Updated Policies per the Diocese of Oakland

School Searches

Students' legitimate expectation of privacy in their person and in their personal effects they bring to school must be balanced against the school's obligation to maintain discipline and provide a safe environment for the school community. School officials may conduct a search of a student's person and personal effects only upon a reasonable suspicion that the search will disclose evidence that the student is violating or has violated the law or a school rule.

If school officials have a reasonable suspicion that the student has violated or is violating the law or a school rule, school officials do not need a warrant or permission from parents/guardians to conduct the search.

A "reasonable suspicion" may be established in many ways, including but not limited to personal observations, information provided by third parties or other students, or tips provided by law enforcement. An alert from a trained and certified detection dog is sufficient to establish a reasonable suspicion and serve as the basis for a warrantless search of the student's person, locker, car, or personal property and effects.

Whenever a school official conducts a search of a student's person or personal effects, an adult witness should be present. The school should notify the students' parents/guardians of any search of a student's person or personal effects.

Expectation of Privacy

A student does not own a locker/cubby or other school property. The school makes lockers/cubbies available to the student. The student does have some expectation of privacy in his or her locker from others. However, a student does not have a high expectation of privacy in his or her locker/cubby from the school and may not prevent school officials from searching the locker/cubby if the school official has a reasonable suspicion that the student has violated or is violating a law or school rule.

A student has a greater expectation of privacy regarding his or her person and personal effects. A school official who conducts a search of a student's backpack, purse, clothing, cell phone, or other personal effects must have a reasonable suspicion that the student has violated or is violating a law or school rule. Generally, students should be asked to empty their pockets, purses, backpacks or other bags for inspection of the contents by school officials. Strip searches or searches that include a student's underwear may only be conducted by law enforcement and may not be conducted by a school official.

Every student is subject to the Diocese of Oakland Technology Use Policy for Students and Parents. (Technology Use Policy) This policy concerns cell phones and other electronic devices, whether the devices belong to the student or the school.

Student Cooperation

If a student refuses to cooperate in a reasonable search of school or student property (including electronic devices), the school may call the student's parents/guardians and/or the police for assistance or referral. (6251 - Home School Partnership Policy)

Confiscating a Student's Personal Property

If any of the student's items are confiscated, the person in charge should document the confiscation and when possible, take a photograph of the place where the confiscated object was found and of the object itself. It is also recommended that the school obtain a written statement, signed by the student, acknowledging that the item was in his or her possession at the time it was found.

Maintaining a Positive Home-School-Partnership

All schools in the Diocese of Oakland are intended to be environments that educate, nurture and support students according to basic Catholic principles. Everyone involved in the development of children and youth – teachers, administrators, parents, family and friends – is required to behave in accordance with these principles. These Catholic principles include but are not limited to the following:

1. Parents, guardians, family members, childcare providers and friends (including but not limited to grandparents, stepparents, siblings) are expected to work courteously and cooperatively with the school in all areas of the school and student life. This principle is intended to broadly apply to all on and off campus behavior that affects the school in any way.
2. Students, parents, guardians and family members may respectfully express their concerns about the school operation and its personnel. However, they may not do so in a manner that is discourteous, scandalous, rumor driven, disruptive, threatening, hostile or divisive and must use appropriate channels of communication to raise these concerns. Appropriate channels of communication include contacting the teacher or the principal directly by phone or email. Inappropriate channels of communication include posting information on Facebook or similar social media, using the school's contact list to email or text others. Such channels of communication are considered divisive and not designed to lead to a resolution of the issue in the most respectful and Christ-centered manner.
3. A parent with concerns regarding the behavior of another student must direct the concern to the classroom teacher or principal, not to the child or the child's parents.

Parents, guardians or other responsible adults who violate these Catholic principles may be asked to withdraw their student from the school. Conduct that materially disrupts class work or extracurricular activities or that involves substantial disorder will not be tolerated. These expectations for students, parents, guardians or other responsible adults include, but are not limited to, all school-sponsored programs and events (e.g., extended care, athletics, field trips, etc.). The School reserves the right to determine, in its discretion, when conduct is of such a nature as to warrant any action including asking that the parent withdraw his/her student(s) from the School.

It shall be an express condition of enrollment that the students and parents or guardians shall conform themselves to standards of conduct that are consistent with the Catholic principles of the school, as determined by the School in its sole discretion.

STUDENT ID CARD

SB 972 (a) Commencing July 1, 2019, a public school, including a charter school, or a private school, that serves pupils in any of grades 7 to 12, inclusive, and that issues pupil identification cards shall have printed on either side of the pupil identification cards the telephone number described in paragraph (1) and may have printed on either side of the pupil identification cards the telephone numbers described in paragraphs (2) and (3):

- (1) The telephone number for the National Suicide Prevention Lifeline, 1-800-273-8255.
- (2) The Crisis Text Line, which can be accessed by texting HOME to 741741.

LESSONS FROM THE SUNDAY GOSPELS

Run The Race (Sermons4kids)

"Therefore, since we are surrounded by such a great cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles, and let us run with perseverance the race marked out for us." Hebrews 12:1-2

Dear Jesus, sometimes life is difficult. Help us to keep our eyes on you and to run the race that is before us. In Jesus' name we pray, amen.

Have you ever run a race? Have you ever won a medal or a trophy for running a race? It is a thrill to run a race and hear the voices of the people who are watching as they shout words of encouragement. It is an even greater thrill when you finish the race and win a medal or a trophy.

Several years ago when the Olympics were held in Barcelona, Spain, the world saw one of the greatest moments in Olympic history. Derek Redmond, a young man from Britain, had dreamed all his life of winning a gold medal in the 400 meter race. He had worked hard to get to the Olympics and his dream was within his reach. He was in the semi-finals and was running the race of his life. He could see the finish line just ahead as he rounded the final turn. Suddenly, he felt a sharp pain in the back of his leg and he fell to the track with a torn muscle in his right leg.

As the medical attendants ran toward him, Derek struggled to his feet. He started to hop toward the finish line on one foot in an attempt to finish the race. Suddenly, a large man came out of the stands, pushed aside a security guard and ran to Derek's side. It was Jim Redmond, Derek's father. "You don't have to do this," he told his son. "Yes, I do," said Derek. "Well, then," said his father, "we're going to finish this together."

And they did. They stayed in Derek's lane all the way to the end. At first, the crowd watched in silence. Then they rose to their feet and cheered -- and wept.

Derek Redmond didn't win the gold medal, but he walked away with the incredible memory of a loving father who, when he saw his son in pain, left his seat in the stands to help him finish the race.

That is what our Bible lesson is about today. It teaches us that life is like a race that has been set before us. We may struggle and face many obstacles, but we have a great crowd of witnesses who are cheering us on. We have a Heavenly Father who loves us and will help us when the pain is too great. We have a Savior, who left his place in heaven and came to earth to show us how to run the race. If we will keep our eyes on him, how can we help but finish the race?
