(Algebra or higher)</i>
d	Laboratory Science	2 years <i>(At least 2 of the 3 disciplines of Biology, Chemistry, and Physics)</i>
e	Language Other Than English	2 years <i>(Must be 2 years of the same language)</i>
f	Visual & Performing Arts	1 year
g	College-Preparatory Elective	1 year

Students who plan to apply to the UC or CSU systems will need to take courses that are “a-g” approved. All “a-g” courses must be completed with a grade of C or better. There are alternative ways to meet “a-g” requirements through testing and community college courses. Students can check the progress of their “a-g” requirements by consulting with their counselor.

Subject requirements will vary for private and out-of-state colleges and universities. However, most students who are eligible for UC admission and fulfill the “a-g” requirements will also likely meet the admission requirements for most of the private and out-of-state colleges and universities.

Students should also plan to take the SAT or ACT. SAT Subject Tests are usually optional; however, students who are applying to specific departments or highly selective schools will want to check with admissions office of the college or university of interest to verify requirements.

High School Elective Credit for 7th & 8th Graders

Monarch River Academy will grant high school elective credit for high school core courses taken by 7th and 8th grade students. As a parent choice school, we allow 7th and 8th graders to take high school courses, but it is important to consider how taking courses in middle school will affect high school and college before choosing this option for your student. Please contact Megan Workman (megan@inspireschools.org) to discuss starting high school courses early prior to enrolling in high school level course.

Academic Expectations

TK-8th Grade

Families choose to enroll at MRA for a variety of reasons, but at the cornerstone of each decision is a supportive partnership between the family and their chosen/assigned credentialed Homeschool Teacher. Our school provides the tools and guidance for students to experience a high quality education by providing access to personalized curriculum and instruction. Students need to be engaged in learning each school day. Families and credentialed Homeschool Teachers work together to provide support for struggling students. Families are required to meet with their credentialed Homeschool Teacher once every 20 school days.

High School

All high school students enrolled at MRA will discuss and create an Individualized Graduation Plan (IGP) with their Homeschool Teacher. Short and long term goals will be created based on the needs of each student. A guidance counselor is also assigned to each student and will review the IGP. Students must be enrolled in a minimum of four courses each semester and should complete a minimum of five courses each semester (25 units) to remain on track for graduation. Students are expected to meet with their teacher regularly to ensure adequate progress is made toward completing courses.

I CAN Statements

I CAN statements are family friendly guides that can be used help your family and ensure your students are on track for their grade level. All learning objectives for Math, Language Arts, Science and Social Studies are provided, written in family-friendly language. I CAN statements help make grade level learning targets clear for families and they address the standards students of the same grade learn in all public schools.

Academic Integrity

Monarch River Academy urges students to conduct themselves ethically and honorably. It is expected that the grade a student earns is based upon work that the student has completed.

By definition, Academic Integrity is the moral code or ethical policy of academia. This includes values such as avoidance of cheating or plagiarism; maintenance of academic standards; honesty and rigor in academic work.

The following behaviors may be considered as acts that do not uphold Academic Integrity:

- Plagiarism
- Talking during a proctored exam

- Copying another student's test/assignment
- Allowing others to copy your work
- Exchanging assignments with other students (either handwritten or computer generated)
- Using a computer or other means to translate an assignment/part of a World Language assignment to another language
- Using summaries or commentaries (Cliff Notes, Spark Notes) in lieu of reading the assigned materials
- Submitting purchased papers
- Altering a grade (on a computer, on a report card, on an assignment)
- Taking an exam for someone else
- Using bribery/blackmail/threats

Any student known to have acted without academic integrity will be subject to disciplinary action in the following manner:

- **First offense:** A grade of F and/or 0% on the assignment/exam with a chance to resubmit within 1 week and parent/guardian notification
- **Second offense:** A grade of F and/or 0% on the assignment/exam with no resubmit and conference with parent/guardian
- **Third offense:** A grade of F in the class, in person conference, and placement on Academic Probation for 1 year
- **Fourth offense:** Disciplinary hearing; possible expulsion from the school

Students placed on Academic Probation may be subject to the following consequences:

- Copy of cheating referral placed in permanent cumulative file
- Proctored unit tests and finals by a Monarch River Academy staff member
- Restricted from participating in school activities (field trips, prom, graduation)
- Ineligible to receive letters of recommendation from staff and faculty

Report Cards

Report Cards - TK-8th

At Monarch River Academy, students, parents, and teachers work in partnership to design personalized learning plans and goals. The credentialed Homeschool Teacher affirms the learning plan and is guided by the I CAN statements.

Report Cards are not required for grades TK-8, but families may request them from their teacher. While TK-8 report cards are not required, they are sometimes necessary for other student endeavors such as sports teams, insurance, government verifications, etc. Please consider your family participation in these types of activities when deciding to request a report card or not. We highly recommend that parents of 7th and 8th grade students request a report card as this type of documentation is frequently requested when transitioning into a traditional high school setting. If you do not request a report card, nothing will be stored in a student's cumulative file.

Parents of TK-8th grade students have three (3) Report Card options (Option B is the default if you do not make a selection):

- **Option A:** I would like my teacher to create a Report Card and I would like a copy filed in my student's Cumulative Record.
- **Option B:** I would like my teacher to create a Report Card and I would NOT like a copy filed in my student's Cumulative Record.
- **Option C:** I DO NOT want a Report Card to be generated.

Your Homeschool Teacher will communicate directly with you to ask which option you would like for Report Cards.

Review of Student Work

Families share all of the learning that has occurred during their monthly meetings with their teachers. Teachers work with the family to review and reflect on student learning. Teachers will use the shared information to determine mastery of standards and match these to the I CAN statements, determining a score of 1-4 as indicated in the chart below.

It is our school's policy and practice that individual student data is never shared with anyone other than the parent and teacher. The data is used solely to show grade level and school-wide trends for accreditation purposes.

