Elizabeth Wagner made a motion to approve the ESY plan/dates.

Sarah Sanchez seconded the motion.

The Board VOTED unanimously to approve the motion.

C. Presentation & Potential Discussion of the School Dashboard

Dr. Damien Phillips presented the school's Dashboard, highlighting what the sections and graphs mean.

Sarah Sanchez asked for clarification if the STAR 360 assessments are reflected in the Dashboard. Dr. Phillips shared that only the state CAASPP Assessment results are included.

Dr. Craig Wheaton noted this is a modified Dashboard due to the Pandemic and not having year to year data. He also encouraged the school to dig deeper into the graduation rate as more than 1 out of 10 students are not graduating and he recommends that any measures under 90% should become a focus area. He stated the school is doing good work, but there is always room to grow.

Denise Voth shared that the school is working with each student and diligently follow up with 12th grade students that withdrawal before graduation.

Dr. Monique Ouwinga-DeRuiter inquired if there were any outliers in the Math and ELA results to see if there were specific groups that needed more support. The school will dig deeper into the data and bring back more information at a future Board meeting.

Area	Due Date	Description	Completed By	Board Must Approve	Signature Required	Additional Information
DATA	Feb-01	School Accountability Report Card - All public schools in California are required to prepare an annual SARC (2021/22). SARCs are intended to provide the public with important information about each public school and to communicate a school's progress in achieving its goals. EC Section 35256 requires LEA governing boards to approve SARCs for publications.	Client	Yes	No	https://www.cde.ca.gov/ta/ac/sa/questions.asp
FINANCE	Feb-20	Certification of the First Principal Apportionment - The Principal Apportionment includes funding for the Local Control Funding Formula, the primary source of an LEA's general purpose funding; Special Education (AB 602); and funding for several other programs. The First Principal Apportionment (P-1), certified by February 20, is based on the first period data that LEAs report to CDE in November through January. P-1 supersedes the Advance Apportionment calculations and establishes each LEA's monthly state aid payment for February through May.	Charter Impact	No	No	https://www.cde.ca.gov/fg/aa/pa/
FINANCE	Feb-28	E-Rate FCC Form 470 Due date (FY2023) - To requests bids for service, applicants certify an FCC Form 470 in the E-rate Productivity Center (EPC). This is a formal process to identify and request the products and services you need so that potential service providers can review your requests and submit bids. The FCC Form 470 must be certified in EPC at least 28 days before the close of the filing window. February 28, 2023 is the deadline to certify an FY2023 FCC Form 470 and still be able to certify an FCC Form 471 within the FY2023 filing window.	Client	No	No	https://www.usac.org/sl/tools/forms/
FINANCE	Feb-28	2nd Interim Financial Report - Local educational agencies (LEAs) are required to file two reports during a fiscal year (interim reports) on the status of the LEA's financial health. The first interim report is due December 15 for the period ending October 31. December 19, 2022

To the Board of Directors of Monarch River Academy Fresno, California

We have audited the financial statements of Monarch River Academy for the year ended June 30, 2022, and we will issue our report thereon dated December 19, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated April 13, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Monarch River Academy are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the 2021-22 fiscal year. We noted no transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was (were):

Management's estimate of the depreciation expense and its impact on accumulated depreciation is based on estimated useful lives of the fixed assets previously purchased. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements was (were):

The disclosure on multi-employer defined benefit plan participation in Note 11 to the financial statements. The estimated withdrawal liability is based on prior year data from actuarial studies on the retirement plans and is disclosed for information purposes only. As a nonprofit entity, there is no required recording of a net pension liability as other local educational entities (LEAs), such as school districts, would have to record under governmental accounting (GASB).

The disclosure on related party transactions with partner schools in Note 12 to the financial statements. There was a significant amount of interschool borrowings that occurred and remained receivable to some organizations and payable to other organizations at year end.

The financial statement disclosures are neutral, consistent, and clear.

Significant Audit Matters (continued)

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatements detected as a result of audit procedures were corrected by management:

Recording of State on-behalf contributions to the CalSTRS retirement plan. Because the entry is a non-cash transaction with no impact on ending net assets, the Organization does not typically record this entry and relies on the audit adjustment.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 13, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Directors and management of Monarch River Academy and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Christy White, Inc. San Diego, California

The Educator Effectiveness Block Grant (EEBG) is a program providing funds to county offices of education, school districts, charter schools, and state special schools to provide professional learning and to promote educator equity, quality, and effectiveness.

As a condition of receiving funds for educator effectiveness, LEAs shall develop and adopt a plan for expenditure of funds, which requires the plan to be explained in a public meeting of the governing board of the school district, county board of education, or governing body of the charter school before its adoption in a subsequent meeting. Funds may be expended for the purposes identified in <u>Assembly Bill 130</u>, <u>Chapter 44</u>, <u>Section 22</u> and <u>Assembly Bill 167</u>, <u>Chapter 252</u>, <u>Section 9</u> and mentioned below in the "Planned Use of Funds" section. These expenditures may take place over fiscal years 2021–22, 2022–23, 2023–24, 2024–25, and 2025–26. LEAs may use these allocated funds to provide professional learning for teachers, administrators, paraprofessionals who work with students, and classified staff that interact with students in order to promote educator equity, quality, and effectiveness. The funding is distributed in an equal amount per unit of full-time equivalent certificated and classified staff as reported in California Longitudinal Pupil Achievement Data and California Basic Educational Data System for the 2020–21 fiscal year. This funding for certificated and classified staff shall not exceed the total certificated staff and classified staff count.

Educator Effectiveness Block Grant Plan Instructions

Introduction

A program providing funds to county offices of education, school districts, charter schools, and state special schools to provide professional learning and to promote educator equity, quality, and effectiveness.

For additional information regarding Educator Effectiveness Block Grant funding please see the web page at https://www.cde.ca.gov/fg/aa/ca/educatoreffectiveness.asp.

Purpose and Requirements

As noted in the Introduction, a program providing funds to county offices of education, school districts, charter schools, and state special schools to provide professional learning and to promote educator equity, quality, and effectiveness:

- To ensure professional development meets educator and pupil needs, local educational agencies are encouraged to allow school site and content staff to identify the topic or topics of professional learning. Professional learning provided pursuant to this section shall do both of the following:
 - Be content focused, incorporate active learning, support collaboration, use models of effective practice, provide coaching and expert support, offer feedback and reflection, and be of sustained duration.
 - As applicable, be aligned to the academic content standards adopted pursuant to Sections 51226, 60605, 60605.1, 60605.2, 60605.3, 60605.4, 60605.8, and 60605.11, and the model curriculum adopted pursuant to Section 51226.7, as those sections read on June 30, 2020, and former Section 60605.85, as that section read on June 30, 2014.

Areas that to be considered for funding as outlined in Education Code include:

- (1) **Coaching** and **mentoring** of staff serving in an instructional setting and beginning teacher or administrator induction, including, but not limited to, coaching and mentoring solutions that address a local need for teachers that can serve all pupil populations with a focus on retaining teachers, and offering structured feedback and coaching systems organized around social-emotional learning, including, but not limited to, promoting teacher self-awareness, self-management, social awareness, relationships, and responsible decision-making skills, improving teacher attitudes and beliefs about one's self and others, and supporting learning communities for educators to engage in a meaningful classroom teaching experience.
- (2) Programs that lead to effective, **standards-aligned instruction** and improve **instruction in literacy** across all subject areas, including English language arts, history-social science, science, technology, engineering, mathematics, and computer science.
- (3) Practices and strategies that reengage pupils and lead to accelerated learning.
- (4) Strategies to implement **social-emotional learning**, **trauma-informed practices**, **suicide prevention**, access to **mental health** services, and other approaches that improve pupil well-being.

- (5) Practices to create a **positive school climate**, including, but not limited to, restorative justice, training around implicit bias, providing positive behavioral supports, multitiered systems of support, transforming a schoolsite's culture to one that values diverse cultural and ethnic backgrounds, and preventing discrimination, harassment, bullying, and intimidation based on actual or perceived characteristics, including disability, gender, gender identity, gender expression, language, nationality, race or ethnicity, religion, or sexual orientation.
- (6) Strategies to improve **inclusive practices**, including, but not limited to, universal design for learning, best practices for early identification, and development of individualized education programs for individuals with exceptional needs.
- (7) Instruction and education to support implementing **effective language acquisition** programs for English learners, which may include integrated language development within and across content areas, and building and strengthening capacity to increase bilingual and biliterate proficiency.
- (8) New **professional learning networks** for educators not already engaged in an education-related professional learning network to support the requirements of subdivision (c) see slide 12 for subdivision (c).
- (9) Instruction, education, and strategies to incorporate **ethnic studies** curricula adopted pursuant to Section 51226.7 into pupil instruction for grades 7 to 12, inclusive.
- (10) Instruction, education, and strategies for certificated and classified educators in **early childhood education**, or **childhood development**.

Instructions to complete the template:

Total Educator Effectiveness Block Grant funds awarded to the LEA

Provide the total amount of Educator Effectiveness Block Grant funds the LEA is awarded.

Allowable Use of Funds Table

The table is in three parts, **Allowable Use of Funds, Planned Use of Funds (Actions)**, and **Planned Expenditures**. Data is only required in the **Planned Use of Funds** and **Planned Expenditures** columns.

(1) Allowable Use of Funds

The LEA must specify the amount of EEBG funds that it intends to use to implement a planned action. This column is prepopulated with the allowable uses of funds. There is no need to input additional information in this column.

(2) Planned Use of Funds (Actions)

• Provide a description of the action(s) the LEA will implement using EEBG funds. The description can be brief and/or in list form. Include the group that will receive the professional learning (teachers, administrators, paraprofessionals who work with students and classified staff that interact with students).

An LEA has the flexibility to include planned use of funds/actions described in one or more areas list under Allowable Use
of Funds. It is not required to include actions for every allowable use of funds listed.

(3) Planned Expenditures

Specify the amount of funds the LEA plans to expend to implement the action(s). The amount of funds included in this section should reflect the total funds planned to be expended over the life of the grant.

Fiscal Requirements

As a condition of receiving funds, a school district, COE, charter school, or state special school shall do **both** of the following:

- On or before December 30, 2021, develop and adopt a plan delineating the expenditure of funds apportioned pursuant to this section, including
 the professional development of teachers, administrators, paraprofessionals, and classified staff. The plan shall be presented in a public
 meeting of the governing board of the school district, county board of education, or governing body of the charter school, before its adoption
 in a <u>subsequent</u> public meeting.
- On or before **September 30, 2026**, **report detailed expenditure information** to CDE, including, but not limited to, specific **purchases** made and the **number of teachers**, **administrators**, **paraprofessional educators**, **or classified staff** that received professional development. The CDE shall determine the format for this report.

Funding apportioned pursuant to this section is subject to the **annual audits** required by Section 41020.

Incident Command Structure

Initial Crisis Response

A. Overview

This section of the Crisis Response Plan is divided into two parts. The first outlines four basic "INITIAL ACTIONS" that staff will direct students to take in response to most emergencies.

The second part outlines the three "ACTIVE SHOOTER" actions that should be taken by staff or students when they are in immediate contact with a person shooting a gun, or being confronted by a person wielding another potentially lethal weapon such as a knife or bat.

B. "INITIAL ACTIONS"

Regardless of the type of emergency that occurs, the initial response will almost always include one or more of these for basic "INITIAL ACTIONS:"

- 1. Duck and Cover
- 2. Evacuate Building
- 3. Shelter-in-place
- 4. Lock-Down

When there is a sudden loud noise, or other indication that something bad is happening, the first reaction should be to "Duck and Cover". Then, once the situation becomes clearer, one of the other "Initial Actions" may be implemented.

Although these four basic Initial Actions will suffice for the vast majority of emergencies, some emergencies may prompt the Incident Commander to follow these with additional emergency procedures. Examples of other potential actions include the total evacuation of staff and students to an off-site location, or the release of students to parents. When it is necessary to implement these other actions, the school Incident Commander will provide direction in person or by other means as necessary. Recommended additional actions for some specific emergencies are included in this plan.

a. Duck and Cover

Duck and Cover is used as the initial reaction to any sudden event such as gunfire, earthquake, explosion, etc. This action may be followed by "Lock Down", "Shelter-In-Place", or "Evacuate Building" actions.

The Duck and Cover action should also be used during a Lockdown.

