FINANCE		Review and/or Update Non-Profit IRS Form 990 Policies - although not required, it is recommended to review these policies annually. The IRS Form 990 is the annual information return filed by most non-profit charter schools. The IRS Form 990 includes a Governance, Management and Disclosure section. Charter Schools are required to disclose the following policies: Conflict of Interest Policy, Whistleblower Policy, Document Retention and Destruction Policy, Expense Reimbursement Policy, Gift Receiving Policy, and Compensation Approval Policy. A Form 990 must be filed by the 15th day of the 5th month after the close of the NPO's fiscal year. Most schools extend this deadline to the following May 15th. Item: D. 2021-2022 Audit Report
Purpose: Discussion & Potential Action

Related Material: Audit Report - MR

BACKGROUND:

- Schools have internal and external audits to ensure the appropriate use of public funds and that they meet state and federal guidelines.
- Annually, the school is required to contract with a certified public accountant or public accountants deemed by the State Controller's Office as qualified to conduct audits.
- The evaluative process is used to improve the operations of a school. This practice helps the school accomplish its goals by bringing a systematic approach to evaluating and improving the effectiveness of various areas (risk management, governance, etc.).
- When making certain that the school is "in compliance," the auditor will assess whether the school (school board, administrators, staff, etc.) have met responsibilities in complying with federal, state, and local regulations, policies, laws, procedures, etc.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Monarch River Academy Fresno, California

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Monarch River Academy (the "Charter") which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Monarch River Academy as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Monarch River Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Monarch River Academy's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 Monarch River Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Monarch River Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents, including the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2022, on our consideration of Monarch River Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Monarch River Academy's internal control over financial reporting and compliance.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Monarch River Academy (the "Charter") was formed as a nonprofit public benefit corporation on April 2, 2019 for the purpose of operating as a California public school located in Tulare County. The Charter was numbered by the State Board of Education in July 2019 as California Charter No. 2057. The mission of Monarch River Academy is to develop the individual gifts of students in Tulare County and adjacent counties to become proficient in Common Core State Standards and become critical thinkers, responsible citizens, and innovative leaders prepared for academic and real-life achievement in the 21st Century. Monarch River Academy provides nonclassroom-based instruction to students in grades TK/K to 12.

Monarch River Academy is authorized to operate as a charter school through the Alta Vista Elementary School District (the "authorizing agency"). In March 2019, the Board of Directors of the Alta Vista Elementary School District approved a charter petition for a five-year term beginning July 1, 2019 and expiring on June 30, 2024. Due to AB 130, the current charter petition end date is extended to June 30, 2026. Funding sources primarily consist of state apportionments and in lieu of property tax revenues.

B. Basis of Accounting

The Charter's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

C. Financial Statement Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). ASC 958-205 was effective July 1, 2018. Under the Guide, Monarch River Academy is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net assets with donor restrictions – These assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires (that is until the stipulated time restriction ends or the purpose of the restriction is accomplished) the net assets are restricted. When a restriction expires, restricted net assets are reclassified to net assets without donor restrictions.

As a public charter school, Monarch River Academy also accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual* presented in Procedure 810 Charter Schools. Fund accounting is not used in the Charter's financial statement presentation.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

E. Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

F. Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without restriction upon acquisition of the assets and the assets are placed in service.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

G. In Lieu of Property Taxes Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to Monarch River Academy. Revenues are recognized by the Charter when earned.

H. Cash and Cash Equivalents

Monarch River Academy considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

Investments

The Charter's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities. Investment return is presented net of any investment fees.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Receivables and Allowances

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Charter establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2022, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

K. Capital Assets

Monarch River Academy has adopted a policy to capitalize asset purchases over \$5,000. Lesser amounts are expensed. Donations of capital assets are recorded as contributions at their estimated fair value. Such donations are reported as net assets without donor restrictions. Capital assets are depreciated using the straight-line method over the estimated useful lives of the property and equipment or the related lease terms.

L. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

M. Income Taxes

Monarch River Academy is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

The Charter's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Charter's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

N. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

O. New Accounting Pronouncement

Leases

In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The objective of the ASU is to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about lease arrangements. The new FASB ASU topic on leases consists of five subtopics: overall, lessee, lessor, sale and leaseback transactions, and leveraged lease arrangements. ASU No. 2016-02 is applicable to any entity that enters into a lease. The new lease standard is effective for private nonprofits with fiscal years beginning after December 15, 2021. The Charter will determine the impact on the financial statements once required to implement in the 2022-23 fiscal year.

Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. NOTE 10 - EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under a multiemployer defined benefit pension plans maintained by agencies of the State of California. In accordance with *California Education Code* 47605, charter schools have the option of participating in such plans if an election to participate is specified within the charter petition. The Charter has made such election. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS), and non-certificated employees are offered social security as an alternative plan. All employees are eligible to participate in a 403(b) plan as an alternative plan.

California State Teachers' Retirement System (CalSTRS)

Plan Description

Monarch River Academy contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard; Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 10.25% or 10.205% of their 2021-22 salary depending on the employee's membership date in the plan. The required employer contribution rate for fiscal year 2021-22 was 16.92% of annual payroll. The contribution requirements of the plan members are established by state statute.

NOTE 10 - EMPLOYEE RETIREMENT PLANS (continued)

California State Teachers' Retirement System (CalSTRS) (continued)

The Charter's contributions to CalSTRS for the last three fiscal years were as follows:

			Percent of Required
	Co	ntribution	Contribution
2021-22	\$	770,221	100%
2020-21	\$	530,962	100%
2019-20	\$	464,825	100%

On-Behalf Payments

The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for Monarch River Academy is estimated at \$393,135. The on-behalf payment amount is computed as the proportionate share of total 2020-21 State on-behalf contributions.

Alternative Plan

As established by federal law, all public sector employees who are not members of their employer's existing retirement plan (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The Charter offers both social security and a 403(b) employee funded plan. All employees are eligible to participate in the plans. A participant of the 403(b) plan may make an election to defer compensation and have it contributed to this plan.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

Charter School Authorization

As mentioned in Note 1A, Monarch River Academy is approved to operate as a public charter school through authorization by the Alta Vista Elementary School District. As such, the Charter is subject to the risk of possible non-renewal or revocation at the discretion of its authorizing agency if certain criteria for student outcomes, management, and/or fiscal solvency are not met.

On July 9, 2021, the Governor of California approved Assembly Bill 130 (AB 130). Effective July 1, 2021, AB 130 added a provision within the California Education Code whereby all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years. As a result, the charter petition end date is extended to June 30, 2026.

