TO THE NEXT YEAR

STATEMENT OF PHILOSOPHY

The faith community of St. Vincent Ferrer School provides a unique environment to promote Gospel values. We guide our students and each other in the knowledge of Catholic doctrine. We recognize our responsibility to build a peaceful, just society in our ever changing world.

We, as members of this faith community, concern ourselves with the social, physical, emotional, cultural and aesthetic growth of each student. We encourage each student to assume his/her own uniqueness and self-worth, while developing an awareness of responsibilities not only to oneself, but to others and to God.

We believe that parents are crucial in the student's development since parents are the primary educators of their children. We offer the parents close support to assist them in this critical role.

PARENT INVOLVEMENT

St. Vincent Ferrer School depends on the involvement of parents for supplemental services and additional financial and community support. The Parents and Friends Club provides opportunities for parents to become acquainted with each other, to become actively involved in the school, and promotes the faith community which is St. Vincent Ferrer School and Parish.

There are additional opportunities for parents to become involved in the school as volunteer aides in the library, reading program, scrip sales, noon yard duty, athletic programs and field trips. A very important involvement is the active participation in fundraisers held throughout the year.

Each family is required to give 30 volunteer hours (15 per single family households) and attend at least 3 of 5 Friends and Family Meetings. Meetings take place every other month on a Tuesday night at 7PM. Each family also has a fundraising commitment that will be outlined in the formal school contract. There is an option to buyout your fundraising commitment. Fundraising is accomplished from participation in our SCRIP program and participation in school fundraisers.

Parents must be Live Scanned and have completed the Safe Haven, Safe Environment Course, in order to volunteer at school.

Re-registration for the next school term will depend upon your fulfillment of the completion of the above commitments.

Please state your reasons for wanting your child to attend St. Vincent Ferrer School:

If your child is not entering school for the first time, what is your reason for transferring your child at this time?

I have read the philosophy of St. Vincent Ferrer School. I agree with it and will cooperate with school personnel in the formation and development of my child. I will acquaint myself with the regulations of the school, comply with them myself and see to it that my child obeys them. I understand my obligations, as expressed in this Parent Involvement Statement and agree to cooperate with and fulfill my responsibilities to the Parents and Friends Club.