Staff will:

- If outside, direct students to crouch to the ground, tuck head between knees and cover head and face with arms and hands.
 Avoid a prone position to preserve mobility.
- If inside, direct students away from windows, bookshelves and carts
- When the threat is over, or it is determined that the Duck and Cover is no longer the safest course, move to a different action.
- Report injuries or other immediate safety concerns.
- The Incident Commander will notify appropriate school officials if

4

needed

- Begin student release procedures if needed
- Prepare incident status report for emergency response personnel if needed
- The Duck and Cover action is rescinded when it is deemed safe by the incident commander

b. Evacuate Building (Fire Alarm)

To be used in any event where the building or scene needs to be evacuated.

Staff will:

- Secure emergency cards
- Escort everyone away from the building or away from danger
- Once the area is clear ensure everyone is accounted for
- Report injuries or other immediate safety concerns.
- The Incident Commander will notify appropriate school officials if needed
- Begin student release procedures if needed
- Prepare incident status report for emergency response personnel if needed
- The Evacuate Building Action is rescinded when it is deemed safe by the incident commander

c. Shelter-In-Place

To be used in the event of a non-human emergency outside and students/staff are inside a building.

Staff will:

- Make sure everyone is inside the building
- Close all doors and windows to exclude outside air if necessary
- Document the names of all present
- The Incident Commander will notify appropriate school officials if needed
- Begin student release procedures if needed
- Prepare incident status report for emergency response personnel if needed
- Be prepared to shut down all HVAC systems, if stopping outside air intrusion is necessary
- Be prepared to assist with building access for emergency responders
- The Shelter-In-Place Action is rescinded when it is deemed safe by the incident commander

d. Lock-Down

To be used in the event of a human emergency such as:

- Civil disturbance
- Gunfire/Police action in the vicinity
- Other threat situations as appropriate

Staff will:

- Immediately secure the building
- Instruct everyone to move away from doors and windows, and then implement DUCK AND COVER unless directed otherwise.
- Close all windows, blinds and curtains
- Turn off all lights
- Instruct everyone to remain silent
- Await further instructions from Incident Commander or Emergency Personnel

- The Incident Commander will notify appropriate school officials if needed
- Begin student release procedures if needed
- Prepare incident status report for emergency response personnel if needed
- Be prepared to assist with building access for emergency responders
- Direct people in route to location to stay away
- The Lock-Down Action is rescinded when it is deemed safe by the incident commander

C. "ACTIVE SHOOTER"

One critical exception to handling basic emergencies with the four "Initial Actions" will be when there is an Active Shooter situation. In an Active Shooter situation, one of the three basic "Active Shooter Actions" must be taken immediately to protect against loss of life:

- RUN
- HIDE
- FIGHT

Active Shooter Actions

When an active shooter is in the vicinity:

- 1. RUN If there is an accessible escape path, attempt to evacuate the premises. Be sure to:
 - Have an escape route and plan in mind
 - Evacuate regardless of whether others agree to follow
 - Leave your belongings behind
 - Help others escape, if possible
 - Prevent individuals from entering the area
 - Follow the instructions of any police officers
 - Keep your hands visible at all times
 - Do not attempt to move wounded people
 - Call 911 when you are safe
- 2. HIDE If evacuation is not possible, quickly find a place to hide. Your hiding place should:
 - Be out of the active shooter's view
 - Provide protection if shots are fired in your direction (i.e., an office with a closed and locked door)
 - Not trap you or restrict your options for movement
 - If the active shooter is in a nearby room or hallway lock and blockade the door, silence cell phones, hide behind large items, remain quiet
- 3. FIGHT As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter.

D. Incident Commander Structure (ICS)

Incident Commander

Responsibilities:	The Incident Commander is the Superintendent or her designee. The Incident Commander is responsible for all emergency incident activities. This will include the assignment of staff to ICS positions as necessary and the development and implementation of strategic decisions. The Incident Commander is responsible for carrying out the duties of all ICS positions that are not filled with other staff members. To be most effective, staff should be pre-assigned and trained in advance to fill their anticipated emergency duties.
Safety:	Ensure your safety and the safety of others. Brief your team: Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first. Follow all operational and safety procedures.
Start-up Actions:	 ☐ Implement the Crisis Response Plan and necessary Initial Actions such as "Lock Down" or "Shelter-In-Place". ☐ Establish an Incident Command Post and stay there! ☐ Obtain the school Crisis Response Box and keep it with you.
Operational Duties:	 □ Assess the type and scope of emergency. □ Determine the threat to human life and structures. □ Distribute Crisis Response Box materials to emergency responders as needed. □ Develop and communicate an incident action plan with objectives and a timeframe to meet those objectives. □ Activate ICS functions and assign positions as needed. □ Use the "Emergency Assignment Worksheet" to assist you in filling and tracking position assignments. □ Designate a backup or alternate Incident Commander □ Assemble and brief subordinates □ Continue to monitor and assess the total school situation. □ Check with Command Staff and section Chiefs for regularly for updates. □ Reassign personnel as needed. □ Report to the school on the status of students, staff, and facility, as needed (Site Status Report). □ Develop and communicate revised incident action plans as

	needed.
	Begin student release when appropriate.
	■ NOTE: No student should be released until student
	accounting is complete.
	Authorize the release of information.
	Utilize your back-up and take regular breaks (5-10 minutes
	per hour). During break periods, relocate away from the
	Command Post.
	Plan regular breaks for all staff and volunteers. Take care of your caregivers!
	Release teachers as appropriate and per school guidelines.
	(By law, during a disaster, teachers become disaster
	workers.)
	Remain on and in charge of your location until the incident is
	concluded. Should you have to leave the location, appoint a
	Deputy IC to fulfill the command role in your absence.
Closing Down:	Authorize deactivation of positions when no longer needed
-	Ensure that any open actions not yet completed will be taken
	care of after deactivation.
	Ensure the return of all equipment and reusable supplies.
	Close out all logs. Ensure that all logs, reports, and other
	relevant documents are completed and provided to the
	Documentation Unit.
	Announce the termination of the emergency and proceed
	with recovery operations if necessary.

PUBLIC INFORMATION OFFICER (PIO)

Responsibilities:	 This person communicates directly with the Incident Commander. This person, the Incident Commander, or the Superintendent or their designee should be the only person determining what information is suitable for release to the press. The PIO is responsible for disseminating information to parents and the media. The PIO must work closely with the PIOs from law enforcement, fire or other responding agencies to ensure the consistency and accuracy of information that is consistent, accurate, and timely. The public and parents have the right and need to know important information related to an emergency/disaster at the school site <i>as soon as it is available</i>. The PIO acts as the official spokesperson for the school office/event location in an emergency situation. News media can play a key role in assisting the school in getting emergency/ disaster-related information to the public (parents). Information released must be preapproved by the Incident Commander.
Safety:	Ensure your safety and the safety of others.
	Brief your team:
	Size up the situation first. Take no action that might and a garage year.
	Take no action that might endanger you.Do not work beyond your expertise.
	Use appropriate safety gear.
	Follow all operational and safety procedures.
Start-Up Actions:	 Check in with the Incident Commander for a situation briefing. Obtain necessary equipment and supplies from any emergency kit pre-established for your position.
Operational Duties:	 □ Keep up to date on the situation. □ Gather facts and write news releases/statements. □ Releases must be approved by the Incident Commander and should reflect: □ Reassurance -What is being done to protect students □ Incident or disaster cause and time of origin. □ Size and scope of the incident. □ Current situation-condition of school site, evacuation

	progress, care being given, injuries, student release
	location, etc. Do not release any names.
	Other information the school needs distributed.
	☐ Provide talking points if the Incident Commander has
	approved someone other than the PIO to speak to the
	media.
	☐ Coordinate with law, fire or other involved PIOs to ensure
	information released is consistent and accurate.
	☐ Ensure updates are made throughout the day, even if
	nothing new has happened.
	Releases must be approved by the Incident Commander and should reflect:
	Remain accessible to the media.
	☐ Read statements if possible.
	☐ When answering questions, be complete and truthful,
	always considering confidentiality and emotional impact.
	Avoid speculation, bluffing, lying, talking "off the record,"
	arguing, etc.
	☐ Avoid using the phrase "no comment."
	Remind school staff to refer <i>all</i> questions from the media or
	parents to the PIO.
	Update information periodically with the Incident Commander.
	Ensure that announcements and other information are
	translated into other languages as needed. Monitor news broadcasts about the incident. Correct any
	misinformation heard. Control rumors!
Closing Down:	☐ When assigned tasks are completed, return
	equipment/supplies, and report to the Incident
	Commander for reassignment or release.
STUDENT CARE GI	ROUP
Responsibilities:	Ensure the care and safety of all students except those who are in the
	medical treatment area.

Safety Rules:	 Ensure your safety and the safety of others: Size up the situation first. Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Follow all operational and safety procedures.
Start-up Actions:	☐ Obtain supplies from any pre-established "Group" kits. ☐ Obtain briefing from Incident Commander.
Operational duties:	 Monitor the safety and well-being of the students and staff in the assembly area or alternate location □ Administer minor first aid as needed. □ When necessary, provide water and food to students and staff. □ Make arrangements for portable toilets if necessary, ensuring that students and staff wash their hands thoroughly to prevent disease. □ Make arrangements to provide shelter for students and staff. □ Arrange activities and keep students reassured. □ Assist in updating records of the number of students and staff in the assembly area and/ buildings. □ Direct all media or parent requests for information to the Public Information Officer or Incident Commander.
Closing Down:	☐ When assigned tasks are completed, return equipment/supplies, and report to the Incident Commander for reassignment or release.

FIRST AID GROUP

Responsibilities:	In a school emergency, the First Aid Group is responsible for initiating emergency first aid to injured or ill staff and students. They will coordinate their efforts with those of arriving professional emergency responders.
Safety Rules:	 Ensure your safety and the safety of others: Size up the situation first. Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Follow all operational and safety procedures: Ensure members use latex or nitrile gloves for protection from body fluids and new gloves for each new patient. Ensure members wear appropriate eyeglasses and masks to protect eyes, nose and mouth from body fluids.
Start-up Actions:	 Obtain necessary equipment from any pre-established First Aid supply caches. Obtain briefing from Incident Commander.
Operational Duties:	 □ Establish scope of emergency and request outside resources needed to provide emergency medical support and transport. □ Assign teams as needed for "Triage", "Immediate Treatment" and "Delayed Treatment". Two or more people per team, if possible. □ Review safety procedures and assignments with personnel. □ Set up one or more first aid areas: □ In a safe place (upwind from smoke or hazardous materials) □ With access to emergency vehicles □ Provide staff to respond to injured people in remote locations who cannot be moved to first aid stations due to their injuries. □ Keep the Operations Section Chief informed of the overall status. Remember: A student's emergency information/parental consent for treatment card/information must accompany each student transported off-site for advanced medical attention.
Closing Down:	☐ When assigned tasks are completed, return equipment/supplies, and report to the Incident Commander for reassignment or release.

SEARCH AND RESCUE GROUP

Responsibilities: Safety:	Locate and report locations of trapped or injured staff or students. Free them only if you can do so safely. Use the buddy system: Divide into Teams as needed, and ensure that each team has been assigned a minimum of 2 persons.
	Use the buddy system: Divide into Teams as needed, and ensure that

	each team has been assigned a minimum of 2 persons.
	Size up the situation first.
	Take no action that might endanger you.
	 Do not work beyond your expertise.
	Use appropriate safety gear.
	 Follow all operational and safety procedures.
Start-up Actions:	Obtain a briefing from the Incident Commander
	☐ Obtain equipment from any pre assembled Group kit.
Operational	Report hazardous conditions to the Incident Command Post
Duties:	immediately upon discovery.
	☐ Before entering a building, inspect the complete exterior of the
	building. Do not enter severely damaged buildings. If you are in
	doubt about your safety, DO NOT ENTER!
	_
	If the building is safe to enter, search the assigned area using an orderly pattern; Check all rooms.
	Use chalk or grease pencil to mark a slash on the door when
	entering a room. This indicates to others that you are inside.
	☐ Check under desks and tables. Search visually and vocally. Listen.
	☐ When leaving each room, complete the slash to form an "X" on
	the door. This indicates you have searched the room and left.
	☐ If possible, report by radio to the Incident Command Post as the
	rooms are searched and cleared. (e.g. "Room A-123 is clear.").
	_
	☐ When an injured victim is located, transmit the location, number,
	and condition of the injured to the Command Post. Do not use
	names of students or staff.
	Keep radio communication brief and simple. Do not use codes.
	Remember: If you are not acknowledged, repeat your transmission
Closing Down:	☐ When assigned tasks are completed, return equipment/supplies,
	and report to the Incident Commander for reassignment or release

STUDENT ACCOUNTABILITY GROUP

Responsibilities:	This group is responsible for accounting for all students in the Assembly Area(s) following an evacuation. The Student Accountability Group is responsible for obtaining and reporting student accountability information to the Incident Commander.
Safety Rules:	 Ensure your safety and the safety of others: Size up the situation first. Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Follow all operational and safety procedures.
Start-up Actions:	☐ Obtain supplies from any pre-established "Group" kits. ☐ Obtain briefing from Group Leader/Operations Chief.
Operational duties:	 Establish contact with each pre-designated team leaders and obtain accountability report for each area/office. Provide accountability reports to Operations Chief: Provide name and last known location of any missing student or staff.
	 2. Update report if missing are located. Maintain current record of the number of students and staff in the assembly area and/ buildings. Maintain record of students or staff who leave assembly area for any reason. Direct all media or parent requests for information to the PIO.
Closing Down:	☐ When assigned tasks are completed, return equipment/supplies, and report to the Incident Commander for reassignment or release.