Progress Indicators

Progress Indicators (PI) will be assigned for your student by your Homeschool Teacher four times during the school year. The Progress Indicators are used to gather school-wide data on grade level progress as it relates to the state standards. The data is used by MRA when we are required to report the effectiveness of our academic program to stakeholders such as our charter authorizers and our School Board.

Indicator	Description
4	Significant Progress 85-100%
3	Adequate Progress 70-84%
2	Some Progress 60-69%
1	Little to No Progress <59%

Report Cards - High School

All 9th -12th grade students are required to have a report card issued at the conclusion of each semester and are unable to opt out. Semester report cards will be based on progress made in the student's assigned high school courses.

Students in high school earn letter grades. High school students need to complete requirements and lessons as outlined by their Homeschool Teacher or by the High School Content Teacher, as applicable.

The chart below shows the grading rubric for quality of assigned work:

Percentage	Grade
90-100%	A
80-89%	B
70-79%	C
60-69%	D
59 and below	F

Attendance

- Parent/guardian is responsible for ensuring that their child is actively engaged in learning each school day.
- Monthly Student Learning Log (Attendance Log) must be signed and submitted to your Homeschool Teacher at the end of each month. The Homeschool Teacher will communicate with individual families/students on the collection process of this document.
- The following are acceptable reasons for not logging attendance: prolonged illness, hospitalization, bereavement, family emergency, natural disaster. In such cases the absences would be considered excused. Some instances may require verification, such as a doctor's note, to be provided to your teacher.
- Homeschool Teachers will be knowledgeable of student progress, learning, and engagement in school. This can occur at regularly scheduled meetings, calls, emails, and or other methods.
- If the Homeschool Teacher is unable to obtain knowledge of the progress, learning, and engagement in school, attempts to contact will be documented and a non-compliance letter may be sent. After multiple failed attempts to contact a family, the school may deem that enrollment in Monarch River Academy is not in the best interest of the student and he/she may be subject to withdrawal. (Refer to Non-Compliance Policy on page 37)

Withdrawing Your Student From Monarch River Academy

To withdraw your student from Monarch River Academy please provide your Homeschool Teacher with the following information:

- Last date of Monarch River Academy attendance
- Name of school or school district your student will be enrolling in
- Reason for withdrawal

Once this information is received your Homeschool Teacher will assist you with the materials return process. All school property must be returned to Monarch River Academy.

Special Education

Monarch River Academy personnel are committed to identifying and serving students who have exceptional needs and are eligible to receive special education supports and services. Our commitment is based on the belief that all students shall have access to a high quality public education.

In cooperation with the El Dorado County Charter SELPA, Monarch River Academy will work to ensure that a Free and Appropriate Public Education (FAPE) is provided to all eligible students with exceptional needs in the student's Least Restrictive Environment (LRE). Specifically, Monarch River Academy will comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, and any other civil rights enforced by the U.S. Department of Education Office of Civil Rights (OCR), and applicable special education policies and practices of the SELPA.

Common Questions

Following are the most common questions that the special education department receives from families regarding special education at Monarch River Academy. Please review and contact the department which serves your child if you would like to discuss these topics further.

What is Special Education?

Special Education is specially designed instruction, supports, and services to meet the unique educational needs of individuals with disabilities, which cannot be met in the general education program. It is an integral part of the total public education system, and special education services are provided:

- In a way that promotes maximum interaction between students with and without exceptional needs;
- At no cost to families; and
- Include a full range of program options to meet the educational and service needs in the least restrictive environment (LRE). --California Education Code Section 56031

Who should you contact when you believe your child may need additional academic support?

Your assigned Homeschool Teacher is the best person to initially discuss any academic questions or concerns with. Your Homeschool Teacher will most likely recommend interventions and/or accommodations for you to use with your child if appropriate.

In the event that you and your Homeschool Teacher need additional guidance in supporting your child, you may request for a Student Study Team (SST) meeting be held. This meeting will document the concerns of school staff and families, identify interventions attempted, and possibly recommend additional interventions. Interventions should be attempted for six to eight weeks and a second SST meeting should be held to document the student's response to intervention. Depending on the successful implementation of the intervention, the SST will contact the Assessment Team for additional support or

recommendations.

How is it determined that a student is eligible to receive special education?

Assessments are the basis for Special Education eligibility, placement, and service decisions. The assessments will be done by professionals who have had specialized training and required certification/licensure. Please note: General Education teachers and parents, who know the students well, play a critical role in understanding a student's academic strengths and struggles and are essential in the process of documenting/identifying areas of needs.

When the school receives a referral for special education, the child's legal guardian will be sent an assessment plan that details the types of assessments being proposed. The child will receive a "full and individual initial evaluation" to determine if the child has a disability and what the child's educational needs are. A full evaluation means that the child shall be assessed in all areas of suspected disability within 60 calendar days of parental consent received by Monarch River Academy via signature on an assessment plan (timelines adjusted for student breaks over five consecutive days).

What is an Individual Education Plan (IEP)?

An IEP is a contractual, legal obligation, on the part of the school stating how the school plans to assist a student once they have been determined eligible for Special Education supports and services. The IEP document is written following the determination of a student's need and eligibility for special education.

The Individual with Disabilities Education Act (IDEA) requires that an IEP include a "statement of measurable annual goals" which allow the child to be involved in and make progress in the general education curriculum and meet each of the child's other educational needs that result from the child's disability." The IEP team develops the IEP document annually and identifies the child's needs, annual goals, objectives, adaptations, services and placement.

What is the role of the parent in an IEP meeting?

Parents are encouraged to participate in the IEP meeting by providing information on which supplementary aids and services, program accommodations, and support for the parent's role as learning coach are needed to help the child progress toward attaining progress in general education curriculum and on their IEP goals. Please speak with your Special Education teacher further regarding the structure of IEP meetings and if you have any questions or concerns.

How are special education services provided at our independent study school?

