

THE  
PRESENTATION  
SCHOOL

LOVE LEARN LEAD

---

Dear Parents,

It looks like wet weather ahead for the week, and we will take every advantage of gaps in the rain to air the kids out. Please dress your children for cool and wet weather.

We are so excited to see celebrate a school full of talent, and courage, at the Spring Musical. You will be humming Beatles songs for days after.

**REMINDER:** We have two goals happening during lent. Three weeks is the perfect amount of time to help your kids increase their dollar for Pets Lifeline and help feed hungry neighbors in Sonoma. Thank you.

See you Monday,

---

**April 4-6 Spring Musical**

**April 9-11 Book Fair**

**April 15-22nd Spring Break**

## 5th Grade Invention Convention

The 5th-grade class showcased their entrepreneurial talents this past Friday during the annual Invention Convention. Students were challenged to identify the everyday problems they encountered or saw in the world and invent a product to address the problem. In class, they looked at the engineering and design cycle.

Students had the opportunity to learn about circuits and pulleys with our own Lori Edwards during a hands-on Maker Lab. After being introduced to the concept of marketing, Jon Sebastiani visited the class to share real-life examples on how to both launch a product and how to identify your potential market share and design/name products. This year students' inventions addressed compostable products, gas-free vehicles, and handy home helpers to fast food convenience packing and pooper scoopers!

---

## 3rd Grade Cultural Day

Third Grade celebrated Cultural Day as a culminating project to our "Cultures" unit in reading. Students chose a part of their background to research, create a slide show, bring food to share, and dress like their country. It was an international experience for all!

## Lenten Challenges

Each year, the school joins together to support Pets Lifeline by "multiplying our talents." Today every child was given a single dollar bill. We encourage you to talk to them about things they can do at home, with your family or in your neighborhood to make one dollar grow into more for Pets Lifeline.

We have asked the kids to consider things *they* can do - other than school bake sales - to make Lent a time for reflection, almsgiving and fasting.

We will collect their multiplied talents on Tuesday, April 23rd. Some things others have done in the past:

Take cookie orders from neighbors - explaining why you are asking.

Sketch portraits of friends and family "sell for a donation"

Get friends together to run the bike path and ask friends and neighbors to sponsor you by the ¼ mile

Give up your weekly treat and save and donate those dollars

Walk dogs

Walk parents

---

REFB

## Watch the 5th grade share about their time volunteering at the food bank

We will also use Lent as our time to gather food donations for Redwood Empire Food Bank (REFB). We moved our drive to March/April due to the recent fires. Donation barrels are outside classrooms until April 12th.

We are not asking for any specific amount of food, but only what you and your kids can gather. In the same way they multiply their dollars, we encourage kids to reach out to people beyond our school community, introduce themselves and tell them why they are gathering food during Lent. Below are the items that are almost mode need and appreciated.

## **Annual Food & Funds Drive**

### **- *Shopping Guide* -**

Tuna and canned meats, peanut butter, low sodium soups and stews, whole grain rice, pasta, and oats, dry beans, low sugar cereal, canned fruits and vegetables, low sugar granola bars.

**- NO GLASS PLEASE -**

**To donate funds, visit [refb.org](http://refb.org).**

## March Value: Courage

### *Essential Questions*

What is courage?

What does it mean to do the right thing even if it is difficult?

What are some ways that one can show courage at Presentation School and in our communities?

What does it mean to stand up for others who can't stand up for themselves?

Why is it difficult to do what is right when others are doing wrong?

*Lent is a journey we walk with God. In this time of reflection,  
let us call upon those things that make us better people:  
Kindness, Concern for Others, Gratitude for the many gifts we  
have been given. Amen.*

# SUMMER SPORTS MAKE SUMMER FUN!

talk  
teach  
**PLAY!**  
3-6-6

We would consider it a privilege to work with your son or daughter this Summer at one of our Camps. In partnership with the Presentation School, the National Academy of Athletics staff uses inspiration, motivation & perspiration to help boys and girls to have a great time as they gain new sports, life skills while making lasting friendships. There is no better teaching tool than team sports. The experienced, positive and passionate staff have been hand selected to help kids enjoy learning how to become more successful both on and off the field or court.

Whether they want to improve their skills or just compete, we have something that will motivate, educate and challenge everyone! You can feel good sending your kids to a summer sports camp that's in a fun and safe environment with a motivating and positive coaching staff.