STUDENT RELEASE GROUP

Responsibilities:	Assure the reunification of students with their parents or authorized adult through separate Request and Release Points.
	Student Release will be conducted as outlined in the "Student Release Procedure" of the school Crisis Response Plan. The procedure guides release from the event location(s) as well as release from an evacuation site.
	Principles outlined in this checklist will apply to either situation.
Safety:	Use the buddy system: Divide into Teams as needed, and ensure that each team has been assigned a minimum of 2 persons. Size up the situation first. Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Follow all operational and safety procedures.
Start Up Actions:	 Obtain a briefing from the Incident Commander Obtain equipment from any preassembled Group kit. Obtain Student Emergency Cards from Incident Commander (kept in school Crisis Response Box or in Pathways).
Operational	☐ Obtain and follow the "Student Release Procedure".
Duties:	 The procedure is available in the school Crisis Response Plan, but should also be kept in the school Crisis Response Box and/or any pre-assembled Operations/Student Release Group kit.
	Items below are general steps:
	 □ Maintain strict accountability/record of all students released! □ Work with the Security Group as needed to secure the areas. □ Coordinate with the "Evacuation Group" if releasing from another location following evacuation of the office/event location. □ Set up "Request Point" and "Release Point" at planned locations.
	Receive release request and confirm requestor ID.
	Confirm they are authorized to pick up student.If confirmed, direct them to Release Point.
	☐ Send runner to get student and take to Release Point.
	Release Point confirms student and parent ID, releases student.
	Refer all requests for information to the PIO.
Closing Down:	☐ When assigned tasks are completed, return equipment/supplies, and report to the Incident Commander for reassignment or release.

STUDENT RELEASE PROCEDURE

Overview

Release of students to parents following, or in the course of, a school emergency can be one of the most challenging emergency tasks that school administrators may face. As such, careful planning is critical. It is also imperative that parents are well informed as to what the process will be prior to an emergency.

Schools must also be prepared to handle situations where students have been injured, perhaps fatally, cannot be located, or for other reasons cannot be immediately released to parents. In addition to the "Request" and "Release" points outlined in this Student Release procedure, schools must designate a private location where parents can be taken and made comfortable until the Incident Commander, Law enforcement or other officials can meet with them to explain the circumstances. Schools should also prepare to provide crisis counseling.

Practice Makes Perfect!

Schools must practice the student release process under non-emergency conditions.

Student Release Group

Student release is conducted by the "Student Release Group", and schools must predetermine the number of staff that will need to be assigned to the group, typically based on the number of students involved. The Student Release Group will be divided into two teams; Request Point and Release Point.

- The <u>Request Point Team</u> must have people to receive release request forms and people to act as runners to go get the requested students and escort them to the Release Point.
- The <u>Release Point Team</u> must have people to check parent identification and release students and should have someone assigned to escort parents to a private holding area when a student cannot be located or released for whatever reason.

Set Up:

Ш	Secure an area against unauthorized access.
	Set up the Request Point at the pre-designated location. Post a "Request Point" sign.
	Establish multiple "Request Lines".
	Obtain Student Emergency Cards from the school Crisis Response Box or from Pathways.
	Have Student Release Forms and pens available for distribution to parents while in line.
	Set up Release Point, with sign, at pre-designated location well away from Request Point.
	If not pre-determined, identify where parents of "Missing" students are to be taken.

MEDIA RELATIONS GUIDE

(Suggestions for working with the News Media)

Introduction

The public (including parents) has a right to timely and accurate information when a school crisis occurs. Additionally, the media can be a powerful tool when the school needs to control rumors or impart critical information to parents such as where to pick up their children during an evacuation.

Schools share responsibility for issuing public statements during an emergency with other agencies such as law enforcement and the fire department. It is therefore imperative that these entities work together before and during an emergency to ensure they can provide cohesive, accurate and timely incident information regardless of who issues the information.

The school Incident Commander should appoint an individual and alternates, in advance, to serve as the school's Public Information Officer (PIO) and assistants, if needed, during a crisis. Ideally, the school PIO staff should meet with local fire and law representatives to discuss how they will work together, develop media contact lists, and accomplish other preplanning tasks such as creating generic message templates for use in an emergency.

The suggestions below have been compiled from a variety of sources and are intended to assist the school Incident Commander and/or Public Information Officer in preparing for and handling media communications:

Preplan A Media Center Location and Supplies

- The school Incident Commander, in concert with emergency officials, should determine in advance
 where the school media center will be established, and identify an alternate site should it become
 necessary to evacuate.
- The media center should, at minimum, have telephones, copier, FAX and Internet service available.
- Determine and obtain in advance the materials and supplies you will need to support your media operations.
- Office supplies include chairs, desks, bulletin boards, flip charts, computers, printers, fax
 machines, telephones, cell phones and chargers, digital cameras, TV, radios, copy machine, file
 folders, paper, message pads, school letterhead, pens, and pencils.
- Communications supplies include press release templates, school fact sheets, and other documents to assist in providing rapid and factual information.
- Key lists include staff and student telephone directories, media directory, a map of the school and area.

Understand The Needs Of The Media

Recognize that the needs of the media will change as the situation evolves!

- **First hours of the crisis**: The media will make a mad scramble for information. Reporters will interview anyone willing to talk, often without verifying accuracy of information. The more information released, the less the media will have to rely on rumor and hearsay.
- What and who: The media will want to know exactly what happened and who was involved victims and perpetrators.
- Why and how: The media will ask why the crisis occurred and how it evolved. There will be a step-by-step dissection of the crisis.
- **Analysis of emergency response:** The media will analyze how the crisis response functioned. Did first responders react appropriately? Did the school's crisis plan work?
- **How could it happen:** As the situation stabilizes, the media will begin to look for causes of the tragedy and whether it could have been avoided. For example, they'll ask, "Were proper emergency planning measures in place"?
- Second-day stories: The media will begin to look for a different spin or angles, emerging issues
 and people to interview. The media will also want to cover special events, such as memorials, the
 first day back at school and athletic activities.

Things To Remember When Working With The Media

- Immediacy: Issue an accurate, factual, initial statement as quickly as possible.
- **Location**: Designate a media area where all briefings will be held. Secure the school perimeter and determine where media will/will not be permitted.
- Purpose: Use local media as a quick communications pipeline to key audiences, but don't depend solely on the media.
- **Policy:** Make sure you follow all school policies and state laws when releasing information. Respect student and staff health, safety and privacy rights!
- Key messages: Develop two or three key messages that are honest, consistent, responsive and responsible. Strive to be positive and proactive.
- Accuracy: Never guess, speculate or predict the future. Don't release information until you have verified its accuracy. Never go off the record.
- Availability: Hold regular media briefings and respect deadlines. Avoid saying "no comment."
 Provide a brief statement and then take a few questions, but stop when they get redundant or head off course.
- Attitude: Express sympathy; be calm and respectful. Avoid getting defensive or placing blame.

Consider Student and Staff Privacy Issues

- Understand the roles of law enforcement, schools, hospitals and families in releasing names and conditions of victims.
- The school should have a carefully considered and crafted policy regarding release of student and staff names and photos.
- Consider laws such as Family Educational Rights and Privacy Act as well as restrictions regarding identification of special education students.
- Consider the need for parental consent before students are allowed to participate in interviews or be photographed or filmed while under the control of school officials.
- Be aware that the media may use existing file photos of students or staff participating in athletic or other events.
- Remember that staff and students have the right to:
 - ✓ Say "no" to an interview.
 - ✔ Be treated with respect.
 - ✓ Select the time and location of the interview.
 - ✓ Have someone with you during the interview.
 - ✓ Know the purpose of the story.
 - ✓ Ask about the questions in advance.
 - ✔ Request a specific reporter and/or refuse to work with certain reporters.
 - Speak to one reporter at a time.
 - ✔ Release a written statement instead of having an interview.
 - ✔ Refrain from answering uncomfortable questions.
 - ✓ Say when the interview is over.
 - ✓ Ask for a correction if information is wrong.

Consider Using Other Available Communication Tools

- Website Create an emergency Web Page linked to the school Website for daily updates.
- **Emails and faxes** Set up an email distribution list to stakeholders who need to be contacted regularly, including staff, media, parents and elected officials.
- Social networks Use Facebook, Instagram and other social networking tools to provide information quickly to parents and other stakeholders.
- Hotline Dedicate a phone line to emergency information and update it frequently.
- Phone Tree For small schools, especially, phone trees can be used to disburse information rapidly
 when other systems are down. Messages must be short and factual to avoid sharing misinformation
 or starting rumors.
- Face-to-face Well prepared press conferences or public meetings and can be an effective way to answer questions, address concerns and build public and media confidence in how an incident is being managed.

Questions Frequently Asked By Parents And The Media

Anticipating questions parents and the media will ask can be very helpful to the school Incident Commander and Public Information Officer as they prepare to conduct press conferences or release information. These are some of the common questions asked:

Q: What happened?

A: Stick to the facts that you have verified: who, what, when, where. Coordinate information release with law enforcement, fire or other officials.

Q: How much damage was sustained?

A: NEVER SPECULATE on dollar amount of damage. Give factual, clear information as it becomes available (e.g., two areas have sustained damage in the fire).

Q: How many people were killed/injured/missing?

A: ONLY RELEASE CONFIRMED NUMBERS. Coordinate with law enforcement.

Q: How can I get updated information?

A: Give time, location of next briefing as well as hotline number.

Q: How can I locate a family member, colleague or student?

A: Provide evacuee information numbers.

Q: How can parents and teachers receive information?

A: Provide hotline number.

Q: How can I volunteer to help or provide donations?

A: Provide information and direct inquiries to organizations such as the Red Cross.

Q: Why did this happen?

A: NEVER SPECULATE.

Q: What are you doing next?

A: We are assessing the situation and will determine next steps in cooperation with law enforcement. Provide information on how families are being reunited, when classes will resume, etc.

Q: Were any policies or laws violated?

A: We are conducting a thorough investigation into what occurred and how it can be prevented in the future.

Q: When will school resume?

A: The administration and school board are meeting this evening to make that decision.

Q: Where can I get information about assistance to victims?

A: Be prepared to provide contact information for mental health assistance, financial aid, or other services such as food shelter and clothing.

"Grab and Go" Initial Media Release Template

A simple "Grab and Go" template such as this will assist in preparing a quick initial press release about an incident occurring at a school event location. It may be faxed or emailed to local media.

DATE/ TIME :	(Indicate the current time and date)
THVIL .	(maleute the current time and date)
YOUR NAME	(Vountible will load and a new to your new art)
AND TITLE:	(Your title will lend credence to your report)
YOUR PHONE NUMBER(s):	(Use a school number. Avoid revealing your personal cell number!)
NAME OF	
SCHOOL:	(Be sure to indicate High School, Middle School, etc.)
SCHOOL ADDRESS:	(If rural, indicate miles and direction from closest community)
TYPE OF INCIDENT:	(Use common terms, "fire", "explosion", "chemical spill")
SITUATION OVERVIEW:	(Be brief and factual): "At approximately 10:00 a.m., a fire broke out in a classroom at the John Doe Elementary school near Appleville."
ACTION BEING TAKEN:	(Again, be brief and factual. Inject a positive statement to indicate the situation is being handled proactively,): "At this time school buildings have been evacuated and the fire department is working to contain the fire. As always our number one concern is for the safety of our students and staff and the emergency procedures we practice regularly have been implemented."
REPORTED INJURIES:	(Be very careful here not to stir undue concern or panic. Don't speculate about or estimate the number or types of injuries. Provide general factual information and attempt to keep the message positive by reiterating that professional rescuers are on top of the situation. Stress that additional information will be forthcoming.) "We have an unconfirmed report of a possible injury, and emergency personnel are currently assessing that situation. We will have additional information available as soon as the emergency responders are able to give us an update."
SPECIAL INFORMATION:	(If there is a special announcement that needs to be broadcast to parents or the public, use this block for that announcement. If the school has a public website or other source of school related information that might interest the media or public, you may also use this block to provide the website address, phone numbers, etc.)

