Wednesday the 17th and Thursday the 18th and Friday the 19th will all be minimum days.

SPARKS' NOTES

Dear Sacred Heart Families,

We have been enjoying so many things in the last few weeks, I don't even know where to begin! Student Council hosted a rally for Basketball, Spelling Bee and Academic Decathlon a week ago that was just a blast! They honored all of the students who were participating in these sports and events. Games were played, cheers were heard throughout the neighborhood and we all laughed until we cried! It was great to gather together, support one another and just let loose.

On Ash Wednesday the first graders prepared a beautiful prayer service and the teachers sprinkled ashes on everyone's head. Sprinkling ashes is an ancient rite and is a way to keep all of us healthy. I was unable to be present that morning, but I am told the children were very reverent and the first graders did a fabulous job.

Today we had an assembly back in the gym for the first time in two years! Our assembly was informative and fun and concluded with our Good Neighbor Awards. I am so proud of all of our students but today I am especially proud of our Good Neighbors. This award is extra special to all of us at Sacred Heart because we can recognize those students who demonstrate all of our Learning Expectations and the Virtues that we focus on each trimester. I also especially like this award because the recipient is chosen by their peers. These award winners are recognized by their classmates for going that extra mile in their daily lives while being humble and kind. Such an honor!

This week we are also enjoying spending three days with our visiting team for accreditation. We have a five person team here to validate our self study that we have been writing for the last two years. We have identified our strengths and areas for growth through our surveys and our self evaluations. The team is here to endorse our findings. They will spend these three days talking with teachers, students, administration and parents. By Friday the team will present to the faculty their findings and in June we will receive our accreditation status. I'll be sure to keep everyone posted.

This weekend the teachers will be going on retreat. We plan to spend some time relaxing and resting as well as planning for the remainder of the year and next school year. We will be discussing the unfolding of our interim guidance from the diocese and the health officials. There is interim guidance regarding faculty members wearing masks, along with the status of volunteering. We will wait a bit until these policies are clear and then we will share what we know. Thank you for your patience as things slowly begin to look normal!

Many blessings,

Theresa Sparks

MISSION STATEMENT

Sacred Heart Parish School, serves the Sacred Heart Parish Community by providing a quality Catholic elementary education (TK-8) that is based on the Gospel values of Jesus, and is dedicated to the development of healthy minds, bodies and souls.
