DATA	Feb-24	CALPADS - Fall 2 deadline - Please be mindful that Level-2 certification within CALPADS means that these data have been reviewed and approved by your superintendent or IRC administrator. Failure to properly review and amend these data in CALPADS within the allotted amendment window will result in the improper certification of official Fall 2 data within CALPADS, which can impact a number of things, including LCFF funding, student course enrollments, staff assignments and English learner education services. Students' course enrollments, teacher course assignments, staff job assignments, FTE count and English Learner education services are reported datasets. Cover Sheet School Accountability Report Card (SARC)

Section: IV. Academic Excellence

Item: A. School Accountability Report Card (SARC)

Purpose: Discussion & Potential Action - Vote

Related Material: 2022 SARC - Monarch River

BACKGROUND:

- Since November 1988, state law has required that schools receiving state funding to prepare and distribute a SARC.
- The purpose of the report card is to provide parents and the community with important information about each school.
- A SARC can be an effective way for a school to report on its progress in achieving goals.
- SARC reports generally begin with a profile that provides background information about the school and its students. The profile usually summarizes the school's mission, goals, and accomplishments.
- State law requires that the SARC contain all of the following:
 - Demographic data
 - School safety and climate for learning information
 - Academic data
 - School completion rates
 - Class sizes
 - Teacher and staff information
 - Curriculum and instruction descriptions
 - Postsecondary preparation information
 - Fiscal and expenditure data
- The report must be updated annually and published by February 1.

RECOMMENDATION:

• Consider the approval of the 2022 SARC Report.

2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

MONARCH RIVER ACADEMY

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Monarch River Academy is a tuition-free, public charter school serving transitional kindergarten through 12th-grade students in Tulare, Kings, Fresno, Kern, and Inyo Counties. We take great pride in being able to offer our students flexible personalized learning experiences through our many unique and dynamic programs.

Mission:

Monarch River Academy provides a flexible personalized learning experience, empowering families to tailor a program designed around the specific needs of each student. In collaboration with highly qualified credentialed teachers, students engage in diverse and dynamic learning pathways and unparalleled enrichment opportunities to achieve personal and academic success.

Vision:

Monarch River Academy develops the individual gifts of students to become critical thinkers, responsible citizens, and innovative leaders prepared for academic and real-life success in the 21st century.

Schoolwide Learner Outcomes:

Monarch River Academy established goals for our students that are known as Schoolwide Learner Outcomes (SLOs). SLOs are a part of our school culture: they reflect our school vision, the College and Career Readiness Standards, and the education of the whole child.

We strive to help all of our students become:

Navigators of the Digital World - Navigators of the digital world who are proficient in the use of technology, media, and online resources.

Self-Directed - Self-directed and motivated students who are able to set attainable goals to achieve academic success. Personalized Learners - Personalized learners who are able to thrive in the style of education that best fits their individual needs.

Independent Critical Thinkers - Independent critical thinkers who have the ability to problem-solve, take ownership, and apply their knowledge to a variety of problems.

Responsible Citizens - Responsible citizens who demonstrate integrity and respect while actively seeking knowledge of local and global issues.

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

Today's Career Tech Education (CTE) is a program of study designed to integrate core academic knowledge with technical and occupational knowledge. Programs provide a wide range of learning experiences spanning a variety of career tracks, fields, and industries. While Career Tech Education is designed to prepare students for the world of work, completion of a pathway also helps pave the way to additional study after high school. Students may have the opportunity to gain work experience through internships, job shadowing, on-the-job training, and industry certification opportunities. At Central Valley Charter Schools we offer a variety of options for students to explore and pursue Career Technical Pathways.

Currently, we have 2 pathways offered through High School Virtual Academy Live! The first pathway is the Animal Science Pathway which allows students to learn all about animal breeds, care, nutrition, and medical needs as well as the science behind food production. The second pathway offered is the Agriscience Pathway which allows students to study California agriculture, sustainability, agricultural business, agricultural technologies, natural resources, and animal, plant, and soil sciences. All of these courses are A-G approved as well allowing students to explore their desired CTE pathway while still preparing for further education after high school.

This year we are now able to offer 16 different pathways through eDynamics with in-house CTE teachers overseeing the courses. We have also launched a Middle School CTE course for Career Exploration that allows students to be introduced to the various career pathways and choose one that best fits their interests. There are also over 30 students throughout our high schools that are taking CTE courses through various vendors and community colleges that we work closely with

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Monarch River Academy ensures parents, legal guardians, and teachers have an opportunity to participate in the governance of the school. Some of the voting members of the board of directors are parents/guardians. The parent representatives provide insight into students and families as it is related to program planning, design, and implementation. Parents/guardians assist with field trips, community events, and other school-related activities. Parent satisfaction surveys are provided electronically to all parents annually in the spring. The surveys are developed specifically to assess parent input on the effectiveness of all aspects of the school from their perspective, related to their experience. The results of the survey are reviewed along with information on program effectiveness from a variety of in-house assessments such as student and staff engagement surveys, summative and formative assessment data. Survey results are shared with families and the community. In addition, the school has partnered with local community organizations and businesses to provide educational workshops, and outreach that enriches the students' educational experience.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Monarch River Academy Comprehensive Safety Plan was approved by the board on 8/15/21 & 8/23/22. This plan was developed with the unique needs of a non-classroom based school at the forefront of its development. The plan utilizes an incident command structure where each individual responsible for the implementation of an emergency response only needs to know the basic responses of four initial actions and then a compartmentalized set of actions that can be given to individuals during an emergency. The four initial actions are "Duck and Cover", "Evacuation", "Shelter-in-place", and "Lock-Down". One of these initial actions will be used in any emergency.

After the initial action the Safety Plan has "Responsibilities", "Safety", "Start-up Actions", "Operational Duties", and "Closing Down" actions for different roles in an emergency. These roles are:

Incident Commander Public Information Officer Student Care Group First Aid Group Search and Rescue Group Student Accountability Group

Student Release Group

In addition, the Safety Plan has a Media Relations Guide, and procedures for Earthquakes, Hazardous Material Releases, Intruder on Site, Severe Weather, Utility Loss or Damage, Bomb Threat, Basic Medical Emergency, and an Incident Report Form.

2021-22 Types of Services Funded

Monarch River Academy provides comprehensive services to support students' academic development. Eligible students receive special education services to support their Individualized Education Plan (IEP), students are provided resources such as textbooks, technology, and related educational materials. In addition, the school regularly measures student proficiency in English Language Arts and Mathematics through a variety of metrics including online benchmark assessment three times per year. Students who receive a score indicating a grade level proficiency that is two or more levels below their current grade level on any one standard are provided support including a specialized curriculum, tutoring, and/or an academic coach. Individualized supports focus on a student's demonstrated area of need and are available in virtual tutoring or online intervention program as well as a robust SEL and transition program. The school has partnered with local community organizations and businesses to provide educational workshops, and outreach that enriches the student's educational experience.

Professional Development

Monarch River Academy is committed to research-based professional development in all four content area. We partner with our local county offices and other professional organizations for on-going professional develop throughout the school year for all staff including parents and students.

Based on data from the feedback we received from our teachers towards the end of the last school year (2021/2022), we moved to an individualized Professional Development (PD) plan for the current school year (2022-2023). We offered eight PD choices this year based on a needs self-assessment our teachers took. (HERE is the raw data and HERE is the analysis)

We created the eight PD courses and allowed all staff (certificated and classified) to choose one (or more if they wanted). Each PD is taught by a qualified member of our leadership team with a Master's Degree and is approximately 15 hours of synchronous and/or asynchronous research, activities, projects, assignments, etc. Every PD is research-based, applicable to our model of education, and supports all students.

PDs offered: Virtual Instruction Strategies, College & Career Readiness, Supporting High School Writers, Having Difficult Conversations, Helping Students Become Mathematical Thinkers (TCOE Strategies - K-8th Grade), Technology (Google Suite), Helping Students Overcome Testing Anxiety, and Secondary Technology Tools.

This table displays the number of school days dedicated to staff development and continuous improvement.

Item: B. Extended School Year (ESY)

Purpose: Discussion & Potential Action - Vote

Related Material: Extended School Year (ESY) - Monarch River

BACKGROUND:

- Extended School Year (ESY) services are special education and related services provided by the school during the time between academic years.
- Per the Individuals with Disabilities Education Act (IDEA) and California Code of Regulations section 3043, these services assist the student in working toward the same goals and objectives that the student works on during the school year and are only provided in those areas on the current IEP that the student has demonstrated:
 - Regression of skills during an extended school break and
 - Limited ability to benefit from re-teaching skills after an extended school break.

RECOMMENDATION:

Consider approval of the proposed ESY plan/schedule.

Extended School Year (ESY)

ESY occurs directly after the school year ends and is four weeks in duration. For the current school year, ESY is scheduled to begin on June 5, 2023 and end on June 30, 2023.

This will provide students with 19 days of instruction and access to their related services.

Related Material: MRA_CA Dashboard_2022-23

BACKGROUND:

• The California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

• Short <u>Youtube video</u>, published by the California Department of Education, explains what the Dashboard is and how it can be used.

RECOMMENDATION:

• Provide guidance and direction to school leadership.

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Suicide Prevention Policies Grades TK-7 & 8-12 Grades

Board Policy No. 5141.A & 5141.B

Section: IV. Academic Excellence

Item: D. Suicide Prevention Policies Grades TK-7 & 8-12 Grades

Purpose: Discussion & Potential Action - Vote

Related Material: 5141.A - Suicide Prevention Policy Grades TK-7 - MR; 5141.B

- Suicide Prevention Policy Grades 8-12 - MR

BACKGROUND:

- These policies will replace the current singular Suicide Prevention Policy.
- The approach and the training of staff differs based on student age/grade.
- School staff assigned to the younger grades have experience and training in that age range.
- School staff assigned to the older grades have experience and training in that age range.

RECOMMENDATION:

• Consider approving the Suicide Prevention Policies TK-7 and 8-12 Grades.

Health & Welfare
SUICIDE PREVENTION POLICY GRADES TK-7

Monarch River Academy is committed protecting the health and well-being of all Monarch River Academy students, including vulnerable youth populations, by having procedures and evidence-based, multi-tiered interventions in place to prevent, assess the risk of, intervene in, and respond to suicide and self-harming behavior. While we are concerned for the risk of suicidality across all populations we serve we also recognize that there are vulnerable youth populations at a greater risk historically. Vulnerable youth populations include LGBTQ (lesbian, gay, bisexual, transgender, questioning) youth, youth living with mental and/or substance use disorders, youth who engage in self-harm or have attempted suicide, youth in out-of-home settings, youth experiencing homelessness, American Indian/Alaska Native youth or youth that identify with other racial minority groups, youth bereaved by suicide and youth living with medical conditions and disabilities.

California *Education Code* (*EC*) Section 215, as added by Assembly Bill 2246, (Chapter 642, Statutes of 2016) mandates that the Governing Board of any local educational agency (LEA) that serves pupils in grades seven to twelve, inclusive, adopt a policy on pupil suicide prevention, intervention, and postvention. The policy shall specifically address the needs of high-risk groups, including suicide awareness and prevention training for teachers, and ensure that a school employee acts within the authorization and scope of the employee's credential or license.

The purpose of Monarch River Academy Governing Board approving this Suicide Prevention Policy is to accomplish the following:

- 1. Explain the Purpose for The Suicide Prevention Policy
- 2. Identify Parental Involvement in Suicide Prevention
- 3. Identify Student Participation and Education
- 4. Outline Key Terms and Definitions of Suicide Prevention
- 5. Explain Suicide Discussion/Communication for Parents and Children
- 6. Outline the Process for Assessment and Referral
- 7. Outline the Process for Implementing the Policy
- 8. Provide Resources for Parents, Students, and Staff Members on Suicide Prevention

1. Purpose: Monarch River Academy recognizes that:

a) physical, behavioral, and emotional health is an integral component of a student's educational outcome,

- b) further recognizes that suicide is a leading cause of death among young people,
- c) the has an ethical responsibility to take a proactive approach in preventing deaths by suicide, and
- d) acknowledges the school's role in providing an environment which is sensitive to individual and societal factors that place youth at greater risk for suicide and one which helps to foster positive youth development.