Sample Parent/Press Message

Schools may also wish to draft sample announcements, such as below, in advance. When needed, messages can be quickly disseminated by simply altering dates, times and other variable information. Not only will this save time, it will provide consistency in the messages that parents receive, and help assure that important information is not overlooked in the rush to craft a message and get it out. This format can also be used to develop press releases.

SAMPLE Parent Notification/Press Release SCHOOL LOCK DOWN

FOR IMMEDIATE RELEASE

[Headline:]

DOE SCHOOL LOCKED DOWN

[Message:]

FRESNO, CA – July 17, 2022, 10:00 a.m. – This message is to advise you that the John Doe school is presently under LOCK DOWN. This action has been taken in response to a police SWAT action that is occurring in the vicinity of the school.

As our primary concern is student safety, students will be kept in secured areas until further notice. This may delay the release of students slated to board buses or be picked up by parents at 2:35 p.m. For the protection of our students and staff, as well as parents, parents are asked not to come to or call the school at this time. Please be patient. We will provide periodic updates for the duration of this activity, and will advise parents by phone or text message as soon as this action has ended and it is deemed safe to resume normal school operations or release students.

Additional information will be posted on the school website at www.jdschool.k.12.org as it

becomes available. Recorded updates can be accessed on the school Hot Line at 559-555-1212.

Appendix B

EARTHQUAKE PROCEDURE

Earthquakes generally occur without warning and may cause minor to serious ground shaking, damage to building and injuries.

The Initial Action for any earthquake will be "Duck and Cover".

School	Commander (Principal or designee):		
	If necessary, call 9-1-1 to report damage and/or injuries		
	After the shaking stops, initiate an EVACUATE BUILDING alert.		
	If necessary, initiate parent notification procedures for students inside the building		
	without their parents.		
	If necessary, establish an Incident Command post and activate appropriate Inciden		
	Command functions. Consider need for:		
	✔ First Aid Group		
	✓ Utility Group		
	✓ Security Group		
	Others, as needed.		
	$\label{lem:consider} \textbf{Consider need to cancel event due to power loss, building damage or other factors.}$		
	Consider need to evacuate everyone to evacuation site.		
	Implement parent notification and Student Release procedures as necessary.		
	As needed, consult with emergency management and public safety officials to		
	determine if school buildings are safe to reoccupy.		
Teache	ers and staff:		
	Upon the first indication of an earthquake, teachers should direct students to DUCK		
	and COVER, seek shelter under desks and move away from windows and overhead		
	hazards.		
	If outdoors, teachers should direct students to move away from buildings, gas and		
	electrical lines.		
	If EVACUATION is ordered, teachers will bring their student roster.		
	Take attendance at the Assembly Area, and report any missing or injured students.		
	Initiate first-aid if needed.		
	Await further instructions from the school Incident Commander.		

HAZARDOUS MATERIAL RELEASE PROCEDURE

A Hazardous Material (HazMat) release is the discharge or spill of a biological or chemical substance including release of radioactive materials. HazMat incidents most commonly involve liquids, powders, or vapors. HazMat incidents at school event location(s) most often occur in laboratory or vocational training areas, or in maintenance areas. HazMat incidents may also involve chemical releases from rail cars, trucks or industrial sites near the office/event location(s). Releases at the office/event location or in surrounding areas may both pose threats that require prompt action by school officials.

FOR ON-SITE RELEASES WITHIN A BUILDING:

Administration:

- The school Incident Commander (or first staff member to recognize the release), should initiate an EVACUATION of that building only.
 - ✓ If possible exterior doors should be closed (but not locked), and air moving systems shut down as the building is vacated.
 - If a substantial vapor cloud is present, efforts should be made to evacuate to an area upwind of the affected building.
- ☐ The school Incident Commander should initiate a "SHELTER-IN-PLACE" action for other buildings on site. This will help avoid exposing students or staff to potential vapors, or contamination from persons who have evacuated the immediate area of the release.
- □ The School Incident Commander (or designee) will call 9-1-1 and:
 - ✓ Identify the location.
 - ✓ Describe the nature of the emergency (fire, smoke, building collapse, etc.)
 - ✔ Describe actions being taken to safeguard staff and students
 - ✓ Provide the exact location of the problem.
 - ✓ Advise of the location of the school Incident Command Post.
- The Incident Commander will direct staff to secure the area around the chemical spill.
- ☐ The Incident Commander will establish a school Incident Command Post, upwind and out of the immediate danger area.
- ☐ The Incident Commander will confirm with Accountability Team Leaders that roll has been taken of those evacuated and that all students are accounted for.
- Until emergency responders can arrive and assist, the Incident Commander must then assess the situation and consider these questions:
 - ✓ Could a Search and Rescue Group safely look for missing students?
 - ✓ Should other buildings be evacuated?
 - ✓ Should evacuees be moved to a safer indoor location (Shelter-In-Place)?
 - ✓ Are any evacuees contaminated, and should they be separated from others?
 - ✓ Can First-Aid be started on injured persons without contaminating others?
 - ✓ Should a "Student Release" or "Off-Site Evacuation" be started?

HAZARDOUS MATERIAL RELEASE PROCEDURE - continued

□ The Incident Commander will brief emergency responders when they arrive, and promote full cooperation between them and the school's staff.

Teachers:

□ Implement "Evacuation" or "Shelter-In-Place" procedures as directed.

RELEASES OUTSIDE OFFICE BUILDING/EVENT LOCATION OR RELEASE THREAT FROM AN ALTERNATE LOCATION:

The most appropriate initial action for this type of release is Shelter-In-Place.

- ☐ The school Incident Commander will initiate a office/school event location-wide "SHELTER-IN-PLACE" action and ensure all students and staff outside buildings are quickly moved indoors.
 - ✓ The Incident Commander should remind staff to turn off air handling/ventilation systems, close all windows and doors and turn off fans and air conditioners.
- □ School Incident Commander (or designee) will call 9-1-1 and:
 - ✓ Identify the school and location.
 - ✓ Describe the nature of the emergency (fire, smoke, building collapse, etc.)
 - ✔ Describe actions being taken to safeguard staff and students
 - ✔ Provide the exact location of the problem.
 - ✔ Advice on the location of the school Incident Command Post.
- The Incident Commander should consider initiating an immediate parent notification.
 - ✓ At this point parents should NOT come to the school and risk being exposed to the chemical release!
- The Incident Commander will ensure that anyone enroute to the school with students are redirected to the off-site evacuation site to await further instructions.
- ☐ The school will remain in SHELTER-IN-PLACE until the Incident Commander and emergency response officials can further assess the situation to determine the best next course of action:
 - ✔ Continue "Shelter-In-Place"
 - ✓ Notify parents and initiate the "Student Release" procedure.
 - ✓ Initiate an immediate "Evacuation" procedure.
 - ✓ Issue an "ALL CLEAR" signal and resume normal school operations.

INTRUDER ON SITE PROCEDURE When an unknown person (intruder) is found on site: Notify school office/Incident Commander. □ Ask another staff person to accompany you before approaching person. □ Politely greet person and identify yourself. Ask the purpose of the visit, and inform person all visitors must register at the front desk. If intruder's purpose is not legitimate, ask person to accompany you to the exit. If intruder refuses to go to office or leave, or you become aware that intruder is armed: Walk away from intruder and maintain visual contact from a safe distance, while other staff member notifies school office/Incident Commander: ✔ Provide a description of the intruder. ✔ Provide last known location. School office/Incident Commander will initiate an immediate school "LOCK DOWN". School Incident Commander (or designee) will call 9-1-1 and: ✓ Identify the school and location. ✔ Provide description of the intruder, and whether intruder is known to be armed. ✔ Provide last known location of intruder. ✔ Describe actions being taken to safeguard staff and students. ✓ Advice on the location of the school Incident Command Post. If possible, maintain surveillance of intruder and update law enforcement upon arrival. Maintain "LOCK DOWN" until situation is resolved. IF YOU DISCOVER A HOSTAGE SITUATION: □ If hostage taker is unaware of your presence, do not intervene. □ Notify the school office/incident Commander. □ School Incident Commander will initiate immediate "LOCK DOWN". School Incident Commander (or designee) will call 9-1-1 and: Identify the school and location. ✔ Provide description of the intruder, and whether intruder is known to be ✔ Provide last known location of intruder. ✓ Describe actions being taken to safeguard staff and students. ✓ Advise of the location of the school Incident Command Post. If possible, maintain surveillance of intruder and update law enforcement upon arrival. □ Maintain "LOCK DOWN" until situation is resolved.

If taken hostage:

□ Treat the hostage taker as normally as possible and follow his/her instructions.

□ Do not panic and calm students if they are present.

□ Be respectful to hostage taker, ask to speak and do not argue or make suggestions.

If hostage taker becomes violent initiate "ACTIVE SHOOTER" action - RUN, HIDE, FIGHT!

SEVERE WEATHER PROCEDURE

For the purposes of this procedure "Severe Weather" is defined as a severe windstorm, hail storm, lightning storm or other weather event that could result in damage to school facilities or injuries to students or staff.

If a "Severe Weather Watch" has been issued by the National Weather Service: Monitor NOAA Weather Stations (National Weather Service, Weather Channel, etc.) Bring all persons inside building(s). Be prepared to move students from outside areas into permanent buildings. Close facility doors, windows and blinds or curtains. Review severe weather drill procedures and location of safe areas. Severe weather safe areas are under desks, in hallways and interior rooms away from windows. □ Review "Duck and Cover" procedures with students. Avoid gyms and cafeterias with wide free-span roofs and large areas of glass windows. If a "Severe Weather Warning" has been issued in the area, or if severe weather is being

observed at or near the site:

- The school Incident Commander will initiate a "SHELTER-IN-PLACE".
- If flying debris or hail is creating a risk of broken windows, etc. the school Incident Commander will further direct staff to implement "Duck and Cover" procedures until the threat subsides.
- The school Incident Commander should also be prepared to provide shelter to parents who may arrive to pick up children during the storm, until such time as it is safe to formally release the students without posing undue risk to staff or other students.

After passage of the storm:

- □ The school Incident Commander will rescind the "Duck and Cover" order.
 - o Shelter-In-Place should temporarily be continued.
- The school Incident Commander should deploy staff to do a preliminary damage assessment of site buildings and facilities, to identify issues that need to be immediately addressed before students and staff are released to move about.
- Based on this assessment the school Incident Commander will:
 - ✓ Continue "Shelter-In-Place" until school event location(s) can be made safe.
 - ✓ Give the "ALL CLEAR" signal and resume normal school operations.
 - ✓ Notify parents and initiate the "Student Release" procedure.
 - ✓ Initiate an "Evacuation" procedure.

UTILITY LOSS OR DAMAGE PROCEDURE

Loss of electricity is the most common utility problem. However, loss of gas, water or sewage disposal may also occur. Utility systems may also suffer damage or failure of related components on the site.

LOSS OF UTILITIES

Most often the loss of utilities is a result of failure or damage of utility company infrastructure located away from the location. Interruptions are normally brief, and though inconvenient, result in only minimal disruption of normal operations. However, some outages can be extensive, so it is important to contact the utility company as soon as failure occurs to find out how long they anticipate an outage might last.

When it appears the outage will not end in a reasonable amount of time, school officials must weigh their options for closing down and sending everyone home.

UTILITY SYSTEM DAMAGE OR FAILURE AT THE SCHOOL OFFICE/SCHOOL EVENT LOCATION

Utility failure or damage on site can pose serious threats to students or staff:

- Gas leaks may require only a spark to set off an explosion.
- A broken water pipe may cause extensive flood damage to buildings and property.
- Electrical failures cause disruption of needed heating, ventilation, and air conditioning.
- Electrical failure may also result in loss of well water and sewage disposal.
- Broken electrical lines or components may pose a shock hazard to staff or students.

The initial response to any problem with utility systems on site is to try to identify the source of the problem, isolate the area, and shut off the supply of water, gas or electricity to the affected system component or building. The other, but less desired, approach is to shut down the gas, water or electrical supply to the entire site.

For these reasons, the school should develop detailed maps that indicate not only the main office/event location(s) utility shut offs, but shut-offs for individual buildings as well as mechanical equipment such as heating, ventilation, and air conditioning units. These maps should be kept readily available in the school Crisis Response Box.