Students with IEPs are required to participate in special education services as indicated in their IEP documents.

- Specialized Academic Instruction (SAI) is delivered virtually and is taught by experienced and credentialed special education teachers. The format of these sessions are determined by the student's IEP team and based on their academic IEP goals.
- Related Special Education services, such as occupational therapy, speech and language therapy,

etc. may be provided by qualified District staff or via non-public agencies (NPA) contracted with Monarch River Academy. NPAs have a certification with the California Department of Education to work with school aged students and they are carefully selected by Monarch River Academy.

May a family maintain the same special education NPA Providers/individual therapists, if they enroll in Monarch River Academy and year to year?

Each NPA oversees the scheduling and availability of their services providers. Our Special Education Department will confirm an NPA's certification with the California Department of Education, establish a contract with that NPA to start services.

Please note: The Special Education Department is happy to work with families, however we are not able to guarantee that they may maintain the same NPA providers/individual therapists.

Should Special Education Teachers be included in the development of a student's education plan, designed by the Homeschool Teacher?

Whenever possible, it is recommended that a Special Education Teacher be included in the development of a student's education plan, which is designed by the learning coach and Homeschool Teacher. While it is not a requirement, the involvement of the Special Education Teacher provides an opportunity for the team to get a different perspective on how to help support a student's needs, challenges, and strengths.

Shall your Homeschool Teacher collect work samples for students with an IEP?

Monarch River's Work Sample policy is the same for all students.

Instructional Funds can be carried over and used in future school years, so long as the student is enrolled in our school.

All materials ordered through MRA with state funding are the property of MRA. Materials are loaned to enrolled students for educational purposes only. The items must be returned to the school at the commencement of the withdrawal process. All materials must be returned to MRA within thirty days. Families may be billed for any items not returned and student transcripts may be held until all materials are returned.

How to Request Services/Products

1. Visit the Monarch River Academy Enrichment Ordering System (EOS) to request any service or product other than technology or Monarch River Academy Adopted Curriculum.
2. The first time a family uses a vendor for service, they will need to sign and submit a waiver form.
3. If families are requesting a service, an Enrichment Certificate will be created and sent via email to the parent. Parents can also access Enrichment Certificates on the EOS. Students are not able to start services without an Enrichment Certificate.
4. Families will present the Enrichment Certificate to the vendor.
5. Each vendor will invoice Monarch River Academy for the services listed on the certificate.
6. Monarch River Academy pays vendors directly. Parents should not pay vendors for Monarch River Academy Student services as we cannot provide payment/reimbursement to families.
7. New for this year, tech devices can be ordered through EOS. To see a current catalog of available devices, please visit techstore.inspireschools.org.

How to Request New Vendors

- If a family would like to use a vendor that is not currently on the approved vendor list, a vendor application can be requested using this link: [Vendor Application](#)
- Product vendors do not need to be pre-approved.
- Our Vendor Welcome Team will contact the vendor. A Vendor Team member will email the family and cc the Homeschool Teacher with notification of approval/non-approval. The vendor list will be updated on a daily basis.
- The vendor approval process is largely dependent on how quickly a vendor returns their application and supporting documents. The process could take a couple days to a couple of weeks. Our goal is to have the vendor approval process completed within two weeks.
- Vendors are often more willing to go through the steps to become an approved vendor if you, the family that is interested in their products or services, let them know that you are requesting their approval through Monarch River Academy. This way they will be aware when the application email arrives to them from us.

Tech Center

Choosing technology can be overwhelming. Our Tech Center helps simplify your selection by providing a curated list of qualified devices, items, and software. All items offered meet internal standards of quality, performance, value, availability, and support. These items can be obtained with Instructional Funds.

Some technology items (e.g. computers, laptops, tablets and printers) require specific configurations, must meet certain standards or be purchased through select suppliers, channels, or agreements.

Tech Costs

Most Tech Center items are business-class devices and are not found in local retail stores, so be certain you are comparing the exact same models and specs. Remember, all taxes (ex. sales tax) and fees (ex. shipping, CA e-waste disposal) are also included in the price you see. Unfortunately, we are not able to price match.

Tech Center pricing also includes software and device licenses, school compliance features, management services, enhanced warranties and damage protection, solid state drives (SSD), protective cases, asset tagging and inventory, packaging materials, shipping both ways, and lifetime support for the device is standard. These items are factored into the Instructional Fund cost of Tech Items.

The following limits have been placed for tech devices assigned to students and families:

- 1 computer per student
- 1 tablet per student
- 1 printer per student

How to place an order

Tech devices are now available through the Enrichment Ordering System and can be ordered in the same fashion as other enrichment items. For a read-only catalog of current offerings, you may visit <https://techstore.inspireschools.org>.

Tech Center Returns

All Tech items are the property of MRA and returns can be submitted to our Technology Department. Please contact us for detailed directions on how to return item(s).

The school is unable to sell any enrichment/technology items to families.

For Tech Center assistance or questions, please call (626) 433-8094 or email tech-help@inspireschools.org.

Non-Compliance Policy

Monarch River Academy Homeschool Teachers partner with families to educate students enrolled in our programs. The partnership is effective if students and parent/guardians are actively participating in our program and meeting enrollment requirements.

Indications that a student is not actively participating in our program include:

- Non-attendance
- Missing or refusing to schedule meetings
- Unable to contact
- Not meeting enrollment requirements
- Not submitting requested work samples
- Making inadequate progress

In these instances MRA may:

- Contact the family by phone and email requesting resolution within two school days.
- Two school days later, if there is not a satisfactory resolution, the Homeschool Teacher will attempt to contact the family again by phone, email, and a letter of non-compliance will be sent to the address on file. The letter will request a resolution within five school days.
- If the issue is resolved, the parent/guardian and teacher will confer to review expectations and create a plan to maintain compliance.
- If the issue is not resolved, the Homeschool Teacher will attempt to contact the family again by phone, email, and a second letter of non-compliance will be sent to the address on file. The letter will request a resolution within five school days. In addition, an Administrative Conference Call will be scheduled to be held no sooner than six days of the date the letter was sent.
- It may be deemed, at that time, that independent study is not the best educational placement for the student and the student may be withdrawn.
- Should a student be Administratively Withdrawn, the student is not eligible to re-enroll in the school for at minimum, one full academic school year.