In recognition of the need to protect the health, safety and welfare of its students, to promote healthy development, to safeguard against the threat or attempt of suicide among school aged youth, and to address barriers to learning, Monarch River Academy hereby adopts a policy, which corresponds with and supports other federal, state and local efforts to provide youth with prevention education, early identification and intervention, and access to all local resources to promote health and prevent personal harm or injury.

With the intention of creating a safe and nurturing educational entity that minimizes suicidal ideation in students, we also recognize our duty to protect the health, safety, and welfare of our students, and aim to safeguard students and staff against suicide attempts, deaths and other trauma associated with suicide. These safeguards include ensuring adequate supports for students, staff, and families affected by suicide attempts and loss. Because the emotional wellness of students greatly impacts learning, motivation, and educational success, the current policy shall be paired with other practices that support the emotional and behavioral wellness of students. The school's policy is based on research and best-practices in suicide prevention, and has been adopted with the understanding that suicide prevention activities can decrease suicide risk, increase help-seeking behavior, identify those at risk of suicide, decrease suicidal behaviors. Empirical evidence refutes a common belief that talking about suicide can increase risk or "place the idea in someone's mind." Using a multi-tiered intervention system, the goal of the school is to increase the number of and ease access to social-emotional intervention to mitigate suicide- and self-harm risk while increasing the sense of inclusivity within the operation of the school.

In an attempt to reduce suicidal behavior and its impact on students and families, the school has developed multi-tiered strategies for suicide prevention, intervention, and postvention, and the identification of the mental health challenges frequently associated with suicidal thinking and behavior. These strategies shall include professional development for parents/guardians, caregivers, students, and school personnel who regularly interact with students or serve in a position to recognize the risk factors and warning signs of suicide.

2. Parental/Guardian Involvement:

Parents and guardians play a key role in youth emotional and behavioral health, including suicide prevention. This policy is meant to be used as a tool for parents/guardians to be informed and actively involved in decisions regarding a child's welfare. Parents/guardians who learn the warning signs and risk factors for suicide are better equipped to connect with professional help when necessary. The school encourages and advises parents/guardians to take every statement regarding suicide or personal harm seriously and avoid assuming that a child is simply seeking attention.

Parents and guardians can also contribute to factors and conditions that reduce vulnerability to suicidal and self-harming behavior, for vulnerable youth populations. Feeling accepted by parents or guardians is a critical protective factor for vulnerable youth populations as well as providing a healthy physical environment.. As educators, Monarch River Academy faculty and staff can help protect vulnerable youth populations by ensuring that parents and guardians have adequate resources regarding family acceptance and the essential role it plays in students' behavioral and emotional health.

3. Student Participation and Education:

Monarch River Academy along with its partners has carefully reviewed SEL curriculum created by staff based on staff and parent feedback that is specific to our community's needs. All parents have access to the lessons and pacing guides and a Smore newsletter with information and links for parents. This curriculum is meant to teach and encourage healthy ways of processing emotions and learning coping skills. It promotes the mental health model of suicide prevention and does not encourage the use of the stress-model to explain suicide.

Under the supervision of school-employed mental health professionals, and following consultation with county and community mental health agencies, students shall:

- Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress;
- Receive developmentally appropriate guidance regarding the School's suicide prevention, intervention, and referral procedures.
- The content of the education shall include:
 - o Introduction of coping strategies for dealing with stress and trauma;
 - How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others;
 - o Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.
 - O Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, freshman orientation classes, science, and physical education).
 - o Monarch River Academy will support the creation and implementation of programs and/or activities that raise awareness about mental wellness and suicide prevent (e.g., Mental Health Awareness Weeks, Peer Counseling Programs, Freshman Success Programs).

4. Key Terms and Definitions:

- At Risk A student who is defined as high-risk for suicide is one who has made a suicide attempt, has the intent to die by suicide, or has displayed a significant change in behavior suggesting the onset or deterioration of a mental health condition. The student may have thought about suicide including potential means of death and may have a plan. In addition, the student may exhibit feelings of isolation, hopelessness, helplessness, and the inability to tolerate any more pain. This situation would necessitate a referral, as documented in the following procedures.
- *Crisis Team* A multidisciplinary team of primarily administrative, mental health, safety professionals, and support staff whose primary focus is to address crisis preparedness, intervention/response, and recovery. These professionals have been specifically trained in crisis preparedness through recovery and take the leadership role in developing crisis plans, ensuring school staff can effectively execute various crisis protocols, and may provide mental health services for effective crisis interventions and recovery supports.
- *Mental Health* A state of mental and emotional being that can impact choices and actions that affect wellness. Mental health problems include mental and substance use disorders.
- *Postvention* Suicide postvention is a crisis intervention strategy designed to reduce the risk of suicide and suicide contagion, provide the support needed to help survivors cope with a suicide death, address the social stigma associated with suicide, and disseminate factual information after the suicide death of a member of the school community.
- *Risk Assessment* An evaluation of a students who may be at risk for suicide, conducted by the appropriate school staff (e.g., school psychologist or school counselor). This assessment is designed to elicit information regarding the student's intent to die by suicide, previous history of suicide attempts, presence of a suicide plan and its level of lethality and availability, presence of support systems, and level of hopelessness and helplessness, mental status, and other relevant risk factors.
- *Risk Factors for Suicide* Characteristics or conditions that increase the chance that a person may try to take his or her life. Suicide risk tends to be highest when someone has several risk factors at the same time. Risk factors may encompass biological, psychological, and or social factors in the individual, family, and environment.
- *Self-Harm* Behavior that is self-directed and deliberately results in injury or the potential for injury to oneself. Can be categorized as either non-suicidal or suicidal. Although self-harm often lacks suicidal intent, youth who engage in self-harm are more likely to attempt suicide.

- *Suicide* Death caused by self-directed injurious behavior with any intent to die as a result of the behavior. Note: The coroner's or medical examiner's office must first confirm that the death was a suicide before any school official may state this as the cause of death.
- *Suicide Attempt* A self-injurious behavior for which there is evidence that the person had at least some intent to kill himself or herself. A suicide attempt may result in death, injuries, or no injuries. A mixture of ambivalent feelings such as wish to die and desire to live is a common experience with most suicide attempts. Therefore, ambivalence is not a sign of a less serious or less dangerous suicide attempt.
- Suicidal Behavior Suicide attempts, intentional injury to self-associated with at least some level of intent, developing a plan or strategy for suicide, gathering the means for a suicide plan, or any other overt action or thought indicating intent to end one's life.
- Suicide Contagion The process by which suicidal behavior or a suicide influences an increase in the suicidal behaviors of others. Guilt, identification, and modeling are each thought to play a role in contagion. Although rare, suicide contagion can result in a cluster of suicides.
- *Suicidal Ideation* Thinking about, considering, or planning for self-injurious behavior which may result in death. A desire to be dead without a plan or intent to end one's life is still considered suicidal ideation and should be taken seriously.

5. Suicide Discussion/Communication:

For Parents - Talking to your Children: Here are some suggestions to help you with introducing the subject:

- **Be courageous**: There is no shame in admitting that suicide is a scary issue. As parents, you probably want to protect your kids from all sorts of scary things. But you also have an obligation to teach them how to face reality and equip them to deal with all the scary things reality can bring. Here's the truth: your kids are going to learn about suicide one way or another. So would you rather that they learn about it from the media or a friend who suddenly kills himself, or would you rather that you have the opportunity to educate them in advance? So face those fears and dive right in.
- Pick a time where you can have an uninterrupted conversation: Start the conversation when you have the best chance of having your child's attention. A car ride, for example, ensures that your child will have fewer distractions than at home with the TV on. While you want to make sure your child gives you their attention, also make sure they don't feel trapped. Remember: if talking about suicide makes you uncomfortable, it can also make your child feel uncomfortable. So make sure you not only have their attention, but that you do so in an environment that feels non-threatening and open.

- Plan in advance: Think about what you want to say and make sure you have the right information to talk to your child accurately and helpfully about suicide. Make notes or plan a script if you want.
- Tailor the conversation to your child's age: When talking about suicide (or any big, serious topic, for that matter), make sure that you keep the conversation at a level that is appropriate for that child's developmental level. For younger children, your descriptions can be shorter and simpler. For older children, give longer and more detailed answers. Additionally, older children will likely have many questions. If you don't know the answer to a question, don't be afraid to say that. You can make it into a learning experience and research the answer with your child together. That's much better than inaccurate or misleading information.
- Explain suicide in a way that dispels common myths: Let your children know not only the facts about suicide, but also what depression is and how it can make people feel suicide is their only escape. Let them know that suicide is never a necessity and that there is always hope. Let them know that they are not bad if they feel sad or upset and that it's ok to tell you if they do feel this way. Make sure they feel safe in your home and that they do not have to pretend to always be happy. Let them know you will not judge them if they are feeling down and that you love them no matter how happy or sad they are.
- Encourage them to talk to trusted adults: Let your kids know that they can talk to you if they are feeling depressed or suicidal. Or let them know that if they ever feel uncomfortable talking to you about depression or suicide, that they can always talk to another trusted family member or adult in your community. The important thing is that they do not hold their feelings inside until they become so unbearable they feel like they are going to explode.
- Let your child speak: Ask your child what *they* think about the topic. Just be direct, e.g., "Have you thought about suicide? What do you think about it? Do your friends think about it? Do you know who you can talk to if you're feeling these feelings?"
- **Listen to your child:** If you ask your child what they think, make sure to be silent and give them the space to talk. If they say something that is inaccurate or that worries you, definitely be honest but do not interrupt them. Wait until they are done, affirm that you heard what they said and appreciate that they shared their thoughts with you, and *then* address whatever issues you feel need to be corrected.
- Seeking Assistance: There are differing situations where your child's distress may become apparent. Your child may reveal their suicidal thoughts to you, a friend, or a trusted adult. Whoever becomes aware of your child's distress must immediately seek assistance. In seeking assistance, your child's safety is the first consideration. The child should never be left alone during this crisis. If your child has a physician or therapist, call to alert them of the situation.

For the Child/ Student:

School can be an exciting time, filled with new experiences, but at times you might feel as though it is more of a struggle. This information is meant to help you as you work through a tough time.

Life can be stressful. Between the friend drama, packed schedules, classes, clubs, relationships, sports, jobs, parental expectations, figuring out who you are, uncertainty over things, and not getting enough sleep, life can occasionally get you down and feel overwhelming. That is normal.

What is not normal is struggling through each day, feeling like things will only get worse. Maybe you feel like you have lost control, that nothing matters, or that you are alone. These feelings may indicate a condition that requires professional help, such as depression, anxiety or other mental health conditions.

Not everyone experiences mental health conditions in the same way, but **everyone struggling** with their mental health deserves help. Depression is among the most common conditions experienced. It is a complex medical illness that significantly interferes with an individual's ability to function, enjoy life, and feel like themselves.

6. Assessment and Referral:

When a student is identified by a staff person as having an elevated risk for self-harm, e.g., verbalizes about suicide, presents overt risk factors such as agitation or intoxication, the act of self-harm occurs, or a student self-refers, the student will be seen by a school employed mental health professional within the same school day to assess risk and facilitate referral. If there is no mental health professional available, a school nurse or administrator will fill this role until a mental health professional can be brought in.

- School staff will continuously supervise the student to ensure their safety.
- The designated mental health and suicide prevention coordinator(s) will be made aware of the situation as soon as reasonably possible.
- The mental health professional/coordinator will contact the student's parent or guardian, and will assist the family with urgent referral. When appropriate, this may include calling emergency services or bringing the student to the local hospital emergency department, but in most cases will involve setting up an outpatient mental health or primary care appointment and communicating the reason for referral to the healthcare provider.
- Staff will ask the student's parent or guardian for written permission to discuss the student's health with outside care, if appropriate.

7. Implementing the Policy: Protecting the health and well-being of all students is of utmost importance. A suicide prevention policy serves to assist and protect all students through the following steps:

- Students should be made aware of and informed about recognizing and responding to warning signs of suicide in peers and friends, using coping skills, using support systems, and seeking help for themselves and friends.
- Monarch River Academy will designate a suicide prevention coordinator to serve as a point of contact for students in crisis and to refer students to appropriate resources.
- When a student is identified as being at risk, they will be assessed by a school employed mental health professional who will work with the parents, staff, and student, and help connect them to appropriate local resources.