The school Incident Commander and other key school personnel must know which type of system supplies the school and how to shut it off.

EMERGENCY PROCEDURES

Gas Leak - INDOOR:

- □ Upon detecting gas odor, staff shall initiate EVACUATION of the affected building.
 - ✓ If the fire alarm uses mechanical bells, versus a speaker system, avoid using the fire alarm as it may create an explosive spark.
 - ✓ DO NOT turn off lights or other electrical equipment which may cause a spark.
 - ✓ Leave doors open to provide ventilation of the building.
- □ The school Incident Commander/designee will call 9-1-1:
 - ✓ Give school name and address.
 - ✓ Give location of gas leak what building and what's leaking, if known.
 - ✓ Describe best UPWIND access point for emergency responders driveway/gate.
 - Indicate that evacuation is underway and stay on the line to provide updates.
- ☐ The school Incident Commander/designee will notify the natural gas company or bottled gas provider, describe the problem and request a response if appropriate.
- □ The school Incident Commander will determine whether to evacuate other buildings.
 - ✓ Shelter in place may be most appropriate if leak is small and contained to other building, weather is inclement, etc.
 - ✓ If sheltering in place, SHUT DOWN HVAC systems to keep gas out of buildings!
- The school Incident Commander will activate the Utilities Group, or otherwise direct staff to attempt to shut down gas at main shut-off or building shut-off.
- □ Do not reenter the building(s) until fire or utility officials say it is safe

Gas Leak - OUTDOOR:

- □ Upon detecting gas odor, staff shall initiate EVACUATION of the immediate area
 - ✓ Move everyone UPWIND, at least 100′, more if leak is major
 - ✔ Post staff to prevent entry to the area
 - ✔ Prevent vehicles, including school service carts, etc. from entering area
- Notify the school office/school Incident Commander
- ☐ The school Incident Commander/designee will call 9-1-1:
 - ✓ Give school name and address.
 - ✓ Give location of gas leak what area of the office/event location(s) and what's leaking, if known.
 - ✓ Describe best UPWIND access point for emergency responders driveway/gate.
 - ✔ Request 9-1-1 operator to call Gas Company (they have rapid access).
 - ✓ Stay on the line to provide updates.
- □ The school Incident Commander will determine whether to evacuate buildings.
 - ✓ Shelter in place may be most appropriate way to protect, unless gas is filling buildings. In that case get everyone moved out and well upwind of leak.
 - If sheltering in place, SHUT DOWN HVAC systems to keep gas out of buildings!

	The school Incident Commander will activate the Utilities Group, or otherwise direct staff to attempt to shut down gas at main shut-off or building shut-off.
	Do not allow anyone to reenter the building(s) until fire or utility officials say it is safe!
Electr	ical System Damage or Failure: If problem is in, or on, a school building and there is smoke or threat of fire: □ Evacuate the building(s). □ Close, but do not lock doors.
	Notify the school office/Incident Commander.
	The school Incident Commander/designee will call 9-1-1: ✓ Give school name and address. ✓ Give location and nature of the electrical problem. ✓ Describe best access point for emergency responders – driveway/gate. ✓ Indicate if evacuation is underway. ✓ Request 9-1-1 operator to call Electric Company (they have rapid access). ✓ Stay on the line to provide updates.
	Incident Commander will determine need to evacuate buildings, if not already done.
	Incident Commander will activate the Utilities Group, or otherwise direct staff to attempt to shut down electrical at main shut-off or building shut-off.
	Do not reenter the building(s) until fire or utility officials say it is safe.
	If problem is outdoors, Incident Commander will direct staff to isolate the area and stand watch until the power can be shut down.
	✓ If school's electrical system is involved, school will be responsible for shutting down power and calling an electrician.
	If Utility Company line/equipment is involved, the Utility Company will effect shut-down and repair as needed.
Water	r/Sewer Line Break
	If water leak is in attic or other area where weight or effect of water may cause ceiling or building to collapse, EVACUATE the building.
	Notify the school office/school Incident Commander.
	The school Incident Commander will activate the Utilities Group, or otherwise direct staff to attempt to shut down water at main shut-off or building shut-off.
	The school Incident Commander will assess situation and determine next step: ✓ Whether to evacuate buildings, if not already done. ✓ Need to remove water, and/or cover/remove contents to protect. ✓ Need to contact plumber, water removal specialists or others.
	Do not allow anyone to reenter the building(s) until fire or utility officials say it is safe!
	If problem is outdoors, Incident Commander will direct staff to isolate the area and stand watch until the leak can be shut down.

BOMB THREAT PROCEDURE

(Response Procedure on Page 36 may also be applied to "Suspicious Objects")

This BOMB THREAT PROCEDURE is a compilation of guidance material and forms. Portions of it, including the forms, have been formatted as stand-alone documents that may be extracted, duplicated and distributed to school staff as needed before or during a bomb threat incident.

TOPICS:

- Introduction
- Assessing A Bomb Threat
- Call Taker Instructions/Telephone Bomb Threat Report
- Response Procedures
- Bomb Search Procedures

INTRODUCTION

Receipt of a bomb threat (or discovery of a suspected explosive device) is a situation school staff must be prepared to handle in a calm and professional manner. It is *extremely rare* for a person who builds and plants a bomb to call and alert the target before the bomb goes off. However, even though most bomb threats are pranks, they must all be taken seriously to ensure the safety of school students, staff and visitors.

Bomb threats may be written, e-mailed, posted online or communicated verbally, but the vast majority are made by telephone. Even though the procedures in this document refer primarily to telephoned bomb threats, the same principles will apply regardless of how the threats are received. Additionally, the actions taken in "response" to a bomb threat call, will also apply should an actual or suspected explosive device be discovered.

Perhaps the most important thing school employees can do when they receive a telephoned bomb threat is to get, and write down, as much useful information as possible from, and about, the caller. The "CALL TAKER INSTRUCTIONS" sheet and "TELEPHONE BOMB THREAT REPORT" form, found at the back of this Bomb Threat Procedure, have been developed for this purpose. They should both be printed and kept immediately available near all primary school telephones. Every staff member should also be trained in their use.

ASSESSING THE BOMB THREAT

Contrary to popular belief, schools should not immediately activate the fire alarm and evacuate school buildings every time a bomb threat is received. This could prove to be a fatal mistake. How do you know the bomb is not OUTSIDE?

When a bomb threat occurs, the school Incident Commander must quickly assess the situation and look at the big picture before selecting a course of action. For example, the caller might claim that he placed bombs in three different areas last night, or that he put two in restrooms this afternoon. But if the school has good fencing, good visitor procedures, cameras, after hours building alarms or other good security measures in place, how realistic are his claims? On the other hand, if he said he jumped the fence last night and hid a bomb on the playground near a flag pole or other landmark that really exists, you may have a credible threat.

The "*Telephone Bomb Threat Report*" is designed to assist school staff in gathering information during the call that will help identify the caller, and help gauge whether the threat is real, or simply a prank. As described below, the general tone of the call will allow it to be classified as a LOW LEVEL or MEDIUM LEVEL threat, and therefore almost certainly a prank, or classified as a HIGH LEVEL threat, which means it must be taken seriously:

<u>LOW LEVEL</u> - The probable motive is to cause disruption: The caller is vague in his/her threat, merely stating that there is a bomb at the school, he/she provides no specifics and hangs up quickly. Caller is often young, and lacks skill at crafting a credible prank message.

<u>MEDIUM LEVEL</u> - The probable motive is to cause disruption: The caller gives details such as the size, location, or type of bomb. The caller stays on the line longer and states a motive for the bomb, but stumbles when asked to repeat or be more specific. Caller may be teen-aged and better able to embellish a prank message.

<u>HIGH LEVEL</u> – May be driven by conscience or other reason to issue warning: The caller is very detailed and describes the type, power, location or time of detonation. The caller stays on the line longer or makes multiple calls. The caller may exhibit advanced knowledge of bombs. In addition, the caller may make demands such as publicity, money, etc. Caller is likely older and must be taken seriously!

Additionally, bomb threats that come after termination of an employee, or suspension or expulsion of a student, should be looked at carefully. This is particularly true if there are clues (such as familiar voice) that indicate this may be the person calling, otherwise person is threats were made during the disciplinary action, and/or the person is known to have violent tendencies.

Quickly assessing the threat will ultimately help the school Incident Commander determine if it would be best to evacuate buildings and do a very thorough search of the entire school office/event location(s), Shelter-In-Place and do a cursory sweep, or take some other combination of actions, all based on how credible the threat is considered.

RESPONSE PROCEDURE – Part 1

CAUTION: There is a slight risk that an explosive device could be detonated by radio waves. The school Incident Commander, in concert with emergency response officials, must weigh this risk based on their THREAT LEVEL ASSESSMENT. When the threat level is perceived as "High." **unless absolutely necessary to facilitate urgent communications, two-way radios and cell phones should not be used** within 300 feet of buildings or other areas suspected of containing an explosive device. Runners should be used to deliver messages within this 300 foot zone.

ADMINISTRATION (School Incident Commander/Designee)

- □ **CALL 9-1-1** and provide information about the emergency:
 - ✓ Confirm address of school event location(s).
 - ✓ Provide threat details Supposed bomb location, Supposed detonation time, etc.
 - ✔ Provide location of school Incident Command post.
 - ✓ Describe best access for emergency responders driveway/gate.
 - ✓ If possible, remain on line to provide updates.

Conduct Threat Assessment – Then either evacuate buildings or Shelter-In-Place:

- ✓ If evacuating, announce any needed changes in evacuation routes and assembly areas based on potential bomb location.
- ✓ If Shelter-In-Place, be sure school event location(s) are clear. Move all students inside, if possible.

Establish a school Incident Command Post

✔ Be certain to take the school Crisis Response Box.

If threat is deemed credible:

- ✓ Establish a command post at least 400 feet from school event location(s).
- ✓ Ensure that it is away from automobiles, refuse containers, or mailboxes.
- Conduct a scan of the area for any suspicious items.
- ✓ Employ runners to communicate.
- Establish Unified Command with arriving emergency response officials, and determine next course of action based on continued Threat Assessment:
 - ✓ Conduct building /site search.
 - ✓ Cancel school event and notify parents who may be en route to school event.
 - ✓ Evacuate students from the immediate area.
- □ Announce "All Clear" if and when it is deemed safe to do so.

RESPONSE PROCEDURE – Part 2

CAUTION: There is a slight risk that an explosive device could be detonated by radio waves. The school Incident Commander, in concert with emergency response officials, must weigh this risk based on their THREAT LEVEL ASSESSMENT. When the threat level is perceived as "High", **unless absolutely necessary to facilitate urgent communications, two-way radios and cell phones should not be used** within 300 feet of buildings or other areas suspected of containing an explosive device. Runners should be used to deliver messages within this 300 foot zone.

TEACHERS/STAFF

Initiate "BUILDING EVACUATION" or "SHELTER-IN-PLACE" - as directed.

□ Take all other steps outlined in the section "IF EVACUATING" above.

<u>IF EVACUATING</u> : follow	normal Evacuation an	d Student Accountabili	ity procedures,	but ADD THESE
ACTIONS:				

Have everyone in the room take their personal belongings with them. This will speed the

	"building search" process later.
	Tell Students to turn off their cell phones - and leave them off - for safety.
	While evacuating, perform a quick visual scan of the room and evacuation path to detect unusual, out of place, or suspicious objects.
	Report suspicious objects to the school Incident Commander as soon as possible.
	As assembly area is approached, scan for unusual, out of place, or suspicious objects. ✓ If anything seems out of the ordinary, move students to another location.
	If possible, keep students at least 300 feet away from buildings. ✓ Students should be in open areas away from cars, outbuildings, trash cans, etc.
	If you relocate, report your new location and reason for move as soon as possible.
	Use Teacher Buddy system as needed to free staff to be "runners" to communicate with the school Incident Commander and other staff.
	Await further instructions or an "ALL CLEAR" announcement.
<u>IF S</u>	HELTER-IN-PLACE is ordered:
	Follow normal Shelter-In-Place procedures.
	Conduct a visual scan of the room to detect unusual, out of place, or suspicious objects. Do not move or touch any suspicious item.
	If a suspicious object is found, initiate an immediate Building Evacuation AND notify the school Incident Commander.

BOMB SEARCH PROCEDURE

"I'm not going to look for a bomb!!!" That's a normal response to the sensitive question of who will search the school event location(s) in the event of a bomb threat. However, the best answer to this question is very clear: The person most qualified to search a given area is the person who is most familiar with that area! If familiar with an area, a person can quickly scan it and answer these critical questions:

- 1. Is there anything unusual?
- 2. Is there anything out of place?
- 3. Is there anything that looks suspicious?