Governmental Funds

Monarch River Academy has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

Multiemployer Defined Benefit Plan Participation

Under current law on multiemployer defined benefit plans, the Charter's voluntary withdrawal from any underfunded multiemployer defined benefit plan would require the Charter to make payments to the plan, which would approximate the Charter's proportionate share of the multiemployer plan's unfunded vested liabilities. CalSTRS has estimated that the Charter's share of withdrawal liability is approximately \$2,781,852 as of June 30, 2021. The Charter does not currently intend to withdraw from CalSTRS. Refer to Note 10 for additional information on employee retirement plans.

NOTE 11 - COMMITMENTS AND CONTINGENCIES (continued)

Pending or Threatened Litigation

The Charter is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Charter as of June 30, 2022.

NOTE 12 - RELATED PARTY TRANSACTIONS

Authorizing Agency

The Charter makes payments to the authorizing agency, Alta Vista Elementary School District, to provide required services for special education and other purchased services in addition to fees for oversight. In accordance with *California Education Code* 47613(b), the authorizing agency may charge actual costs of oversight not to exceed 3% of revenue from local control funding formula sources if the authorizing agency also provides substantially free facilities; Alta Vista Elementary School District provides such facilities. Total fees for oversight and facility use amounted to \$307,196 for the fiscal year ending June 30, 2022.

Provenance (formerly Inspire Charter Schools)

When Monarch River Academy was initially incorporated in April 2019, its articles of incorporation listed the founder and former CEO of Inspire Charter Schools ("Inspire") as the incorporator of the Charter. In July 2019, Monarch River Academy entered into an education and support services agreement with Inspire Charter Schools for educational services under the "Inspire Education Model" and for management services. Inspire Charter Schools has since changed its name to Provenance. The agreement called for an annual fee of 15% of annual revenues and covered a term from July 1, 2019 to June 30, 2024. This agreement was cancelled due to the closure of Provenance and the Charter began services with Axia Group LLC.

Partner Schools

During the fiscal year, Monarch River Academy worked with certain partner schools that had also received services from Provenance. Provenance has since dissolved; however, there are still certain shared services that occurred throughout the year with these partner schools.

Due to/from Partner Schools

A summary related to receivables/payables for shared services as of June 30, 2022 consists of the following. These amounts are presented as due to/from partner schools within Notes 3 and 4:

Axia Group LLC

The Charter entered into an education and support services agreement with Axia Group LLC. Axia Group LLC was formed by the former CEO and CFO of Inspire Schools. The term of the agreement is from July 1, 2021 to June 30, 2024. The services agreement calls for an annual fee of 10.5% of the Charter's revenues with the exclusion of one-time federal and state funds used for professional development. During the fiscal year ended June 30, 2022, the Charter incurred \$1,325,317 in educational services to Axia Group LLC.

Interested Parties

The Charter's Executive Director, Dr. Laura Goodman, also serves as the Executive Director for Yosemite Valley Charter School. Yosemite Valley Charter School is a separate nonprofit organization that operates as an independent charter school. Monarch River Academy entered into a software loan along with Yosemite Valley Charter School as mentioned in Note 7.

NOTE 13 – DONATED GOODS AND SERVICES

Use of Volunteers

During the year, many parents, administrators and other individuals donated significant amounts of time and services to Monarch River Academy in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Charter's financial statements because they do not meet the criteria required by generally accepted accounting principles. The Charter did not receive any donated items during the fiscal year ended June 30, 2022.

NOTE 14 – SUBSEQUENT EVENTS

Monarch River Academy has evaluated subsequent events for the period from June 30, 2022 through December 13, 2022, the date the financial statements were available to be issued. Management did not identify any transactions or events that require disclosure or that would have an impact on the financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditors' Report

To the Board of Directors of Monarch River Academy Fresno, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Monarch River Academy (the "Charter") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Charter's basic financial statements and have issued our report thereon dated December 13, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*

22 106 of 282

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

In our opinion, Monarch River Academy complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Monarch River Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program. Our audit does not provide a legal determination of Monarch River Academy's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Monarch River Academy's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Monarch River Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the report on compliance about Monarch River Academy's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
 evidence regarding Monarch River Academy's compliance with the compliance requirements referred to
 above and performing such procedures as we consider necessary in the circumstances.
- Obtain an understanding of Monarch River Academy's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances, and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Monarch River Academy's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Monarch River Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the report on compliance about Monarch River Academy's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, and the K-12 Audit Guide, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Monarch River Academy's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Monarch River Academy's internal control over compliance relevant to the audit
 in order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of
 expressing an opinion on the effectiveness of Monarch River Academy's internal control over compliance.

Updated Homeless Education Policy

Board Policy No. 6173

Section: IV. Academic Excellence

Item:A. Updated Homeless Education PolicyPurpose:Discussion & Potential Action - VoteRelated Material:6173 - Homeless Education Policy - MR

BACKGROUND:

- Changes include:
 - Updating the Homeless Liaison's contact information
 - Added language about transportation
 - Additional information about identification of Homeless Youth, Training, and the required annual housing questionnaire
 - Additional educational services (Section 6)
 - Expansion of Section 7 on High School Coursework and Graduation requirements

RECOMMENDATION:

• Consider the approval of the updated Homeless Education Policy.

Monarch River Academy

Instruction | Alternative/Specialized Programs HOMELESS EDUCATION POLICY

Monarch River Academy is committed to ensuring that homeless students are provided equal access to the same free, appropriate public education provided to other children and youth. Homeless students will be given access to the education and other services that such students need to ensure that they have an opportunity to meet the same challenging State student academic achievement standards to which all students are held. Homeless students will not be stigmatized or segregated in a separate school or program based on the student's status as homeless.

The purpose of the Monarch River Academy Governing Board approving this Homeless Education Policy is to accomplish the following:

- 1. Define Homeless Children and Youth
- 2. Identify the Homeless Liaison's Responsibilities
- 3. Explain the Requirements for Enrollment of Homeless Children and Youth
- 4. Identify Enrollment Disputes and the Dispute Resolution Process
- 5. Outline Transportation Options
- 6. Define Comparable Education Services for Homeless Children and Youth
- 7. Describe Coursework and Graduation Requirements

1. Definitions:

- *Homeless children and youths* means individuals who lack a fixed, regular and adequate nighttime residence and includes children and youths:
 - Who are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason; are living in motels, hotels, trailer parks (not including mobile home parks), or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
 - Who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings;
 - Who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;

- Who are migratory children who qualify as homeless for purposes of this part because the children are living in circumstances described above.
- *Unaccompanied youth* includes a youth not in the physical custody of a parent or guardian.
- The Charter School is the school of origin when the student attended the Charter School when permanently housed or was last admitted when the student became homeless. The Charter School will not be considered the school of origin when it is contrary to the wishes of a student's parent(s) or guardian(s), or is not in the best interest of the student.