- Students will have access to national resources which they can contact for additional support.
- All students and staff will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell an adult (e.g., teacher, parent) if they, or someone they know, is feeling suicidal or in need of help.
- Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.
- If the student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911.
- A referral process should be prominently disseminated to all staff members with access to students, so they know how to respond to a crisis and are knowledgeable about the school and community-based resources.
- The Superintendent shall establish crisis intervention procedures to ensure student safety and appropriate communications if a suicide occurs or an attempt is made by a student or adult while at a school-sponsored activity.
- The referral process shall be prominently disseminated to all parents/guardians/ caregivers so they know how to respond to a crisis and are knowledgeable about the school and community-based resources.

Coping Skills/Healthy Behaviors: These are positive/protective actions and behaviors that a student engages in to help them through their struggles on a daily basis. Some coping strategies include activities that students can do in order to regulate his/her emotions; ask the student for input, and teach him/her additional strategies if necessary. Strategies may include: slow breathing, yoga, play basketball, draw, write in journal, take a break from school activities to drink water, challenge irrational thinking, and listen to music.

Places I Feel Safe: These are places that the student feels most comfortable. It should be a safe, healthy, and generally supportive environment. This can be a physical location, an imaginary happy place, or in the presence of safe people. Help students identify a physical and/or emotional state of being. Places may include: my being with my friends, sport teams, imagining I am on a beach watching the waves.

School Support: Any school staff member or administrator can check in with a student regularly (regardless of whether or not the student seeks out help). Notify the student's teacher(s) and request monitoring and supervision of the student (keeping in mind not to share confidential information).

Adult Support: It is important that a student also feel connected with healthy adults at home or in their community. The student should trust these adults and feel comfortable asking for help during a crisis. Identify how a student will communicate with these individuals and include a phone number. Some adults may include: *family* (*e.g.*, *grandparent*, *aunt*, *uncle*, *adult sister*); *community member*; *or neighbor*.

8. Prevention: School Policy Implementation: A suicide prevention coordinator shall be designated by Monarch River Academy Administration. This may be an existing staff person, such as a School Counselor or School Psychologist or support staff with specialized training.

The suicide prevention coordinator will be responsible for planning and coordinating implementation of suicide prevention for the school.

The school suicide prevention coordinator will act as a point of contact in the school for issues relating to suicide prevention and policy implementation. All staff members shall report students they believe to be at elevated risk for suicide to the school mental health/suicide prevention coordinator.

Providing a safe, positive, and welcoming school climate; and ensuring that students have trusting relationships with adults serves as the foundation for effective suicide prevention efforts. Bullying and suicide-related behaviors have a number of shared risk factors including mental health challenges (e.g., depression, hopelessness, and substance use/abuse). Youth who report frequently bullying others and those who report being frequently bullied are at increased risk for self-harm behavior. Student's who experience bullying (those who report both bullying others and being bullied) are at an increased risk for suicidal thoughts and behaviors. Keep in mind the relationship between bullying and suicide is more complex and less direct than it might appear. While bullying may be a precipitating event, there are often many other contributing factors, including underlying mental illness and varying levels of resilience as a given individual.

Prevention efforts should also address non-suicidal self-injury (NSSI or "cutting"). While the behavior is not directly predictive with suicidal thinking, it can be a red flag that someone is distressed and does increase the risk for suicidal thinking and behaviors. It is important that school staff learn to recognize the signs of NSSI, including cuts, burns, scratches, scabs, and scrapes, especially those that are recurrent and if explanations for the injuries are not credible. Suicide risk assessment should always be a part of intervention with the student who displays NSSI.

Staff Professional Development: All staff will receive annual professional development on risk factors, warning signs, protective factors, response procedures, referrals, postvention, and resources regarding youth suicide prevention. The professional development will include additional information regarding groups of students at elevated risk for suicide, including those living with mental and/or substance use disorders, those who engage in self-harm or have attempted suicide, those in out-of-home settings, those experiencing homelessness, American Indian/Alaska Native student, LGBTQ students, students bereaved by suicide and those with medical conditions or certain types of disabilities. Additional professional development in risk assessment and crisis intervention will be provided to school employed mental health professionals and school nurses.

Identification and Intervention: Early identification and intervention are critical to preventing suicidal behavior. When a parent/caregiver or school staff become aware of a student exhibiting potential suicidal behavior, they should immediately and contact a member of the school's crisis response team for a suicide risk assessment and support. If the appropriate staff is not available, 911 should be called. Typically, it is best to inform the student what you are going to do every step of the way. Under no circumstances should the student be left alone (even in a bathroom/ restroom). Reassure and supervise the student until a 24/7 caregiving resource (e.g., mental health professional or law enforcement representative) can assume responsibility.

Designated members of the school crisis team should conduct a suicide risk assessment. The purpose of the assessment is to determine the level of risk and to identify the most appropriate actions to ensure the immediate and long-term safety and well-being of the student. This should be done by a team that includes a school-employed mental health professional. Standardized risk assessment (e.g. Columbia) and Safety Planning will be utilized to gauge risk level.

Caregiver notification is a vital part of suicide prevention. The appropriate caregiver(s) must always be contacted when signs of suicidal thinking and behavior are observed. Typically, this is the student's parent(s); however, when child abuse is suspected protective services should be contacted. Even if a child is judged to be at low-risk for suicidal behavior, schools may ask caregivers to sign a form to indicate that relevant information has been provided. Regardless, all caregiver notifications must be documented. Caregivers also provide critical information in determining level of risk. Whether a student is in imminent danger or not, it is strongly recommended that lethal means(e.g., guns, poisons, medications, and sharp objects) are removed or made inaccessible.

Refer to community services if warranted. Referral options to 24-hour community-based services should be identified in advance. It is best to obtain a release from the primary caregiver to facilitate the sharing of information between the school and community agency.

Help the parent/caregiver and/or school staff to develop a safety plan with the student. Helping the student to develop a written list of coping strategies and sources of support that can be of assistance when he or she is having thoughts of suicide (e.g., a safety plan) is recommended. Suicide prevention hotlines (e.g., 988) can be helpful elements of such a plan.

Schools are legally responsible for documenting every step in the assessment and intervention process. A documentation form for support personnel and crisis response team members should be developed to record all suicide intervention actions and caregiver communication. Student information must be kept confidential but there are exceptions to FERPA when safety is of concern. Staff responsible for the safety and welfare of the student should be provided with the information necessary to work with the student and preserve the safety. As confidentiality is paramount in communication regarding mental health intervention, school staff members do not need clinical information about the student or a detailed history of his or her suicidal risk or behavior. Discussion among staff should be restricted to the student's treatment and support needs.

Keep tabs on the rumor mill (including social media). If you hear or see something credible, refer the student to a school-employed mental health professional or crisis response team member. At the same time, gossip about particular incidents and students should also be discouraged.

SUICIDE PREVENTION POLICY GRADES 8-12

Monarch River Academy is committed protecting the health and well-being of all Monarch River Academy students, including vulnerable youth populations, by having procedures and evidence-based, multi-tiered interventions in place to prevent, assess the risk of, intervene in, and respond to suicide and self-harming behavior. While we are concerned for the risk of suicidality across all populations we serve we also recognize that there are vulnerable youth populations at a greater risk historically. Vulnerable youth populations include LGBTQ (lesbian, gay, bisexual, transgender, questioning) youth, youth living with mental and/or substance use disorders, youth who engage in self-harm or have attempted suicide, youth in out-of-home settings, youth experiencing homelessness, American Indian/Alaska Native youth or youth that identify with other racial minority groups, youth bereaved by suicide and youth living with medical conditions and disabilities.

California *Education Code* (*EC*) Section 215, as added by Assembly Bill 2246, (Chapter 642, Statutes of 2016) mandates that the Governing Board of any local educational agency (LEA) that serves pupils in grades seven to twelve, inclusive, adopt a policy on pupil suicide prevention, intervention, and postvention. The policy shall specifically address the needs of high-risk groups, including suicide awareness and prevention training for teachers, and ensure that a school employee acts within the authorization and scope of the employee's credential or license.

The purpose of Monarch River Academy Governing Board approving this Suicide Prevention Policy is to accomplish the following:

- 1. Explain the Purpose for The Suicide Prevention Policy
- 2. Identify Parental Involvement in Suicide Prevention
- 3. Identify Student Participation and Education
- 4. Outline Key Terms and Definitions of Suicide Prevention
- 5. Explain Suicide Discussion/Communication for Parents and Children
- 6. Outline the Process for Assessment and Referral
- 7. Outline the Process for Implementing the Policy
- 8. Provide Resources for Parents, Students, and Staff Members on Suicide Prevention

1. **Purpose:** Monarch River Academy recognizes that:

- a) physical, behavioral, and emotional health is an integral component of a student's educational outcome,
- b) further recognizes that suicide is a leading cause of death among young people,
- c) the has an ethical responsibility to take a proactive approach in preventing deaths by suicide, and
- d) acknowledges the school's role in providing an environment which is sensitive to individual and societal factors that place youth at greater risk for suicide and one which helps to foster positive youth development.

In recognition of the need to protect the health, safety and welfare of its students, to promote healthy development, to safeguard against the threat or attempt of suicide among school aged youth, and to address barriers to learning, Monarch River Academy hereby adopts a policy, which corresponds with and supports other federal, state and local efforts to provide youth with prevention education, early identification and intervention, and access to all local resources to promote health and prevent personal harm or injury.

With the intention of creating a safe and nurturing educational entity that minimizes suicidal ideation in students, we also recognize our duty to protect the health, safety, and welfare of our students, and aim to safeguard students and staff against suicide attempts, deaths and other trauma associated with suicide. These safeguards include ensuring adequate supports for students, staff, and families affected by suicide attempts and loss. Because the emotional wellness of students greatly impacts learning, motivation, and educational success, the current policy shall be paired with other practices that support the emotional and behavioral wellness of students. The school's policy is based on research and best-practices in suicide prevention, and has been adopted with the understanding that suicide prevention activities can decrease suicide risk, increase help-seeking behavior, identify those at risk of suicide, decrease suicidal behaviors. Empirical evidence refutes a common belief that talking about suicide can increase risk or "place the idea in someone's mind." Using a multi-tiered intervention system, the goal of the school is to increase the number of and ease access to social-emotional intervention to mitigate suicide- and self-harm risk while increasing the sense of inclusivity within the operation of the school.

In an attempt to reduce suicidal behavior and its impact on students and families, the school has developed multi-tiered strategies for suicide prevention, intervention, and postvention, and the identification of the mental health challenges frequently associated with suicidal thinking and behavior. These strategies shall include professional development for parents/guardians, caregivers, students, and school personnel who regularly interact with students or serve in a position to recognize the risk factors and warning signs of suicide.

2. Parental/Guardian Involvement: Parents and guardians play a key role in youth emotional and behavioral health, including suicide prevention. This policy is meant to be used as a tool for parents/guardians to be informed and actively involved in decisions regarding a child's welfare. Parents/guardians who learn the warning signs and risk factors for suicide are better equipped to connect with professional help when necessary. The school encourages and advises parents/guardians to take every statement regarding suicide or personal harm seriously and avoid assuming that a child is simply seeking attention.

Parents and guardians can also contribute to factors and conditions that reduce vulnerability to suicidal and self-harming behavior, for vulnerable youth populations. Feeling accepted by parents or guardians is a critical protective factor for vulnerable youth populations as well as providing a healthy physical environment.. As educators, Monarch River Academy faculty and staff can help protect vulnerable youth populations by ensuring that parents and guardians have adequate resources regarding family acceptance and the essential role it plays in students' behavioral and emotional health.

3. Student Participation and Education: Monarch River Academy along with its partners has carefully reviewed SEL curriculum created by staff based on staff and parent feedback that is specific to our community's needs. All parents have access to the lessons and pacing guides and a Smore newsletter with information and links for parents. This curriculum is meant to teach and encourage healthy ways of processing emotions and learning coping skills. It promotes the mental health model of suicide prevention and does not encourage the use of the stress-model to explain suicide.

Under the supervision of school-employed mental health professionals, and following consultation with county and community mental health agencies, students shall:

- Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress;
- Receive developmentally appropriate guidance regarding the School's suicide prevention, intervention, and referral procedures.
- The content of the education shall include:
 - o Introduction of coping strategies for dealing with stress and trauma;
 - How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others;
 - o Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.

- Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, freshman orientation classes, science, and physical education).
- o Monarch River Academy will support the creation and implementation of programs and/or activities that raise awareness about mental wellness and suicide prevent (e.g., Mental Health Awareness Weeks, Peer Counseling Programs, Freshman Success Programs).

4. Key Terms and Definitions:

- At Risk A student who is defined as high-risk for suicide is one who has made a suicide attempt, has the intent to die by suicide, or has displayed a significant change in behavior suggesting the onset or deterioration of a mental health condition. The student may have thought about suicide including potential means of death and may have a plan. In addition, the student may exhibit feelings of isolation, hopelessness, helplessness, and the inability to tolerate any more pain. This situation would necessitate a referral, as documented in the following procedures.
- *Crisis Team* A multidisciplinary team of primarily administrative, mental health, safety professionals, and support staff whose primary focus is to address crisis preparedness, intervention/response, and recovery. These professionals have been specifically trained in crisis preparedness through recovery and take the leadership role in developing crisis plans, ensuring school staff can effectively execute various crisis protocols, and may provide mental health services for effective crisis interventions and recovery supports.
- *Mental Health* A state of mental and emotional being that can impact choices and actions that affect wellness. Mental health problems include mental and substance use disorders.
- *Postvention* Suicide postvention is a crisis intervention strategy designed to reduce the risk of suicide and suicide contagion, provide the support needed to help survivors cope with a suicide death, address the social stigma associated with suicide, and disseminate factual information after the suicide death of a member of the school community.
- *Risk Assessment* An evaluation of a students who may be at risk for suicide, conducted by the appropriate school staff (e.g., school psychologist or school counselor). This assessment is designed to elicit information regarding the student's intent to die by suicide, previous history of suicide attempts, presence of a suicide plan and its level of lethality and availability, presence of support systems, and level of hopelessness and helplessness, mental status, and other relevant risk factors.
- *Risk Factors for Suicide* Characteristics or conditions that increase the chance that a person may try to take his or her life. Suicide risk tends to be highest when someone has

several risk factors at the same time. Risk factors may encompass biological, psychological, and or social factors in the individual, family, and environment.

- *Self-Harm* Behavior that is self-directed and deliberately results in injury or the potential for injury to oneself. Can be categorized as either non-suicidal or suicidal. Although self-harm often lacks suicidal intent, youth who engage in self-harm are more likely to attempt suicide.
- *Suicide* Death caused by self-directed injurious behavior with any intent to die as a result of the behavior. Note: The coroner's or medical examiner's office must first confirm that the death was a suicide before any school official may state this as the cause of death.
- Suicide Attempt A self-injurious behavior for which there is evidence that the person had at least some intent to kill himself or herself. A suicide attempt may result in death, injuries, or no injuries. A mixture of ambivalent feelings such as wish to die and desire to live is a common experience with most suicide attempts. Therefore, ambivalence is not a sign of a less serious or less dangerous suicide attempt.
- Suicidal Behavior Suicide attempts, intentional injury to self-associated with at least some level of intent, developing a plan or strategy for suicide, gathering the means for a suicide plan, or any other overt action or thought indicating intent to end one's life.
- Suicide Contagion The process by which suicidal behavior or a suicide influences an increase in the suicidal behaviors of others. Guilt, identification, and modeling are each thought to play a role in contagion. Although rare, suicide contagion can result in a cluster of suicides.
- *Suicidal Ideation* Thinking about, considering, or planning for self-injurious behavior which may result in death. A desire to be dead without a plan or intent to end one's life is still considered suicidal ideation and should be taken seriously.

5. Suicide Discussion/Communication:

For Parents - Talking to your Children: Here are some suggestions to help you with introducing the subject:

• **Be courageous**: There is no shame in admitting that suicide is a scary issue. As parents, you probably want to protect your kids from all sorts of scary things. But you also have an obligation to teach them how to face reality and equip them to deal with all the scary things reality can bring. Here's the truth: your kids are going to learn about suicide one way or another. So would you rather that they learn about it from the media or a friend who suddenly kills himself, or would you rather that you have the opportunity to educate them in advance? So face those fears and dive right in.

- Pick a time where you can have an uninterrupted conversation: Start the conversation when you have the best chance of having your child's attention. A car ride, for example, ensures that your child will have fewer distractions than at home with the TV on. While you want to make sure your child gives you their attention, also make sure they do not feel trapped. Remember: if talking about suicide makes you uncomfortable, it can also make your child feel uncomfortable. So make sure you not only have their attention, but that you do so in an environment that feels non-threatening and open.
- Plan in advance: Think about what you want to say and make sure you have the right information to talk to your child accurately and helpfully about suicide. Make notes or plan a script if you want.
- Tailor the conversation to your child's age: When talking about suicide (or any big, serious topic, for that matter), make sure that you keep the conversation at a level that is appropriate for that child's developmental level. For younger children, your descriptions can be shorter and simpler. For older children, give longer and more detailed answers. Additionally, older children will likely have many questions. If you don't know the answer to a question, don't be afraid to say that. You can make it into a learning experience and research the answer with your child together. That's much better than inaccurate or misleading information.
- Explain suicide in a way that dispels common myths: Let your children know not only the facts about suicide, but also what depression is and how it can make people feel suicide is their only escape. Let them know that suicide is never a necessity and that there is always hope. Let them know that they are not bad if they feel sad or upset and that it's ok to tell you if they do feel this way. Make sure they feel safe in your home and that they do not have to pretend to always be happy. Let them know you will not judge them if they are feeling down and that you love them no matter how happy or sad they are.
- Encourage them to talk to trusted adults: Let your kids know that they can talk to you if they are feeling depressed or suicidal. Or let them know that if they ever feel uncomfortable talking to you about depression or suicide, that they can always talk to another trusted family member or adult in your community. The important thing is that they do not hold their feelings inside until they become so unbearable they feel like they are going to explode.
- Let your child speak: Ask your child what *they* think about the topic. Just be direct, e.g., "Have you thought about suicide? What do you think about it? Do your friends think about it? Do you know who you can talk to if you're feeling these feelings?

- **Listen to your child:** If you ask your child what they think, make sure to be silent and give them the space to talk. If they say something that is inaccurate or that worries you, definitely be honest but do not interrupt them. Wait until they are done, affirm that you heard what they said and appreciate that they shared their thoughts with you, and *then* address whatever issues you feel need to be corrected.
- Seeking Assistance: There are differing situations where your child's distress may become apparent. Your child may reveal their suicidal thoughts to you, a friend, or a trusted adult. Whoever becomes aware of your child's distress must immediately seek assistance. In seeking assistance, your child's safety is the first consideration. The child should **never** be left alone during this crisis. If your child has a physician or therapist, call to alert them of the situation.

For the Child/ Student: School can be an exciting time, filled with new experiences, butat times you might feel as though it is more of a struggle. This information is meant to help you as you work through a tough time.

Life can be stressful. Between the friend drama, packed schedules, classes, clubs, relationships, sports, jobs, parental expectations, figuring out who you are, uncertainty over things, and not getting enough sleep, life can occasionally get you down and feel overwhelming. That is normal.

What is not normal is struggling through each day, feeling like things will only get worse. Maybe you feel like you have lost control, that nothing matters, or that you are alone. These feelings may indicate a condition that requires professional help, such as depression, anxiety or other mental health conditions.

Not everyone experiences mental health conditions in the same way, but **everyone struggling** with their mental health deserves help. Depression is among the most common conditions experienced. It is a complex medical illness that significantly interferes with an individual's ability to function, enjoy life, and feel like themselves.

- **6. Assessment and Referral:** When a student is identified by a staff person as having an elevated risk for self-harm, e.g., verbalizes about suicide, presents overt risk factors such as agitation or intoxication, the act of self-harm occurs, or a student self-refers, the student will be seen by a school employed mental health professional within the same school day to assess risk and facilitate referral. If there is no mental health professional available, a school nurse or administrator will fill this role until a mental health professional can be brought in.
 - School staff will continuously supervise the student to ensure their safety.
 - The designated mental health and suicide prevention coordinator(s) will be made aware of the situation as soon as reasonably possible.

- The mental health professional/coordinator will contact the student's parent or guardian, and will assist the family with urgent referral. When appropriate, this may include calling emergency services or bringing the student to the local hospital emergency department, but in most cases will involve setting up an outpatient mental health or primary care appointment and communicating the reason for referral to the healthcare provider.
- Staff will ask the student's parent or guardian for written permission to discuss the student's health with outside care, if appropriate.

7. Process for Implementing the Policy: Protecting the health and well-being of all students is of utmost importance. A suicide prevention policy serves to assist and protect all students through the following steps:

- Students should be made aware of and informed about recognizing and responding to warning signs of suicide in peers and friends, using coping skills, using support systems, and seeking help for themselves and friends.
- Monarch River Academy will designate a suicide prevention coordinator to serve as a point of contact for students in crisis and to refer students to appropriate resources.
- When a student is identified as being at risk, they will be assessed by a school employed mental health professional who will work with the parents, staff, and student, and help connect them to appropriate local resources.
- Students will have access to national resources which they can contact for additional support.
- All students and staff will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell an adult (e.g., teacher, parent) if they, or someone they know, is feeling suicidal or in need of help.
- Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.
- If the student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911.
- A referral process should be prominently disseminated to all staff members with access to students, so they know how to respond to a crisis and are knowledgeable about the school and community-based resources.
- The Superintendent shall establish crisis intervention procedures to ensure student safety and appropriate communications if a suicide occurs or an attempt is made by a student or adult while at a school-sponsored activity.
- The referral process shall be prominently disseminated to all parents/guardians/ caregivers so they know how to respond to a crisis and are knowledgeable about the school and community-based resources.

Coping Skills/Healthy Behaviors: These are positive/protective actions and behaviors that a student engages in to help them through their struggles on a daily basis. Some coping strategies include activities that students can do in order to regulate his/her emotions; ask the student for input, and teach him/her additional strategies if necessary. Strategies may include: *slow breathing*, *yoga*, *play basketball*, *draw*, *write in journal*, *take a break from school activities to drink water*, *challenge irrational thinking*, *and listen to music*.

Places I Feel Safe: These are places that the student feels most comfortable. It should be a safe, healthy, and generally supportive environment. This can be a physical location, an imaginary happy place, or in the presence of safe people. Help students identify a physical and/or emotional state of being. Places may include: my being with my friends, sport teams, imagining I am on a beach watching the waves.

School Support: Any school staff member or administrator can check in with a student regularly (regardless of whether or not the student seeks out help). Notify the student's teacher(s) and request monitoring and supervision of the student (keeping in mind not to share confidential information).

Adult Support: It is important that a student also feel connected with healthy adults at home or in their community. The student should trust these adults and feel comfortable asking for help during a crisis. Identify how a student will communicate with these individuals and include a phone number. Some adults may include: *family* (e.g., grandparent, aunt, uncle, adult sister); community member; or neighbor.

7. Prevention: School Policy Implementation:

A suicide prevention coordinator shall be designated by Monarch River Academy Administration. This may be an existing staff person, such as a School Counselor or School Psychologist or support staff with specialized training. The suicide prevention coordinator will be responsible for planning and coordinating implementation of suicide prevention for the school.

The school suicide prevention coordinator will act as a point of contact in the school for issues relating to suicide prevention and policy implementation. All staff members shall report students they believe to be at elevated risk for suicide to the school mental health/suicide prevention coordinator.

Providing a safe, positive, and welcoming school climate; and ensuring that students have trusting relationships with adults serves as the foundation for effective suicide prevention efforts. Bullying and suicide-related behaviors have a number of shared risk factors including mental health challenges (e.g., depression, hopelessness, and substance use/abuse). Youth who report frequently bullying others and those who report being frequently bullied are at increased risk for self-harm behavior. Student's who experience bullying (those who report both bullying others and being bullied) are at an increased risk for suicidal thoughts and behaviors. Keep in

mind the relationship between bullying and suicide is more complex and less direct than it might appear. While bullying may be a precipitating event, there are often many other contributing factors, including underlying mental illness and varying levels of resilience as a given individual.

Prevention efforts should also address non-suicidal self-injury (NSSI or "cutting"). While the behavior is not directly predictive with suicidal thinking, it can be a red flag that someone is distressed and does increase the risk for suicidal thinking and behaviors. It is important that school staff learn to recognize the signs of NSSI, including cuts, burns, scratches, scabs, and scrapes, especially those that are recurrent and if explanations for the injuries are not credible. Suicide risk assessment should always be a part of intervention with the student who displays NSSI.

