COVID-19 Prevention and Response Health and Safety Protocols

Overview

On March 16, 2020 site-based classroom instruction was suspended by order of the Marin County Public Health Officer in all Public and Private Schools in Marin County to help mitigate the spread of COVID-19 in the local community. All schools were forced to develop remote instruction for students, including all schools in the Marin County School District. Under the guidance of the Marin County Public Health Officer, Marin County School Guidelines (30 Point Plan) and School Site Specific Protection Plans (SSSPPs) have been developed for all Marin County Schools, Programs and offices. These SSSPP's meet all requirements of and serve as the Cal/OSHA COVID Prevention Plan (CPP), and along with the COVID-19 School Guidance Checklist serve as the St. Hilary School COVID-19 Safety Plan (CSP) for In-person Instruction. All District SSSPPs are consolidated and posted on the St. Hilary School Website, and individual SSSPP's for schools sites are posted on the school web sites and made available to staff, students and families as required.

A copy of this entire document will be posted on the St. Hilary School Homepage as required, and will also be included in the updated St. Hilary School Injury Illness & Prevention Program as Appendix AB.

Table of Contents

- Marin County School Guidelines – 30 Point Plan
 - Available on SHS website
- COVID-19 School Guidance Checklist
 - Available on SHS website
- All St. Hilary School Site Specific Protection Plans (SSSPP's) – Combined