So, what does a bomb look like? The only sure answer to that question is that the bomb WILL NOT resemble the familiar black ball with a fuse! A homemade bomb is called an "Improvised Explosive Device" or simply an "IED". "Improvised" means it is a person's own improvisation, and an IED is almost always concealed in an ordinary object. They can look like a backpack, briefcase, lunch box, pressure cooker, or any other common container available to mankind.

That is why the most important aspect of searching for an IED is to LOOK FOR AN OBJECT THAT DOES NOT BELONG. Again, that is best done by someone very familiar with the search area.

For the reasons stated above, school staff should expect emergency officials to solicit their assistance in conducting a search of the school event location(s) during a bomb threat event.

COORDINATING THE SCHOOL EVENT LOCATION(S) SEARCH

The school Incident Commander will coordinate the efforts of school staff with those of the emergency response officials. It is suggested that staff be paired with emergency responders and search the school event area.

It is recommended that the school event location(s) be divided into areas with one individual assigned to monitor and report the search progress and findings in each area.

ROOM SEARCH PROCEDURE

Search teams should be comprised of two people whenever possible.

FIRST SEARCH: Divide room into two levels. First search the floor and all areas up to window sill height or three feet from floor.

SECOND SEARCH: Search areas from three feet to top of head. Move in circular motion around room to starting point.

THIRD SEARCH: Search top of head to ceiling.

FOURTH SEARCH: Search ceiling, structural supports, window A/C units, and light fixtures.

At the completion of a room search where no suspicious item is found, the person who searched the room will place a sheet of paper on the exterior of the door or outside doorknob marked with an "X" and the person's name. This will indicate to everyone that the room was searched and is clear.

Following completion of their assigned search tasks, staff should report to the school Incident Commander or designee for further instructions or assignment.

Before declaring the search complete, the school Incident Commander or designee will check for "X" papers to confirm that each room on the school event location has been searched.

IF A SUSPICIOUS ITEM IS FOUND:

- 1. DO NOT APPROACH, MOVE, OR TOUCH ANY SUSPICIOUS ITEM.
- 2. Immediately report the exact location and an accurate description of the object to the school Incident Commander.
- 3. The school Incident Commander, in consultation with emergency response officials, will determine the next course of action. This may include the immediate evacuation of all staff and emergency response personnel from the building.

CALL TAKER INSTRUCTIONS

Use the "Telephone Bomb Threat Report" form as a guide while talking with the caller.
Attempt to ask Questions 1 through 9, IN ORDER, and document key points of answers.
Listen closely to detect other information about the caller:
✓ Try to detect items in "Description of Caller" and "Other Clues" section of form.
Signal co-workers that you are receiving a bomb threat call.
✓ If possible, have one pick up a phone and listen in, while another notifies the school Incident
Commander and relays call information as you write it down.
Stay calm and indicate your desire to cooperate with the caller.
DO NOT antagonize or challenge the caller.
Ask caller to repeat or explain anything you did not understand.
Prolong the conversation as long as possible.
Obtain as much information as possible.

Special Note: As part of the educational process, schools may provide opportunities for students to gain job experience working in the school office. Students tasked with answering phones should be instructed to follow these steps if they answer a "bomb threat" call:

1. Remain calm and politely advise the caller:

"I am a student. Please hold while I get an adult to talk to you."

- 2. Immediately signal any nearby adult staff member to come to the phone. Don't yell.
- 3. If no adult is near, lay the phone down and quickly go find one to take the call.
- 4. DO NOT HANG UP or ask the person to call back!

BASIC MEDICAL EMERGENCY PROCEDURE

This procedure outlines basic steps to be taken for office/school event medical emergencies involving a single victim. In major emergencies involving multiple victims, many of the basic principles outlined below will also apply. However, in that situation the Incident Commander should activate a First-Aid Group.

Lead Teacher - MR; SDC Program Coordinator Job

Description - MR

BACKGROUND:

- The purpose of the school leadership plan is to highlight the changes we have made to programs
 and positions over time in order to meet the needs of our students, community, and learning
 coaches as we continue to strive for student success in English language arts, math and college,
 and career readiness.
- The Superintendent Team took a deep dive into our school's organizational chart and departments. The goal was to reflect on and analyze the needs and overall current effectiveness of each position and program. This research led us to conclude that more administrative leadership positions are not needed but instead more specialized teacher support positions to meet our goals of increased achievement school-wide by providing teacher and parent support.
- It is important to note from our research that our administrative ratios are in line with many of the schools/districts in our area. Also, we calculated our ratios on our based on full-time administrative employees, however, most carry student rosters as well and are between 60-80% administrative and 20-40% instructional therefore our ratios are technically not as high as presented.
- Our leadership team has undergone training to be instructional coaches to guide instructional
 practices with both our Independent Study and Virtual Academy Teachers. The next phase of this
 effort will be to implement the cycle of inquiry into our coaching sessions to help teachers reflect
 on their instructional practices, set goals, and measure outcomes.
- To address our LCAP goals and feedback data from student, staff, and parent surveys, as well as Board Member requests, we have developed 3 new positions. The positions will be funded through grant monies or by retiring current positions. We are expanding our intervention

offerings to reach all students and provide more flexible time options. Due to AB180 & 167 our teachers are required to provide daily instruction. We plan to train and utilize all teachers to provide language arts instruction and intervention during these sessions, therefore, eliminating the need to have a separate smaller intervention program. These classes will now be called Learning Launchpad (language arts instruction) and Accelerated Learning Launchpad (one targeted skill taught per class session, formerly ODI or intervention).

o IV.C.2 Our **Special Day Class Coordinator** will be developing and piloting a special day class program this spring to meet the needs of our most underserved learners to ensure they have access to a robust education from highly qualified teachers. Their progress will be monitored based on attendance, parent feedback, and assessment data. We have received legal counsel recommending the creation of such a program so that our offer of FAPE to our students with IEPs can include virtual academy instruction similar to those of their peers but tailored to their learning needs. This coordinator will have a special education credential and will partner with our Virtual Academy Coordinator and High School Academy Coordinator to implement a program with high expectations and calibrated instructional practices based on observation data.

Purpose: To develop, implement, monitor, and analyze all functions of teaching and learning in virtual settings for students with IEPs.

Why: Recommended by SELPA, research, and parent requests as the best environment for students and progress towards learning goals.

Funding Source: State and federal special education funds.

o IV.C.3. Our school will be receiving an Arts and Music Grant as well as Proposition 28 funds which have a broad range of uses targeted around increasing arts and music instruction in schools. Based on the requirements of the grant, our LCAP goals, and parent/student feedback, we have developed the **Community Arts Educator** positions. These will be teachers on special assignment to provide arts and music education in person weekly at local parks, parent education concurrently, as well as online forums, workshops, and classes. The positions will be hired regionally to develop a school community in the vast regions we serve to create a school climate of inclusivity and support for all. Success will be monitored via writing samples collected each learning period, targeted standards mastery in mathematics, and feedback surveys

Purpose: To provide arts and music education in person weekly at local parks, parent education concurrently, as well as online forums, workshops, and classes.

Why: To increase community engagement and student success through the arts and other related academic events as defined by Prop 28, LCAP, and parent survey feedback.

Funding Source: Proposition 28

o IV.C.1 Our **Curriculum and Instruction Lead Teacher** position will be teachers on special assignments who specialize in either language arts or math instruction for elementary grade level bands. They will be part of our Elementary Education Leadership team to collaborate across all programs (independent study, virtual academies, and community arts). These lead teachers will become curriculum experts from our vetted curriculum list, they will develop diagnostics assessments, and provide teacher training on best instructional practices per grade level as well as parent/learning coach support and resources that teachers will need to help coach parents/learning coaches into effective teachers. They will hold workshops for teachers and parents to attend to gain knowledge on instructional strategies and pedagogy. Success will be monitored via student progress on diagnostic assessments, as well as teacher and parent feedback surveys. Grade level bands: K-2 ELA, K-2 Math 3-4, ELA 3-4, Math 5-6, and ELA 5-6 Math.

Purpose: To develop, implement, monitor, and analyze all functions connected to teaching and learning for teachers, students, and parents.

Why: To increase student achievement progress and success according to LCAP, and WASC goals.

Funding Source: Supplemental funds from the LCFF, ESSR III, and Title 1.

RECOMMENDATION:

• Consider approving the new positions for the 2023-2024 school year.

Curriculum & Instruction Lead Teacher

Job Summary:

Our school is looking for an experienced, passionate educator to fill the role of the Curriculum & Instruction Lead Teacher. You will be collaborating with a team of leaders and administrators to ensure that our students receive the best education we can provide. Key responsibilities include designing effective curriculums, assessing lesson plans, implementing innovative teaching methods, and supporting less experienced teachers in their various roles. You will serve as an expert in their assigned grade level and subject area to provide support, resources, training, and progress monitoring for Independent Study Teachers and Virtual Academy Teachers.

To be successful as a Lead Teacher, you should be someone with a deep understanding of what it takes to teach students effectively. Top candidates will also be excellent leaders and mentors, able to use their knowledge to raise fellow teachers up and make lasting improvements to the school's educational processes.

Duties and Responsibilities:

- Ed Plans match the specific (preferred) curriculum
- Monthly team meetings with the elementary school team including virtual academies
- Monthly Grade Level Newsletters with resources for parents or academic focuses
- Experts in intervention options for the grade level span
- Learning coach support in intervention curriculum choices that would be a best-fit
- Attend LP meetings as asked to support the IST with supporting the family
- Plan in place for missing pieces to curriculum families love that don't match standards as well (teaching textbooks)
- Make ELA Ed Plans by topic standard rather than each LP mixed with all areas
- Learning Coaches grouped by their chosen curriculum and facilitated by Grade Band Specialists (monthly meetings? Connects LCs to others who are using the same curriculum)
- Organized resources with videos, etc. for preferred curriculum (video of how to make sense of what comes in the box and how to get organized, pacing guides)
- For the preferred curriculum, ISTs can use the outline of lessons for tracking progress/assigning work (similar to how we used to be able to pick a specific curriculum like Singapore Math in Pathways and then mark the specific lessons completed). This was more accurate documentation.
- Monthly academic challenge and contests: TK-6 school-wide initiative plan
- Ed Plan specialists and progress monitoring
- CBM and Reading Benchmarks

- Writing collection and review along with providing writing resources for quarterly benchmarks
- Professional Development
- Parent Education using curriculum from TCOE and FCOE
- Researches and responds to reference questions, referring complicated or difficult questions to more experienced staff
- Leading the development of your department's curriculum.
- Assessing lesson plans and current teaching methods.
- Implementing strategies to improve any identified shortcomings.
- Contributing to the leadership and management of the school.
- Supporting, guiding, and reviewing other members of the teaching staff.
- Teaching demonstration lessons for the edification of fellow teachers.
- Working with other departments to contribute towards the general improvement of the school.
- Other duties as assigned

Knowledge/Qualifications:

- Interpersonal skills using tact, patience, and courtesy
- Excellent written and verbal communication skills
- Attention to detail, time management skills, and problem-solving skills
- Technical skills
- The ideal candidate will exhibit excellent communication skills, and have the ability to take initiative, and prioritize daily tasks. A strong ability to take charge and meet tight deadlines will ensure your success in this multifaceted role.

Physical Demands:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities.

Smarter Balanced Summative Assessments for ELA and Mathematics

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's <u>Smarter Balanced Assessment System</u> web page for more information.

Special Education Dr. Steve James & Lorraine Sewell

Brief Progress Report

During the 2022-23 school-year the special education department hired three (3) Speech language Pathologists (SLP), one (1) Occupational Therapist, and one (1) School nurse to provide virtual services for the students enrolled in Yosemite Valley & Monarch River Charter Schools. At this time our SLP Service team is currently assigned 100 students and our OT has 25 students. The school Nurse has an average of 50 students she is assessing and she is also responsible for completing vision & hearing screenings for those students being assessed for their triennials this school-year. In addition, she has been spending approximately five (5) hours a week updating the general education student health data in Pathways.

Overview

Throughout this year the SLPs have averaged approximately 35+ students on each of their caseloads. The industry norm per FCMAT is 55 students per SLP. However, there has been continued barriers in meeting these caseload numbers:

SLP

- Frequency and duration of the service
 - o Industry norm 1x a week for 30 minutes.in a group setting
 - Reality we average 2x a week for 30 minutes in a 1:1 setting with parent consultation time of 15-30 minutes monthly.

