Independent Study Policy

Granite Mountain Charter School offers independent study to meet the educational needs of pupils enrolled in the charter school. Independent study is an alternative education designed to teach knowledge and skills of the core curriculum. The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully.

The Charter School will provide appropriate services, supports, technology and resources to enable students to complete their independent study program successfully.

1. Time in Which an Assignment Must Be Completed: For pupils in all grade levels offered by the School, the maximum length of time that may elapse between the time an assignment is made the date by which the pupil must complete the assigned work shall be twenty (20) school days.

2. Evaluation of Independent Study: When any student fails to complete two (2) assignments during any period of twenty (20) school days or fails to make satisfactory progress (defined below in Section 3), the Charter School will conduct an evaluation to determine whether it is in the best interest of the student to remain in independent study. A written record of the findings of any evaluation will be maintained in the student's permanent. This record shall be maintained for a period of three years from the date of the evaluation and if the pupil transfers to another California public school, the record shall be forwarded to that school.

3. Satisfactory Educational Progress: For purposes of conducting the evaluation in Section 2, a student is deemed to be making satisfactory educational progress if the student is on track to enter the next grade level at the completion of the current school year and/or progressing toward their goals pursuant to their individualized education program ("IEP"). A Charter School Administrator, in collaboration with the Homeschool teacher, is responsible for making this determination based on all of the following indicators:

a. The student's achievement and engagement in the independent study program, as indicated by the student's performance on student-level measures of student achievement and student engagement.

• Pupil-level measures include, as applicable:

• Statewide assessments

• Whether the student has successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University

• Whether the student has successfully completed courses that satisfy the requirements for career technical education sequences or programs of study that align with state board-approved career technical education standards and frameworks

• If an English learner, whether the student is making progress toward English proficiency as measured by the English Language Proficiency Assessments for California or any subsequent assessment of English proficiency

- If an English learner, whether the student is reclassified
 - Whether the student has passed an advanced placement examination with a score of 3 or higher
 - Whether the student demonstrates college preparedness pursuant to the Early Assessment Program or any subsequent assessment of college preparedness
 - Student engagement includes, as applicable:
 - School attendance
 - Chronic absenteeism
 - Middle school dropout status
 - High school dropout status
 - High school graduation status
- b. The completion of assignments, assessments, or other indicators that show the student is working on assignments.
- c. Learning required concepts, as determined by the supervising teacher.
- d. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

4. Content of Independent Study: Charter School will provide content to students aligned to grade level standards that is ~~provided at a level of quality and intellectual challenge~~ substantially equivalent to in-person instruction. For high school students, this includes access to all courses offered by the Charter School for graduation and approved by the University of California or the California State University as creditable under the A–G admissions criteria.

5. Tiered Reengagement Strategies: If a student does not generate attendance for more than 10% of required minimum instructional time over four continuous weeks of the school’s approved instructional calendar, pupils found not participatory in synchronous instructional offerings for more than 50% of the scheduled times of synchronous instruction in a school month as applicable by grade span, or ~~three school days or 60 percent of the instructional days in a school week, or~~ for students who are in violation of their independent study written agreement. ~~The procedures for tiered reengagement shall include local programs intended to address chronic absenteeism, as applicable, with the Charter School doing at least the following shall:~~

- a. Verify current contact information for each enrolled student;
- b. Notify parents or guardians of lack of participation within one school day of the student’s absence or lack of participation (e.g., via email, message, text, telephone, letter, etc.)
- c. Reach out to the student directly and/or parents or guardians, as well as health and social services as necessary, to determine student’s needs for reengagement; and
- d. If the student has failed to complete two (2) assignments during any period of twenty (20) schooldays or is failing to make satisfactory educational progress as defined in Section 3 herein, Charter School will schedule a pupil-parent-educator conference (a meeting involving all individuals who signed the student’s written agreement) to review the student’s written agreement and reconsider the independent study program’s impact on the student’s achievement and well-being, **consistent with the policies requiring evaluation after missed assignments/lack of satisfactory progress.**

6. Synchronous Instruction and Live Interaction: Based on each student’s grade level, their assigned teacher of record will schedule and offer opportunities for synchronous instruction and daily live interaction at least as frequently as set forth in subsections a-c below.

“Live interaction” means interaction between the student and Charter School staff, and may include peers, to maintain school connectedness. Examples of live interaction include check ins, progress monitoring, provision of services, and instruction, and live interaction can be in

person or in the form of internet or telephonic communication.

“Synchronous instruction” means classroom-style instruction, designated small-group instruction, or one-on-one instruction delivered in person or in the form of internet or telephonic communication by ~~the student’s assigned~~ a teacher or teachers of record, and involving live two-way communication.