Work Samples

To meet California Independent Study Guidelines, Work Samples will be required and collected at the end of each Learning Period. Students are required to submit work samples as requested by their Homeschool Teacher to demonstrate and document student learning. Failure to provide work samples may jeopardize your child's enrollment status at Monarch River Academy.

Acceptable Work Sample Criteria:

- Original or scanned PDF version
- Demonstrates neat and organized work

- Demonstrates a good reflection of your child's learning and abilities
- Includes student's name and date in the top right hand corner
- The sample needs to be completed and dated within the collection Learning Period
- Must be non-sectarian (non-religious)
- Photographs must include a summary from the student's perspective
- Samples may be typed or handwritten by the student. Younger students may dictate to the parent to write or type for them

Non-Compliant Work Samples Include:

- Scanned documents that are difficult to read or are very light
- A scanned or printed document of a certificate of completion or report from an online learning platform
- Samples completed and dated not within the Learning Period
- A photograph which does not include the student's summary of the project/concept
- Incomplete worksheets or work

Testing & Assessment

Assessment data is critical to Monarch River Academy. Essentially, assessments are one indicator of student learning. Using assessment data is not only a healthy thing to do internally as a school community, but also a required part of the WASC accreditation process and the charter renewal process.

WASC accreditation shows that a school has met and is maintaining a high level of standards. Furthermore, having WASC accreditation validates the integrity of the school's program for transfer students and transcripts for university acceptance. Many of our families put great value on WASC accreditation. In order to receive WASC accreditation, a school must go through a rigorous process of describing, demonstrating, and evaluating its instructional program through a school-wide action plan.

It is a wonderful accomplishment for a school to be accredited, but the work is not finished. Maintaining accreditation is an ongoing cycle of managing change and improvement through regular assessment, planning, implementing, monitoring and reassessing. Monarch River Academy is involved in the WASC cycle.

Assessment data is also an important piece in our charter renewal process. All charter schools are authorized by a sponsoring school district. The authorizer is granting permission to the petitioning organization to make their own independent decisions and operate their own school. In return, the charter school needs to demonstrate compliance with the essential terms of the charter, which include Ed Code, student achievement, governance, reporting requirements, etc. Monarch River Academy must remain in good standing with the authorizer. Without authorization, we have no charter! Authorizers gauge compliance and achievement with assessment data. Scores at the individual student level are never shared, and privacy of student names is maintained according to federal laws that protect students.

It is very important to the school that all students participate in school wide assessment. We do our very best to listen to the needs of parents and students. We hope this year there are positive changes for you and your child with the different assessment adoptions.

State Standardized Tests – California Assessment of Student Performance and Progress (CAASPP)

As students of a public charter school, our students participate in the following state standardized tests:

- Grades 3 – 8: Smarter Balanced Assessment Consortium (SBAC)
- Grade 11: Smarter Balanced Assessment Consortium (SBAC)
- Grades 5, 8, and one time in High School during the year of their last science course: California Standards Test for Science (CAST)
- Grades 5, 7 and 9: Physical Fitness Test (PFT)
- ELPAC: English Language Proficiency Assessments for California (English Learners only)

As a public charter school we receive state funds that each student accesses when they use their Instructional Funds.

Participation rates are critical to the success of our school. A public school is required to achieve a participation rate of 95% on any state testing. If a school has less than 95% of its students participate in any assessment, the school runs the risk of receiving a serious penalty by the state of California.

Monarch River Academy faculty administers all state standardized tests at facilities located within driving distance of your home. A testing schedule will be provided to you from your teacher. Individual student performance results on statewide achievement testing will be made available to parents that would like a copy.

Often our families have questions or concerns about the SBAC/CAST assessments. At Monarch River Academy we want our families to feel informed about assessments so they are prepared and feel more comfortable partaking. We have created [Parent Testing Videos and Resources](#) for this purpose. We also ask that you work closely with your teacher so your student can be assigned any designated supports that would help them during their testing session.

Star 360

Monarch River Academy believes that ongoing assessments will help to inform instructional practices. The Star 360 is not designed to find flaws but rather to build strength and skills necessary to become successful in the student's educational career.

MRA chose Star 360 because of its adaptive and non-adaptive nature and the diagnostic tool pinpoints students' needs down to the sub-skill level. Star 360 provides data-driven insights and support for successful implementation of the new standards. Star 360 has a custom assessment (paper-pencil version) that can be used in place of the adaptive assessment. MRA will provide the parents with the results of Star 360, so the parent and teacher can work together to create a personalized learning plan for each student.

Assessments allow our teachers to monitor student growth and performance consistently and continuously over a student's entire K-12 career. The questions will automatically change the level of difficulty, thus "adaptive," based on student response patterns. The non-adaptive paper pencil version of Star 360 will allow students to show mastery in standards over the course of the year and we can still measure growth and use these assessments to drive our instruction.

Star 360 Testing will occur up to three times a year, typically in the fall, winter, and spring of each year.

Testing for English Language Learners

California state law requires that the ELPAC be given each year to English Learners. The ELPAC (English Language Proficiency Assessments for California) is a test that measures how well a student can listen, speak, read, and write in English. The purpose of ELPAC is to ensure all students receive adequate support to succeed.

New students that have declared another language besides English on their home language survey must be assessed. This includes TK students. Students that have been previously designated as English Learners at another public school (even if it was years ago) must be tested by law every year until they reach a level of proficiency and are reclassified. At that point they will no longer need to take the test.