OT

- Frequency and duration of the service
 - Industry norm 1x a week for 30 minutes in a 1:1 setting, very little if any consultation time.
 - o Reality we average 2x a week for 30 minutes 1:1 setting
 - Consultation of 6-8 hours a week.

Nurse

 She is at and exceeding industry standards for caseload and work hours. Based on the number of students who need assessment we need a second nurse to maintain our compliance with CDE requirements. There are currently no NPA that have nurses for inperson hire.

Impact on the School

Though we have not t reached our goal of caseloads in the high 40's for each of our service providers in speech & language and Occupational Therapy there are some real positives that need highlighting:

- Our students are receiving the services that they need and our no show rates are much lower with our in-person providers.
- Our SLP service team has identified students who can be moved into group speech sessions from their current 1:1 setting. In addition, they have identified students who no

- longer qualify for speech, but need to be moved to an SEL setting for more of a social atmosphere to assist them with their social interaction.
- We do not pay the approximately extra \$400.00 per student to get progress monitoring documented and uploaded into SEIS.
- We are not billed the NPAs hourly rate for one of our service providers charges to attend an IEP that goes past one (1) hour or for additional IEP amendments. We pay an average of \$150.00 per hour for this service.
- We are exiting, lowering service minutes, and reclassifying our students at a much higher rate than in the past.
- Any assessments our SLPs, OT, and Nurse complete for us are comprehensive and defensible in court. This can save us an average of \$7,500 per student when we do not authorize Independent Educational Evaluations (IEE). A majority of the reports we receive from our NPAs do not meet these same standards.

A Look into the Future

As we continue to look forward with how we provide in-person and virtual related services for our students, we must continue to hire our own in-house personnel. Many of our NPAs that we used prior to the pandemic have moved strictly to virtual services. We are very limited on inperson NPA providers. We are currently struggling to find these services for our students and we are continually having to provide compensatory education.

We know this must be a continuous growth effort and we could use the following <u>in-person</u> <u>service providers ourselves:</u>

- Assistive Technology (AT)
- Behavior Intervention (FBA, ABA, and/or BCBA)

(These two groups would work with our students in their homes.)

• Part Time Education Specialists for SAI (Meet in the community)

Virtual Academies – Student Support Maria Thoeni

Virtual Academy (VA) Program Vision

The vision of the Virtual Academy is to set the standard in online, digital, and blended learning while creating a culture where all children feel loved, respected, and encouraged so they are able to perform at their highest potential.

ESVA & MSVA STUDENT SUPPORT

Communication: In addition to setting up the Schoology course shell to communicate resources and expectations, each teacher sends out a weekly newsletter in advance of the weekend so that families who would like communication in a different way can have access and prepare for the coming week as needed. Additionally, a struggling student report is emailed to the Independent Study Teacher (IST) to give notice of students who may need additional help. They, in turn, reach out to the parent to provide support as needed. This increases communication between the Virtual Academy Teacher, the IST, and the parent so that the student has support from the whole team of adults who care for them.

Quality of Learning: As the best "intervention" is to receive quality instruction initially, teachers have received ongoing training throughout the year. Topics addressed include concept development, checking for understanding practices, and how to successfully use digital tools. Teachers were allotted time to collaborate and plan in grade level bands and access to the Early Literacy Coordinator as appropriate. Teachers are observed and provided feedback on an ongoing basis.

Intervention: In response to student need and staff capacity, the Elementary School Virtual Academy (ESVA) and Middle School Virtual Academy (MSVA) both offered intervention classes to the enrolled students who needed extra support. These classes take place twice per week for 30 minutes at a time. The purpose of these intervention classes is to provide additional support

and structure to students who need it. Virtual Academy teachers were prepared for this new endeavor by attending a training session (<u>Intervention Training</u>, <u>Fall 2022</u>). The training was followed by collaboration and planning time within their PLC teams. Teacher support regarding intervention is provided by the Virtual Academy Coordinator on an ongoing basis. Currently, 129 students are invited to participate in intervention classes in grades K-5 and 86 students are invited to participate in intervention classes in grades 6-8. Intervention class roster have an average of 12 students and so small group instruction can truly take place.

Inclusion and Specialized Support: The ESVA and MSVA have had the additional support of Special Education staff members pushing into classes that have qualifying students. As a result of two educators being present, there is greater accountability and potential for small group instruction. The inclusion staff member and the VA teacher collaborate weekly on lesson planning and delivery to ensure that all students are able to have their needs met and that any accommodations are appropriately in place.

Next Steps: Next year, intervention will not be offered by the ESVA teachers in the same way. Instead, class schedules have been adjusted to allow VA students to participate in the intervention classes offered school-wide on specialized targeted skills. ESVA teachers will host a homework club twice per week to offer support with the asynchronous assignments and to provide additional support as needed. This way ESVA students can have remedial support AND support in class on grade level assignments. Another addition will be a 3 days per week class offering for all ELA and Math classes in grades K-8 for students who choose it. Our K-2 ELA classes will offer additional support for foundational reading (more class time and recorded sessions). There are also plans for increased community engagement opportunities such as field trips and park days to develop a better sense of class community.

HSVA STUDENT SUPPORT

Prior to the 22-23 school year no intervention or academic supports were set in place for the High School Virtual Academy (HSVA) as our program was shared with schools from Northern California. Since becoming an independent program, HSVA has instituted and piloted several processes to better support our students.

Communication: The HSVA sends bi-monthly emails to students with a D/F to notify the student, Learning Coach (LC), and Independent Study Teacher (IST) of the student's failing grade. This has acted as a proactive tool for making parents and ISTs aware. 70% of the students on the initial D/F reports were new to our school, which lets us know we need continued education and support on our school culture. HSVA finds that proactively communicating is the best means for support. Students that appear on the D/F report are highly encouraged to attend office hours with their VA teacher for individualized support. VA teachers document on the D/F report if students attend to make ISTs aware of the attendance and student progress. Moreover, a student appearing on the D/F report should trigger the IST to create a catch-up plan or academic support plan. Catch-up plans help pace students and develop daily schedules, while academic support plans help students find support in the form of tutoring. At the high school level, 1:1 support is found to be the most effective means of supporting student growth. Students are highly

encouraged to attend teacher office hours as means of individualized support (this also supports college readiness). Additional tutors were hired to support office hours in math due to the high volume of students attending office hours.

Math: With low achievement in Algebra, the HSVA sought to provide an intervention class in the fall. The High School team contacted struggling students to enroll in the intervention course. While the course was successful for those that attended, attendance rates were low. As a result, HSVA transitioned to offering a remedial Algebra IA option for the spring. Typically A sections are taught in the fall and B sections in the spring, which means a student that fails must choose a different curriculum to continue in HSVA. By offering the off section each semester for HSVA we are finding we can intentionally support low-achieving students by building a class that moves at a slower pace and meets the needs of its audience.

Inclusion and Specialized Support: HSVA has had the additional support of Case Managers pushing into HSVA classes. As a result of two teachers being present, there is great accountability and room for small group instruction. In addition, the Case Managers are now offering a Study Skills course that is available for students with an Individualized Educational Plan (IEP) and all general education students. This provides an intentional space for homework help and executive functioning skills to grow.

Quality of Learning: HSVA teachers have worked hard to fine-tune plagiarism policies to support student understanding of academic integrity. A plagiarism tutorial and warning process were created to help educate students on how to write original content. Lastly, HSVA teachers participated in a customized professional development that focused on the use of Pear Deck. Pear Deck is an interactive presentation tool that not only builds student engagement but encourages deeper depth of knowledge questions. It challenges teachers to think of the pedagogy behind a lesson while seamlessly integrating checks for understanding.

Next Steps: Next year we will continue all of our current practices. Additionally, our intentionality with student support will come in the form of focusing on first-time best instruction, small group work in breakout rooms, collaborative student work, and professional development on instructional technology tools.

Communication Systems Michelene Fitzgerald

A critical part of student success in a non-classroom-based charter school is clear, consistent, and easy-to-read communication between the school and the home. Based on previous parent feedback regarding communication the current methods are preferred for the mode of delivery and frequency. The private Facebook group is an incredible spot for support amongst families and staff.

- <u>The Weekly Buzz</u>- Monday newsletter with current events, deadlines, spotlights, library information,
- Social Media Channels Public <u>Facebook</u> and Instagram, Private Facebook for <u>enrolled</u> <u>families and staff</u>, and private <u>Facebook for Vendor</u> advertising and interaction with enrolled families.

Administrative Support - What could we do to improve?

The most common comments were related to staying on the path we are on and continuing with the communication we have with parents in its present form. Requests for what we can do to improve related to so much communication at the beginning of the year and how it felt a bit overwhelming. The vast majority of responses had only positive things to say with no suggestions on how to improve.

Please rate your experience with Adventure/Park Days.

Adventure/Park Days - What could we do to improve?

The vast majority of the responses related to having more events at a wider range of locations. A few suggestions related to having an Adventure Day specifically targeting special needs populations.

Please rate your experience with Curriculum Ordering.

Curriculum Ordering - What could we do to improve?

The top two most common responses continue to be that the system is complicated and overwhelming, and that the system is user-friendly and easy to use. There were suggestions on how to help with ordering by providing more information on the different types of curriculum.

Please rate your experience with the Elementary School Virtual Academy/Middle School Virtual Academy.

Elementary School Virtual Academy/Middle School Virtual Academy - What could we do to improve?

The most common responses were related to how positive the experience has been. All but one said they would continue or expand their participation next year, and the one that stated they would not return to VA next year talked about how she wants to individualize the curriculum for her child. One Parent stated, "So helpful that my daughter's need for extra math help was recognized and she was automatically signed up for additional support." Another stated, "Next year we will have all four girls in all four subjects because we truly love it that much."

The only comment of substance stated, "The instructor was passionate and awesome, but it's the teaching through zoom made it more difficult for students to learn."

Please rate your experience with Enrichment Academy Online.

On a scale of 1-5 the average rating was **4.10**. (down from 4.19)

Enrichment Academy Online - What could we do to improve?

The most interesting thing in these responses is that the families who use it really like it, and the ones that don't feel it's a waste of time.

Please rate your experience with Enrichment/Tech Ordering.

On a scale of 1-5 the average rating was **4.37**. (*up from 4.22*)

Enrichment/Tech Ordering - What could we do to improve?

This section had a lot of ideas for improvement. Some of these were related to filtering options so families could find vendors close to their homes, increased communication when an item gets denied, and if there were categories of types of enrichment.

Please rate your experience with the High School Virtual Academy.

On a scale of 1-5 the average rating was **4.08**. (down from 4.09)

High School Virtual Academy - What could we do to improve?

There were only a few suggestions on how to improve and most were related to specific teachers. These are passed on to their director.

Please rate your experience with Intervention.

On a scale of 1-5 the average rating was **4.05**.

(up from 3.53)

Intervention - What could we do to improve?

The most common responses were related to having more times offered.

Please rate your experience with the Lending Library.

Lending Library - What could we do to improve?

The responses to this question were the most consistent with the previous survey. The most common request related to the Lending Library being open for more hours. Some other suggestions mentioned more than once related to having more staff, having a better website, and having more options for those who live far away.

Please rate your experience with School Communication

School Communication - What could we do to improve?

The most common responses were related to how good the communication was, that the communication was too much and excessive, and two responses said they were not informed adequately. A takeaway from this section could be to organize the communication so parents can get all the needed communication without feeling overwhelmed.

Please rate your experience with Social Emotional Learning (SEL) Support.

Social Emotional Learning (SEL) - What could we do to improve?

In this section, the suggestions were related to timely service and communication. This section did provoke more emotion related to politics than any other section. Phrases like, "alarmingly Marxist", and "coddled by the government" were used.

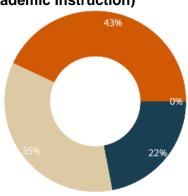

Please rate your experience with Special Education.

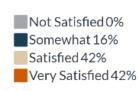

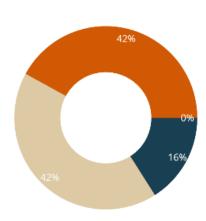

Please rate your experience with SAI (Specialized Academic Instruction)

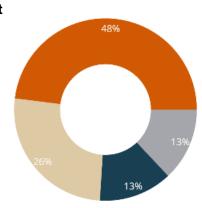

Please rate your experience with VA Inclusion

Please rate your experience with Case Management

Special Education - What could we do to improve?

Suggestions on how to improve related most to continuity of care and improved culture with administration.

Please rate your experience with your Teacher (IST) Support and Communication.

On a scale of 1-5 the average rating was **4.91**. (up from 4.81)

IST Support and Communication - What could we do to improve?