In determining the best interest of the child or youth, the School shall:

- Presume that keeping the child or youth in the school of origin is in the best interest
 of the child or youth, less it is contrary to the request of the child's or youth's parent
 or guardian, or unaccompanied youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or unaccompanied youth;
- o If, after conducting the best interest determination based on consideration of the presumption identified above and the student-centered factors identified above, the School determines that it is not in the child's or youth's best interest to attend the School, the School shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal; and
- o In the case of an unaccompanied youth, ensure that the School liaison assists in placement or admission decisions, gives priority to the views of such unaccompanied youth and provides notice to such youth of the right to appeal.

A child or youth or unaccompanied youth shall be considered homeless for as long as he/she is in a living situation described above.

- 2. Homeless Liaison Contact Information and Responsibilities: The Charter School's Homeless Liaison is: Yolanda Vazquez, yolanda.vazquez@centralvcs.org. The Charter School's Homeless Liaison is required to do all of the following:
 - Ensure that homeless children and youths are identified by school personnel through outreach and coordination activities with other entities and agencies;

- Ensure that homeless children and youth are admitted in, and have a full and equal opportunity to succeed in the School;
- Ensure that homeless children and youths have access to and receive educational services for which such families, children, and youth are eligible, including referrals to health care services, dental services, mental health and substance abuse services, housing services and other appropriate services;
- Ensure that the parents or guardians of homeless children and youths are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
- Ensure that admission disputes are mediated in accordance with the dispute resolution process outlined below;
- Ensure that public notice of the educational rights of homeless children and youths is
 disseminated in locations frequented by parents or guardians, including schools,
 shelters, public libraries and soup kitchens, in a manner and form understandable to the
 parents and guardians of homeless children and youths, and unaccompanied youths;
- As applicable, ensure that the parent or guardian of a homeless student, and any
 unaccompanied youth, is fully informed of all transportation services, including
 transportation to the school of origin and is assisted in accessing transportation to the
 school.
- Ensure that school personnel providing services participate in professional development and other technical support as determined appropriate by the State Coordinator;
- Ensure that unaccompanied youths 1) are admitted to school; 2) have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth, including implementation of procedures to identify and remove barriers that prevent youths from receiving appropriate credit for full or partial coursework satisfactorily completed while attending a prior school; and 3) are informed of their status as independent students and that the youths may obtain assistance from the liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid.
- Ensure that homeless children and youths are identified by school personnel through outreach and coordination activities with other entities and agencies and that they receive referrals to health care services, dental services, mental health and substance abuse services, housing services, and other appropriate services.

- Offer training to the school's certificated and classified employees providing services to pupils experiencing homelessness, including, but not limited to, teachers, support staff, and other school staff who work with pupils, at least annually relating to both of the following: 1) The homeless education program policies adopted by the school; and 2) Recognition of signs that pupils are experiencing, or are at risk of experiencing, homelessness.
- The Charter School shall administer a housing questionnaire for purposes of identifying homeless children and youths and unaccompanied youths. The questionnaire shall comply with legal requirements. The questionnaire shall be administered annually, and reported to the California Department of Education the number of homeless children and youths and unaccompanied youths enrolled.
- **3.** Admission: All homeless students are required to follow the school's process for admitting students, including filling out and submitting the school's enrollment documents and Master Agreementpacket on time. As with all students, admission depends upon availability. In the event of an oversubscription in a grade, homeless students will participate in the lottery as with any other student. As used in this policy, admission means attending classes and participating fully in school activities.

If the homeless student seeking admission is unable to produce records normally required for admission, such as previous academic records, medical records, proof of residency or other documentation, this will not serve as a basis for non-admission. Provided that the admission process has been followed in all other respects, a homeless student will be admitted in the School despite the missing paperwork. Upon admission, the School will contact the school last attended by the students to obtain relevant academic and other records.

If the student needs to obtain immunizations, or immunization or medical records, the School will immediately refer the parent or guardian of the student, or the unaccompanied youth, to the Homeless Liaison, who shall assist in obtaining necessary immunizations, or immunization or medical records.

4. Admission Disputes and the Dispute Resolution Process: If a dispute arises over admission in the Charter School of a homeless student, the student will be immediately enrolled to the Charter School in which admission is sought, pending resolution of the dispute. "Admission" means attending classes and participating fully in school activities.

The Charter School will refer the student and/or his/her parents or guardians to the Homeless Liaison, who will carry out the dispute resolution in accordance with the process set forth below, as expeditiously as possible after receiving notice of the dispute. In the case of an

unaccompanied youth, the Homeless Liaison will ensure that the youth is immediately admitted in school pending resolution of the dispute.

Parents, guardians and unaccompanied youth may provide written or oral documentation to support their positions about admission and may seek assistance of social services, advocates, and/or service providers in the dispute process.

The Charter School will provide the parent or guardian of the student with a written explanation of the Charter School's decision regarding admission, including the rights of the parent, guardian or unaccompanied youth's appeal the decision. The written explanation will be complete, as brief as possible, simply stated and provided in a language that the parent, guardian or unaccompanied youth can understand.

If the dispute remains unresolved at the Charter School level or is appealed, then the Charter School Homeless Liaison will forward all written documentation and related paperwork to the homeless liaison at the county office of education (COE). The COE's homeless liaison will review these materials and determine the school selection or admission decision within five (5) working days of receipt of the materials. The COE homeless liaison will notify the Charter School and parent/guardian/unaccompanied youth of the decision.

If the dispute remains unresolved at the COE level or is appealed to the State, then the COE homeless liaison will forward all written documentation and related paperwork to the State Homeless Coordinator. Upon review, the CDE will notify the parent/guardian/unaccompanied youth of the decision <u>relating to admission relating admission</u> in the Charter School within ten working days of receipt of the materials.

- **5. Transportation**: The Charter School will provide or arrange for transportation of a homeless student, at the request of the parent, guardian or Homeless Liaison, to the Charter School when the Charter School is the school of origin. If the student begins living in an area served by another local educational agency while continuing his/her education at the Charter School, the Charter School will contact that local educational agency to agree upon a method to apportion the responsibility and costs for providing the student with transportation to and from the Charter School.
- 6. Comparable Education Services: Each homeless student will be provided access to services comparable to services offered to other students in the Charter School, including but not limited to the following:

6.