Staff Professional Development: All staff will receive annual professional development on risk factors, warning signs, protective factors, response procedures, referrals, postvention, and resources regarding youth suicide prevention. The professional development will include additional information regarding groups of students at elevated risk for suicide, including those living with mental and/or substance use disorders, those who engage in self-harm or have attempted suicide, those in out-of-home settings, those experiencing homelessness, American Indian/Alaska Native student, LGBTQ students, students bereaved by suicide and those with medical conditions or certain types of disabilities. Additional professional development in risk assessment and crisis intervention will be provided to school employed mental health professionals and school nurses.

Identification and Intervention: Early identification and intervention are critical to preventing suicidal behavior. When a parent/caregiver or school staff become aware of a student exhibiting potential suicidal behavior, they should immediately and contact a member of the school's crisis response team for a suicide risk assessment and support. If the appropriate staff is not available, 911 should be called. Typically, it is best to inform the student what you are going to do every step of the way. Under no circumstances should the student be left alone (even in a bathroom/ restroom). Reassure and supervise the student until a 24/7 caregiving resource (e.g., mental health professional or law enforcement representative) can assume responsibility.

Designated members of the school crisis team should conduct a suicide risk assessment.

The purpose of the assessment is to determine the level of risk and to identify the most appropriate actions to ensure the immediate and long-term safety and well-being of the student. This should be done by a team that includes a school-employed mental health professional. Standardized risk assessment (e.g. Columbia) and Safety Planning will be utilized to gauge risk level.

Caregiver notification is a vital part of suicide prevention. The appropriate caregiver(s) must always be contacted when signs of suicidal thinking and behavior are observed.

Typically, this is the student's parent(s); however, when child abuse is suspected protective services should be contacted. Even if a child is judged to be at low-risk for suicidal behavior, schools may ask caregivers to sign a form to indicate that relevant information has been provided. Regardless, all caregiver notifications must be documented. Caregivers also provide critical information in determining level of risk. Whether a student is in imminent danger or not, it is strongly recommended that lethal means(e.g., guns, poisons, medications, and sharp objects) are removed or made inaccessible.

Refer to community services if warranted. Referral options to 24-hour community-based services should be identified in advance. It is best to obtain a release from the primary caregiver to facilitate the sharing of information between the school and community agency.

Help the parent/caregiver and/or school staff to develop a safety plan with the student. Helping the student to develop a written list of coping strategies and sources of support that can be of assistance when he or she is having thoughts of suicide (e.g., a safety plan) is recommended. Suicide prevention hotlines (e.g., 988) can be helpful elements of such a plan.

Schools are legally responsible for documenting every step in the assessment and intervention process. A documentation form for support personnel and crisis response team members should be developed to record all suicide intervention actions and caregiver communication. Student information must be kept confidential but there are exceptions to FERPA when safety is of concern. Staff responsible for the safety and welfare of the student should be provided with the information necessary to work with the student and preserve the safety. As confidentiality is paramount in communication regarding mental health intervention, school staff members do not need clinical information about the student or a detailed history of his or her suicidal risk or behavior. Discussion among staff should be restricted to the student's treatment and support needs.

Keep tabs on the rumor mill (including social media). If you hear or see something credible, refer the student to a school-employed mental health professional or crisis response team member. At the same time, gossip about particular incidents and students should also be discouraged.

Monarch River Academy

Human Resource | Certified, Administrative and Supervisory PAID SICK LEAVE (PSL), PERSONAL NECESSITY LEAVE (PNL), & TIME OFF BALANCE POLICY

Monarch River Academy's Paid Sick Leave Plan is a part of the benefits package extended to staff. This benefit is designed to provide employees with a degree of income protection in the event of unforeseen absence from work due to the employee's own illness or other member of an employee's immediate family. Sick leave benefits may be used as accrued, and may continue to accrue as long as the employee is on active status and working. Upon reduction in benefits eligibility status (i.e. request for reduced work schedule below the benefits threshold, on FMLA or any Leave of Absence), benefits will cease to accrue until eligibility otherwise resumes. Any days accrued and unused, earned to date, will be maintained as a part of the employee's personnel record until such time as the employee resumes benefit-eligible status.

The purpose of the Monarch River Academy's Governing Board approving this Absences & Leaves Policy is to accomplish the following:

- 1. Establish the Allotment of Paid Sick Leave
- 2. Establish the Allotment of Paid Time Off for Administrators and Full-Time Hourly Staff
- 3. Catastrophic/Donated Sick Leave

1. Allotment of Paid Sick Leave: Full Time Teachers & SPED Assessment Team Members

On July 1 of each year, eligible employees will be allotted <u>fourseven</u> days (<u>32</u>56 hours) of Paid Sick Leave (PSL) per school year (July 1 – June 30), unused PSL days will carry over year to year subject to a cap of 15 days (120 hours). <u>Once an individual's sick leave bank reaches 120 hours any hours beyond this amount will be placed in their STRS retirement sick leave bank which is uncapped, although STRS retirement sick leave accruals in excess of an individual's sick leave bank of 120 hours may not be used for sick leave. <u>Once an individual's sick leave accrual drops under 15 days (120 hours)</u>, sick leave will accrue for an employee's use until the accrued sick leave reaches 15 days (120 hours), at which time it returns to the STRS retirement sick leave bank. Sick leave that has accrued in the STRS retirement sick leave bank will not be counted toward the 15 days (120 hours) of sick leave available for use.</u>

Also, six days (48 hours)24 hours will be front-loaded at the beginning of the school year or hire date for Personnel Necessity (PN) Days. Teachers need to have PN days requested and approved

by their administrator at least five working days prior to use. PN days can also be used for paid sick leave. However, PSLLS Days cannot be used for a PN request. Accrued, unused PN days carry over from year to year subject to a cap of nine days (72 hours). Once an individual's accrued PN days fall below nine days (72 hours), PN days will begin to accrue again until the cap is reached, at which time accrual will cease.PN days are capped at 24 hours. PN days carry over from year to year subject to a cap of nine days (72 hours). Once an individual's accrued PN days are capped at 24 hours.

Part-time Teachers and Classified Staff Members

Receive 24 hours of Paid Sick Leave annually. These days can be used for either Personal Necessity or Paid Sick Leave.

Regional Coordinators

On July 1 of each year, eligible employees will be allotted eight days (64 hours) of Paid Sick Leave (PSL) per school year (July 1 – June 30), unused PSL days will carry over year to year subject to a cap of 15 days (120 hours). Also, 24 hours will be front-loaded at the beginning of the school year or hire date for Personnel Necessity (PN) Days. RCs need to have PN days requested and approved by their administrator at least five working days prior. PN days can also be used for paid sick leave. However, PLS Days cannot be used for a PN request. PN days are capped at 24 hours. Administrators & Full-time Classified On July 1 of each year, eligible employees will be allotted nine days (72 hours) of Paid Sick Leave (PSL) per school year (July 1 – June 30), unused PSL days will carry over year to year subject to a cap of 15 days (120 hours). Also, 24 hours will be front-loaded at the beginning of the school year or hire date for Personnel Necessity (PN) Days. Teachers need to have PN days requested and approved by their administrator at least five working days prior. PN days can also be used for paid sick leave. However, PLS Days cannot be used for a PN request. PN days are capped at 24 hours.

New Hires may carry over sick leave from their prior school district if they are certificated team members in CALSTRS. Monarch River will confirm previous employment and allotted sick leave with the previous district. Once confirmed and approved, the carryover time will be added to your service credit CALSTRS upon signature of the Monarch River Academy STRS Carry-Over Policy. Carryover sick leave cannot be used while employed with Monarch River Academy.

Beginning on July 1, 2021 and each July moving forward, for any certificated member who contributes to CALSTRS, PSL and PN are capped. Any PSL and PN hours beyond their capped hours will be added to their carryover hours.

2. Allotment of Paid Time Off (PTO) for Administrators and Full-time hourly Staff Members

Since administrators and full-time hourly employees work the entire year, they also accrue PTO. PTO accrues at 3.33 hours per pay period with a cap of 120 hours. Administrators and full-time

hourly staff members must have their PTO approved by their manager a minimum of five working days prior to being taken. Unused PTO will carry over from one school year to the next.

Related Material: Enrollment & Staffing Projection Proposal - 2023-2024 - MR

BACKGROUND:

- Using historical data and trends, the school is proposing an overall targeted Enrollment increase of 10%.
- Staffing aligns with the growth goals/projections.
- Enrollment Timeline Proposal including Open Enrollment Window, Waitlist plan, and caps align with current Board Policy.

RECOMMENDATION:

• Consider approving the Enrollment & Staffing Projection Proposal for 2023-2024.

Enrollment Proposal 2023-2024

Enrollment Growth Goal Proposal

Growth Goal	10%			
Student Increase	110 Students			
Target Total Enrollment	1210 Students			

The school proposes to adjust Enrollment Growth Goals depending on community need and interest during the Open Enrollment period.

Staffing Proposal (New Positions)

Independent Study Teachers (IST)	3		
Case Managers	As needed, based on 13%SPED Population		

Open Enrollment Window

February 15-March 15, 2023

Public Random Drawing/Lottery (if needed)

March 29, 2023

Enrollment Parameters

The school will set limits to specific grade levels for the waitlist depending on available openings related to staffing and pupil to teacher ratio requirements including:

- 1. Parameters/limitations on students enrolled by grade level for Transitional Kindergarten, 9th, 10th, 11th, and 12th grades depending on staffing for these grade levels.
- 2. Set an overall cap for Kindergarten-8th grades so as to not surpass Total Enrollment goals and to stay within both staffing and budget projections.

Waitlist

The schools would like to utilize a Waitlist to replace students in line with grade level caps as they withdraw during the school year through February 1, 2024.

¹per Pathways AG Summary report

What have we implemented to increase AG completion and CCI Preparedness?

- Converted all core classes to AG (Social Studies, English, Science)
- Increased AG core offerings including through High School Virtual Academy and updated UCOP AG course lists.
- Tracked and monitored AG students with a tag in Pathways and on the IGP.
- Scheduled Students for Success! Changed the way we talk about AG by promoting college/career readiness for all students and having options.
 - Updated Individual Graduation Plan (IGP) encourages scheduling classes in a way in which all students are meeting AG requirements while fulfilling high school graduation requirements as 9th and 10th graders.
 - All students on the diploma path are AG unless they choose to switch paths in Grade 11.
 All college-bound students (2 or 4 year) should complete AG requirements. Non-AG students must meet with their counselor and sign an AG waiver.
- Encouraged meeting AG requirements through dual/concurrent enrollment.
- Hired an additional counselor to target AG monitoring at 11th and 12th-grade level, expand dual/concurrent enrollment programs, increase graduate support for FAFSA/CADAA completion and post-secondary planning, and hold small group/individual student meetings.
- Supported professional development and ASCA membership for the counseling department to keep abreast of updates and best practices.
- Expanded Secondary Education Specialist team to help monitor IGP and Yearly Plans
- Continued high school progress monitoring to target students in danger of failing
- Hired a summer school teacher to oversee students' credit recovery progress

What can we implement to increase AG completion and CCI Preparedness?

- Continue to Schedule Students for Success! All 9th and 10th graders are AG.
- Continue to monitor and track AG completion

⁵per college classes, AG Summary report

- Use CaliforniaColleges.edu OR use a different College Career Readiness platform that uses transcript-informed reports and supports CTE
- Purchase TESUC Transcript Evaluation Service to streamline AG summary reports that can:
 - Identify students who can complete 11 AG courses by 12th grade and need to retake D's earned in AG courses
- Continue to promote Dual Enrollment options for students
- Increase knowledge and level of importance of AG completion and CCI Preparedness among staff
- Develop and promote CTE Pathways completion
- Review and update interventions available for D and F students through high school progress monitoring
- Monitor and update UCOP AG Course List
- Increase course offerings for meeting AG requirements in English and math2022 College/Career Readiness Report
- Research pros/cons of increasing high school graduation requirements (4 yrs English, 3 yrs math)
- Implement a required College/Career exploration/readiness course
- Hire additional counselors to develop a middle school counseling program.

What have we implemented to increase FAFSA completion?