Almost all the suggestions to improve were in fact statements of how much the ISTs are appreciated by the families they support.

How likely are you to recommend Central Valley Charter Schools to your friends and family?

On a scale of 1-5 the average rating was **4.64**.

Do you have any general questions or feedback?

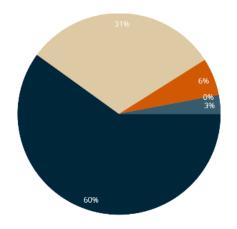

The most common response to this question is parents saying they recommend our schools to others in their community. The next most common response related to having more inperson activities.

Other - What other feedback would you like to provide? How are we doing and/or what might we do to Improve?

There were not many common threads in this section, which is typical with the vagueness of the question. Some items brought up were, having more field trips, having a case manager who knew the students more, and better returning practices for the lending library.

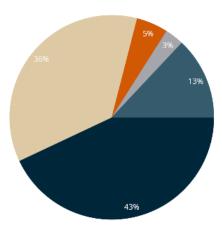

Please rate your satisfaction with the school's progress in "building relationships with families." (Examples include how well our staff understands your family and your goals for your children, the opportunity for two-way communication between you and educational staff.)

Do you have any recommendations for future professional development?

- More book clubs like Difficult Conversations- Maybe one on emotional intelligence called Primal Leadership
- More trainings offered in Google Suite and Pathways. Trainings with RESOURCES to share with parents that they can use to teach writing.
- Strategies along the lines of PBIS World and ways to help parents help their ADD, ADHD, ASD kids access GE curriculum.
- Tech is always a good PD item, Sign up Genius, Doodle Poll, etc.
- Teachers need more professional development in regard to curriculum and supporting their families. It would be very beneficial to provide PLC time for teachers to be able to collaborate together. That process might be helpful in identifying professional development that would be needed.
- Continuing to learn more about the programs to support all students (Intervention, curriculum, etc)
- I really appreciated the structure of this years PD and would like to continue to see it.

- I loved what was offered this time. I think virtual strategies and the hard conversations PD should be offered again for those who would like to revisit or chose one over the other the last time.
- Our February Professional Development Day was excellent this year. I'd love to see all future in-person meetings set up the same way!
- I really appreciated the structure and options of our professional development opportunities this year and hope that it continues next year.
- Maybe some more deep dives into full curriculum choices that are available for TK-6. Pros, Cons, what type of student the curriculum is best for etc. How to best utilize the curriculum. This would be helpful to new teachers I think.
- I would like to have more workshops on how to have difficult conversations with parents. And I'd like more workshops on curriculum and how to guide parents in choosing the right one. It would be great to just be able to talk about and look at the different options and talk about scenarios where each one could be applicable. As a new teacher to the school, I have made some mistakes on what to help my parents in choosing. I've gotten better, but there are a lot of things about the curriculum I feel like I still would like information on to help guide my advice and guidance with parents. There was so little training on the curriculum, and yet we were expected to be "experts". I'm grateful for my team, but even with them, there were a lot of errors I made because I just didn't know.
- I loved what we did this year, especially the option to buy credit. It was all applicable and valuable.
- It would be great to have role-specific PDs that pertain to our specific duties.
- I would like to see some of the classes this year offered again so I could take one of the ones that I missed because I only had time for 1 of them this year.
- Provide more professional development time between SPED. The department is not working together as a team. We need to collaborate and discuss what is working/ what is not, and we need to work as a team to fix the issues.
- College Career Readiness for ALL teachers.
- Possible PD regarding how to recognize special needs like dyslexia, dyscalculia, etc.
- The PD options this year were great. I think we could offer the same options next year so that we can choose a new focus.

Please share any additional feedback and/or comments:

- I truly appreciate all the support the school provides for IST's and families. I don't know how so many things get done and who does it all, but the efforts are not going unnoticed.
- The new SPED position for a new coordinator is exciting. I hope the charter makes more changes to the department. I appreciated the food and Becky's presentation yesterday.
- I could really use an HR training session to understand the medical/dental/eye coverage options. I also need to understand my retirement better.
- The teacher meetings seem very repetitive. I feel like it makes it difficult to complete my tasks when things keep changing like EAO. I was not thrilled with the structure of it, but really connected with my team this year, and then at the all-region in-person meeting we found out that things are changing again and that the ODI and EL positions are no longer stipend positions. I feel like a lot of teachers I have spoken with wanted a positive change

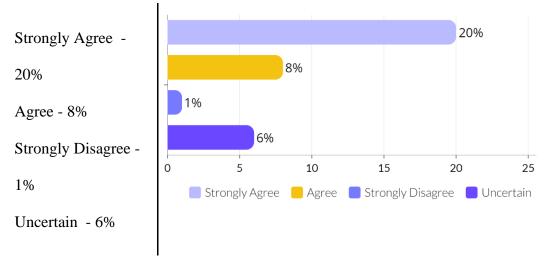

- for EAO, but this went in the opposite direction leading teachers to not feel like their feedback matters.
- We have a wonderful school with amazing leadership. Our families have numerous opportunities for support and guidance. We are improving each year. I wish more families would take the opportunities we provide.
- I love the collaboration at this school. The administration is AMAZING! I've worked in public schools (mostly) all of my career, and this has been one of the best admin I've seen. The way they care is so sincere, and I feel really seen and valued. I can't say enough about the leadership. It makes all the difference because I have worked for schools and districts where teachers didn't feel valued and that attitude trickles down and then the students suffer because teachers are so discouraged. Thanks for being such a wonderful staff!
- If we could have the heater on that would be wonderful. :)
- Thank you for the very positive, encouraging, yet informative PD experience, with wonderfully shared vision. I appreciate that ample time was allowed for each session and transition. It felt like a very conscious effort was made to inspire staff, yet not increase staff stress. The work time with our RC and team (accomplishing our tasks) was very useful and appreciated! I appreciated not having a quiz-like hypothetical task to accomplish as a table. I loved our initial seating arrangement and getting to know different teachers that I hadn't met before, naturally, not running around playing a game. ;) Thank you!
- I think the professional development course I took from Amy Friesen was very useful this year and applicable to my position at our school. It was time well spent.
- Our school does a great job! I love being a part of our community!
- I believe our school has a strong vision and the personnel and structures in place to continue building an exemplary charter school program to fill a unique and sought-after educational option for families.
- I feel like support for teachers has come so far since 2018, wow!

Strongly Agree - 63%

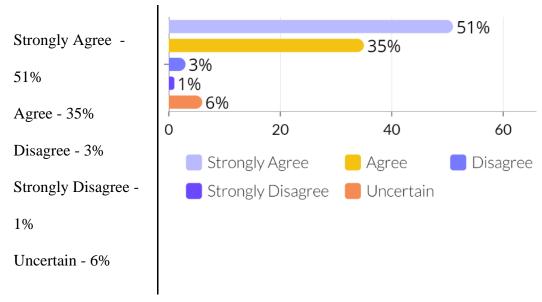

Agree - 28%

Strongly Disagree - 1%

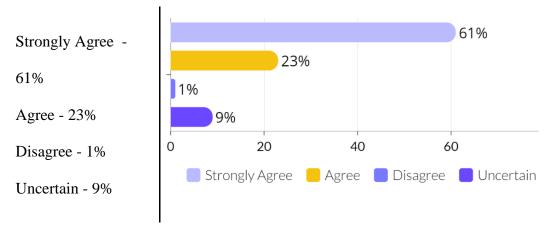

Uncertain - 3%

My school provides me access to a variety of elective courses (such as art, dance, PE, foreign language).

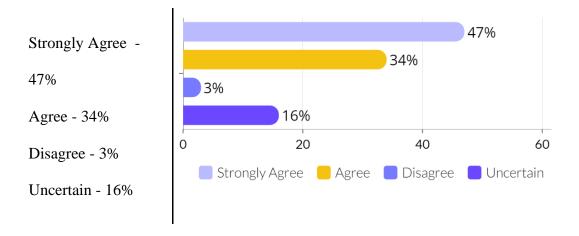

My teacher contacts (calls, emails, speaks to) my parents/guardian when I am having trouble learning.

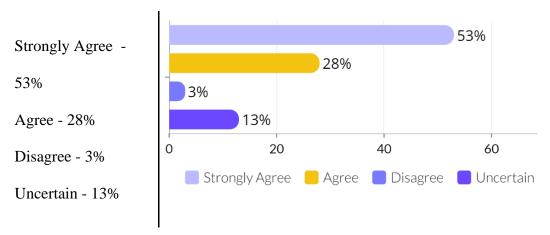

High School Specific Feedback: out of 32 responses

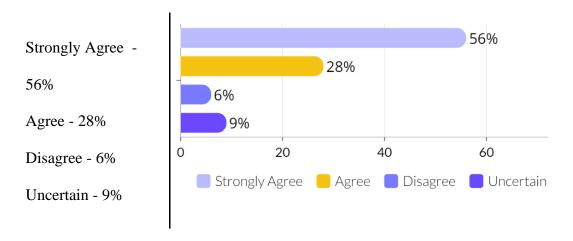

My school prepares me for future college and/or career paths.

I am clear about what courses I need to enroll in and pass to graduate from high school.

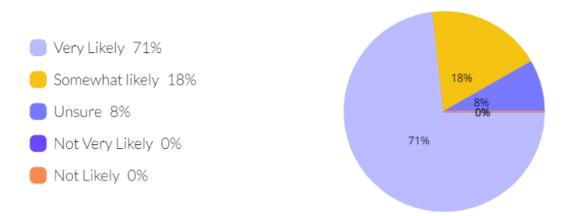

I know whom to contact at the school to ask questions about my high school graduation status.

School Feedback:

How likely are you to recommend our school to a friend?

If you are not likely to recommend our school to a friend, why not?

- It's very flexible
- No sports team
- I would always recommend this school to a friend.

What is the one thing that the school can do that would help you better achieve all of your learning goals?

- You're doing everything great
- Have more activities in Monterey County that I could go to.
- More funds for educational classes and activities.
- That I can get the best grades I can.
- More field trips.
- They already help me.
- Can't think of anything.
- More learning games but with teams because that is more fun than anything.
- Give out rewards for working hard.
- Have in-person lessons.
- I cannot think of anything. I am supplied with most of the things I need for my education, and if I'm not, I have the resources to get them.
- As a high school student, I would like to have access to more resources. For example, when I am struggling in a course, I don't feel like I have all of the proper resources to understand the material. Sometimes I have to research additional resources so I can learn/understand the material better. When it comes to math, HSVA typically provides a McGraw Hill Student Textbook. This particular textbook can be confusing at times and sometimes only briefly touches important topics that I am later quizzed on. Therefore, I spend more time looking for useful resources online, versus actually learning the material

through textbooks provided to me. My teachers have provided additional resources (Khan Academy, YouTube lecture, cK12, etc.) a few times, but maybe making this additional resource a requirement, in my opinion, would be very helpful!

- Be more self-paced. I don't like the hourly log-ins as sometimes I need more time to finish classes.
- The school can give me ways to help me find a good art class for me just right for me.
- I think more clubs, art contests, and maybe a reading contest. I'd like it if our school was able to do sports too. I think more teachers in virtual academy classes would be helpful and if the teachers were online more often to help with school work.
- Offering electives that are theologically and biblically based would be amazing, I am
 unsure of any current electives that offer that but as a Christian that would be awesome
 for me!
- In-person stem/science classes with peers would be nice even just twice a month
- Math
- Give out awards.
- More local activities.
- Offer PE classes near our city.
- I have trouble getting words on paper. so I would enjoy it if there was an option to speak into a microphone and have it type it for me.
- Nothing
- I don't have anything to add.
- I like field trips.
- I would like it if there were some clubs on programming or technology.

Additional comments:

- I really like my teacher Linsey and my online math teacher Courtney.
- Can you create sports teams?
- I love my homeschool. I love all my teachers. I am happy
- Have a wonderful day. :D
- Electives are something I was really looking forward to as a student starting high school! I would really like it if there were more hands-on activities that the class can do together. For example, Woodshop (small wood projects), Floral Design (materials needed to make a floral arrangement), Digital Art (software that all students have access to, Procreate, Adobe, etc.), and so forth. I have talked to a few other students and they can agree. I feel like it would get students like myself to be engaged in learning more about a course. Thank you:)!
- We love school. Paige Beard is a wonderful teacher.
- Thank you.
- I like that the school lets us work at the level we are at
- Would love to have more field trips up here in the mountains where I live (Oakhurst area) and I can meet new people and have fun. So we won't have to drive 1 hour or 2 hours away for field trips.
