

IMMACULATE HEART OF MARY SCHOOL

11.9.2020 Addendum To Reopening Handbook

Staff Protocols:

▲ Faculty and Staff will receive weekly COVID Testing on-site through Curative Labs. Curative kits test for the presence of COVID-19 RNA in an oral-fluid sample. This is not a serology or immunity test. These tests are observed self-collected tests, meaning that an administrator will watch and guide the patient through taking their own swab sample. Results will be made available to patients as soon as 24-48 hours. This is just another preventative measure IHM School is taking to ensure the safety of our staff, students, and essential volunteers!

Middle School Protocols:

▲ Middle School Drop Off will be from 8:15AM to 8:30AM to minimize mixing of cohorts with Elementary School. Middle School Pick Up will be from 3:00PM to 3:15PM to minimize mixing of cohorts with the Elementary School.

▲ Middle School students will remain with the same cohort in the same classroom except for Lunch, Recess, PE, and Science which will be held outside or at St. Michael's Hall. Supplies will not be shared. Each student will keep his/her books and supplies at his/her desk.

▲ Middle School students will eat Lunch outside in the Lunch Area (one student per picnic table to maintain a 6 feet social distance) after the Elementary School Students have had lunch and the lunch area has been disinfected to minimize mixing of cohorts with the Elementary School and to ensure a safe lunch environment.

▲ Middle School students will have one break in the morning outside to ensure adequate physical exercise while wearing appropriate face coverings and maintaining a 6 feet social distance from other students.

▲ A Middle School student will not share any supplies with any other student in or out of the classroom.

▲ Middle School students will wash hands and/or hand sanitize frequently throughout the school day and when entering/exiting the school building.