- a. For students in grades TK-3, inclusive, their assigned teacher of record will schedule and offer opportunities for daily synchronous instruction during a scheduled Trailblazer Time. On Monday through Thursday, this time will cover writing, drawing, thinking and discussing, and provide opportunity for students to ask questions about the writing process to their teacher. On Friday, this time will include opportunities for students to learn about available careers and engage in age appropriate social-emotional learning.
- b. For students in grades 4-8, inclusive, their assigned teacher of record will schedule and offer opportunities for weekly synchronous instruction and daily live interaction during a scheduled Trailblazer Time. On Monday through Thursday, this time will cover writing, drawing, thinking and discussing, and provide opportunity for students to ask questions about the writing process to their teacher. - c. For students in grades 9-12, inclusive, their assigned teacher of record will schedule and offer opportunities for weekly synchronous instruction. On Fridays, this time will include opportunities for students to learn about available careers and engage in age appropriate social-emotional learning. In the event of a Friday holiday during a school week, an alternative day will be designated and made available to the students.

Charter School will document each student’s participation in live interaction and synchronous instruction on each school day, as applicable, in whole or in part, for which independent study is provided. A student who does not participate in independent study on a school day will be documented as non participatory for that school day.

7. **Request to Attend In-Person Program:** A student’s parent or guardian may request their student return to in-person instruction from independent study by making a written request to Administration or their assigned teacher of record. If a family makes such a request, Charter School will offer to help the student transition to enrollment in the in-person program offered by their district of residence within five schooldays.
8. **Written Agreement Requirements:** A current written independent study agreement for each independent study student will be maintained on file. Written agreements may include subsidiary agreements, such as course contracts and assignment and work records. Each written agreement will contain the following:
 - The manner, time, frequency, and place for submitting a student’s assignments, for reporting the student’s academic progress, and for communicating with a student’s parent or guardian regarding a student’s academic progress.
 - The objectives and methods of study for the student’s work, and the methods used to evaluate that work.

Sec. 794), students in foster care or experiencing homelessness, and students requiring mental health supports.
- The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned to any school, class or program pursuant to EC § 48915 or 48917, the agreement also will include the statement that instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.
- Charter School will comply with the written independent study agreement signature requirements set forth in EC § 51747(g)(9), including:

~~1. For the 2021-22 School Year Only (Must Obtain Signatures Within 30 Days of First Day of Independent Study Instruction): Charter School will obtain a signed written agreement from the student, or the student’s parent or legal guardian if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student no later than 30 days after the first day of instruction.~~

Non-Compliance Policy and Procedures

Granite Mountain Charter School is committed to ensuring students are appropriately engaged in learning, particularly as it correlates to attendance reporting. After the Non-Compliance Process has been seen through, it may be determined that Independent Study is not the best educational placement for the student and as such, the student may be Administratively Withdrawn.

The purpose of the Granite Mountain Charter School Governing Board approving this Non-Compliance Policy is to accomplish the following:

1. Outline the Non-Compliance Process
2. Outline the Student's Responsibility to complete Work/Progress, Assignments/Work Samples, ~~and/or~~ Student Activity Logs, ~~and/or~~ Student Benchmark and Summative Assessments
3. Outline the Parent's and Student's Responsibility to Schedule and Attend Monthly Learning Periods
4. Establish Communication Requirements for the Home School Teacher (HST).
5. Outline the Non-Compliance Procedures
6. Outline the Procedures for the HST when sending the First Non-Compliance Letter
7. Outline the Procedures for the HST when sending the Second Non-Compliance Letter
8. Outline the Procedures for the Administrative Conference Call
9. Outline the Tiered AB 130 Re-Engagement Plan

- 1. Non-Compliance Process:** The school's Non-Compliance Process can be engaged if a student/family is found to have one or more of the following:
 - Student is not engaged in learning at least 85% of a learning period (equivalent to three days of school in a twenty-day learning period) or Two (2) missing assignments during any period of twenty (20) school days
 - One or more missing Work Samples
 - One or more missing Student Activity Logs (Attendance Logs)
 - Missed or not scheduled one or more face-to-face monthly learning period or other meetings.
 - Has not responded to their Homeschool Teacher after three sets of attempts (phone and email) over the course of five school days.
 - Has not participated in one or more regular benchmark tests, **state testing or alternative summative assessment as assigned and stated in the Master Agreement.**

- 2. Student Work/Progress, Assignments/Work Samples, Student Activity Logs, Student Benchmark Tests and Summative Assessments:** It is required that all Homeschool Teachers (HSTs) review and affirm student learning and collect Student Activity Logs and Work Samples every twenty school days. It is also required that all content specialists monitor work completion and progress for High School Students, if using a content specialist. When any pupil fails to complete two (2) assignments or be engaged in learning at least 85% of any period of twenty (20) school days, or has missed one or more work samples, the HST should then start the Compliance Process.