- Educational services for which the homeless student meets federal, state, and local program eligibility criteria
- Programs in career and technical education
- Access to honors and AP courses
- Access to field trips
- Access to technology, including hotspots

- Access to a full range of support and intervention programs
- 7. Coursework and Graduation Requirements: The School shall accept coursework satisfactorily completed by a homeless student while attending another public school, a juvenile courts school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and shall issue that homeless student full or partial credit for the coursework completed while attending the School.

If the School is the transferring school, it shall issue the full and partial credits on an official transcript for the student and shall ensure the transcript includes all of the following: 1) All full and partial credits and grades earned based on any measure of full or partial coursework being satisfactorily completed, including a determination of the days of enrollment or seat time, or both, if applicable, at the School or any other local educational agency, other public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school; 2) The credits and grades for each school and local agency listed separately so it is clear where they were earned; 3) A complete record of the student's seat time, including both period attendance and days of enrollment.

If a homeless student enrolls in the School, and the School has knowledge that the transcript from the transferring local educational agency may not include certain credits or grades for the student, the School shall contact the prior local educational agency within two business days to request that the prior local educational agency issue full or partial credits. The prior local educational agency shall issue appropriate credits and provide all academic and other records to the School within two business days of the request.

7.

The credits accepted shall be applied to the same or equivalent course, if applicable, as the coursework completed in the prior school.

The School shall not require a homeless student to retake a course if the student has satisfactorily completed the entire course in a prior school. If the student did not complete the entire course, the School shall not require the pupil to retake the portion of the course the student completed unless the School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be admitted in the same or equivalent course, if applicable, so the student may continue and complete the entire course.

A homeless student shall not be prevented from retaking or taking a course to meet the eligibility requirements for admission to the California State University or the University of California.

A homeless student who transfers between schools any time after the completion of the pupil's second year of high school and is in the student's third or fourth year of high school, the School shall exempt from all coursework and other requirements adopted by the School that are in

addition to the statewide coursework requirements specified in Education Code section 51225.3, unless the School makes a finding that the student is reasonably able to complete the School's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

If the School determines that the homeless student is reasonably able to complete the School's graduation requirements within the student's fifth year of high school, the School shall do all of the following: 1) Consult with Inform the student and the person holding the right to make educational decisions for the student of the student's option to remain in school for a fifth year to complete the School's graduation requirements; 2) Consult with Inform the student, and the student's educational rights holder, about how remaining in the School for a fifth year to complete the School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution; 3) Consult with and pProvide information to the student about transfer opportunities available through the California Community Colleges; 4) Permit the student to stay in school for a fifth year to complete the School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or if under 18 years of age, with the person holding the right to make educational decisions for the student; 5) Consult with the student and the student's educational rights holder regarding the student's option to remain in the School of origin.

To determine whether a homeless student is in the third <u>or fourth of fourth</u> year of high school, either the number of credits the pupil has earned to the date of transfer, <u>or</u> the length of the student's <u>enrollment</u>, or for students with significant gaps in school attendance, the pupils age <u>as compared to the average of pupils in the third or fourth year of high school</u>, <u>school admission</u> may be used, whichever will qualify the student for the exemption.

Within 30 calendar days of the date that a homeless student may qualify for the exemption from local graduation requirements transfers into a school, the School shall notify the student, the educational rights holder, and the School's liaison for homeless children and youth of the availability of the exemption and whether the student qualifies for an exemption. If the School fails to provide timely notice, the student shall be eligible for the exemption from local graduation requirements once notified, even if that notification occurs after the student is no longer homeless, if the student otherwise qualifies for the exemption.

In addition to providing said notice, the School shall consult with the student and student's educational rights holder about the following: 1) Discussion regarding how any of the requirements that are waived may affect the student's postsecondary education or vacation plans, including the ability to gain admission to a postsecondary educational institution; 2) Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges; 3) Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

A homeless student that has been exempted from local graduation requirements in accordance

with Education Code section 51225.1 and completes the statewide coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and that student would otherwise be entitled to remain in attendance at the school, the School shall not require or request that the pupil graduate before the end of the student's fourth year of high school.

If a homeless student is exempted from local graduation requirements pursuant to Education Code section 51225.1, the School shall notify the student and the person holding the right to make educational decisions for the student how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges.

If a homeless student is not exempted from local graduation requirements or has previously declined the exemption, the School shall exempt the student at any time if an exemption is required by the student and the student qualifies for the exemption.

If a homeless student is not eligible for an exemption because the School makes a finding that the student is reasonably able to complete the School's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the School nonetheless shall reevaluate eligibility and provide written notice to the student, the student's education rights older whether the student qualifies for an exemption within the first 30 calendar days of the following academic year, based on the course completion status of the student at the time of reevaluation to determine if the student continues to be reasonably able to complete the School's graduation requirements in time to graduate from high school by the end of the student's fourth year.

If it is determined within the first 30 calendar days of the following academic year, that given their course completion status at that time the reevaluation conducted pursuant to the previous paragraph that the student is not reasonably able to complete the School's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the School shall provide the student with the option to receive an exemption from all coursework and other requirements adopted by the School's governing board that are in addition to the statewide coursework requirements specified in Education Code section 51225.3 or to stay in school for a fifth year to complete the School's graduation requirements upon agreement with the student (if over 18 years old), or upon agreement with the student's education rights holder.

If a homeless student is exempted from local graduation requirements, the School shall not revoke the exemption.

If a homeless student is exempted from local graduation requirements, the exemption shall continue to apply after the pupil is no longer a homeless student while the student is admitted in the School or if a homeless student who is exempt from local graduation requirements transfers to the School from another school.

If a homeless student transfers between schools any time after the completion of the student's second year of high school is not reasonably able to complete the School's graduation requirements within the student's fifth year of high school, but is reasonably able to complete the statewide coursework requirements specified in Education Code section 51225.3 within the student's fifth year of high school, the School shall exempt a student from the School's graduation requirements and provide the student the option to remain in school for a fifth year to complete the statewide coursework requirements. The School shall consult with the student and the student's education rights holder of the following: 1) The student's option to remain in school for a fifth year to complete the statewide coursework requirements; 2) How waiving the local educational requirements and remaining in school for a fifth year may affect the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education; 3) Whether any other options are available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges; 4) The student's academic data and any other information relevant to making an informed decision on whether the accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

The School shall not require or request a homeless student to transfer schools in order to qualify the pupil for an exemption.

A complaint for noncompliance with this section may be filed with the School under the School's Uniform Complaint Procedures.

A homeless student shall be allowed to continue his or her education in the school of origin through the duration of homelessness. If the homeless student's status changes before the end of the academic year so that the student is no longer homeless, either of the following apply:

1) If the homeless student is in high school, the School (if it the school of origin) shall allow the formerly homeless student to continue that student's education in the School through graduation;

2) If the homeless student is in kindergarten or any of grades 1 to 8, inclusive the School (if it is the school of origin) shall allow the formerly homeless student to continue that student's education in the School through the duration of the academic school year.