- Attended California Student Aid Commission PD sessions in September in anticipation of the Cal Grant GPA upload and the October 1st -March 2nd FAFSA/CADAA application period.
- Verified Cal Grant demographic information through LP2 meetings and email
- Completed GPA uploads by September 30th.
- Offered both general Financial Aid and FAFSA/CADAA live information sessions in October
 - Sent session recordings and information through email and newsletters, as well as information on statewide Cash 4 College workshops.
- Held FAFSA help office hours every Friday in January and February, then in March when the deadline was extended to April 1st.
- Sent a Graduate Survey to all graduating students to inquire about post-high school plans and immediate advising needs (including FAFSA help).
- Tracked the number of FAFSA applications submitted and completed online through
 - o the Federal Student Aid Commission website.
 - California Student Aid Commission Webgrants account.
 - This account allows us to see the names of individual students who have submitted a FAFSA/CADAA to match GPAs to applications.
- Reached out to individual students who submitted incomplete FAFSAs and those who have not submitted them at all.
- Increased use of CaliforniaColleges.edu.
 - o uploaded all student school emails to the system
 - added tasks to high school LP agendas to register student accounts. If students launch CA Community College, CSU, and FAFSA/CADAA applications from their accounts, we will be able to track that information using reports.

What can we implement to increase FAFSA completion?

- Increase knowledge and level of importance of FAFSA/CA DREAM ACT among staff
- Add FAFSA tasks to High School LP agendas
- Incentivize participation U

Virtual Academy

Topic

Virtual Academies - Parent and Student Feedback Results, Fall 2022

Synopsis

The Virtual Academies have been several years in the making. The 2021/22 school year was the first year that our HSVA functioned independent of outside staffing and it was the pilot year for our ESVA and MSVA. Because we seek to fine tune our programs to best meet the needs of our students, the feedback from students and parents is very important to us. Below the line of asterisks, you can find feedback results from parents and students.

- *Areas of success for our virtual academies include satisfaction with educational planning and content delivery, as well as satisfaction with the support towards student achievement of Individualized Educational Plan (IEP) goals.
- *Areas for growth for our virtual academies include the need for additional academic support in some cases, as well as increased opportunities for our students to build connections with one another.
- *Improvement Plan- To target these areas of growth, the virtual academies will work towards increasing opportunities for students to engage with one another in classroom scenarios as well as outside of the classroom. While opportunities existed to a degree this year, a more robust offering will be made in stages that align with teacher training/implementation timelines. We will also offer students opportunities to gain more support from school staff as needed.

Examples of Socialization Opportunities

- High School Hangouts/Park Days (success this year)
- Events (such as Prom/Senior Sunrise)
- More frequent field trips
- Student collaboration in the virtual classroom setting

Additional Academic Support Opportunities

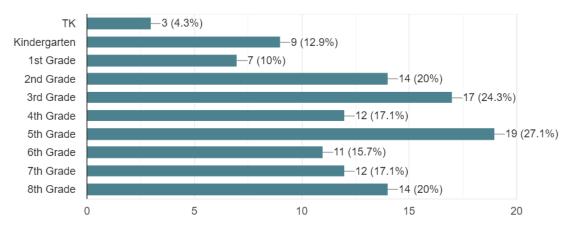

- Inform and educating parents on the academic supports available to their student
- Incentivize student participation in academic support systems
- Participate in the 5-tiers of support to better identify student needs
- Build in Professional Learning Community (PLC) time so teachers can evaluate data and build more targeted student support plans

Program Vision

The vision of the Virtual Academy is to set the standard in online, digital, and blended learning while creating a culture where all children feel loved, respected, and encouraged so they are able to perform at their highest potential.

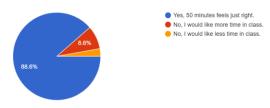

ESVA/MSVA Parent Feedback

Based on 70 Parent Responses

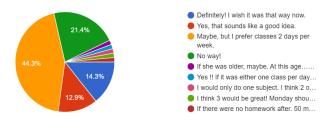

- 57% of those taking the survey were returning families from last year
- Why did they choose ESVA/MSVA?
 - 67% My child benefits from learning from other adults in addition to myself.
 - o 63% I want my child to interact with students in their same grade.
 - o 57% I want to make sure that I don't forget to teach an important concept.
 - 54% I want my child to get instruction from a credentialed teacher.
 - 46% I want my child to experience a classroom setting.
 - 31% I have multiple children and don't have enough time to plan and teach so many different levels all in one day.
 - 20% I work a lot and have limited time to provide direct instruction to my child.

- 80% felt that the ESVA/MSVA helped them to take educational planning off of their plate.
- 94% felt that the ESVA/MSVA has broadened the education of their child.
- 49% believe that the ESVA/MSVA has increased the social circle of their child.
- 96% feel that their teacher communicates frequently.
- 100% of the parents of students with IEPs believed that the VA was supportive of their child's IEP goals.
- 89% liked the 50 minute class sessions, and 9% wanted more class time

- 89% of parents feel confident in providing guided learned to their children on M/W/F
- 90% feel that the video lessons that are provided by the teachers are helpful
- 73% would likely sign up if all 4 core subject areas were bundled for a discounted price
- If ESVA/MSVA were 4 days per week:

27% would sign up

0

- 44% might sign up, but prefer the 2 days per week the way it is now
- o 21% would definitely not sign up
- 8% gave a unique response
- Which supports would be most helpful for new VA families
 - 74% Schoology How-tos
 - 44% Parent Orientation
 - 44% Parent Q&A
 - 40% Best Practices to ensure students get the most out of class
 - 29% Course Catalog
 - 16% VA Agreement

Samples of Parent Quotes about ESVA and MSVA:

(repetitive or non-answers were deleted)

- What could be done differently in ESVA and MSVA to improve the program?
 - One day a week writing class
 - Less homework that way we can focus on other things
 - Have a minimum of three lessons per week per curriculum.
 - More resources for children who are falling behind or not getting the concept. My suggestion would be more office hour options not just on one day.

- A lot of time was spent helping kids log in and learn the system by the teachers in ESVA. Not enough parent involvement. seems most parents just left their children to there own devices. The 1st LP and into the second was not productive. Parent involvement should be a must at first to make sure their children know how to operate the system.
- For us personally, I don't believe our teacher gives enough direct correction. When my student is struggling with grades, they don't seem to understand why. When I reach out to the teacher, they tell me they are telling everyone... and my student seems to think they are making the necessary adjustments, but the teacher does not. I feel like there could be a little more one-on-one direction (even a minimal amount).
- For his math class, not using a curriculum that jumps topics so much and that the teacher slows it down. My son gets frustrated when the teacher moves on to the next question to quickly and it makes him not want to continue or ask questions about that problem if he is having trouble with it.
- Not sure, I suppose a smaller class size would allow each child more visibility and less distractions. But overall, we're happy with the program.
- Would like some hybrid options where there is in person instruction part of the time
- Amount of emails, too many
- Too many emails from teachers, there is too much homework, tech hours need to be expanded a LOT, students should have access to things like Google Docs without us having to get permission if it's required for the class
- More compatibility with iPad use
- Give kids (same classes/ages) extra enrichment classes so that they will get to know each other.
- In person meetups.

What do you like about ESVA and MSVA?

- That it's less stressful for my son. He was in public school before switching him and he was having meltdown so bad and he not anymore. He feels he can work at his own pace and not be forced to do his work fast.
- Takes the teaching off my plate because I work full time. And I love knowing they are being educated by an actual teacher
- I like that she has a teacher helping with the pacing of math.
- Teachers are awesome
- o I like not having to make lesson plans and figure out what to teach.
- Classroom type of setting even if it's online, classmates can interact with the teacher
- The teachers enthusiasm and the classroom setting.
- That it helps fill in the gaps that I have or may have missed in teaching my children.

- "I love that my son is getting a solid foundation for the 2 most core subjects (Math+ELA) but he only is on zoom 2 x per week, so I am able to fill in the gaps with the rest and I still feel included in the process."
- Classroom zoom learning environment
- My student can have access to a teacher who has extended knowledge in a subject I struggle teaching
- My daughter gets to communicate with other kids her age
- My children are guided/taught by a credentialed teacher
- My son loves the S.E.L. class, he loves how nice his teacher is and I've noticed an improvement in his behaviors.
- I like the support it offers me by providing instruction to my kids, individually, at their grade level, rather than me juggling how to teach two grade levels of Math and ELA simultaneously.
- o Easy to access and all the support to figure it out
- The flexibility, teacher/student interaction, the class time options
- The teacher is fun my daughter is learning
- Have had a great experience with our IST and most of the virtual teachers.
- I love how interactive it is for my 1st grader, he's made a lot of progress in ELA and enjoys the classes.
- All the teacher support and help. The ability for kids to interact
- The learning instructions, Curriculums and flexibility of the program
- The curriculum, finally my kids are being challenged.
- I like that my kids have someone else teaching them also because they can get easily frustrated with me.
- The interaction with the teachers help and video.
- The structure it provides.
- We love everything about it!
- I like the structure, class setting and the teachers. My daughter likes her classes especially the hands on activities in class.
- Helpful methods for math
- Teacher interaction and help with my child
- The routine it's given my daughter and the accountability and schedule it's given our family. I also feel like she is growing academically in ways she wouldn't if it was just us going through the content.
- [the student] is an independent learner and I love that she has to report to someone else than me. I actually only answer questions occasionally.
- Like stated above it is planned for me and the teachers help with lessons.
- That my child has another outlet for learning instead of me.
- The instructors are amazing!
- The teachers always communicating and getting back in good timing
- Provide intervention classes when students are falling behind and the constant communication with teachers

 I like how much my son is enjoying it, while covering all the standards at the same time

ESVA and MSVA Student Feedback

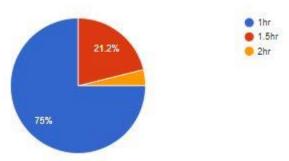

- How much do you think your teacher cares about you?
 - TK-2 4.6/5 (average)
 - 0 3-5 8.5/10
 - o 6-8 8.1/10
- What would make your class better?
 - Most students had minor suggestions with regards to specific classes. Some
 examples include playing a particular type of learning game more, more videos,
 and changing the duration of class time. There were many student comments
 requesting more time to engage with other students and to increase the use of
 learning games.
- Here are a few quotes in response to the following question: Is there anything else you would like your teacher to know?
 - "I love my Teachers" (KN)
 - o "I want her to know that I'll miss her for when we don't see her." (1st)
 - o "I have been learning a lot and I couldn't have done it without this class." (2nd)
 - "I would like to let my teacher know that learning is FUN!!!" (3rd)
 - "I wish we could have more projects on our assignments" (4th)
 - "That i enjoy hanging out with you and learning from you" (5th)
 - "Some of the math is hard for me" (5th)
 - "That i'm very thankful for her helping me." (6th)
 - That she pushed me to succeed in the class. (7th)
 - "...I just wanted to let you know that you are definitely my favorite teacher. Your so nice and understanding, like if we miss things because of tec issues, you are always willing and more than happy to go back over it. Last year I had a C in math, and now I've been able to maintain an A all semester. You make math way more enjoyable and my grades prove it. Overall I just wanted to say that I appreciate you, keep doing what your doing. Can't wait to see you next year." (8th)

HSVA Parent Feedback

Based on 52 Responses

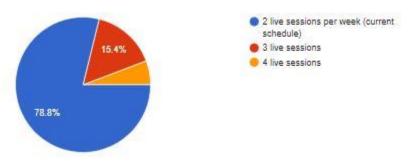

- 80% of those taking the survey have just 1 student enrolled in HSVA
- 61% of students are new to HSVA this school year
- Why did they choose HSVA?
 - o 64.5% My child benefits from learning from other adults in addition to myself.
 - 55.8% I want my child to interact with students in their same grade.
 - 48.1% I want my child to get instruction from a credentialed teacher.
 - 38.5% I want my child to experience a classroom setting.
 - 32.7% I want to make sure that I don't forget to teach an important concept.
 - o 25% I work a lot and have limited time to provide direct instruction to my child.
 - 21.2% I have multiple children and don't have enough time to plan and teach so many different levels all in one day.
 - 5.8% We plan to re-enroll in a traditional school.
- 78.7% feel that the Virtual Academy helped to take educational planning off of their plate.
- 81% believe that the Virtual Academy has broadened the education of their student.
- 36.5% believe that the Virtual Academy has increased the social circle of their student.
- 81% feel that their teacher communicates frequently.
- 71% believe that the VA is supportive of their child's IEP goals.
- What do you feel is the appropriate amount of time for a single live class session? (For example, do you think each class session should be 1hr 2x per week, or 1.5hr 2x per week?)

