

Ayla Hart 2nd Grade and Alivia Hart TK

Saint Patrick's Academy has been a blessing to our family. Every experience we have had with the school has been great. My oldest daughter transitioned into the first grade class from public school without ever really needing to adjust. She was welcomed to the class as if she had always belonged there. She has always felt safe, secure and supported. Her education has been exemplary, including a good balance of fun engaging activities while at the same time being challenged. She loves going to school and enjoys the many learning opportunities the school provides and adores her teachers and the staff. We all do! My youngest has bloomed in Preschool and TK. Everyday she is learning, growing in and absorbing everything her teachers teach her. Preschool and TK is filled with explorative, engaging, and creative activities, designed to spark imagination and a thirst for learning. Being a part of the Saint Patrick's Academy feels like being a part of a family. The staff is always helpful and friendly and the teachers are passionate and work hard. They have weathered the pandemic brilliantly, providing a safe and secure environment for our children to continue learning in the classroom, while at the same time, teaching to those students who are still at home. I send my children off to school with a sense of peace and confidence that they truly are in good hands. We are looking forward to many more years at Saint Patrick's Academy.

With love and appreciation,  
The Hart Family