Preface

Monarch River Academy began the official self study process in Fall of 2022, although work on revising and identifying critical learner needs has been ongoing since the WASC initial visit in 2020.

The entire staff of Monarch River Academy has been made aware of the California Dashboard Indicators at an all staff meeting as well as at the various department and regional meetings. The school's leadership team reviewed the California Dashboard Indicators, as well as other local assessment data, to determine the critical student learner needs and worked to ensure the WASC action plan and Local Control Accountability Plan (LCAP) are aligned with the school's charter and our areas of need.

All Monarch River Academy staff have been mobilized to address various items regarding this WASC full self-study in several ways. First, a data team of administrators was established during the 19-20 school year to compile annual reports, surveys, and compliance documents. Lead staff were identified to coordinate WASC group activities and make presentations to various educational partners including the Parent Council and Governing Board.

The four regional teams across Monarch River Academy's service area consisted of one Regional Coordinator (RC), Independent Study Teachers (ISTs), Virtual Academy Teachers, Education Specialists, as well as other service providers, and administrators. The different teams consist of 14-15 regular members as well as a few other members that float between the teams.

Each team meets weekly throughout the year to identify, examine, and provide evidence for the variety of reporting prompts and indicators included in the report.

Modifications from the model focus on learning approach as follows:

- As a non-classroom based program, Monarch River Academy's structure and staffing are not traditional. With that, Monarch River Academy does not support traditional roles like principal, student government, department chairs, transportation, or security staff.
- Without a centralized brick and mortar campus, students and staff are spread across multiple counties and often interact with their assigned independent study teacher, local community partners, appropriate student support staff that may work closely with the student, as well as Regional Coordinators that support both virtual and in-person enrichment activities. Beyond this, families have limited contact with

- other school staff.
- As faculty serve students in grades TK-12th and all subject areas, they
 were fully engaged in the WASC self-study process as much as possible.
 This included specific analysis of items in Chapter III as well as reviewing
 the full draft of the Self-Study prior to submission. Monarch River
 Academy faculty also assist with proctoring local and state assessments,
 processing purchase orders, partnering with local community partners
 and vendors, assisting families with choosing curriculum, and referring
 students to specific supports and services offered by the school. Given
 the faculty's comprehensive and central role in students' learning,
 support, and access to resources, they were a primary focus in the selfstudy process.
- A variety of groups served as Focus Groups to contribute to this report.
 - o WASC leadership Chapters I, II, IV, and V as well as Category A and E.
 - o General Education Faculty Categories B, C, and D.
 - o Assessment and Accountability Chapter II and Category D.
 - o Online Instruction Faculty (Gen Ed & SPED) Category D.
 - o Special Education Categories B and E.
 - o Parent Council members Category E.
 - o Student Support and CTE staff and faculty Category E.
- An educational partner review of the draft report was conducted prior to submission

From this process, the following goals were identified:

Growth Area #1: The school's leadership team will investigate and promote opportunities for staff involvement in the development of the LCAP.

- Goal 1: Staff will become aware of Dashboard results and the implications of the results, as well as local indicators that align with the 8 state priorities.
- Goal 2: The school will align their achievement goals in reading and math with their LCAP goals.
- Staff will be included in the development of surveys and educational partner Goal 3: meetings that occur each spring before the revision of the LCAP for the following school year.

Growth Area #2: The leadership team and instructional staff members will develop a plan to ensure school educational partners, particularly students and parents/guardians, are aware of and understand the Schoolwide Learner Outcomes (SLOs). This may include highlighting the SLOs in the school's weekly newsletter.

Goal 1: Create a Learning Period (LP) guide for Monthly LP meetings to remind teachers of

the language to use within LP meetings.

Goal 2: Educate parents and families about the SLOs.

Goal 3: Tie SLOs into Community Connections activities.

Growth Area #3: Teachers need additional professional development to help prepare students for standardized assessments. This is an important area of growth needed because most students are not getting the test preparation that students in a traditional classroom setting would be getting. It is important to find creative ways that Teachers can better prepare students for high stakes standardized testing.

- Goal 1: Expand our current Rock the Test prep sessions to provide more opportunities for teachers, parents, and students to be test ready.
- Goal 2: Provide targeted academic intervention to students who performed below grade level on the CAASPP and internal benchmark assessments.
- Goal 3: Facilitate focused/skill-related test prep mini sessions at 3 LP meetings per year.

Chapter I: Progress Report

Aside from the COVID-19 disruptions that affected all schools starting in the Spring of 2020, there have been no significant developments that caused any major setbacks to the school or its curricular programs. Some significant improvements have come in the manner of additional student support staff identified through the <u>LCAP process</u>.

Monarch River Academy (MRA) is a non-classroom based school which focuses on individual educational plans for each student. Over the last three years, MRA has undergone several changes to address the many needs due to the pandemic and based on our data.

Assigned staff review the WASC schoolwide action plan periodically and make adjustments for implementation of the goals and tasks. The leadership team implements the action plan working toward ongoing improvement. Each year, the leadership team reviews the goals and action plan to ensure the LCAP is in alignment with WASC goals. A summary of progress since the last self study is provided under each goal.

Growth Goal 1: The school's leadership team will investigate and promote opportunities for staff involvement in the development of the LCAP.

Progress towards Goal 1:

Over the last four years, MRA has significantly changed their systems and processes to include all educational partners focused on the four goals and thirty actions of the LCAP as well as state and local data to inform planning and implementation of practices that address the needs of each

student. Because MRA had to close due to COVID during the first year the charter opened, there are no dashboard indicators based on state data. We have used local data to determine alignment and success to our LCAP goals.

Professional development has occurred several times over the last four years focused on the LCAP goals and the development of any adjustments in the actions according to data and successful implementation. Teachers, staff, and educational partners are surveyed to determine their success and growth areas as they support the implementation of the goals. Newsletters are sent to families and staff on a weekly basis that are aligned with the LCAP goals as well as the mission, vision, and SLOs of MRA. Budget development and budget monitoring are aligned with LCAP goals and examined on a weekly basis. Each month our board of directors receive metric reports from various departments and programs that are aligned with our LCAP goals. Teachers meet with families and students in person at least once each learning period to review the educational plan and data points aligned with the LCAP goals. The LCAP has become the guiding document for MRA.

Growth Goal 2: The leadership team and instructional staff members will develop a plan to ensure school educational partners, particularly students and parents/guardians are aware of and understand the Schoolwide Learner Outcomes (SLOs). This may include highlighting the SLOs in the school's weekly newsletter.