Records Department

The Records Department supports families by maintaining student records and will process requests for various documents such as work permits, enrollment verification, report cards, and transcripts.

Document Requested	Expected Time of Processing
Work Permit	2-3 Business Days
Enrollment Verification	2-3 Business Days
Copies of Grades & Official/Unofficial Transcripts	3-5 Business Days
Copies of CUME (Student Records)	3-5 Business Days

Work Permits

There are two types of work permits: Entertainment and Non-Entertainment

- **Entertainment Work Permits** are obtained from the entertainment industry employer, filled out, and sent to records@inspireschools.org,
- **Non-Entertainment Work Permits** are different. Before the Records Department can fill out a regular work permit, the employer needs to provide the student a **B1-1** permit (think of this as the permit to attain a permit). This is important because it tells our department where the student wishes to work. Once the **B1-1** permit is sent to records@inspireschools.org, one of our Records specialists will fill it out and provide a **B1-4** at the same time. The **B1-4** is the actual permit.

Concurrent, College Enrollment Exceptions

For all concurrent, college enrollment requests, please send applications and inquiries to your Guidance Counselor. There is a minimum five (5) business day turnaround for these applications, so please plan accordingly.

Call (626) 317-0112 Ext 1138 if you have any comments, questions, or concerns regarding the Records Department.

Harassment

It is the policy of MRA to prohibit harassment by any means, including but not limited to: sexual, physical, verbal, written, electronic, mental, emotional and visual harassment, intimidation, bullying, and cyberbullying. Whether direct or indirect, such intentional acts substantially harm and interfere with a student's education, threaten the overall educational environment, and disrupt the operation of school.

Harassment for any reason including, but not limited to: race, religious creed (including religious dress and grooming practices), color, national origin (including language use restrictions), immigration status, citizenship status, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding and medical conditions related to pregnancy or childbirth), gender, gender identity, gender expression, age, sexual orientation, military and veteran status, or association with a person or group with one or more of the aforementioned characteristics or any other legally protected category is a violation of both state and federal law. Verified harassers may face loss of computer or other special privileges, suspension, or expulsion. Any disciplinary action will be determined by the school administrators and board of directors. In addition, when any kind of threat is communicated or when a hate crime is committed, the administration will report such crimes to local law enforcement officials. Harassers may also be subject to civil and criminal liability for any such unlawful behavior.

MRA will take measures against harassment. This includes any act that takes place on or immediately adjacent to the location of any school event, at any school-sponsored activity, on school-provided transportation, or off-campus activities that cause or threaten to cause a substantial and material disruption at school or interfere with the rights of students to be secure.

In situations in which electronic or cyber bullying originates from a non-school computer, but is brought to the attention of school officials, any disciplinary action shall be based upon whether the conduct is determined to be so severely disruptive of the educational process that it markedly interrupts or severely impedes the student learning..

It is important to understand that jokes, stories, cartoons, nicknames, the sending or posting of inappropriate and hurtful email messages, instant messages, text messages, digital pictures or images, or website postings, including blogs and comments that violate school, state, and federal law may be offensive to others and will not be tolerated.

If you feel you have been a victim of harassment or are being bullied, inform your Homeschool Teacher or school administrator immediately. Keeping quiet or ignoring the problem will not make it go away. The teacher or school administrator will document the events, contact the appropriate parties, and appropriate steps will be taken.

Expulsion & Suspension

Definition of Expulsion

Expulsion shall be defined as permanent dismissal from MRA, without re-enrollment privileges, and must be approved by the MRA Charter Board or their authorized designee.

Suspensions shall be defined as a temporary leave of absence from MRA that may occur at the discretion of the individual MRA Homeschool Teacher, Regional Administrator, or the MRA Charter Board.

Grounds for Suspension and Expulsion

Suspension & Expulsion for Students with Disabilities

A student identified as an individual with disabilities pursuant to the Individuals with Disabilities Education Act or Section 504 of the federal Rehabilitation Act of 1973 is subject to the same grounds for suspension and expulsion which apply to general education students. All the procedural safeguards established by Charter School policies and regulations shall be observed in considering the suspension or expulsion of students with disabilities. In the case of a suspension or an expulsion of a student identified as having special education needs, MRA shall comply with federal and state law.

Due Process Statement

MRA shall provide for the fair treatment of students facing suspension and expulsion by affording them due-process rights. Rules regarding suspension and expulsion shall be revised periodically as required by any changes in MRA policy, regulation, or law.

In all cases, MRA disciplinary policies shall afford students due process. To this end, the MRA Charter Board shall develop rules and regulations governing the procedures by which students may be suspended or expelled.

In the event of an expulsion, a student will be entitled to written notice of the grounds for their proposed removal and will be given a full due-process hearing in regard to the proposed expulsion. Parent(s)/guardian(s) will also be given written notice in advance of said hearing so that they may attend. MRA will maintain a record of the notice and of the hearing. The student will also be entitled to appeal a decision to expel said student, pursuant to the appeal procedures established by the MRA Charter Board.

Grievance Policy and Procedure

MRA is committed to achieving student/family satisfaction. The following procedure was developed to ensure that student, family and Monarch River Academy staff grievances are addressed fairly by the appropriate persons in a timely manner. MRA prohibits discrimination against students/families on the basis of ethnicity, sex, ancestry, physical or mental disability, race, color, gender, national origin, sexual orientation or religion.

The parent/guardian will address in writing any concern or grievance initially with the student's Homeschool Teacher and supervisor. Both Homeschool Teacher and supervisor will respond within ten (10) school days.

If the concern or grievance is not resolved, the parent/guardian may, within ten (10) school days, request a meeting with school leadership to discuss the concern or grievance. The Sr. Director will investigate and respond with ten (10) school days.

A written email and letter will be sent to the family that will address the concern and outcome.

Family Educational Rights and Privacy Act (FERPA)

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day Monarch River Academy receives a request for access.

Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask MRA to amend a record should write the school

principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by MRA to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

**EDUCATION AND SUPPORT SERVICES AGREEMENT
BETWEEN INSPIRE DISTRICT OFFICE
AND MONARCH RIVER ACADEMY**

This Education and Support Services Agreement (“**Agreement**”) is entered into as of July 1, 2019 (“**Effective Date**”) by and between Provenance, (doing business as Inspire District Office), a California nonprofit public benefit corporation (“**IDO**”) and Monarch River Academy, a public charter school organized as a California nonprofit public benefit corporation (“**School**”). IDO and School may each be referred to herein as a “**Party**” or collectively as the “**Parties**” to this Agreement.

WHEREAS, IDO, a nonprofit corporation with tax exempt status as a supporting organization under section 501(c)(3) of the Internal Revenue Code, is in the business of providing educational goods and administrative services to charter schools that are operated by separate corporations doing business under the trade-name of Inspire (collectively the “Inspire Charter Schools”) and using the business methods and proprietary goods and services developed by IDO and by Inspire-model schools, and implementing the ethos of Inspire schools to provide high quality learning opportunities through a Personalized Learning Model, partnering with parents and embracing homeschooling within the framework of a public charter school.;

WHEREAS, School is authorized by Alta Vista Elementary School District (“**District**”) to operate a California charter school for a term of five (5) years, from July 1, 2019 through June 30, 2024, pursuant to a petition granted by District dated April 10, 2019 (“**Charter**”).

WHEREAS, the Charter provides that the School will implement the Inspire independent study model and may contract for educational and administrative support services;

WHEREAS, subject to the terms and conditions contained in this Agreement, School now desires to contract with IDO for educational and administrative support services;

WHEREAS, the Parties acknowledge and intend that the terms of this Agreement shall at all times be consistent with the terms of the Charter, and that this Agreement provides for IDO to deliver educational goods and task-related services that are performed at the direction of the governing body of the School and over which the governing body of the School retains ultimate decision-making authority.

NOW, THEREFORE, in consideration of their mutual promises set forth in this Agreement, the Parties agree as follows:

1. Relationship of the Parties and Scope of Authority. The relationship created by this Agreement between the Parties is that of an independent contractor, not a partnership, joint venture, or employment relationship. Under this Agreement, IDO will deliver goods and perform task-related services at the direction of the governing body of the School and for which the governing body of the School retains ultimate decision-making authority. The Parties understand and agree as follows:

a. The governing body of the School shall at all times retain its duty to exercise its statutory, contractual, and fiduciary responsibilities governing operation of the School. The governing body of the School, and not IDO, has fiduciary responsibility for the School. The governing body of the School is ultimately responsible for ensuring School adheres to all applicable law and is accountable to the authorizing District pursuant to the Charter.

b. School shall at all times remain an independent, self-governing public body that shall

comply with applicable transparency laws, including but not limited to the California Brown Act, Public Records Act, Political Reform Act, and effective January 1, 2020, the provisions of Government Code section 1090, et seq..

c. To the extent not otherwise specified as a duty of IDO pursuant to the scope of Services, all duties applicable to the proper operation of School and maintenance of applicable academic standards shall remain the responsibility of School.

d. School shall pay for an annual audit of School to be conducted in compliance with California law and regulations. The annual audit shall be performed by an independent certified public accountant selected and retained by the governing body of the School.

e. While IDO may make recommendations to the governing body of the School regarding any arrangements for legal services for School pursuant to the scope of Services, School and its governing body may hire legal counsel as School may deem appropriate and necessary.

f. IDO will not be required to provide any service set forth in this Agreement to the extent that it is or becomes impracticable, in any material respect, as a result of a cause or causes outside IDO's and/or School's reasonable control or would require IDO or School to violate applicable law or cause IDO to be considered an "entity managing a charter school" per Education Code section 47604.1(a).

g. IDO will provide all Services in a manner it believes to be in the best interests of School and with due care, in good faith, and in exchange for reasonable compensation taking into account that IDO is a nonprofit that is exempt from income taxation pursuant to Internal Revenue Code Section 501(c)(3).

2. Independent Contractor. Nothing in this Agreement shall confer upon any IDO or School employee any rights or remedies, including any right to employment, as an employee of the other Party. The Parties agree as follows:

a. All IDO employees providing services to School shall be and remain employed by IDO and shall at all times be subject to the direction, supervision and control of IDO. All School employees shall be and remain employed by School and shall at all times be subject to the direction, supervision and control of School.

b. School shall not have any right to terminate the employment of any IDO employee providing services to the School. IDO shall not have any right to terminate the employment of any School employee.

c. The Parties agree that IDO shall not lease its employees to the School. School shall employ all of its personnel, including certificated personnel responsible for the delivery of instruction. School shall determine and manage compensation (salary and benefit) plans for its employees; provided, however, that School shall oversee and may consult with IDO and IDO will assist with providing payroll and related services pursuant to the scope of Services.

d. IDO certifies that any of its employees who perform school-site services or transportation services for School, or who may have substantial contact with students at School as determined by School in its reasonable discretion, shall be screened in compliance with Education Code section 45125.1 and IDO shall otherwise comply with that statute.

3. Services Provided by IDO. During the term of this Agreement, IDO shall provide to School the services, including the staff necessary to provide the services, listed in Attachment A to this Agreement (the “**Services**”). IDO is not obligated to devote all of its time or efforts to School, but shall devote the time, effort, and skill reasonably necessary to provide the Services to School. IDO reserves the right to sub-contract with a third party for the provision of any of the Services. The Parties may mutually agree to modify the Services at any time by amending Attachment A in writing; provided, however, the Parties will also adjust the annual fee commensurately pursuant to Section 5, if necessary, and IDO shall only deliver task-related services that are performed at the direction of the governing body of the School and for which the governing body of the School retains ultimate decision-making authority. To the extent there are any conflicts between the terms of the Charter and the terms of this Agreement, the terms of the Charter shall control.

