

## **Plant The Seed Today**

Incoming 3<sup>rd</sup> Grader

Dear Student,

It is very important that all Saint Hilary students continue to practice math and improve their skills. For that reason, we are **STRONGLY RECOMMENDING** students spend an average of 15-20 minutes practicing their math skills, and 15-20 minutes of daily reading.

Please feel free to explore whichever grade level review you feel is necessary for your child's development. Our website is also a great reference for an expanded list of prayers to learn and practice.

*To best support student learning, and ensure their brains stay sharp over the summer they have some reading assignments. Your involvement as a parent is critical to the success of the Saint Hilary Summer Learning Program:*

- *Increased parent involvement leads to improved student achievement (Fan & Chen, 2001 and Jeynes, 2003)*
- *Parent involvement is the most consistent predictor of student success in school (Ballen & Moles, 1994 and Warner, 1997)*
- *Children who perceive their parents as supporting academics in school perform better (Epstein, 2001)*

"... the amount and quality of student's access to materials is substantively related to the amount of reading they engage in, which in turn is the most important determinant of reading achievement." The studies show that students', who read more, read better; they also write better, spell better, have larger vocabularies, and have better control of complex grammatical constructions (Krashen, 2009).

### **Summer Prayers, Reading, Math Assignment:**

#### **Math Skills for Incoming 3rd Graders**

1. Count, read, write and understand place value through 999

### **3<sup>rd</sup> Grade Summer Reading Possibilities**

This listing of books offers book titles that are popular with boys and girls who are entering third grade. The list is a good place to start your summer reading, but it is only a beginning. Other titles by these authors or other authors offer enjoyable reading.

Knowing how to choose a good book is part of being a good reader. Have fun choosing and reading books this summer.

## **Summer Reading**

Welcome to Miss Mahoney's Third Grade Class! I want everyone to enjoy the summer, rejuvenate, and curl up with some good books. Here are some summer reading suggestions:

Freckle Juice by Judy Blume (AR 3.1)

Tornado by Beverly Cleary (AR 3.2)

James and the Giant Peach by Roald Dahl (AR 4.8)

Diary of a Wimpy Kid Series by Jeff Kinney

Geronimo Stilton Series

Please have your child read at least two books within their AR level prior to entering the third grade. They may read two from the third grade recommended summer reading list or they can choose books within their AR level. With your report card, you should receive your child's current AR/AR range. You can look up books by using the website [arbookfinder.com](http://arbookfinder.com) to see if they are in your child's range. Don't forget, reading should be fun! Find a genre and book that your child will enjoy! Happy reading!