Progress Towards Goal 2:

MRA has incorporated the SLOs into every aspect of our charter as well as supports that will increase the success of each student as they progress towards mastery of the SLOs which are aligned with their educational plans and based on data. Teachers meet weekly with their regional coordinators to discuss and plan for on-going success towards SLOs. Teachers monitor and support the implementation of the SLOs as well as interventions and programs if SLOs are not being met. Interventions and programs are available to all students and connected to the policies and mission of the charter. Regional coordinators assume the role of a lead teacher/vice principal to provide support to teachers and students when SLOs are not being met. Catch-up plans, intervention plans, and other resources are assigned to students and monitored every month. Our Director of Community Engagement provides a weekly newsletter to parents and students that includes the supports aligned with the school's SLOs as well as supports aligned with students' individual learning goals.

Growth Goal 3: Teachers need additional professional development to help prepare students for standardized assessments. This is an important area of growth needed because most students are not getting the test preparation that students in a traditional classroom setting would be getting. It is important to find creative ways that Teachers can better prepare students for high stakes standardized testing.

Progress Towards Goal 3:

Last year, staff, teachers, and families received professional development to better prepare them

for the state testing. MRA was able to meet the state percentage requirement according to CDE. Teachers worked with families throughout the year to promote the importance of the state testing as well as examining their educational plan to ensure that students have the knowledge as well as the strategies to access the test as well as apply their knowledge to the assessment. The Director of Community Engagement designed a series of fun and engaging events called, "Rock the Test"in order for students to feel comfortable with the testing process and format. Currently, testing information and professional development occurs every month to help prepare students, families, and staff for standardized testing.

There are no Critical areas for follow-up (growth areas for continuous improvement) not in the current schoolwide action plan/SPSA.

Chapter II: Student/Community Profile and Supporting Data and Findings

School Description

Monarch River Academy provides a flexible personalized learning experience, empowering families to tailor a program designed around the specific needs of each student. In collaboration with highly qualified credentialed teachers, students engage in diverse and dynamic learning pathways and unparalleled enrichment opportunities to achieve personal and academic success.

Our programs provide students with many opportunities to:

- Learn at home or on the go with options for flexible, standards-based learning pathways using a variety of curriculum, online platforms, virtual academies, and/or bundled textbook programs.
- Receive guidance, support, and assistance in person and virtually from an assigned credentialed Teacher.
- Participate in optional field trips and school events as desired and based on current public health guidelines.
- Choose from numerous and diverse Community Partner (Vendor) services.

Monarch River Academy (MRA) is a tuition-free public charter school offering personalized student learning in grades TK through 12. We are a non-classroom-based independent study work charter school serving students and families throughout Tulare, Kings, Fresno, Kern, and Inyo Counties and employs approximately 181 staff members. MRA is unique and provides students with a standards-based public education in an independent-study homeschool environment. We offer multiple educational programs and facilitate the individualization of each child's learning experience alongside our parents and families. Under the direct supervision of a credentialed teacher and through multiple program offerings, students can complete their standards-aligned educational program in a setting that best meets their needs. As a nonclassroom-based charter, we are proud to offer our standards-aligned educational program completely online, as part of a blended model of online coursework with some direct instruction, and/or offline through state-adopted course outline and textbook options. Students are also encouraged to participate in project-based or career technical education courses, and/or a multitude of enrichment opportunities to help round out their educational experience. We also partner with local organizations and colleges, to ensure that students are prepared for college and career.

In March of 2020, MRA halted all in-person services and activities in response to the COVID-19 pandemic. Throughout the rest of the school year, we provided staff, students, parents, and educational partners with ongoing updates and guidance for state and local agencies.

During the months of June and July, the leadership team worked with all educational partners to plan and prepare for a safe and successful August 2020 reopening that considered the challenges related to COVID-19 restrictions. MRA remained deeply committed to making sure that all students made academic progress and continued towards college and career readiness. Each of our students was significantly impacted, like other schools, with the initial closure of the school and swift move to distance learning. MRA continued to provide a full educational program as a non-classroom-based charter school.

Local Indicators

Academic Engagement: Access to Broad Course of Study

Monarch River Academy (MRA) uses several tools to confirm that we are offering a broad course of study. Tools included surveys to educational partners, educational partner meetings, closely working with the county office of education, and working with local community colleges and universities. MRA uses tracking tools for all students which occurs every twenty days to ensure all groups and grade spans have access to a board course of study. Grades 1st through 8th have student clubs connected to their interests as well as enrichment courses which include STEM and VACA courses. Our high school students are tracked every two weeks to ensure that they are successful. Each student has an individual graduation plan that is revised throughout the school year.

Each of the students is enrolled in a broad course of study according to their interest and/or his/her graduation plan. Differences in the broad course of study would vary according to geographic location. About 25% of our high school students are concurrently enrolled in a

community college or other IHE. Each community college has different areas of study and certification that are of interest to our students. We have also expanded our enrichment offerings to include courses that include VACA, AG, and STEM for all grade levels and we have spotlights for these courses in order for students to have greater access.

Monarch River Academy partners with local community colleges as well as the county office of education. There are very few barriers to access; however, access may include Wi-Fi connectivity due to location, transportation to courses offered away from central locations, and course enrollment caps which fill up quickly.

Monarch River Academy will provide more hotspots for students to increase access, and we will partner with more community colleges to increase access as well as enrollment opportunities when space in courses is limited. We will also seek to increase access through local course development to offset any barriers due to location and travel.

Educational Partner Input

Monarch River Academy (MRA) believes that educational partner input is a key component in the creation of its educational programs and services. To gain input and consultation regarding goals, actions, and expenditures, MRA consulted with various educational partner groups.

The groups consisted but were not limited to the following:

- Parents/Guardian
- Pupils
- School personnel
- Teachers
- Administrators
- The Parent Advocacy Committee (PAC)
- District English Learner Advisory Committee (DELAC)
- SELPA administrator
- School Site Council
- Community

Additional efforts to gain input and consultation included the administration of electronic surveys to all employees and parents. MRA also collected additional survey feedback from our Outstanding Direct Intervention (ODI) teachers who have been piloting small-group intervention programs in both English-language arts and Mathematics. This feedback was extremely valuable in the creation of our instructional program offerings.

School leadership including MRA Directors and Assistant Directors met to receive and reflect on feedback from their staff, students, and parents about MRA educational programs including actions and services. Recommendations from this process included incorporating both formal and informal data collection into our MTSS process and teacher/parent training in order to more effectively drive the selection of appropriate interventions and support. This recommendation was incorporated into Goal 1, Action 13 and Goal 2, Action 3. Translation services were available as needed. The school made a strong effort to ensure that voices were heard from educational partners throughout these meetings that represented English Learner students, socioeconomically disadvantaged students, and homeless students.