4. Term. The term of this Agreement shall commence on July 1, 2019 and continue through June 30, 2024. This Agreement may be renewed for consecutive terms upon mutual written agreement of the Parties.

5. Annual Fee. As compensation for the Services, School shall pay IDO an annual fee of fifteen percent (15 %) (3.5% allocated to operational/administrative services and, 11.5% to licensing the Inspire IP described in Attachment B, including the provision of supporting educational goods and services) of the School’s annual **Revenues**. For purposes of this Agreement, Revenues shall mean the amount received in the current fiscal year from the local control funding formula calculated pursuant to Education Code section 42238.02 and implemented by Section 42238.3. Revenues shall not include one-time or federal restricted grant funds such as PCSGP grants or other federal funding programs.

a. Beginning July 1, 2018, the annual fee shall be paid by **SCHOOL** to **IDO** in twelve (12) monthly installments per year with each monthly payment being due no later than the tenth (10th) day of each month in which a payment is due. The amount of each monthly installment shall be based upon **SCHOOL**’s current school year budgeted **Revenue**.

b. At the end of each fiscal year after the P-2 ADA certification by the California Department of Education, which should occur no later than June 30th, a reconciliation of payments shall made based upon **SCHOOL**’s actual **Revenues** in said year. In the event that the total amount of installment payments made by **SCHOOL** for the subject year exceeds the total amount due based upon **SCHOOL**’s actual **Revenues**, IDO shall refund the total amount of said overpayment to **SCHOOL** within thirty (30) days of the end of the fiscal year. In the event that the total amount of installment payments made by **SCHOOL** for the subject year is less than the total amount due based upon **SCHOOL**’s actual **Revenues**, **SCHOOL** shall pay the total amount of said underpayment to **IDO** within thirty (30) days of the end of the fiscal year.

c. In the event this Agreement is renewed, the annual fee shall be reviewed and renegotiated by the Parties.

6. Costs. In addition to the annual fee, School shall reimburse IDO for direct “pass-through” costs and expenses incurred in performing the Services, including, but not limited to: equipment, materials, or supplies purchased from third parties at the request of, or on behalf of the School; platform subscription fees (e.g. student information systems, learning management systems); travel (including mileage, airfare, lodging, meals, and ground transportation); filing or corporate fees; marketing and development costs incurred solely for School (e.g. print materials, postage for mailers, and costs of newspaper, radio, television, billboard or other broadcast advertisements); and fees of other third parties consulted by IDO at the request of or on behalf of the School. However, no costs will be owed for services provided by subcontractors, such as Charter Impact [or legal counsel?]

a. In the event that IDO purchases equipment, materials, or supplies at the request of or on behalf of the School, IDO shall comply with the procurement policies and processes approved by the governing body of the School and shall not include any mark-up, added fees or charges with the cost of equipment, materials, and supplies purchased from third parties. Any equipment, materials, or supplies that IDO purchases on behalf of the School shall be and remain the property of the School.

b. Marketing and development costs charged to School shall be limited to those costs specific to the School program, and shall not include any costs for the marketing of the Inspire brand or development of IDO goods, services or intellectual property.

c. All reimbursable costs of IDO charged to School shall be itemized on IDO invoices, with reference to specific dollar amounts and with backup documentation for such costs (e.g. copies of receipts or purchase orders).

7. Annual Notices. As a supporting organization to School, IDO shall, at least annually, provide School with a copy of its most recent Form 990, a description of the support, in services and otherwise, provided to School, and its most current articles and bylaws, not later than the 5th day of the 5th month after the close of the year for which the Form 990 is filed.

8. Cooperation. School shall make available to IDO, in a timely manner, all data, files, documents, and other information and records necessary or appropriate for IDO to provide the Services under this Agreement. School staff, and the governing body of the School as necessary, shall work closely and cooperatively with IDO to facilitate IDO's effective performance and delivery of the Services.

9. Conflicts of Interest. School and IDO recognize that it is important that School be assured that IDO staff acts at all times with integrity. School has adopted a conflict of interest code under the California Political Reform Act. IDO acknowledges that School may require certain IDO staff to file annual financial interest disclosures as consultants under that code and abide by the disclosure and disqualification provisions of that Act. IDO also agrees to adopt and provide to School copies of conflict of interest policies required by the IRS, as well as an anti-nepotism policy and a policy regarding inconsistent employment for compensation, which policies shall meet Federal requirements for grant and funding program administration.

10. Non-Exclusive, Non-Transferable Intellectual Property License. IDO grants School a non-exclusive, non-transferable irrevocable, United States limited license to use, display and print graphic images of the Inspire IP in connection with School's operation of the Charter. The Inspire IP is described in Attachment B and may include copyrights, patents, trademarks, technology, and intellectual property of every kind (the "***Inspire IP***"). The Parties acknowledge that IDO has extensively invested in developing and improving the Inspire IP and in marketing, refining, advertising, promoting, and publicizing it, all of which have become well and favorably known to the public throughout the United States, and as a result of such efforts, IDO has acquired valuable goodwill therein. The non-exclusive, non-transferable license granted to School is subject to the following terms and conditions:

a. **Ownership.** School acknowledges the ownership of the Inspire IP in IDO and shall do nothing inconsistent with such ownership. School acknowledges that all use of the Inspire IP shall inure to the benefit of and be on behalf of IDO. School acknowledges that nothing in this Agreement shall give School any right, title, or interest in and to the Inspire IP other than the right to use the intellectual property in accordance with the terms of this Agreement.

b. **Quality Standards.** School shall not utilize the Inspire IP in any manner that would

diminish their value or harm the reputation of IDO or any other Inspire organization. The nature and quality of all services rendered by School in connection with the Inspire IP, all goods sold by School under the Inspire IP, and all related advertising, promotional and other related uses of the Inspire IP by School shall conform to standards set by and be under the control of IDO.