Participation in regular benchmark and summative assessments testing is important for understanding a student's learning progress, unique needs and is agreed upon in the signed Master Agreement with Granite Mountain Charter School. Failure to participate in benchmark testing, state testing or an alternative assigned summative assessment ~~could be~~ will cause for starting start the non-compliance policy, with the eventual possibility of an administrative withdrawal.

- 3. Monthly Learning Period or Other Meetings:** It is the parent's and student's responsibility to make every effort to schedule and attend monthly face-to-face learning period meetings every twenty school days. If the meeting is not successfully scheduled or held after two or more attempts it could be determined that the family has not met the school's meeting expectations and the HST should start the Non-Compliance Process.
- 4. Communication Requirements of the Home School Teacher:** HSTs will keep positive and open lines of communication with each family. HSTs will follow a communication pattern with a pairing of a phone call, and email message, along with documentation in Contact Manager. If an initial communication pair (#1) is not responded to within two school days, the HST will attempt to reach the family again with another communication pair (#2). If the second communication pair is not successful, the HST will attempt a third communication pair (#3) and start the Compliance Process by sending Non-Compliance Letter #1.
- 5. Non-Compliance Procedures:** The compliance procedure can include two compliance letters and one Administrative Conference meeting/call. If after the Administrative Conference meeting/call the student fails to meet expectations set forth in the Action plan, the student will be withdrawn from the school for at minimum, one full academic school year. One full academic school year is defined as one full fall and spring semester.
- 6. First Non-Compliance Letter:** Should any of the items listed in the Non-Compliance Process occur and there have been three Communication Pairs attempted, upon the third attempt, the HST will:

- Send Non-Compliance Letter #1 to the family via certified mail (tracking number and delivery confirmation) and email with read receipt.
- Document date letter was sent, issue, and tracking number in Contact Manager.
- Upload the letter to Non-Compliance archive section in School Pathways.
- Remind student/family of the appropriate sections of the Master Agreement and school policies-that specifically address the issue/concern.
- Talk with the family to see what the issues/concerns are on both sides as well as develop a plan to support the student and resolve any issues.
- As part of the resolution process, HST will create an Action with the family to provide measurable goals for the student to become and remain compliant. The Action Plan will be implemented through the end of the learning period or for a specified duration determined by the HST and family following the date of implementation.
- The Regional Coordinator Administrator will help HST monitor the student's progress on the Action Plan. The Action Plan end date may be extended if the HST and RCA determine that moderate progress has been made.
- Additional materials and service requests may be paused during the compliance process.

7. **Second Non-Compliance Letter:** Without satisfactory resolution or response to the issues described in the Non-Compliance Letter #1 within five school days, or with minimal to no progress on the Action Plan, the HST will:

- Attempt to call and email the family (Communication Pair #4)
- Determine a day and time to schedule an Administrative Conference Meeting/Call with the parent(s)/guardian(s), HST, and Regional Senior Director, to be specified in Non-Compliance Letter #2. Date should be no sooner than the 6th school day from the date of the letter.
- Send Non-Compliance Letter #2 with a ~~conference call number~~ the Meeting information to the family via certified mail (tracking number and delivery confirmation) and email with read receipt. Document date letter was sent, issue, and tracking number in Contact Manager.
- Upload the letter to Non-Compliance archive section in School Pathways.
- Attempt to remind/confirm the parent/guardian of the call via phone and email. Document the communication in the Contact Manager.

Letter #2 gives the family another opportunity to communicate and work with their HST to address and problem-solve the issues of concern. If the family communicates with their HST and resolves the indicated issues to resume progress on the Action Plan, please share this at the Administrative Conference Call with the Regional Senior Director.

8. **Administrative Conference Meeting/Call:**

- Document date the Administrative ~~Conference~~ Meeting/Call was held including a brief summary of the outcome in the Contact Manager.
- During the call: Remind student/family of the appropriate sections of the Master Agreement, Parent-Student Handbook, and Action Plan that specifically address the issue/concern.

A team composed of Parent(s)/Guardian(s), HST, and a Director must be present on the Administrative Conference Call. During this time the team will work towards resolution of the issues/concerns as well as determine if this is the best placement for the student. School Administration may determine the following:

- Independent Study is in the best interest of the student.
- The need to add to, adapt, or extend the Action Plan
- The need to implement different strategies to collect compliance documents (Student Activities Logs and or Work Samples).
- Determine that it is not in the student's best interest to remain in our independent study program.