At these meetings, the following information was shared by the school:

- Available dashboard data
- Local data
- LCAP goals
- Progress made toward meeting goals/metrics
- Budget information

Educational partners were then given the opportunity to respond to the plans, providing feedback, questions for the Executive Director, or comments.

Virtual meetings were conducted using Zoom on the following dates:

- School Site Council Meeting: 02/28/22, 04/27/22, 08/18/22
- Parent and Community Meeting: 04/27/22, 05/02/22, 07/26/22, 07/27/22, 07/28/22, 08/18/22
- Staff Meeting: 03/07/22, 04/04/22, 05/02/22, 05/11/22, 06/03/22, 08/01/22, 08/02/22, 08/03/22, 08/08/22, 08/15/22, 08/22/22, 08/29/22
- Meeting with Student representatives: 04/27/22, 05/02/22, 08/18/22
- Parent Advocacy Committee Meeting: 03/24/22, 05/13/22
- ELAC/DELAC Meetings: 04/27/22, 05/02/22, 08/18/22
- Board Meetings: 03/22/22, 04/26/22, 05/06/22, 05/24/22, 06/23/22, 07/26/22, 08/23/22, 09/13/22, 10/18/22

Another way that MRA provides opportunity for educational partners to voice their concerns and/or provide feedback is through online Feedback Surveys:

Annual Self-Assessment

An annual survey was administered to all staff, all students in grades TK-12, and offered to all parents. We increased our online efforts to collect surveys this year, creating multiple opportunities for educational partners to provide survey feedback through online forms and virtual meetings.

- 1. 90% of parents feel that their child's school provides access to professionals and resources to support social-emotional learning and other emotional health needs.
- **2.** 96% of parents feel that their child's school provides a quality education that focuses on the academic success of each child.
- **3.** 91% of parents feel that their child's school offers support that promotes learning at high levels.
- **4.** 85% of parents feel that their child's school provides a variety of activities as well as vendor and enrichment opportunities in which students can participate.
- **5.** 98% of parents feel that their child's school welcomes parental participation at all levels.
- **6.** 98% of parents feel that their child's school has teachers that go out of their way to help students
- **7.** 91% of our students who surveyed feel that Monarch River Academy works with their parents/guardians to help them do their best in school.
- **8.** 96% of the educational partners feel that Monarch River Academy has clear guidelines and supports to ensure all students are on track to graduate from high school and meet the

- high school graduation requirements.
- **9.** 89% of the educational partners feel that Monarch River Academy provides professional development that meets the needs of staff in order to increase students.

Findings and Implications of Data

While overall school enrollment has been relatively consistent over the last three years, we have adjusted programs, student supports, and added new programs to meet the needs of an influx of students with an IEP and high school aged students.

The ethnic makeup and language diversity of our school shows two themes. The majority of our students are white and our student population is less diverse than our multi-county service area. The second theme is the increase in students who are educationally disadvantaged which is over 43%. Educational partners are included in planning to support and engage these specific students that are enrolling at our school.

With the state CAASPP assessments suspended in 19-20, the data available for 21-22 is the first data received for the MRA. MRA have relied on administration of local assessments to inform student performance and instructional practice. The STAR360 assessment results have been a baseline to further assessments and interventions.

Post-secondary outcomes indicate a renewed focus on preparation for both college and careers. The A-G baseline for MRA is 0% from our first graduating class of 1 in 2020 and increased to 18% for the Class of 2021. MRA had 38% of graduates completing the AG college entrance requirements for the class of 2022 an 9% of students are concurrently enrolled for the the Fall of 2022. MRA continues to focus on plans for high school students to become college and career ready according to our dashboard and data indicators.

The results from parent, staff, and student surveys demonstrate that MRA needs to continue to move forward in supporting students in their learning in ELA and math through individualized learning as well as virtual instruction. Our focus on the individual needs of each student means that we do not use a school-wide standard curriculum. This approach empowers students and parents in the educational process and also means that many of the ways schools traditionally improve student performance (such as required school wide initiatives), have to be done differently in our model.

Based on this analysis, we propose the following critical learner needs:

- 1. Continue to prioritize effective instructional practice and professional development in support of increasing proficiency in both ELA and Math.
- 2. Utilize MTSS best practices to align student supports with data-driven decision-making.
- 3. Continue to prioritize effective and academically relevant student and family engagement practices.
- 4. Continue and expand on the plan for High School Academies, Online Class Based Instruction, and CTE programs to further support the enrollment

growth of our high school.

5. Continue to support students and families with school-wide SEL practices.

Category D: Assessment and Accountability

D1. Reporting and Accountability Process Criterion

The school leadership and instructional staff use effective and equitable assessment processes to collect, disaggregate, analyze, and report schoolwide student performance data to the school staff, students, parents, and other educational partners. The analysis of data guides the school's programs and processes, the allocation and usage of resources, and forms the basis for the development of the schoolwide action plan/SPSA aligned with the LCAP.

Indicators

Indicators

D2.1. Demonstration of Student Achievement: Teachers use the analysis of formative and summative assessments to guide, modify, and adjust curricular and instructional approaches.

Findings	Supporting Evidence
MRA uses multiple measures to monitor growth. Student growth is assessed through monitoring STAR 360 results, completion of a body of work, intervention pre and post assessments and specific diagnostic assessments are offered to all students in grades TK-12th three times a year. Students who score below grade level on an diagnostic assessment are prescribed an intervention plan which the Independent Study Teacher (IST) develops with the parent/learning coach. After completing the ELPAC, students identified as English language learners are enrolled in our ELD program taught by our ELD teachers. Instruction is tailored to the student level as identified by the assessment.	

D2.2. Teacher and Student Feedback: Teachers provide timely, specific and descriptive feedback in order to support students in achieving learning goals, academic standards, college- and career-readiness standards, and schoolwide learner outcomes. Teachers also use student feedback and dialogue to monitor progress and learn about the degree to which learning experiences are understood and relevant in preparing students for college, career, and life.

Findings	Supporting Evidence
Growth monitoring provides frequent feedback to help monitor student progress. Teachers use those results to provide data to families and suggestions for continued growth.	Educational Plan Example

instructional methods and curriculum. These are offered to students depending on learning methods, learning styles by credentialed teachers

Based on feedback, teachers provide intervention, enrichment and acceleration opportunities and experiences to supplement their chosen curriculum allowing for further growth and timely feedback on where students are meeting goals.