c. School agrees that School will not frame, copy, or feature any trademarks, logos, content from IDO's websites or marketing materials at any website owned or controlled by School without IDO's prior express written permission.

d. Neither School nor any entity owned or controlled by them will directly or indirectly file, apply for, prosecute, register, maintain, obtain, and/or acquire any domain names, trademark applications, or trademark registrations, for any mark or name comprised of or containing the Inspire IP, or for any other confusingly similar marks, names, or terms. Further, neither School nor any entity owned or controlled by School will directly or indirectly challenge, contest, or interfere with IDO's ownership, use, registration, or enforcement of its Inspire IP.

e. School shall not have the right to grant a license, sublicense, or any other rights to the Inspire IP.

f. The license and rights granted to School herein are subject to any limitations imposed by any applicable government grant or government contract entered into by IDO.

g. School shall use the Inspire IP only in the manner and for the duration expressly permitted in writing by IDO.

h. Upon termination or expiration of this Agreement, School shall have no right to make any use whatsoever of the Inspire IP and must remove all Inspire IP previously used by School in accordance with section 14, Termination.

i. Infringement Proceedings. School shall promptly inform IDO of any infringements or other violations of the Inspire IP. IDO shall have the exclusive right at its sole discretion to determine whether to take any action, including litigation, against such infringements or other violations. For any such action IDO decides to take: (a) School will reasonably cooperate with and assist IDO; (b) IDO shall bear all costs, attorney's fees, and expenses; and (c) IDO shall receive and retain all monetary awards, judgments, damages, and settlement proceeds. If IDO decides not to take any action against an infringement or other violation of the Inspire IP, IDO will notify School of its decision, at which time School may request IDO's permission for School to take action, including litigation. If IDO permits School to take action: (a) IDO will reasonably cooperate with and assist School; (b) School will bear all costs, attorney's fees, and expenses; (c) School will obtain IDO's prior approval of any settlement, such approval to not be unreasonably withheld; and (e) School will receive and retain all monetary awards, judgments, damages, and settlements proceeds.

j. Notwithstanding the foregoing, ISO shall own all proprietary rights to curriculum or educational materials that: (1) are both directly developed and paid for by School; or (2) were developed by IDO at the direction of the governing body of the School with School funds dedicated for the specific purpose of developing such curriculum or materials unless otherwise agreed in writing.

11. Confidentiality. Each Party acknowledges that during the term of this Agreement, it will have access to certain Confidential Information of the other Party, as defined below. Each Party shall

maintain and enforce reasonable administrative, technical, and physical safeguards to reasonably protect the confidentiality of the other Party's Confidential Information.

a. **"Confidential Information"** means non-public information marked either "confidential" or "proprietary," or that otherwise should be understood by a reasonable person to be confidential in nature. Confidential Information may include but is not limited to trade secrets, policies, procedures, intellectual property, business or strategic plans, contractual arrangements or negotiations, financial information and employee information. Confidential Information does not include any information which (i) is rightfully known to the recipient prior to its disclosure; (ii) is released to any other person or entity (including governmental agencies) without restriction; (iii) is independently developed by the recipient without use of or reliance on Confidential Information; or (iv) is or later becomes publicly available without violation of this Agreement or may be lawfully obtained by a Party from a non-party; or (v) which is a public record under California law.

b. If disclosure of Confidential Information is requested pursuant to law, statute, rule or regulation (including a subpoena, a request made to School under the California Public Records Act, or other similar form of process), the Party to which the request for disclosure is made shall (other than in connection with routine supervisory examinations by regulatory authorities with jurisdiction and without breaching any legal or regulatory requirement) provide the other Party with prior prompt written notice thereof to the extent practicable, and if practicable under the circumstances, shall allow the other Party to seek a restraining order or other appropriate relief.

c. The Parties understand and acknowledge that School's financial, educational, and student records are School property and may be subject to the California Public Records Act. All School records shall be physically or electronically available, upon School's request, at the School's physical location. Records shall also be made available to School electronically on IDO's software platforms, when such platforms exist.

d. The finance and other records of the School maintained by IDO shall be made available the School's independent auditor upon request.

e. Upon the termination or expiration of this Agreement, Confidential Information of each Party in the possession of the other Party shall be returned and/or destroyed.

12. Student Information. IDO and School will each comply with the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) ("**FERPA**"), federal Children's Online Privacy and Protection Act (15 U.S.C. §§ 6501–6506) ("**COPPA**"), and other applicable state and federal laws pertaining to student information and privacy. IDO is a "third party" which may receive pupil records under California Education Code Section 49073.1(d)(6).

a. IDO shall be designated as having a legitimate educational interest in accessing School's student education records, as that term is defined by and for purposes of FERPA, thereby allowing IDO to access personally identifiable information from student education records from School in order to provide its services. For purposes of this Agreement, the term "personally identifiable information" ("PII") means any information that can be used on its own or with other information to (i) distinguish one person from another, (ii) identify, contact, or locate a single person, or (iii) de-anonymize anonymous data.

b. IDO shall not use or disclose pupil records, including personally identifiable information, received from or on behalf of School except as necessary to provide the Services, as required by law, or as otherwise authorized in writing by School. IDO shall protect the pupil

records it receives from or on behalf of School no less rigorously than it protects its own Confidential Information. IDO will designate and train responsible individuals to ensure the security and confidentiality of pupil records. IDO shall develop, implement, maintain and use reasonable administrative, technical and physical security measures to preserve the confidentiality and availability of all electronically transmitted pupil records received from or on behalf of School. In the event of an unauthorized disclosure of PII, IDO shall notify School as soon as practicable, and shall, upon School's request, notify affected parents, legal guardians and eligible pupils using reasonably available technological means such as electronic mail.

c. IDO shall allow parents, legal guardians and eligible students to access their student records in compliance with applicable federal and state law.