If the Administration finds that it is not in the best interest of the student to remain in independent study, then the student shall be withdrawn from the school by following the procedures in the school's withdrawal policy.

If the student or parent does not attend the Administrative Conference Call, the student could be withdrawn from the school by following the procedures in the school's withdrawal policy. A letter will be mailed out to the family notifying them that the withdrawal has taken place and that they must enroll in a different school.

9. Tiered Re-Engagement Plan: Procedures for tiered reengagement strategies for all pupils who are not generating attendance for more than **10% of required minimum instructional time over four continuous weeks of the school's approved instructional calendar, pupils found not participatory in synchronous instructional offerings for more than 50% of the scheduled times of synchronous instruction in a school month as applicable by grade span, or three schooldays or 60 percent of the instructional days in a school week, or 10 percent of required minimum instructional time over four continuous weeks of a local educational agency's approved instructional calendar, pupils found not participatory pursuant to Section 51747.5 for more than the greater of three schooldays or 60 percent of the scheduled days of synchronous instruction in a school month as applicable by grade span, or pupils who are in violation of the their independent study** written agreement pursuant to subdivision (g) will be initiated.

Employees who have exhausted all paid sick leave (PSL) may request donations from co-workers through this policy. The PSL donation policy applies to employees suffering from a catastrophic illness or other medical emergency, which for the purposes of this policy, constitutes an employee's or a family member's medical condition that will require the prolonged/extended absence of the employee from duty and will result in a substantial loss of income to the employee due to the exhaustion of all PSL available.

Monthly Financial Board Report

Prepared for: Granite Mountain Charter School

Prepared by School's CSMC SBM -Aaron Guibord

Financial Summary

Actual to Budget:

This report is as of **May 31, 2022**, compared against our board-approved budget on **February 2022**, based on **3,584** students enrolled and **3,393** ADA.

YTD Revenues Through **May 31, 2022**, are **\$31,320,847** or **-7.7% (\$2,614,912) under** our current budget due to **LCFF revenues being one month behind**. Through May, we have received April's LCFF. This is due to the nature of the pass through for these funds. Countering this are the **ECF funds**. This is a grant where a third-party purchases certain noncap equipment on behalf of GMCS. AS a result, we need to record the funds as revenue, and this entry hit the books in May, whereas our budget had it occurring in June.

YTD Expenses Through **May 31, 2022**, are **\$34,766,826** or **5% (\$1,822,052) under** our current budget due to **Payroll related expenses (\$1,476,711 underspent), textbooks/curriculum (\$523,349 underspent), and Noncap equipment/software (\$222,764 underspent)**. Reviewing expenses, and I note that educational consultants and noncap equipment have already exceeded their annual budgets. Still, overall expenses are underspent by a large margin, so the school will likely not feel a negative impact to the bottom line as a result.

Therefore, net deficit is **(\$3,445,979)** or **29.9% (\$792,860) under** our current budget.

Balance Sheet:

As of **May 31, 2022**, we had total cash of **\$2,544,406**, short-term liabilities of **\$4,054,941**, and long-term liabilities of **\$2,079,879**. The ending fund balance is **(\$1,421,326)**.

Reconciled cash increased by \$493,139 in the month of May due to revenues exceeding expenses by \$989,303. This was offset by the paying down of \$183,284 in accounts payable and paying down the loan balance by \$352,200.

RE: Board Resignation

Dear Granite Mountain Charter School Board of Directors,

I hope this letter finds you all well. I am writing to inform you about my decision to leave my position as board member of Granite Mountain Charter School, effective August 4, 2022. In the coming months, our family will be experiencing some big life changes, including the birth of our fourth child in October. We plan to continue to homeschool our children, and this year, we will also be adding our third child to the roster. Adding to all these changes, we are still growing accustomed to our move to Temecula, which has lengthened my commute both to work and board meetings significantly. With all these new family obligations, I feel that I would not be able to properly dedicate the time and commitment to serve the board in the capacity it needs and deserves. Therefore, it is with a heavy heart that I submit my resignation.

I am very honored and grateful for the opportunity to have served as a Board Member for Granite Mountain this past year. I have thoroughly enjoyed even this short time, and it has been a pleasure working with my fellow board members and the administrative staff. I look forward to seeing our school continue to grow and cultivate advanced and personalized learning environments for our students so that they can become successful and innovative leaders of our future. Thank you again for allowing me to serve Granite Mountain Charter School. It has been an honor and my pleasure to have worked with such strong and dedicated members and staff.

Respectfully,

Fritzy I. Devera