Teachers collect work samples every 20 school days in all subjects to monitor chosen curriculum and to ensure it is appropriate for both grade and skill level, and that they can attain their goals through the implementation of their educational plan.

Teachers set ELA and math goals based on multiple measures of data and evidence of learning while taking parent and student input into consideration while creating the goal, and frequently monitoring it to ensure students are making progress towards achieving their goals.

High school students are required to meet with a Guidance Counselor to create a 4-year plan for meeting graduation requirements based on their post-high school plans. Annual meetings with Guidance Counselors and high school specialists assure that students are successfully meeting requirements.

High school students have the opportunity for career based classes and opportunities for CTE courses based on feedback and interests.

Indicators

E2.1. Safe, Clean, and Orderly Environment: The school has existing policies and regulations and uses its resources to ensure a safe, clean, and orderly place that nurtures learning, including internet safety and Uniform Complaint Procedures.

Findings	Supporting Evidence
As a non-classroom based independent study charter school, our school office is located at the same location of our school's lending library. Most of our students have visited the library at some time or another, but the office section of the building is far less utilized by families. For those who live farther away from our office, the lending library makes deliveries. It is possible to be successful in our school without ever visiting our school owned facility as their learning takes place at home and in the community.	Lending Library

Compensation Philosophy

A compensation philosophy is a statement that defines what an organization offers and chooses to reward via its compensation system. The School's compensation philosophy places emphasis on equity, transparency, excellence, and commitment. These five key values are the foundation for all School compensation structures and practices.

We offer...

- comprehensive compensation packages for all staff, including base salary and benefits. Certain employees may be eligible for bonuses and stipends, as set forth herein
- a dynamic culture and vibrant community of colleagues united by shared dedication to students, a commitment to innovation, and a strong growth mindset

- unique career pathways, growth and development opportunities, and leadership roles that encourage staff to challenge themselves
- equitable compensation, regardless of gender, race/ethnicity, national origin, sexual orientation, age, religion, disability or any other consideration made unlawful by federal, state, or local laws, ordinances, or regulations
- a transparent and clearly communicated compensation system, so that staff understand what factors may determine individual compensation and how and when potential changes to compensation will be affected.

We recognize and reward...

- exceptional performance and contributions that enable excellent student outcomes
- commitment of staff who contribute to the long-term success of our students and our organization

For teachers...

Given the role they play in providing educational services, teachers are particularly critical to the success of our mission. As such, we offer teacher compensation to attract and retain talented educators, and we specially recognize and reward:

- exceptional teacher performance that leads to growth and excellence for students
- commitment of teachers who develop deep, high-quality educational experience (within or outside of the School) and assume critical leadership responsibilities

TEACHER COMPENSATION

Teacher Definition:

For purposes of this schedule, a Teacher is defined as a person who has a valid credential or certificate that allows them to teach a specific subject matter or special education.

Salary Placement Guidelines:

Upon hire, each employee's salary placement will be calculated based on the YEAR an employee fits, and in accordance to the professional and teaching experience gathered in previous years in the institutions outlined in this manual and on other factors such as prior performance (which includes a rehired employee).

The starting salary of a new employee may exceed the salary of a current employee in the same position based on the new employee's units and years of experience.

Creditable Years of Experience:

- The School has the option to grant one (1) YEAR for each one (1) year of approved creditable teaching or professional experience up to 5 (five) years.
- Up to five additional years of service may be approved by the <u>SuperintendentExecutive Director</u> for candidates who have school-desired experience in what the school determines to be "hard-to-staff" positions.
- One year of creditable professional or teaching experience will be granted for full-time employment, which is employment for 100% of an institution's normal work schedule during the school year
- A partial year of creditable professional or teaching experience can be granted for up to a year of part-time employment, which is less than 100% of an institution's normal work schedule during the school year.
- Creditable professional or teaching experience may be earned in:
 - California and US public, charter, and private elementary and secondary schools
 - Accredited foreign public, charter, and private elementary and secondary schools

- California, US, and foreign accredited universities and colleges
- Non-public special education contract schools for special education teachers
- Other regionally accredited educational institutions
- Creditable teaching experience is experience as a teacher in one of the institutions outlined above.
- A maximum of 2 years of substitute teaching experience in California and US public, charter, and private elementary or secondary schools may be accepted.
- Two years of teacher assistant experience in the above institutions will be equal to 1 YEAR in the salary schedule up to a maximum of 2 YEARS.
- Other relevant professional experience may be considered by the <u>Superintendent Executive</u>
 Director or designee.

The <u>SuperintendentExecutive Director</u> or his or her designee may adjust a rehired teacher's placement on the pay scale as appropriate based on the employee's accumulated experience following the teacher's separation from the School, which may result in a higher or lower placement on the scale than the teacher would have otherwise been placed had the teacher been continuously employed.

Credential/Certification:

- Teachers holding a valid and active credential (i.e., preliminary, clear, lifetime) California teaching certificate at the time of hiring/rehiring will generally be compensated in accordance with the applicable teacher salary table (B Basis, C Basis or Special Education) for certificated teachers.
- The School may hire teachers with a bachelor's degree who do not hold a clear teaching credential. Staff holding an alternative certification (intern, emergency, or preliminary credential) are rated on the same salary teacher table as certificated teachers.
- A teacher is eligible to advance to the proper Pay Scale level once they meet the requirement for that specific Pay Scale Level and Group based on their creditable years of service and post-BA units, if applicable.
- For any given school year, teachers must submit any successfully completed post-BA units no later than October 1st in order for the units to be applied to the teacher's salary in that school year. Any proof of successfully completed post-BA units submitted to the School after October 1st will not result in an adjustment to compensation until the following school year. Teachers will be required to submit a form with their projected increase in units before the start of the school year.
- Any increase in pay resulting from an advancement on the Pay Scale based on the successful completion of post-BA units will not take effect until after the School's receipt of sufficient documentation supporting the advancement. Pay increases for post-BA units will not be paid retroactively. For illustration purposes, if a teacher is awarded a degree on January 15 and provides proof of the degree on May 1, any advancement on the Pay Scale and increase in pay will be effective beginning the next school year on July 1st. The teacher will not be paid at the higher rate of compensation retroactively (i.e., for the periods between January 15 and July 1).
- If a teacher is awarded a degree on August 15 and provides proof of the degree on October 1, any advancement on the Pay Scale and increase in pay will be effective beginning the first pay period following October 1. The teacher will not be paid at the higher rate of compensation during the periods between August 15 and October 1.

• All teaching credentials must be reflected on the California Commission on Teacher Credentialing's website.

Advanced Degree/Certificate Stipends:

- Staff who hold a Masters degree will receive a \$1000 stipend paid in equal installments throughout the pay periods.