- o 75% 1hr
- o 21.2% 1.5hr
- o 3.8% 2 hr

- 67.2% of students are comfortable in reaching out to their VA teacher on the days that they do not have class.
- 69% feel knowledgeable about the resources available for supporting their student outside of live class sessions (ex: office hours, 1:1 tutoring, Edgenuity on-demand tutoring etc.)
- How many live sessions of a single class per week would be most beneficial to your student?

- 78.8% 2 live sessions
- o 15.4% 3 live sessions
- 5.8% 4 live sessions

• Which supports would be most helpful for new VA families

- 48.1% Parent Orientation
- 48.1% Schoology How-tos
- 48.1 % Best Practices to ensure students get the most out of class
- 44% Parent Q&A
- 42.3% The Virtual Academy Course Syllabi
- 40.4 % Course Catalog

Samples of Parent Quotes abouT HSVA:

(repetitive or non-answers were deleted)

- What could be done differently in HSVA to improve the program?
 - We came in late to the semester, so a video orientation of that class and teacher would have been nice. Also having an orientation video about the HSVA program sent to mid year start families would have been great. With so many emails, a video that parents can watch at the end of their busy days would be beneficial.
 - More class time options
 - Schoology glitches, missing links, loading errors make for a difficult accessibility to program
 - I wish that there was a way to perhaps make the honors sections separate? Or another way to create a more challenging/rigorous environment.
 - I believe a streamlined, or single method to get online for courses would be much easier.
 - 1.5hr amount of time (2x per week) for a single live class session and lesser homework
 - Better support for IEP students with smaller breakout groups, more one in one assistance

- More student to student interaction.
- A required office time at least once per quarter with each teacher so that this my the student has a relationship individually with the teacher and then is not afraid to approach him or her when there is an issue.
- The teachers could carve out a little time at the beginning and a few points in the year for the students to meet in groups to socialize.
- "Remove as much common core nonsense material as possible and focus only on real STEM and reading and writing (essays, grammar). Focus on teaching learning to self learn skills needed for University. Most smart kids can cruse through high school with ""A""s only to fail in University because they never really were forced to learn to learn something hard. SO Challenge assignments that are no frills, not socialist indoctrination, but real learning. That rules out most of California's Common Core curricula. As for STEM (HS Chemistry should have some labs hands on .. perhaps once or twice a semester with real beakers, pipets, burners etc... kids barely learn enough chemistry in California's curriculum to survive real University Chemistry 101 without failing.
- More opportunities/field trips for high schoolers
- Organization beginning of school term for new enrollees.
- In our case, having the teacher stick more to the specific topic of the day vs digressing on other topics not covered.
- In my experience from last year up-to now, the lesson for the upcoming homework assignment should be taught during class time (the new concept). It's has been so frustrating having to teach the subject to my children for the HSVA class that is expensive and time consuming. 80% or more of the time, the instructors are stuck going over previous assignments and consuming the entire class meeting time. Going over concepts already taught should be reserved for office hours or after class or some other alternative.
- I also believe that the students should have an option to receive a physical copy of the book in order to grasp the lessons more efficiently. My children have had such a hard time trying to learn concepts that haven't been taught in class because of review. They are trying to learn from an online textbook which is hard to maneuver between switching screens and pages on a computer.
- I feel that communication could improve a bit, since sometimes the teachers might take some time to respond and it could be difficult to understand sometimes.
- Zooming in as optional or recording to watch later
- Some of the instructors my daughter has had issues with their lack of organization in teaching and delivery others have been excellent. English has been great for Government we moved to bright Thinker.
- My daughters only complaint are other students in the class that don't follow rules (not keeping video on/not responding when called upon) or are disruptive to the teacher
- If a class is recorded or a book is being read aloud, the student should not be marked absent if they miss a timed class. As long as they get the work done

- Make sure all the teachers use the same formats for the homework's to eliminate waisted time trying to figure out how things work for every teacher.
- I would have benefited from step by step instruction of how to navigate schoology. There was a learning curve to it that I've had to discover on my own despite attempting the tech office hours.

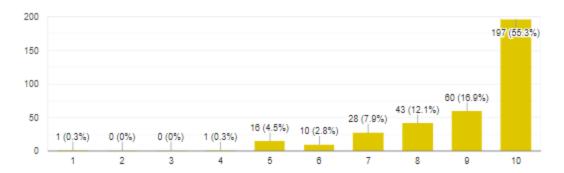

What do you like about HSVA?

- It's alternative education for my daughter.
- That my student is able to take high school level circulation that challenges my student and from a teacher that teaches it very well. It's also has matured my student to be more organized and responsible for their own work.
- I love that in high school she can be home and have the freedom to pursue her many interests, while taking classes with teachers she is enjoying online. She is also learning to be independent from my teaching as we near college.
- Lightens my teaching load
- I like that she is getting instruction from someone who is credentialed in the specific subject. I don't feel that I have the expertise to teach high school subjects. The English teacher is really caring and clearly has the best interest of her students in mind.
- The help they give my daughter. Making her feel comfortable
- The knowledge the teacher has
- The convenience of having a classroom setting at home. Not having to worry about my son having to miss class every time he has a cold.
- o The ability to have my children getting an good education, but still being at home.
- It offers an HQT for a subject I am not comfortable teaching and my son enjoys class
- I do like that it is seems closer to getting my student ready for college than traditional high school education. The schedule, the responsibility required, and autonomy I believe is more like college than traditional high school but with more safety nets and other assistance.
- Teacher offer a lot of support to students
- live classes and interaction
- Workload size is good
- The setting convenience.
- Interaction with others
- My Daughter likes it
- I like that I am not having to teach my student the subjects in which she struggles in. This helps to take away extra stress.
- My teen is much more motivated when having a credential teacher set the deadlines and standards, she then willingly fulfills her obligations. If it's our own deadlines, she is not as motivated.
- I like the flexibility of online learning. Also, the teachers have been organized, knowledgeable, and accessible.

- Current schedule 2x a week is not too much or too little. When in High School it relieves the burden of gov't paperwork (teaching lessons or student self directed study is not a problem and in fact learning could even be done better using traditional homeschool methods, if it were not for the "marxist" common core nonsense)
- I like that it has qualified teachers and some interaction with other students for my child.
- It creates a place where my student can get an education from other teachers and have some peer connection.
- That I can entrust my child's education (in these core classes) to a credentialed teacher.
- Ease of instructions
- Teachers are supportive in helping students reach their academic goals
- That as a parent I am able to have contact with my child's teacher and they are all willing to give support and help.
- The greatest benefit my child has received from participating in HSVA is meeting deadlines.
- Student-teacher interaction.
- o I like the structure of a twice a week scheduled meeting to reach core subjects.
- I like how the system works with the homework and the support we get while not in class.
- Too see other teacher's expectations and helps the parent have time to help their other children
- o It's great for classes that I'm not confident in my teaching abilities for.
- Student teacher live interaction
- I like that the responsibility of teaching the subject of off me. Teacher submits grades and work samples, keeps my daughter engaged and communicates effectively with me.
- My daughter can get online and be taught on subjects she likes and see a teacher and interact with others.
- I like the live classes and the teachers are very knowledgeable and excited to teach.
- The workload and planning
- Teachers are awesome
- I appreciated that my student was taking accredited courses in a similar setting and manner as virtual college courses. This will certainly help prepare my student for future education.
- Interaction with another adult and students
- The pace and choice of curriculum

HSVA Student Feedback

How much do you think your teacher cares about you?

What would make your class better?

Most students had minor suggestions with regards to specific classes. For example, reducing the workload of certain classes, creating more space for student work time, and increasing opportunities for socialization and collaboration. 62% of students are new to HSVA this year, and making friends is a consistent comment on improving their experience.

Here are a few quotes in response to the following question: Is there anything else you would like your teacher to know?

- "I'd like my teacher to know that she has done a really great job over the time I've been in class and I appreciate her a lot. I would also like to thank her for all her hard work for us and for being kind and understanding!"
- "I think I would just want my teacher to know that in both of the classes I take with him that he is probably one of my favorite teachers, with the way he teaches his classes he helps a lot with keeping me interested in what i am learning."
- "I would like to thank her so much for being here for all of us students and being one of the nicest teachers I've had."
- "I want to let my teacher know that the way he teaches us in class is really helpful. He teaches us things like memory tricks and uses lots of repetition until we fully understand what we are doing in class. He makes the students feel like they are acknowledged and takes our opinions on the class to mind which I appreciate a lot, and I'm really thankful to have him as my teacher in this course."

Related Material: Superintendent Evaluation Process and Timeline

BACKGROUND:

- This is a position that is part of the Shared Staff Memorandum of Understanding (MOU) and as such, Yosemite Valley plays a role in supervision, guidance, and input, but does not officially evaluate the Superintendent.
- The Board will evaluate the Superintendent only moving forward.
- The Process and Timeline has been updated for consideration.

RECOMMENDATION:

• Consider approval of the Superintendent Evaluation Process with the addition of any changes the Board would like to make.

Superintendent Evaluation Process

1. Meeting to Commence School Year

Prior to or at the beginning of each school year, the Board and the Superintendent shall meet to review the Superintendent's Summative Evaluation Form, and, if appropriate, set specific goals.

2. Mid-Year Meeting Regarding Annual Review of the Superintendent

The Board Chair will agendize a mid-year meeting regarding annual review of the Superintendent for a closed session during the regular January Board meeting or later. At this meeting, the Board will discuss and start the summative annual evaluation of the Superintendent. If needed, the Board can agendize additional closed sessions at regular scheduled board meetings as needed to review the Superintendent.

3. Board Member Completion of Summative Evaluation Form

Following review of the Superintendent's self-evaluation and any other necessary input from Board discussion, Board members will meet in a properly convened closed session meeting to conduct Mid-Year Meeting Regarding Annual Review of the Superintendent (see # 2), without the Superintendent present, to discuss their individual ratings and determine a consensus rating for each indicator. The Board Chair will record the Board's consensus rating on a blank copy of the instrument.

From a review of the Board's composite ratings, the board will identify:

- Agreed upon areas of strength
- Agreed upon areas of improvement
- Any specific expectations the Board has regarding the Superintendent's performance for the coming year

For areas in which there is no clear agreement about a rating, the Board will discuss reasons for their varying ratings and try to reach consensus about what, if anything, the Board would like to see differently regarding that indicator in the coming year.

After reaching consensus about the Superintendent's performance ratings and desired improvements, the Board will discuss with the Superintendent the areas of strength, areas needing improvement, and possibly specific improvements.

4. Consideration of Superintendent Response to Summative Evaluation

In a properly agendized closed session, the Board will allow the Superintendent to respond to the Board's ratings. This can be at the same meeting of the evaluation, or a future meeting.

5. Completion of Performance Evaluation

The Board will include the final Superintendent performance goals in the Superintendent evaluation form, make any other revisions to the form desired by the Board to ensure that it reflects Board priorities and the Superintendent's duties accurately. If needed, an updated form can be adopted to be used for the next summative evaluation. The board will strive to complete this within two months of the evaluation meeting.

Action Plan & Goals Mid-Year Report

Stephanie Johnson & Dr. Laurie Goodman

Action Plan

Administrators will use the Board scores from the Evaluation Form and input from Board Members to create a focused Action Plan to address areas identified as having the capacity to be developed and or changed.

Action Plan Summary or Overview

Our plan for the 22-23 school year is to continue the progress made this year both fiscally and academically. We understand the importance of utilizing public funds wisely to support student growth and development. We also recognize that academic growth and success is the heart of our school and the reason we exist. Our goals for next year reflect how we will utilize the resources entrusted to us to make decisions that support all students in their academic, physical, and social emotional needs. To do this we will need to continue providing professional development to our staff, support to our parents, and great instruction and resources to our students.

Specific Action Plan Components:

1. **ELEMENT 1C Vision Planning and Implementation:** This element, particularly moving into your new role, is something the Board would like to see you develop. Specifically, the monitoring of the "decisions, actions, and outcomes" of the school's vision and goals. [MR]

In order to reach our academic goals, we will need to provide additional teacher training and parent education. We will continue to gather parent and staff feedback through our school site council, staff committees and feedback surveys. We will also continue gathering and analyzing data from our intervention and virtual academies to determine student success and student need. To support teachers, we have developed a Personalized Professional Development Plan that will be customized to each teacher with the support and oversight of their Regional Coordinator and Directors of Regional Coordinators.

This action will be measured through survey and academic achievement using both evidence of student learning and STAR 360 data through the Power School Data platform three times during the school year which will be reported to the board within a month after data is gathered.

2. **ELEMENT 2B Curriculum and Instruction**: The Board sees a need for more parent/Learning Coach support and resources. [MR]

Again to support teachers we have developed a Personalized Professional Development Plan that will be customized to each teacher with the support and oversight of their Regional Coordinator and Directors of Regional Coordinators. We are also moving forward with our Instructional Coaching Plan to better support teacher and parent education during Learning Period meetings and support instructional practices in all our virtual classes. During the first six weeks of school and at the semester break in January. The entire staff will participate in professional development to best support families and student achievement.

This action will be measured through a monitoring process by leaders as they support teachers in EA and all other virtual programs using a coaching and planning form which also include teacher self-reflection and align with their personal professional development plan. These coaching conversations and self-reflections will occur twice a year in the fall and spring.

3. **Element 2B Assessment and Accountability**: The Board identifies this area as one of growth as holistic assessment is talked about, but not seen in practice. [YV]

The charter schools will continue to provide monthly data and presentations regarding the many programs and academics that are in place to support our mission and vision of providing educational services to all students. Built into the monthly board meetings will be monthly presentations of data confirming the progress of all programs.

- 4. **ELEMENT 4C Community Resources & Services:** The Board sees a need to better provide and communicate supports and resources to families with specific needs. For example, dyslexia reading support and resources. [MR]
 - a. The charter schools will develop a plan and implementation process to increase instructional support through an Inclusion Model which will partner general education teachers with case managers (educational specialists) for our students with IEP's and/or students in intervention.
 - b. The charter schools will hire, train and develop a plan for In-House service providers (OT, SLP, Nurse) to serve students and more closely monitor their needs as well as their progress.

- c. The Link Project for identifying when students do not qualify for special education but need additional support provided through the SST process. This includes communication from our Director of SST via a personal phone call to families who have a need for support but do not qualify for special education services. Part of the LINK project will be the development of a thorough plan that monitors and supports targeted intervention for struggling students and their learning coaches.
- d. The charter schools have launched this year a New Family Onboarding Process which includes a welcome call, passport, orientation, curriculum fair and back to school night. This dynamic program will welcome our new families as well as provide support for veteran families that are still learning our unique instructional model.
- e. Working with the school's leadership team, we (the Executive Director and Co-Director) will develop a communication plan that includes at least three communication pathways. We will facilitate across school departments and teams as needed as well as ensure school supports and resources are channeled through the most appropriate communication pathway(s).
- f. A parent and staff need survey/assessment will be conducted at three times during the school year, and personal phone calls will be made to follow up with families that are still needing more support.[1]

These actions will be measured through parent, staff and student surveys as well as achievement data and our feedback real-time forms. After each survey period, survey results will be analyzed for course corrections which may include additional professional development as well as parent support and increased communication.

5. ELEMENT 3A Operations & Facilities: The Library still has more potential especially with accessibility to the actual resources. There are a lot of rules and limitations to make appointments and get into the Library, which limits accessibility.

We recognize the need for the library to provide better service to our families and community. We will be involved in the hiring process of the new librarian and work with her/him to develop a calendar and plan to best use the library and the resources available as well as plan for events to better use the library and its resources.

We also have hired a classified expert who is a homeschool mom who will provide more information and access to the curriculum choices in the library. Finally, part of our new on-boarding process for new families, we will be providing in-person orientations at the lending library for parents and students.

The success of the adjustments and leveling up of services will be measured through family surveys three times a year.

6. ELEMENT 3C School Climate: The Board acknowledges and applauds the positive staff

survey feedback, however, based on interactions with staff and families, there is frustration with the school climate. One specific example centers around teacher training and how most is delivered through recordings and that staff would prefer live training that involves the opportunity for interaction and dialogue.

We are excited about the in-person training that will be taking place next year as well as the RC meetings that will also be in person. We only have two staff members who live in the area that will be joining us through a virtual format. We also will be adding more time to practice, reflect and apply professional development in all region meetings and during other planned professional development. As noted in the goals, each staff member will have their own professional development plan which will be supported by their RC as will as other administrative staff. Each week, enrichment academy sessions will focus on Social Emotional Learning which will include cultural competence and inclusivity. These sessions will be professional development for teachers as well as learning opportunities for students.

This action will be measured through real time surveys each month after PD to ensure that learning is occurring and the PD is valuable for our staff and families.

7. ELEMENT 4C Community Resources & Services: The Board feels that there are somewhat limited services available, and that those that are provided do not always reflect the demographics of the students.

We have worked hard to grow our Virtual Academies for next year to provide more learning opportunities for our students with intervention and individualized support built into the program. We currently offer live outstanding direct instruction classes to all students with learning needs and will now offer daily learning opportunities focused on English language arts and writing to provide support for all students on a daily basis with a live teacher.

At the beginning of the school year, each program and department will present the expansion of services that are occurring next year as well as metrics to determine effectiveness.

8. ELEMENT 5C Ethical Action: The Board has some concerns with SPED related to this Standard and as you have a direct reporting line over SPED it is something the Board wants you to be aware of. There appears to be broken trust between families and the SPED Department.

To address this need we are increasing collaboration between general education teachers and special education case managers. We have calendared 3 non-instructional duty days on the 22/23 calendar to allow for this collaboration in order to better support families and individual student learning goals. Our move to an inclusion model is another way we are providing for the needs of the whole student and making sure all departments are working together to support students' learning goals. We have also developed a training model that will inform our teachers of ways we can better support special education students. The hiring of internal staff to provide services in the areas of speech and OT will build relationships and trust with families.

This action will be measured through an anonymous survey after IEP meetings and throughout the school year to better understand the needs of parents and build trust.

9. ELEMENT 6A: Leaders actively structure and participate in opportunities that develop greater public understanding of the education policy environment. There are frequent occurrences of PAT participants having questions about policy, processes, and communication from the school. This seems to indicate that more work can be done in this area so the public has a clearer understanding.

We will continue to host school site council meetings and parent advocacy meetings that are open to all in order to address this need. This spring we also began hosting more opportunities for staff to come and ask questions so they feel better equipped to address questions from parents. We will continue to do this next year and provide parents opportunities for questions and answers with the administrators. Professional development with our teaching staff and the expansion of our leadership team will help our parents with policy and process understanding which will always include rationale and connect with our mission, vision, LCAP and WASC goals.

This action will be measured through surveys and feedback from meetings.

Personal Professional Goals based on Feedback regarding leadership traits:

- It was noted that Dr.Goodman's communication pattern of gratitude for all staff in all things can be perceived as disingenuous at times. Her plan is to be more direct with the elements, tasks and outcomes of work products with praising staff for their expected work success as well as being direct with building capacity in staff and systems that are not meeting the required standards for our charters.
- 2. It was also noted that mutual respect was not always apparent during meetings and communication with Dr.Goodman. This perception will be addressed by making sure that directives that are required for our staff and parents are connected to policy and educational code. During the last two years of COVID restrictions, we have been going through challenging times.

Major Goals for the 2022-2023 School Year

Administrators will outline several goals for the new school year based on the Board's evaluation scores and identified areas of growth. Three major goals are listed below, however: listed above are 11 goals that will be implemented and reported throughout the school year.

Goal #1:

Creating a Personalized Professional Development Plan that supports each teacher's area of growth and is based on feedback gathered from their supervisor after an instructional coaching cycle has occurred.

Goal 2:

Incorporate an Instructional Coaching Model at the regional coordinator and administrator level to observe learning period meetings, virtual academies, intervention and enrichment academy classes to ensure standards are being met, instructional strategies are being used and consistent practices are occurring school wide.

Goal #3:

To increase community engagement and a positive school culture through providing opportunities for families, students and community members to come together and support school goals at events that include park days, field trips, clubs, sports, and other in person activities.

Purpose: Presentation & Potential Discussion - Informational

Related Material: None

BACKGROUND:

- The Statement of Economic Interest or Form 700, is the tool used by public officials to disclose their financial interests that may be affected by their public official decisions.
 This ensures that the public is aware of a board member's financial interests and also reminds the public official of potential conflicts.
- Tulare County requires paper forms be signed by hand and mailed.
- The school office will be sending each Board Member the documents with directions and how to return completed forms.
- Forms must be submitted `by April 3, 2023.

Board Meeting Teleconferencing Options & Future Board Meeting Format

Section: VI. Governance

Item: F. Teleconference Options & Board Meeting Format

Purpose: Discussion & Potential Action - Vote

Related Material: Teleconferencing Options for Board Members

BACKGROUND:

- Approved by the governor on September 13, 2022, the laws for public meetings are changing with the new year through the passage of AB 2449.
- The Board will need to confer to decide how best to implement the changes for future board meetings.

RECOMMENDATION:

• Consider approval to hold all future board meetings in compliance with AB 2449.

Teleconferencing Options for Board Members

ORIGINAL TELECONFERENCING RULES

Reasons for Teleconferencing	Any reason
Notice Requirements	Address of the teleconference location needs to be identified on the agenda; agenda must be posted at the teleconference location using same posting requirements as the usual agenda (i.e., 72 or 24 hours in advance); agenda posted at teleconference location must be accessible to the public 24 hours a day and in a location that is compliant with the Americans with Disabilities Act
Americans with Disabilities Act Issues	The teleconference location must be compliant with the Americans with Disabilities Act regarding access
Public Participation	The public is entitled to appear and participate from any teleconference location; no zoom or video conferencing is required
Location of Quorum	The quorum of the board must be located in the jurisdiction of the school, also follow location requirements identified in Education Code section 47604.1.
Limitation on Use of Teleconferencing Option	None
Process for Appearing via Teleconference Option	Post the teleconference location on the agenda and post the agenda at the teleconference location, as well as other posting requirements
Disclosures Member Participation	None Nothing specific

AB 2449 TELECONFERENCING RULES BEGINNING 1/1/23

Reasons for Teleconferencing	 Just Cause: Childcare or caregiving need of a child, parent, grandparent, grandchild, sibling, spouse, or domestic partner A contagious illness that prevents the member from attending in person A need related to a physical or mental disability Travel while on official business of the board or another state or local agency Emergency Circumstances: Physical or family medical emergency that prevents a member from attending in person
Notice Requirements	Teleconference locations need not be listed on the agenda. The agenda must identify the in-person location where a quorum is meeting, and the way for public participation via an internet-based option, call-in option, or in-person option.
Americans with Disabilities Act Issues	Nothing in addition to usual ADA issues; teleconference locations need not be compliant with the ADA.
Public Participation	Public may participate at the in-person location, via call-in or internet-based platform. The public has the right to address the board in real time and cannot be required to submit comments in advance of the meeting.
Location of Quorum	Must participate in person from a singular physical location clearly identified on the agenda which is open to the public and situated within the jurisdiction of the school (also comply with location restrictions identified in Education Code section 47604.1)
Limitation on Use of Teleconference Options	Just Cause: No more than two meetings per calendar year Emergency Circumstances: No more than three consecutive months or 20 % of the regular meetings within a calendar year or more than 2 meetings if the body regularly meets fewer than 10 times per calendar year.
Process for Appearing via Teleconference Options	 Member notifies the board at the earliest opportunity possible, including the start of a regular meeting, of the need to participate remotely for just cause, including a general description of the circumstances relating to the need to appear remotely at a given meeting. Emergency Circumstances: Member requests the board to allow to participate remotely due to emergency circumstance. The board would take action to approve the request. The board requests a general description of the circumstances relating to the need to appear remotely. A general description need not exceed 20 words and need not disclose any medical diagnosis or disability, or any personal medical information.

	• The request should be made as soon as possible. If the request to appear remotely does not allow time to place the item on the agenda, the board may take action to approve the request at the beginning of the meeting by majority vote.
Disclosures	Disclose, before any action taken, whether any individuals 18+ years old are present in the room at the remote location and the general nature of the member's relationship to such individuals.
Member Participation	Member must participate through both audio and visual technology
